**Scheduled End Time:** 4:00 p.m.

**Location:** Room 5

### Public Comment Instructions:

By 2:00 PM, the day of the meeting on September 11, 2024, email Mauricio Gormaz, Principal at ([mauricio.gormaz@omsd.net](mailto:mauricio.gormaz@omsd.net)) the comments to be read at the committee meeting. All public comments should begin by listing the following information: (Subject Line) SSC Comment, (Body of Email) Your name and Item on the agenda you wish to address.

All staff, parents, and members of the public are invited to attend this meeting.

### I. Call the Meeting to Order

The meeting was called to order at 3:03 p.m.

### II. Roll Call of Voting Members

Nine members of the Council were present at the start of the meeting and a quorum was established. Council members discussed the meeting schedule for the year and determined meeting number three would take place on Wednesday, February 26, 2025 and meeting number five would take place on Thursday, May 15, 2025.

### III. Changes or Additions to Agenda (requires the SSC members present to determine by unanimous vote that there is a need to take immediate action and that the need for action came to the attention of the SSC subsequent to the posting of the agenda (EC 35147)

No changes to the agenda were made.

### IV. Public Comment on Agenda Items

There were no public comments made.

### V. Reading, Revision, and Approval of Minutes from last SSC Meeting

Prior meeting minutes were read and no edits were made. On a motion by Mr. Williams and seconded by Mrs. Tamayo the minutes were approved unanimously.

### VI. Reports from Officers, Committees, and/or Representatives

No reports were made.

### VII. Unfinished Business

There was no unfinished business to discuss.

### VIII. New Business

#### Agenda Item #1 | Discussion: Distribution and review of bylaws

Bylaws were reviewed and discussed. Mr. Gormaz discussed that this document is a living document and is jointly developed by this council. Council is asked to review the document and any member can suggest future changes to be discussed and voted on at a future meeting.

#### Agenda Item #2 | Action: Constitute SSC and Officer Positions

The council jointly constituted the Council for the 2024 -2025 school year as follows:

- Chairperson: Christian Garcia (Motion by Mrs. Manker; Seconded by Mrs. Birdwell; Unanimously approved)
- Vice-Chair: Kyle Williams (Motion by Mr. Garcia; Seconded by Mrs. Tamayo; Unanimously approved)

**Next Meeting:** Wednesday, November 13, 2024, 3:00 p.m.

- Secretary: Christina Birdwell (Motion by Mr. Garcia; Seconded by Mrs. Gonzalez; Unanimously approved)
- DPAC Rep: Christian Garcia (Motion by Mr. Gormaz; Seconded by Mrs. Birdwell; Unanimously approved)

### **Agenda Item #3 | Discussion: Comprehensive Needs Assessment (CNA)**

Mr. Gormaz presented the council with the Title 1 Annual Meeting and reviewed student learning outcomes for all students and subgroups. The council reviewed Title 1 requirements, including mandated expenditures for parent involvement. The council reviewed and discussed various ways to improve parent involvement related to English Learner and Special Education parent advisory councils. The council suggested some support and strategies to improve involvement that included framing the meetings in more informal ways like offering food or focused on celebrations to reduce the potential stigma felt by parents and or students who represent these student groups. The council also suggested babysitting could be offered as it wouldn't eliminate the potential barriers for some parents to attend. Another potential way to improve attendance would be to include agenda topics so parents are aware of the information that is planned to be discussed at meetings.

In addition to parent involvement suggestions, the council discussed learning outcomes for students by grade level and subgroups in English language arts, mathematics, and science. The summative assessments discussed were the year end CAASPP results in grades 3-8 as well as iReady assessments in grades 1 - 8. The council also reviewed historical attendance patterns, chronic absenteeism, and suspension rates. Discussion revolved around intervention efforts focused on reading and language arts and differentiated support in all subject areas.

### **Agenda Item #4 | Action: Proposition 28 Funding Plan**

Mr. Gormaz proposed the Proposition 28 Funding Plan which has been jointly developed and has considered the input from various stakeholders including parent, community, staff and student groups. The funding plan includes adherence to expenditure guidelines and will include a permanent classified trainer who will work with teacher teams to bring visual and performing arts instruction to students. Council members asked about the current music teacher assigned part time to Edison and Mr. Gormaz confirmed that this new position will not impact the current music offering. Music instruction will continue and this new position will be in addition to the current music teacher. After discussion and input, Mr. Williams motioned to approve, Mrs. Tamayo seconded the motion and the funding plan was unanimously approved.

### **Agenda Item #5 | Discussion: School Picture Cost and Comparison**

The council reviewed our current contracted photo company and compared the less expensive items and how they related to competing companies' plan options. This agenda item was brought forward by Mrs. Tamayo and was discussed by the council with an interest in ensuring Edison families have the option to purchase pictures with affordable entry level photo options. While an exact comparison was not possible due to the varying plan options, the council generally advised Mr. Gormaz that our current servicer appears to be in line with other plan options offered by other school portrait companies.

### **IX. Public Comments on Non Agenda Items**

No public comments on non agenda items.

### **X. Announcements**

There were no announcements.

### **XI. Adjournment**

The meeting adjourned at 4:32 p.m.

**Accessibility-Special Accommodation:** Individuals requiring special accommodations or modifications, including, but not limited to, any disabilities, including an American Sign Language interpreter, auxiliary aids and services, accessible seating, or documentation in accessible formats, should contact Mauricio Gormaz, Principal at [mauricio.gormaz@omsd.net](mailto:mauricio.gormaz@omsd.net) at least two (2) days prior to the meeting date.

## Acta de la reunión del Concilio Escolar (SSC)

Fecha de la reunión: miércoles, 11 de septiembre, 2024

Hora programada de Inicio: 3:00 p. m.

Hora programada de clausura: 4:00 p. m.

Lugar: Salón 5

**Instrucciones para los comentarios del público:** Las personas que deseen que el concilio lea sus comentarios durante la reunión deben enviárselos al director, Mauricio Gormaz, por correo electrónico ([maruricio.gormaz@omsd.net](mailto:maruricio.gormaz@omsd.net)) más tardar a las 2:00 p. m. el día de la reunión (11 de septiembre, 2024). Todos los comentarios del público deben comenzar con la siguiente información: La frase "SSC Comment" en la sección "Asunto" (Subject Line), y su nombre y el tema de la agenda de la reunión que desea abordar en la sección de contenido ("Body of Email").

Todo el personal, padres y miembros del público están invitados a asistir a esta reunión.

### I. Apertura

La reunión dio inicio a la 3:03 p. m.

### II. Pase de lista de miembros con derecho al voto

Nueve miembros del concilio estuvieron presentes al comienzo de la sesión y se estableció el quórum. Los miembros del concilio hablaron sobre el calendario de las reuniones para el año escolar y determinaron que la reunión número tres se llevará a cabo el miércoles 26 de febrero de 2025 y la reunión número cinco el día jueves 15 de mayo de 2025.

### III. Adiciones o cambios a la agenda

(Los miembros del SSC presentes deben determinar y aprobar mediante una votación unánime que existe la necesidad de tomar acción inmediata y que dicha acción se dio a conocer al SSC después de la publicación de la agenda de la reunión - Código de Educación 35147).

No se hicieron cambios ni adiciones a la agenda.

### IV. Comentarios del público en los temas incluidos en la agenda

No se presentó ningún comentario pertinente a los temas de la agenda.

### V. Lectura, repaso y aprobación del acta de la anterior reunión del SSC

El concilio leyó en voz alta el acta de la anterior reunión y no se hicieron revisiones. El Sr. Williams propuso una moción para aprobar el acta y fue respaldado por la Sra. Tamayo. El acta fue aprobada de manera unánime mediante una votación.

### VI. Informes de los oficiales, comités y/o representantes

No se presentó ningún informe.

### VII. Temas pendientes

Ninguno.

### VIII. Nuevos temas a tratar

**Tema #1 | Tema de discusión:** Distribución y repaso de los estatutos del SSC

El concilio repasó y abordó los estatutos. El Sr. Gormaz mencionó que los estatutos se consideran un documento vivo y este se crea de manera conjunta por el concilio. El SSC debe revisar el documento y cualquier miembro puede sugerir cambios futuros para que estos se discutan y se sometan a una votación en una reunión futura.

**Tema #2 | Tema para tomar acción:** Establecer el SSC y los puestos de los oficiales

**Próxima reunión:** miércoles, 13 de noviembre 2024, 3:00 pm

Se estableció el concilio de manera conjunta de la siguiente manera para el año escolar 2024-2025:

- Presidente(a): Christian García (moción propuesta por la Sra. Manker y la moción fue secundada por la Sra. Birdwell; puesto aprobado por unanimidad).
- Vicepresidente(a): Kyle Williams (moción propuesta por el Sr. García y la moción fue secundada por la Sra. Tamayo; puesto aprobado por unanimidad).
- Secretario(a): Christina Birdwell (moción propuesta por el Sr. García y la moción fue secundada por la Sra. González; puesto aprobado por unanimidad).
- Representante del DPAC: Christian García (moción propuesta por el Sr. Gormaz y la moción fue secundada por la Sra. Birdwell; puesto aprobado por unanimidad).

### **Tema #3 | Tema de discusión: Evaluación Integral de Necesidades (CNA)**

El Sr. Gormaz le presentó al concilio la información de la Presentación Anual del Título I y repasó los resultados de rendimiento de los estudiantes, para todos los estudiantes y los subgrupos de estudiantes. El concilio repasó los requisitos del Título 1, incluidos los gastos obligatorios pertinentes a la participación de los padres. El concilio también revisó y tuvo una discusión sobre las distintas maneras de mejorar la participación de los padres en las reuniones del Comité Consultivo de Padres de Estudiantes Aprendices del Inglés y en el Comité Consultivo de Padres de Estudiantes de Educación Especial. El concilio sugirió algunas estrategias y formas de mejorar la participación, dentro de las cuales se incluyeron estructurar las reuniones con un enfoque menos formal al ofrecer comida o darles en un sentido de celebración, con el fin de reducir el posible estigma que sienten los padres y/o estudiantes que representan a estos grupos estudiantiles. El concilio también sugirió que se podría ofrecer el servicio de cuidado de niños, ya que esto ayudaría a eliminar los posibles obstáculos que impiden que algunos padres asistan a las reuniones. Otra posible forma de mejorar la asistencia podría ser incluir temas en la agenda para que los padres estén al tanto de la información que se planea abordar en las reuniones.

Además de las sugerencias pertinentes a la participación de los padres, el concilio habló sobre los resultados de rendimiento de los estudiantes por grado y por subgrupos para las Artes del Lenguaje, Matemáticas y Ciencias. Las evaluaciones sumativas que se abordaron fueron: los resultados que obtuvieron los estudiantes de 3º - 8º grado en la evaluación CAASPP de fin de año, así como los resultados que obtuvieron los estudiantes de 1º - 8º grado en las evaluaciones del programa iReady. El concilio también revisó los patrones históricos de asistencia, el ausentismo crónico y las tasas de suspensión. La discusión giró en torno a los esfuerzos de intervención enfocados en la lectura y en las Artes del Lenguaje, así como en brindar un apoyo diferenciado en todas las materias.

### **Tema #4 | Punto para tomar acción: Plan de Financiamiento de la Proposición 28**

El Sr. Gormaz propuso el Plan de Financiamiento de la Proposición 28 que ha sido creado de manera conjunta y que contempla el aporte recibido por varias partes interesadas, incluidos los grupos consultivos de padres, la comunidad, el personal y los estudiantes. El plan de financiamiento incluye el cumplimiento de las directrices de gastos y se contratará un colaborador didáctico (*classified trainer*) permanente que trabajará con los grupos docentes para ofrecerles a los estudiantes una instrucción enfocada en las Artes Visuales y Escénicas. Los miembros del concilio preguntaron sobre el actual maestro de medio tiempo asignado a la clase de música. El Sr. Gormaz le aclaró a los miembros del concilio que este nuevo puesto no afectará la clase de música que se está ofreciendo en la escuela. La clase de música continuará ofreciéndose y este nuevo puesto se sumará al esfuerzo del actual maestro de música. Después de debatir sobre estos temas y recibir el aporte de los presentes, el Sr. Williams propuso una moción para aprobar el Plan de Financiamiento. La Sra. Tamayo secundó la moción y el plan fue aprobado de manera unánime.

### **Tema #5 | Tema de discusión: Costo y comparación de las fotografías escolares**

El concilio revisó el contrato que actualmente tenemos con la compañía que toma las fotografías de los estudiantes y comparó los artículos menos costosos y las opciones de paquetes que ofrece otra compañía. Este tema de la agenda fue propuesto por la Sra. Tamayo y fue discutido por el concilio con el fin de garantizar que las familias de la Escuela Edison tengan la opción de comprar las fotografías de sus hijos mediante opciones asequibles de los paquetes de fotografías. Si bien no fue posible realizar una comparación exacta debido a las diferentes opciones de paquetes que ofrecen ambas compañías, el concilio le informó al Sr.

**Próxima reunión:** miércoles, 13 de noviembre 2024, 3:00 pm

Gormaz que nuestro proveedor actual parece ofrecer las mismas opciones de planes y paquetes que los que ofrecen otras compañías que toman fotografías escolares.

**IX. Comentarios del público en los temas no incluidos en la agenda**

No se hizo ningún comentario.

**X. Anuncios**

No se hizo ningún anuncio.

**XI. Clausura**

La reunión se dio por concluida la reunión a las 4:32 p. m.

**Accesibilidad y adaptaciones especiales**

Las personas que necesiten adaptaciones o modificaciones especiales, incluidas, pero no limitadas a, cualquier discapacidad, entre ellas un intérprete del Lenguaje Americano de Señas, ayuda y servicios auxiliares, asientos accesibles o documentación en formatos accesibles, deben ponerse en contacto con el director, Mauricio Gormaz, por correo electrónico ([mauricio.gormaz@omsd.net](mailto:mauricio.gormaz@omsd.net)), por lo menos dos (2) días antes de la fecha de la reunión.

This Plan cannot anticipate all possible emergency events or situations and emergency responses, but it does provide a reference point and protocol to protect lives and property at the school. It must be reviewed, verified, and corrected where appropriate, by qualified emergency professionals and legal counsel, where relevant. To remain current, this Plan should be reviewed annually by March 1st and changed or updated as necessary. The school staff should test key components of this plan through training and drills. Conditions may develop during operations where standard methods will not suffice and nothing in this Plan shall be interpreted as an obstacle to the experience, initiative, and ingenuity of school team members in overcoming the complexities that exist under actual emergency conditions. This Plan does not replace, nor is intended to replace any training mandated by local, state and federal mandated, including Incident Command System (ICS), National Incident Management System (NIMS) and Standardized Emergency Management System (SEMS).

## Assumptions

The Comprehensive School Safety Plan is based on a realistic approach to the problems likely to be encountered at a site during a significant incident or disaster. The following are general guidelines:

- A major incident or disaster may occur at any time of the day or night, weekend or holiday, during clear or inclement weather, with little or no warning.
- Since events in an emergency are not predictable, published plans serve only as a guide and checklist, and may require modification in order to meet the requirements of an emergency or safety situation.
- Disasters and safety concerns may affect widespread areas, therefore city, county and federal emergency services may be delayed or unavailable. The school can expect a delay of 24-72 hours or considerably longer before emergency services resources become available in many situations.
- All district employees sign the "Oath of Allegiance" which confirms compliance with California Constitution, Article II, Sec. 3 and California Government Codes Sections 3100-3109. California Government Codes 3100-3109 outline the duty as a Disaster Service Worker. Employees must be ready to comply with this mandate, including participating in necessary training in order to implement this plan.
- A state of emergency may be declared if current conditions or information indicates that such a condition is developing or is probable. Only the Superintendent or other authorized official in their absence may declare a district state of emergency when conditions warrant such a declaration. Declaring a state of emergency gives the district the right to restrict access to the campus to authorized persons (per the penal code). Violators who do not leave when requested or attempt unauthorized entry may be arrested.

## DEVELOPMENT OF PLAN BY SCHOOL SITE COUNCIL/SCHOOL SAFETY PLANNING COMMITTEE

---

According to Education Code Section 32280, each school is responsible for the overall development of all comprehensive school safety plans for its schools operating kindergarten or any of grades 1 to 12, inclusive. The school site council shall write and develop a comprehensive school safety plan relevant to the needs and resources the school. The school site council may delegate this responsibility to a school safety planning committee. School Site Safety Council/School Safety Planning Committee for Edison Academy is comprised of the following individuals (EC 32281).

School Site Council/School Safety Planning Committee Members

**Evaluation of CSSP**

An evaluation of the Edison Academy Comprehensive School Safety Plan goals took place on November 13, 2024.

**Date of Public Hearing**

A hearing was held on November 13, 2024 at the Edison Academy to obtain public input pursuant to EC 32288.

**Staff Notification and Training**

School Staff was advised on and trained on the contents of the updated school safety plan on November 5, 2024 during a Staff Meeting. (EC 3594.2 (e)).

**CSSP for Public View**

The most current copy of the school plan is available in the school office for public review. Portions of this **Public Copy** of the School Site Comprehensive School Safety Plan related to the District’s tactical responses to criminal incidents and/or vulnerability to terrorist attack or other criminal acts have been removed pursuant to California Education Code section 32281(f)(1). Portions of the Public Copy of the School Site Comprehensive School Safety Plan that have been prepared for the District’s Board of Education’s consideration in closed session and for law enforcement, including the Police Department, have been removed pursuant to California Government Code section 6254(aa).

## Ontario-Montclair School District Mission Statement

### for a Safe and Orderly Environment Conducive to Learning

We are committed to providing a world-class education to our students in safe, respectful, and welcoming school environments that empowers students, staff, and families to be successful in a dynamic global society and cultivates college, career, and community partnerships.

## Description of School Facilities

Edison Academy is located on 6th Street

Edison was built in 1970 and is constructed of drywall and T1-11 siding. The school is bordered by the 10 fwy to the north of the campus. It is in a residential neighborhood where most of the neighboring housing is comprised of single-family dwellings with some apartments and condos nearby. The south of the campus is bordered by a residential neighborhood. One neighborhood home shares a property boundary with the school, and a private drive separates houses to the east of the school from the staff parking lot. The campus is fully enclosed with wrought-iron perimeter fencing. There is one entry point for students upon arrival located at gate 2, next to the front office. All Kindergarten students use the same west entry gate 2, perpendicular to Sultana for arrival. AM kinder are dismissed at the 6th Street gate #3 which is staffed by teachers, and PM kinders are dismissed from gate 2. There are 17 temporary classrooms with one being used as the library. When the initial school bell rings for instruction to begin, staff members alert students to prepare for the entry gate to be closed and locked. When the bell for instruction to begin rings, entry gate 2 is locked and the front office gate leading to campus is opened to accept late arrivals. During instruction, there are a series of two iron gated doors that are unlocked near the parking lot, which lead visitors to the main office where they must sign in before entering any area of the campus. When allowed on campus, visitors are required to sign in to our RAPTOR system at the office before gaining access to campus and proceed only to the area designated on their printed name tag.

## Assurances

The school site council may include the following three essential components and/or strategies into this plan (AR 0450):

- ◆ Assuring each student a safe physical environment
- ◆ Assuring each student a safe, respectful, accepting and emotionally nurturing environment
- ◆ Providing each student resiliency skills

Evidence of these assurances is embedded throughout this school safety plan.

# APPROPRIATE PROGRAMS AND STRATEGIES THAT PROVIDE SCHOOL SAFETY

---

## Edison Academy Specific Information

According to Education Code 32282 requires the School Site Council/School Safety Planning Committee to identify appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety. The following lists the programs or strategies that contribute to school safety, security and emergency preparedness and how those programs and strategies tie to school safety, security and emergency preparedness.

The Edison staff prepares for a variety of emergency situations by performing the seventeen (17) required drills periodically throughout the school year. The drills consist of fire, earthquake, viper/lockdown, and AED.

**Fire Safety Drills** - performed monthly for a total of ten (10) drills annually. Students and staff are alerted by a fire alarm which activates the drill. Students exit and assemble in the designated area as a school, teachers ensure the doors are closed after exiting their classroom. Teachers take roll and submit in writing any student who is missing, or any additional students/staff/parents in their classes. Slips are given to the command center and verification of the presence of all students, staff, and visitors is made before ending the drill to ensure that all persons on campus are accounted for.

**VIPER/Active Lockdown Drill** - Immediate response to a violent intruder onsite is crucial. In the case of a violent intruder, we initiate VIPER procedures to immediately isolate students from danger or send them to a secure area. Safety must always be the foremost consideration. VIPER Emergency is when an intruder who may be perceived as violent is directly on school site premises. We are prepared to lock down the campus to allow the police department to apprehend intruders while ensuring the safety of all our students. VIPER status may be called by the Police Department or the Site. We hold two (2) drills per year and practice using an online schoolwide attendance procedure to ensure all persons are accounted for discretely and efficiently.

**Earthquake Safety Drills** - In the event of an earthquake students and staff are trained to duck, cover, and hold. Three (3) drills are performed annually in which directions are given over the loudspeaker as students hold their positions, directions on what they are to do at that moment to stay safe indoors and outside are given during the drill to ensure students are used to listening to and following instructions.

**AED - Automated External Defibrillators Drills**. We complete two (2) drills per year with the AED team consisting of the school nurse, health aid, administrators, TOAs, and mentor. The simulation of a medical respiratory emergency using a mannequin is practiced. An announcement is made with a location is given, which begins the procedure: simulating notification of 911, checking the patient, beginning CPR, and applying the automated defibrillator. A debrief is conducted at the end of the drill. Two AED machines are mounted at opposite ends of the campus in easily accessible locations.

**Bomb Threat** - the person receiving the call:

1. Direct co-worker to call 911 and request the call be traced.
2. Direct a second co-worker to notify the Principal, AP, or other administrative designees to initiate a school-wide evacuation and securing of the school perimeter.
3. Attempt to keep the caller on the line using the District Bomb Threat Data Collection Sheet
4. Principal or AP will work with law enforcement, notify the Superintendent's office, and resume normal operations once re-occupancy has been granted.

Our Outreach department consists of a Coordinator, Student Family Outreach Assistant, and Student Mentor who help students and families by providing resources and services in the following areas: mental health, community resources, parent classes, access to counselors and interns, food and clothing, as well as securing eye-glasses and more, all in an effort to support the safety and social-emotional well-being of the Edison Community.

Edison has a district Campus Security Officer assigned to our school that is visible and patrols the surrounding area. Campus security assists with student, family, and community issues as they arise and helps to de-escalate and prevent incidents on and around campus. X-treme Security is also working with Campus Security to provide additional supervision and presence around campus.

**Staff Training**—Staff is trained annually on a variety of safety topics. These topics include training on child abuse, blood-borne pathogens, sexual harassment, and school emergency and safety plans. The staff also engages in a natural disaster simulation, which includes activating safety teams to support emergency preparedness. Staff is also trained in PBIS and Restorative Circles, which promote anti-bullying strategies.

**Volunteer and Visitor Management** - Our school provides kindergarten, middle school, and new student orientations. All volunteers are required to attend an annual volunteer presentation, with the submission of an application that includes a background check. Our Raptor system is also used whenever a volunteer or visitor is on campus. This system reads a visitor's state-issued ID and compares information to a sex offender database to alert the school and local police if a match is found.

**Emergency Cards** - The office keeps updated emergency cards for staff and students, in the event of an emergency so that we can contact the next of kin.

**Campus Safety Proctor** - Edison currently employs a Campus Safety Proctor who not only provides supervision during recess and lunch times but also monitors the campus for the entirety of the school day. This proctor roams the perimeter of campus doing visual scanning for any potentially dangerous situations, as well as completing hallway and restroom sweeps to support students in quickly returning to class and remaining safe while outside of the classroom.

**PE** is now provided to all students in grades 1-8 by a single PE team (made up of one certificated teacher and four instructional assistants) to ensure student safety, clear communication, and consistent support while building community and connection between the team and students while reducing the number of students on the field at any one time.

**Adult/Proctor Supervision** - Edison provides active adult supervision before school, after school, and during all recess times. Proctors provide supervision during meal times and play times, as well as teachers who serve on duty before school, during morning primary recesses and the afternoon primary recess, and after school escorting students to the pick-up area, and making visual contact with family for the release of all primary students. All proctors are easily visible by wearing green vests with reflective caution stripes. Two additional proctors will be added this year to ensure full MPR and playground coverage during lunch and lunch recesses.

**PBIS** - Edison implements PBIS strategies to promote positive student behaviors and to decrease unwanted behaviors, including bullying. Our school collects data of behavior infractions through the SWIS app and reviews data with the PBIS team looking for trends to make targeted decisions based on the data. The goal is to make overall improvements in regard to behavior. We have received gold recognition for our PBIS implementation.

**Attendance Programs** - Edison has several programs to increase attendance. There are incentive-based programs to recognize good attendance. We consistently send attendance letters to students who are chronically absent/tardy, as well as those approaching chronic status, and then hold SART meetings with parents to develop a plan to support the family.

**Closed Campus** - Our campus remains closed at all times. The front office door is the only door that remains open during the school day. All classroom doors remain locked during the school day.

**Middle School & Elementary Campus layout** - The campus is structured so that during kindergarten classes are separated from other grades. They enter campus first and are offered breakfast before other students arrive. Kindergarteners have their own restroom and an enclosed playground area. Primary grades 1-3 classrooms are located on the lower quad with bathrooms available for primary students only. Upper grades 4-8 are housed in portable classrooms and utilize bathrooms in the MPR with special 7th and 8th grade-only restrooms available for use as well.

**Classroom Environment** - All classrooms are set up to promote safety and comfort for students. Desks, tables, and chairs are arranged to have a clear pathway for entry and exit. All classrooms are equipped with a "calming area" which has items selected to promote a calm place for students when they need to regroup in order to reconnect with the classroom lessons as quickly as possible.

**Graffiti Removal/Vandalism Repair** - Our custodian does an early morning daily surveillance of the campus and removes/repairs any graffiti/vandalism discovered before students arrive for the day. The proctors make consistent restroom checks throughout the day to ensure the safety of students and note any graffiti or vandalism that may have occurred during the school day. Admin and the custodian are made aware if anything is found and it is documented and removed.

**Restorative Practices** - Many staff members have been trained in Restorative Practices which aim to promote positive classroom and school culture. In the event of a traumatic or harmful situation, Restorative Practices are implemented to build relationships and community to reduce misbehavior and improve school culture by resolving conflict, repairing harm, and healing relationships.

**Emergency Procedures for Students with Disabilities** - Students who are sensitive to sound are coached before drills about staying calm and provided with headphones which are used during our emergency drills. Edison works with students' health plans to ensure they are supplied with what is needed from the health office during drills.

**Communication** - All teachers of grades TK-5 use ClassDojo to communicate regularly with parents; All teachers of grades 6-8 use Parent Square for individual family communication. Weekly Sunday evening messages are sent to all families to ensure regular communication. A school marquee displays upcoming events to the community as well.

**Transportation** - buses have access the parking lot for pickup/dropoffs; access to the parking lot is limited throughout the day and closed during pickup/dropoff to ensure pedestrian safety.

# ASSESSMENT OF SCHOOL CRIME

---

*The School Safety Planning Committee shall make an assessment of the current status of school crime committed on campus and at school-related functions and of appropriate strategies and programs that will provide or maintain a high level of school safety. (Ed. Code 32282)*

While the School Safety Planning Committee reviews school, district and community crime data trends such as the California Safe School Assessment, other data can bring value to the discussions. Such data may include:

- ◆ Mental Health Data
- ◆ State, District or Site Surveys (such as the Youth Risk Behavior Survey)
- ◆ Disciplinary Data
- ◆ Community Law Enforcement Data

Data may be more valuable if disaggregated by gender, age, zip code, ethnicity, etc. Current trends should be reviewed as well.

**Based on data analysis**, the School Safety Planning Committee identifies two or more safety-related goals for the next school year as well as the strategies and/or programs that will be used to meet those goals. The objective is to provide meaningful goals in order to improve the campus climate.

The goals are reported, with the Safety Plan, to the Board of Trustees and are shared with the school staff and community. In order to keep the goals as a safety focus for the school year, it is recommended that meetings be held to review data and progress. The progress can be reported to the School Site Council, staff, parent groups and the Board of Trustees. The year-end assessment should be completed in May and reported upon.

## Suspension and Expulsion Data

Year	2021-22	2022-23	2023-24
Suspensions	.7	.7	.7
Expulsion	0	0	0

The School Site Council/School Safety Planning Committee assessed the above expulsion and suspension data and came to the following conclusions:

Our data shows that we have minimally suspended students over the past 3 years, COVID has also played a role in our low rate. We have determined that we will more than likely increase this number and arrive at a new normal rate which will more accurately represent the rate of suspension and expulsion that we can expect to maintain or lower.

# ENSURING A SAFE AND ORDERLY ENVIRONMENT

---

## Safety Plan Annual Assessment Goals

The *Safe Schools: A Planning Guide for Action* document created by the California Department of Education and Office of Attorney General fully describes how to develop this section of the Comprehensive School Safety Plan. School sites should develop **Goals, Objectives and Action Steps** which can be implemented throughout the year in order to improve school safety, security and emergency preparedness. Each site must include **at least** one (1) goal with objectives and actions steps for each of two components:

**Component 1 – People and Programs:** This component focuses on creating a caring school climate, where students feel wanted and needed, they believe that their participation makes a difference and they are safe to express themselves.

**Component 2 – Places and Physical Environment:** This component focuses how the school site fosters security and safety through technology, lighting, policies, rooms and furnishings, emergency procedures, ingress/egress, environmental design, graffiti removal and other elements of the physical environment.

After analyzing data, resources, and desired areas of change, Edison Academy has determined that the following priorities for action are necessary to create a safe, secure campus and a positive learning environment emphasizing responsible and respectful behavior.

**Goal 1: (People and Programs) Cultural Tolerance** - build and support students' cultural tolerance by teaching competence and understanding.

**Strategy 1.1:**

During Middle School History classes teacher and support staff lead student discussions to increase tolerance. VAPA lessons and Outreach room read alouds will begin to better support and encourage acceptance in younger grades as well.

**Strategy 1.2:**

Collaborate with the PBIS team to brainstorm strategies and create supports that ensure all students feel valued, seen, and heard.

**Baseline Data 1.1:**

Edison has seen an increase in students using racially charged language and name calling in nearly all grade levels. During the 2023-24 school year, inappropriate language of all types accounted for 27 major Office Discipline Referrals (ODRs) and 40 minor ODRs.

**Assessment 1.1:**

In April 2024, during Middle School History classes, teacher and support staff lead student discussions to build tolerance and acceptance.

**Assessment 1.2:**

CHKS data will be used to evaluate progress and next steps.

**Assessment 1.3:**

#### **Assessment 1.4:**

#### **Assessment Data 1.1:**

**Goal 2: (Places and Physical Environment)** Ensure use of the playground and field during recesses are safe and enjoyable for all students.

#### **Strategy 2.1:**

Transition to a single PE team to reduce the number of students on the field at one time. Create a schedule to limit the number of students during am/pm primary recesses to one grade level; Create, teach, and enforce rules that allow students to safely share and enjoy the new equipment.

#### **Baseline Data 2.1:**

During the 2023-24 school year, 270 ODRs were issued on the playground/outdoor/field which accounted for 31% of all referrals.

#### **Assessment 2.1:**

During 2024-25 school year, Edison transitioned to a single PE team to reduce the number of students on the field at one time.

#### **Assessment 2.2:**

Hire two (2) additional proctors to increase supervision during lunch.

#### **Assessment 2.3:**

#### **Assessment Data 2.1:**

Edison transitioned from 4 PE teams serving different grade levels to one PE team supporting grades 1-8. New playground equipment was installed this fall. A shade structure and improvements on ground cover are pending.

# SCHOOLWIDE DRESS CODE AND GROOMING CODE

---

Edison Academy adheres to the Ontario-Montclair School District Schoolwide Dress Code and Grooming Code Policy as follows:

## **Ontario-Montclair SD Board Policy Dress And Grooming**

### **BP 5132 Students**

The Board of Trustees believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to wear clothing that is suitable for the school activities in which they participate. Students shall not wear clothing that presents a health or safety hazard or causes a substantial disruption to the educational program.

(cf. 4119.22/4219.22/4319.22 - Dress and Grooming)

District and school rules pertaining to student attire shall be included in student handbooks, may be posted in school offices and classrooms, and may be periodically reviewed with all students as necessary.

Students shall not be prohibited from dressing in a manner consistent with their gender identity or gender expression or with their religious or cultural observance.

(cf. 5145.3 - Nondiscrimination/Harassment)  
(cf. 5145.7 - Sexual Harassment)

In addition, the dress code shall not discriminate against students based on hair texture and protective hairstyles, including, but not limited to, braids, locks, and twists. (Education Code 212.1)

The principal or designee is authorized to enforce this policy and shall inform any student who does not reasonably conform to the dress code. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.

(cf. 0410 - Nondiscrimination in District Programs and Activities)  
(cf. 0415 - Equity)  
(cf. 5145.2 - Freedom of Speech/Expression)

School administrators, teachers, and other staff shall be notified of appropriate and equitable enforcement of the dress code.

(cf. 4131 - Staff Development)  
(cf. 4231 - Staff Development)  
(cf. 4331 - Staff Development)

When practical, students shall not be directed to correct a dress code violation during instructional time or in front of other students.

Repeated violations or refusal to comply with the district's dress code may result in disciplinary action.

(cf. 5144 - Discipline)

## Gang-Related Apparel

The principal, staff, and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a proposed dress code shall be presented to the Board, which shall approve the plan upon determining that it is necessary to protect the health and safety of the school environment.

The dress code policy may be included in the school's comprehensive safety plan. (Education Code 35183)

(cf. 0450 - Comprehensive Safety Plan)

(cf. 5136 - Gangs)

When determining specific items of clothing that may be defined as gang apparel, the school shall ensure that the determination is free from bias based on race, ethnicity, national origin, immigration status, or other protected characteristics.

## Uniforms

The Board may approve a school-initiated dress code requiring students at the school to wear a school uniform whenever the Board determines that such a dress code will promote student achievement, a positive school climate, and/or student safety.

The Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms. (Education Code 35183)

# School Site Dress Code

---

## Edison Academy Specific Information

The principal, staff, and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students. **Verbiage must include the prohibition of "gang-related" apparel.**

1. Shoes must be securely fastened and worn at all times. Flip flops, backless, open-toed shoes/sandals, or Crocs are prohibited. Heels, platforms, or wedges greater than 2 inches in height are prohibited.
2. Clothing must conceal undergarments and stomach at all times. No skin is to show on the stomach or back. See-through tops, strapless tops, spaghetti straps, off-the-shoulder tops, low-cut tops, crop tops, or shirts with large arm holes are prohibited.
3. Bottoms should fully cover the buttocks when walking, sitting, reaching, or bending. Bottoms must be worn at the waist with no visible undergarments.
4. Headwear shall not pose a distraction to others or the instructional program. Headwear shall be worn in a safe manner and shall not cover the face or obstruct a student's vision.
5. Clothing, jewelry, hats, and personal items (backpacks, fanny packs, gym bags, etc.) shall not depict offensive, vulgar, profane, sexually suggestive, or violent content, or that contains drug, alcohol, or tobacco company advertising, promotions, and likenesses, or which advocate racial, ethnic, or religious prejudice as determined by site administration. Gang-related apparel strictly prohibited.
6. Hairstyles, nails, and makeup shall not pose a distraction to instruction and shall not adversely impact a student's ability to see during the instructional day. Nails should not prohibit full participation in any school activities. Sunglasses shall only be worn outdoors.
7. Any jewelry that may present a safety hazard are not suitable for school wear.

## SAFE INGRESS/EGRESS

---

Identify evacuation routes and assembly location based on the potential school needs during an emergency. Check the boxes below to indicate your school's progress.

- X **On-Campus Evacuation/Assembly Location**  
Review your school site layout and determine where the safest outdoor location is on campus to assemble your students and staff.
- X **Off-Campus Evacuation/Assembly Location**  
Determine if there is a facility close to your school that can potentially house your staff and student body.  
**Memorandum of Agreement**  
Establish a memorandum of agreement with the evacuation site(s).
- X **Evacuation Routes**  
Include maps of evacuation routes for classrooms and all other buildings on campus.
- X **Document**  
Document the Evacuation/Assembly locations in your School Emergency Response Plan. \*\*\*\*\*IS THERE A PLACE FOR MAPS TO BE INSERTED?\*\*\*\*\*

Safe ingress and egress procedures are critical for school sites. In this section, school sites should list how they facilitate safe ingress and egress for pedestrians, cyclists, and vehicles during daily operations, and also how this is facilitated during emergency situations or extreme weather.

### Edison Elementary Specific Information

Our school is active in utilizing Safe Routes to School program.

Name of Safe Routes to School Program Coordinator:

Describe school procedures for creating safe ingress and egress for normal day operations, including supervision of students.

#### INGRESS:

The city provides a crossing guard starting at 7 am who is posted at the intersection of 6th and Sultana to assist students and families in navigating the four-way stop safely. A total of two (2) Edison staff members are stationed on 6th Street and Sultana respectively to greet students at morning drop-off starting at 7:15 am which is when the first students gain entry. Additionally, there are two (2) staff members at the main gate greeting students as they enter campus. Cars travel north on Sultana and drop students off at the drop-off line on the east side of the street. Signs reminding drivers to pull forward, to stay in their cars, and to have students exit line the curb. Cars travel west on 6th street and drop off students on the north side of the street, again with signs containing safety reminders. Many families park on nearby streets and walk their children to the gates. Parents are encouraged by staff to use the crosswalks as they near campus.

Breakfast is served to Kindergarten students first starting at 7:30 am, at which time they are able to enter campus. Kinder students who arrive at school and do not receive breakfast are lined up at the gate and enter with their teachers at 7:45. All other students enter the gate at 7:30 am. If non-kinder students arrive before 7:30 they are held in a waiting area until 7:30. After 7:30 all students can enter campus and proceed to the appropriate areas which are supervised by Edison Staff members.

#### EGRESS:

Transitional and AM kinder classes dismiss at 12:15 pm at the south gate facing 6th street. There is a locked gate that the teachers open upon arrival. Parents walk up to the gate and sign their students out with the teacher. 1st - 8th-grade students are dismissed at 2:40 pm. All teachers walk their students off campus to the pick-up areas. The south 6th Street gate is exited by 1st and 2nd-grade students. The office gate is used for exiting 3rd and 4th-grade classes, and the MPR gate just north of the kinder playground is where 5th - 8th-grade students exit.

Parents of 1st-4th grade were given a map to show where their child's teacher would be walking their students to on the sidewalk, and teachers dismiss students to parents and make verbal and/or eye contact before releasing them. Any students walking home are dismissed by the teacher. The 5th-8th grade students are escorted to the sidewalk on Sultana by their classroom teachers who do not stay, however, students are supervised by seven (7) staff members along with the 1st-4th grade teachers that are in the area. Parents use the same drop-off car lanes for pick-up and are again encouraged by staff to use the crosswalks.

Describe school procedures for creating safe ingress and egress during an emergency situation.

In an emergency situation, students assemble in the emergency assembly area near the playground on the open field. All gates remain locked. The Emergency Response Teams assemble. The Incident Command Center which is headed by the Principal and AP will analyze the nature of the emergency and the following teams will man their stations: The Emergency Assembly Supervisor will work with teachers and students in the assembly area to ensure all classes are accounted for and that role is taken. The Search and Rescue Team will disburse if necessary. The Security Team will make a presence at the Reunification Gate and help maintain order with families as they arrive to get their children. First Aid and Mental Health teams will assist as needed. If students are being released to parents the Student Release and Reunification Team will begin that process.

# Procedures for Conducting Tactical Responses to Criminal Incidents

---

Edison Academy adheres to the Ontario-Montclair School District procedures for conducting tactical responses to criminal incidents

Effective January 1, 2019, AB 1747 requires the inclusion of procedures for conducting tactical responses to criminal incidents, including procedures related to individuals with guns on school campuses and at school-related functions in the Comprehensive School Safety Plan.

## ACTIVE SHOOTER OR OTHER ACTIVE ASSAILANTS

All Ontario-Montclair School District sites adhere to the standardized procedures for Lockdown and Active Shooter and other Active Assailant listed in this plan if there is an active shooter, individual with a weapon on campus or other possible violent crime.

## THREATS

If a threat is made or if there is a weapon found on campus, the Threat Assessment team (consisting of multi-disciplinary personnel, including but not limited to administration, counselors, mental health professionals, Information Technology professionals and law enforcement) will conduct the following steps:

- Evaluate the threat

## THEN

- Decide if the threat is clearly transient and respond to the transient threat
  - Contact student's parents if necessary.
  - Notify intended victim's parents if necessary.
  - See that threat is resolved through explanation, apology or making amends.
  - Consult with District Personnel & Law Enforcement if necessary.
  - Refer for conflict mediation, restorative justice or counseling to resolve problem as appropriate.
  - Follow discipline procedures as per BP/AR.
  - Develop Behavior Intervention Plan or Behavior Contract as appropriate.

## OR

Decide if the substantive threat is serious and respond to the serious substantive threat.  
Mobilize threat assessment team members as needed.  
Contact student's parents.  
Notify intended victim's parents.  
Protect and notify intended victim and parents of victim.  
Caution the student about the consequences of carrying out the threat.  
Provide direct supervision of student until parents assume control

- Consult with District Personnel and Law Enforcement
- Refer for conflict mediation, restorative justice or counseling to resolve problem is appropriate
- Follow discipline procedures as per BP/AR
- Develop Behavior Intervention Plan

#### OR

- Decide if the substantive threat is very serious and respond to the very serious substantive threat
  - Mobilize threat assessment team members as needed.
  - Contact student's parents
  - Notify intended victim's parents
  - Protect and notify intended victim and parents of victim
  - Caution the student about the consequences of carrying out the threat
  - Provide direct supervision of student until parents assume control
  - Consult with District Personnel and Law Enforcement
  - Conduct mental health assessment
  - Follow discipline procedures as per BP/AR
  - Develop Behavior Intervention Plan

#### AND

- Implement a safety plan

### OTHER CRIMES

If other crimes are committed on campus such as thefts and vandalism school administration, risk management and other needed resources along with law enforcement will conduct an investigation. Depending on the investigation outcomes, administration will follow Ontario-Montclair School District procedures for discipline and will assist in any necessary prosecution procedures through the District Attorney's office.

# PROCEDURES TO ASSESS AND RESPOND TO DANGEROUS, VIOLENT AND UNLAWFUL ACTIVITY

Edison Academy adheres to the Ontario-Montclair School District procedures to assess and respond to dangerous and unlawful activity.

The Ontario-Montclair School District and Edison Academy are committed to assessing and responding appropriately to dangerous, violent and unlawful activity that is being conducted or threatened to be conducted at the school, at an activity sponsored by the school or on a school bus serving the school.

The "Assessment of the Current Status of School Crime and Safety" along with the "Risk Assessment" portions of this plan help the school identify the types of violent and unlawful activity and the potential for such activities. These assessments are used to identify the need for training, resources, equipment and strategies to mitigate, prevent, prepare for, respond to and recover from violent and unlawful activity. Using these assessments, Goals and Objectives are written to improve response to such activity.

School administration, safety committee, risk management and other needed resources along with law enforcement may conduct an investigation into violent, dangerous and unlawful activities. Depending on the investigation outcomes, administration will follow Ontario-Montclair School District procedures for discipline and will assist in any necessary prosecution procedures through the District Attorney's office.

The Edison Academy adheres to the following Law Enforcement Notification Matrix in

CALL 911	CALL for Law Enforcement (911 if immediate danger - Dispatch if non-emergency)	Notification to Law Enforcement (911 if immediate danger - Dispatch if non-emergency)
<ul style="list-style-type: none"> <li>Bomb threat/Suspicious package</li> <li>Firearm on campus</li> <li>Explosive on campus</li> <li>Fire</li> <li>Immediate risk of harm to student(s) and/or staff</li> <li>Intruder on campus</li> <li>Medical emergency</li> <li>Possible abduction</li> </ul>	<ul style="list-style-type: none"> <li>Assault with a dangerous weapon and/or resulting in great physical injury (EC 48902)               <ul style="list-style-type: none"> <li>Loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; disfigurement</li> </ul> </li> <li>Report of sexual assault or battery (Grades 4-12) (EC 48902)               <ul style="list-style-type: none"> <li>Touching an intimate part of another person, against the person's will, for the specific purpose of sexual gratification, sexual arousal, or sexual abuse</li> </ul> </li> <li>Homicidal threat (Grades 6-12) (EC 49390)               <ul style="list-style-type: none"> <li>Any action that creates a <b>reasonable suspicion</b> that the student is preparing to commit a homicidal act related to school or a school activity</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>Physical attack, assault or threat toward employee (EC 44014)</li> <li>Possession of controlled substance (EC 48902)</li> <li>Possession of other dangerous weapon (EC48902)               <ul style="list-style-type: none"> <li>dirk, dagger, ice pick, knife having a blade longer than 2 1/2 inches, folding knife with a blade that locks into place, razor with an unguarded blade, taser, or stun gun, any instrument that expels a metallic projectile, such as a BB or a pellet.</li> </ul> </li> </ul>

# OPIOID & FENTANYL OVERDOSE PREVENTION & RESPONSE

## PREVENTION

Edison Academy primary goal in the fight against opioids and fentanyl use is prevention.

Edison Academy will use the following prevention strategies:

- Distribute materials to and/or discuss with students' content conducive to preventing drug use/abuse such as, but not limited to:
  - How opioids and fentanyl affect the body's systems.
  - Refusal strategies
  - The signs and symptoms of use/abuse
  - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.
- Add additional strategies used at the school.

## FIVE ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

The following was developed and taken from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document [SAMHSA Opioid Overdose Prevention Toolkit](#).

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol.

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

### STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Signs of **OVERDOSE**, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name.
- If this doesn't work, vigorously grind knuckles into the sternum (the breastbone in middle of chest) or rub knuckles on the person's upper lip.
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.

If the person does not respond, call 911, provide rescue breathing if the person is not breathing on their own, and administer one dose of naloxone.

## STEP 2: CALL 911 FOR HELP

### AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION.

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

## STEP 3: ADMINISTER NALOXONE

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older people, and those without obvious signs of opioid use disorder are undertreated with naloxone and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.

Edison Academy uses intranasal spray.

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

**DURATION OF EFFECT.** The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

**SAFETY OF NALOXONE.** The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the user describing how to deliver the medication, similar to automated defibrillators. Both the nasal spray and naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

**FENTANYL-INVOLVED OVERDOSES.** Suspected opioid overdoses, including suspected fentanyl-involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.

Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

## STEP 4: SUPPORT THE PERSON'S BREATHING

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

## STEP 5: MONITOR THE PERSON'S RESPONSE

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)

Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

**SIGNS OF OPIOID WITHDRAWAL.** The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

## TRAINING FOR NALOXONE USE

Training is required prior to the administration of Naloxone. Education Code 49413.3 outlines training requirements for K-12 schools, which is required initially and then annually. Topics include:

- Techniques for recognizing symptoms of an opioid overdose
- Standards and procedures for the storage, restocking, and emergency use of Narcan
- Basic emergency follow up procedures, including but not limited to, a requirement for the school administration or designee to call emergency medical services and to contact the student's parent/guardian. Recommendations on the necessity of instruction and certification in cardiopulmonary resuscitation
- Written materials covering the information required under this subdivision

Training shall be documented through sign-in sheets and records will be maintained at the district office and the school site.

## STORAGE FOR NALOXONE

Naloxone will be stored in accordance with manufacturer's instructions to avoid extreme cold, heat, and direct sunlight. Naloxone has a shelf life of 18 months to two years and should be stored between 59 and 86 degrees Fahrenheit and should be kept away from direct sunlight. It should be stored in a secured but unlocked location, where all trained personnel shall have access to the medication. Inspection of the naloxone shall be conducted at regular intervals.

## DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

# NALOXONE NASAL SPRAY ADMINISTRATION FLOWCHART

## NARCAN ADMINISTRATION

### 1. RECOGNIZE

#### Observe for signs of overdose:

- Pale, clammy skin
- Speech infrequent
- Not breathing or very shallow breathing
- Deep snoring or gurgling
- Unresponsive to stimuli (calling name, shaking, sternal rub)
- Slowed heart beat/pulse
- Blue lips or fingertips
- Pinpoint pupils

### 2. RESPOND

#### Immediately call for help:

- Call for help- Dial 911
  - Request Advanced Life Support
- Place the person on their back
- Tilt head
- Lift chin
- Check breathing for no more than 10 seconds
- Check to see if there is anything in their mouth blocking their airway, such as gum, toothpick, undissolved pills, syringe cap, cheeked Fentanyl patch
  - If present, remove it
- If using mask, place and hold mask over mouth and nose
- If not using mask, pinch their nose with one hand and place your mouth over their mouth
- Give 2 even, regular-sized breaths
- Blow enough air into their lungs to make their chest rise
  - If you are using a mask and don't see their chest rise, out of the corner of your eye, tilt the head back more and make sure the seal around the mouth and nose is secure
  - If you are not using a mask and don't see their chest rise, out of the corner of your eye, make sure you're pinching their nose
- Breathe again
- Give one breath every 5 seconds

### 4. REFER

- Have the individual transported to nearest medical facility, even if symptoms seem to get better
- Contact parent/guardians per school protocol
- Complete Naloxone Administration Report form
- Follow up with treatment referral recommendations

### 3. REVERSE

#### Administer Intra-Nasal Narcan:

- Tilt head back and given spray (4 mg) into one nostril
- If additional doses are needed, given in the other nostril

#### Give

#### NARCAN Nasal Spray

**Remove** NARCAN Nasal Spray from the box. Peel back the tab with the circle to open the NARCAN Nasal Spray.

**Hold** the NARCAN nasal spray with your thumb on the bottom of the plunger and your first and middle fingers on either side of the nozzle.

#### Gently insert the tip of the nozzle into either nostril.

- Tilt the person's head back and provide support under the neck with your hand. Gently insert the tip of the nozzle into one nostril, until your fingers on either side of the nozzle are against the bottom of the person's nose.

**Press the plunger firmly** to give the dose of NARCAN Nasal Spray. Remove the NARCAN Nasal Spray from the nostril after giving the dose.

Graphic credit: JNCPT Pharma, 2015

- Place person in recovery position (lying on their side)
- Stay with the person until help arrives
- Maintain airway, monitor circulation, start CPR as necessary
- Seize all illegal and/or non-prescribed opioid narcotics found on victim and process in accordance with school district protocols

# Appendix E - FIRE PREVENTION & EMERGENCY PROCEDURES

## OVERVIEW

The purpose of this School Protection and Evacuation Plan (SPEP) is to help school officials and collaborating agencies coordinate preparedness efforts to protect life, property, and critical infrastructure at this site in advance of a disaster, and to clearly outline procedures and protocols for when evacuation or voluntary dismissal becomes necessary.

In preparing this document, school administrators should meet with local fire and law enforcement representatives prior to an emergency to discuss preparedness considerations for your facility. Fire and law enforcement officials can assist in the identification and coordination of evacuation routes and traffic patterns, as well as shelter-in-place procedures and protocols. Fire representatives can also assist in evaluating a facility's defensible space and fire mitigation efforts.

Administrators should also meet with district officials to coordinate availability of resources, including alternative safe zones, parent/student reunification areas, and transportation options if it becomes necessary to evacuate all students and staff.

This document is designed to serve as a template to guide school administrators in the creation of a locally-focused emergency preparedness and response plan. Working in coordination with fire and law enforcement representatives and district officials, school administrators can add facility-specific characteristics and details to general emergency related information, thereby providing each school site with its own unique emergency preparedness and response plan.

Prior to a disaster, school administrators should have emergency preparedness plans in place. Once an emergency occurs, particularly during fast-moving fires or "no notice" disasters, school administrators may need to decide whether to evacuate or shelter-in-place before receiving official notification from first responders. School administrators should also understand the terminology used by fire and law enforcement personnel in San Bernardino County and plan for Evacuation Warnings, Evacuation Orders, Voluntary Evacuations/Early Dismissals and Sheltering-in-Place.

On the following page is an Evacuation Decision Tree to assist schools in making the decision about whether to evacuate, shelter-in-place or remain in session. The succeeding pages contain additional general information on each option.

The end of the document contains various appendices designed to serve as templates for site-specific emergency preparedness and response protocols, procedures and plans. Each appendix contains guidance on how to personalize the section with information specific and relevant to each facility. It is recommended that school administrators work with local fire and law enforcement representatives and district officials when filling out these sections.

### Edison Elementary Ingress and Egress Routes

In an emergency situation, students assemble in the emergency assembly area near the playground on the open field. All gates remain locked. The Emergency Response Teams assemble. The Incident Command Center which is headed by the Principal and AP will analyze the nature of the emergency and the following teams will man their stations: The Emergency Assembly Supervisor will work with teachers and students in the assembly area to ensure all classes are accounted for and that role is taken. The Search and Rescue Team will disburse if necessary. The Security Team will make a presence at the Reunification Gate and help maintain order with families as they arrive to get their children. First Aid and Mental Health teams will assist as needed. If students are being released to parents the Student Release and Reunification Team will begin that process.

# EMERGENCY EVACUATION

---

## GENERAL INFORMATION

In an emergency, local officials may issue either an Evacuation Warning or an Evacuation Order:

**Evacuation Warning:** The alerting of people in an affected area of potential threat to life and property. An Evacuation Warning considers the probability that an area will be affected within a given timeframe and prepares people for a potential Evacuation Order. Evacuation Warnings are particularly necessary when dealing with a variety of issues such as large school populations or people with disabilities and access and functional needs. In a fast moving fire there may not be time for first responders to issue an Evacuation Warning (prepare to evacuate).

**Evacuation Order:** Requires immediate movement of people out of an affected area due to an imminent threat to life.

Once an Evacuation Warning or Order has been issued, school administrators should listen to and comply with directions provided by law enforcement to maintain a safe and streamlined evacuation process.

Communicating emergency evacuation plans with parents and staff in advance of an emergency is crucial.

**Site Reunification Plan:** See the Site Reunification Plan in Comprehensive School Safety Plan, Appendix C

## Edison Elementary FIRE EMERGENCY EVACUATION PLAN

This section is intended to provide an overview of procedures to follow when an emergency external evacuation becomes necessary.

- ◆ Call the Superintendent's Office to make notification of planned evacuation and/or seek guidance for logistics.
- ◆ Either contact or ensure a district office employee contacts the evacuation site (OMSD School or other determined location) to discuss arrival and reunification with parents.
- ◆ Notify Transportation if buses are needed.
- ◆ Notify ALL staff of necessary evacuation preparation steps.
  - Gather emergency backpack/classroom supplies, specifically Emergency Cards.
  - Any hazard areas/areas to avoid when evacuating, etc.
  - Unplug all electrical items in classrooms and offices, if time.
  - Process for accountability (when and how to take attendance).
  - Give students specific instructions on actions to be taken (bus number, what to do once at evacuate site, etc.).
  - Custodians: Ask fire department if you should turn off the gas and water (to provide more water pressure for hydrants).
- ◆ Make notifications to parents/guardians (Blackboard Connect, Remind, etc.). Call Executive Assistant to the Superintendent at extension 10445 for assistance in communication with parents, guardians and the larger community.
- ◆ Office staff should gather emergency supplies, specifically the Command Box and Emergency Cards.
- ◆ Use the Site Reunification Plan in Comprehensive School Safety Plan, Appendix C as necessary
- ◆ Use the Evacuation Planning for Special Needs document in Comprehensive School Safety Plan, Appendix B, as necessary.

# VOLUNTARY EVACUATION, UNPLANNED EARLY DISMISSAL OR PRECAUTIONARY CLOSURES

---

## General Information

In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to the school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around your structures, and surrounding topography. It may be best for some schools to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances.

Occasionally, an unforeseeable event or emergency may require the closing of a school for a period of time. The decision to close schools, or alter opening and closing times is made by the superintendent of the school district. This decision may be made in consultation with the National Weather Service and first responder agencies. Notification of emergency closings should be given as soon as possible so parents and guardians can make arrangements for students to be cared for during these times. The decision to close schools is based on many considerations, the most important of which is the safety of students, staff, parents, and others in the community.

If the decision is made to initiate an early dismissal and voluntarily evacuate the school due to a potential fire threat, please refer to Voluntary Evacuation/Unplanned Early Dismissal/Precautionary Closure in this plan.

Communicating voluntary evacuation/early dismissal plans with parents and staff is crucial. Please refer to Emergency Communications Plan.

## Edison Academy Voluntary Evacuation, Unplanned Early Dismissal or Precautionary Closure Procedures

During fast moving fires or "no notice" events it may be necessary for school administrators to initiate an evacuation without a direct order from first responders. School administrators should consider, in advance, the circumstances that may necessitate a voluntary evacuation or unplanned early dismissal. This section is intended to provide an overview of procedures to follow when it becomes necessary to initiate a voluntary evacuation/early dismissal.

Call the Superintendent's Office to make notification of planned evacuation and/or seek guidance for logistics.

# SHELTER-IN-PLACE

---

## General Information

In some instances, when an evacuation may put students and staff at greater risk, it may be necessary to shelter-in-place. This *may* be the most appropriate protective action during a fast moving, approaching wildfire, when leaving school grounds poses more of a danger than remaining in place.

Under the best circumstances, sheltering-in-place should be considered when an entire school is designed to withstand heat and flames from an approaching wildfire. In other words, the entire school must be built with ignition-resistant design qualities, including well maintained vegetation management such as fire district-approved landscaping, with a minimum 100-foot defensible space surrounding all structures. Local fire authorities can assist in evaluating a facility's defensible space and fire mitigation efforts.

Communicating shelter-in-place plans with parents and staff is crucial.

## Edison Academy Fire Specific Procedures

If the school is unable to safely evacuate from the area, or if evacuating puts students and staff at greater risk, a fire resistant building is the safest place to seek shelter to wait out the fire. The following are actions that can be taken to shelter-in-place. Work with your local fire department to finalize a plan for your school.

### Shelter-in-Place Procedures (Local Fire Department)

- ◆ Stay indoors and wait for the wildfire-front to pass. Depending on advice from fire personnel, possibly move all students to one building/location to Shelter-in-Place
- ◆ Call 9-1-1 (if emergency responders are not already on scene) to let them know you are sheltering-in-place and to open a line of communication with the emergency dispatch center.
- ◆ Notify school district office.
- ◆ Work with District Director of Communications to advise parents not to attempt to pick up children from school.
- ◆ If landlines go down, try using a cellular phone as an alternative or emergency radios.
- ◆ Since the electricity may go out, have a battery or solar-powered radio, with extra batteries.
- ◆ Listen for fire updates.
- ◆ Utilize Lockdown/Secure Campus Toilet Kits, if necessary.
- ◆ Have trained staff members protect students and institute proper emergency procedures, including accountability procedures, on site.
- ◆ If time and conditions permit, move anything that can catch fire away from the exterior of classrooms, including combustible furniture, fabric, cloth awnings, and trash cans. Re-locate these items to the furthest point outside, away from buildings.
- ◆ If time and conditions permit, attach garden hoses to outdoor spigots. Place hoses so they can reach around any area of the building.
- ◆ Turn off all fans and air conditioning/heating units.
- ◆ Close all interior and exterior doors and windows to prevent embers from entering your building. Draw draperies and window coverings wide open, well past the perimeter of the window. This will prevent radiant heat from catching the window coverings on fire.
- ◆ Do not cover the inside of windows with foil or any other materials.
- ◆ Move interior furniture away from windows to prevent radiant heat from catching the furniture on fire.

## Remaining In Session – Maintaining Situational Awareness

If there is a wildfire burning in the general area of your school, but law enforcement has not yet issued an evacuation order, it may be safest to remain in session, maintain situational awareness and make preparations for evacuation if and when local authorities require it. The decision to remain in session will depend on the specific event relative to your school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around your structures, and surrounding topography.

If the decision is made to remain in session, maintaining situational awareness is crucial.

When a wildfire is burning in the area, refer to the Evacuation Decision Tree throughout the day and update decision-making as necessary.

## SB County Emergency Management

- ◆ <https://wp.sbcounty.gov/cao/countywire/?cat=19>
- ◆ During a disaster, this website will be promoted by the County of San Bernardino to the media/public as the official disaster information website.
- ◆ The site will include:
  - Maps; Evacuation areas; Disaster perimeter; Shelter locations; Local Assistance Center locations; Press Releases; and other pertinent disaster-related information.

## SB Ready App

- ◆ <http://readydl.com/landing/eoc06071/index.html>
- ◆ Be prepared for disaster. The Ready San Bernardino County app will help you prepare and plan for how to respond to a disaster in your area.
- ◆ Using the Ready San Bernardino County app, you will be able to:
  - Share your status with your selected contacts with the push of a button.
  - Receive critical emergency alerts via push notification.
  - Locate San Bernardino County's emergency shelters.
  - View up-to-date evacuation route maps.
  - Get the latest news and weather for the San Bernardino County area.
  - Create a personalized Emergency Preparedness Plan by answering five basic questions.

## 2-1-1 San Bernardino

- ◆ Provides a 24/7 toll-free hotline connected to a highly trained team providing up-to-date information during an

emergency.

- ◆ Vital information about conditions and services such as road closures, evacuation routes, shelters and more.
- ◆ If Life/Safety, call 9-1-1.

### San Bernardino Alerts - TENS

- ◆ During a major disaster such as a wildfire, your Fire and Sheriff's Dept. use a system known as the Telephone Emergency Notification System or TENS to send high-speed mass notifications by telephone and text messages. This system helps us get you critical updates, such as evacuation information, as quickly as possible. A regional notification system that sends telephone notifications to residents and businesses within San Bernardino County impacted by, or in danger of being impacted by, an emergency or disaster.
- ◆ Landlines are automatically registered, mobile phones are "opt-in."
- ◆ Register your cell phone to receive evacuation/shelter-in-place warnings from first responders on your mobile device.
  - <http://www.sbcounty.gov/SBCFire/TENS/TENSContact.aspx>

### Wireless Emergency Alerts (WEA)

- ◆ Emergency notifications that are broadcast to cell phones in a targeted area with no "opt-in" of mobile phones required.
- ◆ Alerts residents about the emergency with important, but limited information:
  - Emergency location
  - What actions residents should take
  - How they can find out more information.
- ◆ For more information on WEA visit: [www.fcc.gov/consumers/guides/wireless-emergency-alerts-wea](http://www.fcc.gov/consumers/guides/wireless-emergency-alerts-wea)

## TRANSPORTATION OVERVIEW

---

OMSD Buses available during normal operations:	50 General Bus (75+ Passenger) & SPED Bus (various seat & wheel chair capacity) altogether
Total number of OMSD buses which can be accessed during an emergency:	Fifteen (15) seating 75 passengers or more, Fifty Six (56) with various seat capacity and wheelchair positions

OMSD owns a fleet of buses.

Requests for service can be made directly to the District office or Transportation Department. Availability is determined by pre commitment and location of requested service; most buses can be in any location within the District in 25 minutes or less. Increased traffic will have a dramatic impact on bus services.

San Bernardino County school districts participate in a mutual support agreement which will allow for OMSD to request bus service from other San Bernardino districts for use during an emergency.

OMSD has the transportation resources to move any OMSD campus and strives to provide this service at the local level without engaging in requests for mutual aid; however, if circumstances arise which prohibits the immediate evacuation of OMSD students using the bus fleet, mutual aid will be requested.

It is anticipated that traffic congestion or accidents may provide challenges in evacuating schools via buses. With few main east/west thoroughfares running through OMSD, it should be anticipated that during a fire evacuation, many of these roads will be impacted.
