# How do I calculate my GPA?

- First, convert each of the grades you've received into a numerical value
  - Here is the standard scale: A=4, B=3, C=2, D=1, F=0
- **Then perform the calculation:**
  - Add up the points that you earned for each class. This is your sum.
  - Count the number of classes you have taken. Divide the sum by the number of classes, and you have your Grade Point Average (GPA).

What is one area you want to work on (grades, subject area, skill, etc.)?

*I need to work on my Science grade. It is my lowest grade. In Science, I really struggle to write CERs after the labs. I need to work on writing in Science. I also had a few missing assignments that I never turned in for that class, so I need to keep up with my work.*

What steps can you take to help you succeed in that area? Who can support you?

*I can start by asking for support from my Science teacher. I will ask if there is any way to make up the missing work. I can send a message on Student Square. I also can stay at Homework club and get support from the Science tutor that helps students.*

## Student Use of Cellular Phone Policy (BP 5131, BP & AR 5145.12)

California law allows student possession and limited use of cell phones and other electronic communication devices while at school. **Students must, however, obey the following district guidelines as well as individual school rules for use.**

- **Students may possess or use cell phones** and other electronic communication devices on a school campus **provided that such devices do not disrupt the educational program**, or any school activity, and are not used for illegal or unethical activities such as cheating on assignments or tests.
- **Electronic communication devices shall be turned off and kept out of sight during class time, or at any other time, as directed by a school employee**, except where deemed medically necessary or when otherwise permitted by a teacher or administrator.
- **Students shall not be prevented from using their cell phone in case of an emergency**, except where that use inhibits the ability of school district employees to effectively communicate instructions for the safety of students.
- **Students shall not use cell phones or other electronic communication devices, such as smartwatches with camera, video or voice recording capability**, in a way or under circumstances which infringe the privacy rights of other students and adults and **without express permission from a school employee (BP 5131)**.
- **Violations of this policy shall be subject to each school's progressive discipline plan.** If a student's use of an electronic communication device causes a disruption, a school district employee on the first offense may direct the student to turn off the device or give a verbal warning to the student. On subsequent offenses, the employee may confiscate the device and return it to the student at the end of the class period, school day or activity. Continued violations could result in confiscation and hold for parent pick-up and loss of permission to possess the device on campus, **except where deemed medically necessary**. Students may be subject to additional disciplinary measures when their use of an electronic communication device violates individual school rules (**BP 5131**).
- **Students are responsible for personal electronic communication devices they bring to school.** The district shall not be responsible for loss, theft or destruction of any such device brought onto school property, except that it may be the responsibility of the school to ensure the safekeeping of any confiscated devices. **Confiscated electronic communication devices shall be stored by school district employees in a secure manner (BP 5131)**.
- **In the case of a serious matter or emergency, a school official may ask the student or parent/guardian to view the content of the student's electronic device. This may include inappropriate or illegal access of the District network, software and operating equipment.**

**Please contact your child's school office or the OMSD Office of Child Welfare, Attendance & Records for questions or concerns.**

La discriminación ilegal también incluye la creación de un entorno hostil a través de un conducto prohibido que es tan grave, persistente o dominante que afecta la capacidad del alumno para participar o beneficiarse de un programa o actividad educativa; crea un entorno educativo intimidante, hostil u ofensivo; tiene el efecto de interferir inaceptablemente o sistemáticamente con el rendimiento académico del estudiante; o de otra manera afecta adversamente las oportunidades educativas de un estudiante.

La discriminación ilegal también incluye el trato dispar de los estudiantes basándose en una de las categorías anteriores con respecto a proporcionar oportunidades para participar en programas o actividades escolares o brindar o recibir beneficios o servicios educativos.

La Mesa Directiva también prohíbe cualquier forma de represalia en contra de cualquier persona que delate o participe en denunciar la discriminación ilegal, presenta o participa en presentar una queja, o investiga o participa en la investigación de una queja o presenta una denuncia alegando discriminación ilegal. Las quejas de represalias deberán ser investigadas y resueltas de la misma manera que la queja de discriminación.

El superintendente o persona designada facilitará el acceso de los estudiantes al programa educativo publicando la política de no discriminación del distrito y los procedimientos de queja relacionados a los estudiantes, padres o tutores legales y empleados. Él o ella deberán proveer capacitación e información sobre el alcance y el uso de la política y procedimientos de queja y tomará otras medidas destinadas a aumentar la comprensión de la comunidad escolar de los requisitos de la ley relacionados con la discriminación. 5. Un mensaje claro de que, en relación con el incumplimiento por parte del demandante de presentar por escrito, en un plazo de tiempo o de otro requisito formal, cada alegato de acoso sexual que tenga que ver con un estudiante, ya sea que sea como demandante, demandado o víctima del acoso, será investigado y se tomarán medidas inmediatas para detener cualquier hostigamiento, prevenir la recurrencia y abordar cualquier efecto continuo que tenga en los estudiantes.
