Elementary Administrator - Mr. Roberto Garcia

What is AVID Elementary?

By teaching and reinforcing academic behaviors and higher-level thinking at a young age, AVID Elementary teachers create a ripple effect in later grades.

Elementary students develop the academic habits they will need to be successful in middle school, high school, and college, in an age-appropriate and challenging way. Children learn about organization, study skills, communication, and self-advocacy. AVID Elementary students take structured notes and answer and ask high-level questions that go beyond routine answers.

The strong college-going culture on an AVID Elementary campus like Corona encourages students to think about their college and career plans. Schools cover their walls with college pennants and banners, and educators speak about their college experiences. College and careers are no longer foreign concepts, and teachers provide the academic foundation students need to be on a path for college and career success. AVID Elementary closes the opportunity gap before it begins.

October Edition

 - 17—Shakeout Earthquake Drill
 - 19—Attendance Makeup Academy 8am-12pm
 - 23—Hearing and Vision Screening

College Day is on October 4

On Friday, October 4, we will have our 14th annual College Day. This event is part of Corona's commitment to stay focused on preparing students to be ready for college. All students wear their shirts for the college their class adopted and share college chants. We will hold an assembly of the whole school with a keynote speaker, who will be talking to students about the importance of planning their educational future, so they can make their dreams come true. Student speakers will share their thoughts and dreams of going to college. Guest speakers will also visit classrooms to share their college experiences. After the assembly, a parent workshop will be held in the MPR to inform parents about college requirements and preparation. We will also discuss how our AVID program teaches students organizational and study skills which will help them to achieve at all levels of their education. All parents are invited to attend this special event!

Corona Eagles SOAR to Excellence: Spotlight on Safety

- Follow school rules and directions given by adults.
- Walk on the blacktop and in the hallways safely, always facing forward.
- Keep your hands, feet, and objects to yourself. Do not touch other students and materials/equipment that do not belong to you without permission.
- Always use the crosswalks in the parking lot and watch carefully for cars.
- Stay in designated areas where there is adult supervision.
- Adults are here to help you and keep you safe. If you don't know what to do, ask.
