

# Save the Date!

Please join us at Vineyard STEM as we host the  
**OMSD Robot Rally**  
on April 22 from 8AM – 12PM!

This is our opportunity to come together as Team OMSD to celebrate our innovative robotics project and welcome our new schools to this innovative learning program.

Our hope is that students will test their robots in a fun competitive environment and learn from one another as they make observations, collect data, and plan revisions for their computer programming and robot designs.

8:00-8:30 All school robot teams, teachers, and families arrive.

8:30-9:00 Opening ceremony assembly

9:00-11:00 Robotics competitions

11:00-11:30 Tabulation of results

11:30-12:00 Closing awards ceremony assembly

*More information soon to follow. Please contact Chris Catuara or Alec Hobbs for more information.*
