of differentiated learning

October 2025

## Principal's Message

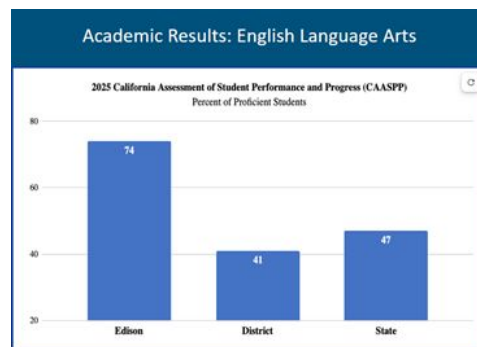

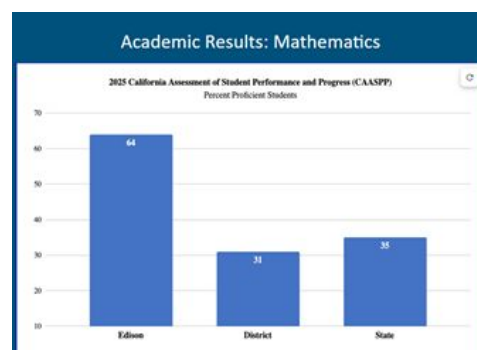

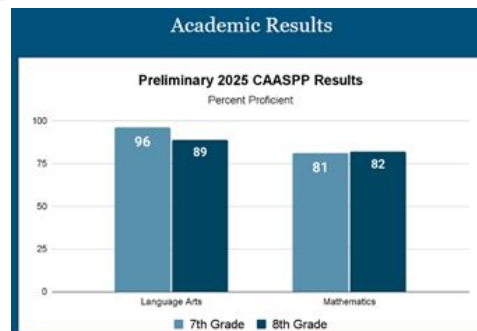

Dear Edison Families,

We are so excited about the outstanding start to the school year. We continue to build on our past successes and are proud of our universal adoption of our Gifted and Talented Education (GATE) program.

As we continue to build on our tradition of excellence, we are proud to share the outstanding results from the Spring 2025 state assessments. Our students are far exceeding both state and district proficiency rates in Mathematics and Language Arts. In fact, our middle school students achieved unprecedented levels of success, with 95% proficiency in Language Arts and 82% proficiency in Math!

These exceptional outcomes are a direct result of the strong partnership between home and school, our commitment to universal GATE instruction, and the exceptionally high expectations we hold for every student. We celebrate this success as a community and look forward to continued growth together.

Respectfully,  
Mr. Gormaz
