How Do You Calculate Your GPA?

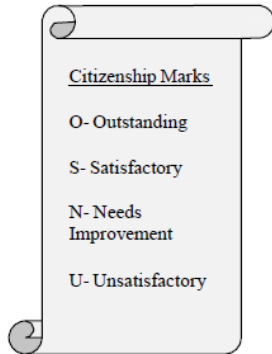

The first thing to do in order to calculate a grade point average is to convert each of the final class grades you've received so far into a numerical value.

Here is the standard scale for doing this:

- A = 4
- B = 3
- C = 2
- D = 1
- F = 0

Then, perform the following calculation:

- *Add up the points that you earned for each class. (This is your sum)*
- *Count the number of classes you've taken.*
- *Divide the sum by the number of classes, and you have your GPA*

5. What am I learning about myself as a student? *Complete in August.*

5 FITNESS COMPONENTS

The 5 fitness components are practiced throughout the year and tested during the Physical Fitness Test.

Cardiovascular Endurance: The ability to perform large muscle, whole body physical activity of moderate to high intensity over an extended period of time.

Examples: Mile run, pacer test, run in place, jumping jacks, jump rope.

Body Composition: The division of the total body weight into two components, fat and muscle.

Examples: BMI test.

Flexibility: The ability to move muscles and joints through their range of motion.

Examples: Shoulder stretch, trunk lift, sit and reach, lunges, calf stretch.

Muscular Strength: The ability of muscles to produce force at high intensities over short intervals of time.

Examples: Push-ups, climbing stairs, lifting weights, pull ups, squat jumps.

Muscular Endurance: The ability of muscles to sustain repeated productions of force at low to moderate intensities over extended intervals of time.

THINGS TO THINK ABOUT

- ❖ Is my goal achievable? An achievable goal is a goal you can successfully reach. Look back at previous mile days to see how much you have been able to improve each week and set a goal from there if you need to.
- ❖ What is the best way I can reach my goal today? Think about what **you** can do to help **yourself!** This may be different for every student.
- ❖ How will reaching this goal help me over time? think how today's short-term goal will help with your long term mile goals. A long-term goal to think about is how well you would like to do for the fitness test.

**Student Use of Cellular Phone Policy
(BP 5131, BP & AR 5145.12)**

California law allows student possession and limited use of cell phones and other electronic communication devices while at school. **Students must, however, obey the following district guidelines as well as individual school rules for use.**

- **Students may possess or use cell phones** and other electronic communication devices on a school campus **provided that such devices do not disrupt the educational program**, or any school activity, and are not used for illegal or unethical activities such as cheating on assignments or tests.
- **Electronic communication devices shall be turned off and kept out of sight during class time, or at any other time, as directed by a school employee**, except where deemed medically necessary or when otherwise permitted by a teacher or administrator.
- **Students shall not be prevented from using their cell phone in case of an emergency**, except where that use inhibits the ability of school district employees to effectively communicate instructions for the safety of students.
- **Students shall not use cell phones or other electronic communication devices, such as smartwatches with camera, video or voice recording capability**, in a way or under circumstances which infringe the privacy rights of other students and adults and **without express permission from a school employee (BP 5131)**.
- **Violations of this policy shall be subject to each school's progressive discipline plan.** If a student's use of an electronic communication device causes a disruption, a school district employee on the first offense may direct the student to turn off the device or give a verbal warning to the student. On subsequent offenses, the employee may confiscate the device and return it to the student at the end of the class period, school day or activity. Continued violations could result in confiscation and hold for parent pick-up and loss of permission to possess the device on campus, **except where deemed medically necessary**. Students may be subject to additional disciplinary measures when their use of an electronic communication device violates individual school rules **(BP 5131)**.
- **Students are responsible for personal electronic communication devices they bring to school.** The district shall not be responsible for loss, theft or destruction of any such device brought onto school property, except that it may be the responsibility of the school to ensure the safekeeping of any confiscated devices. **Confiscated electronic communication devices shall be stored by school district employees in a secure manner (BP 5131)**.
- **In the case of a serious matter or emergency, a school official may ask the student or parent/guardian to view the content of the student's electronic device. This may include inappropriate or illegal access of the District network, software and operating equipment.**

Once notified, the principal or compliance officer shall take the steps to investigate and address the allegation, as specified in the accompanying administrative regulation.

5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students

6. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made

7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues

8. A clear message that, when needed, the district will take interim measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation and that, to the extent possible, when such interim measures are taken, they shall not disadvantage the complainant or victim of the alleged harassment

Complaint Process and Disciplinary Actions

Sexual harassment complaints by and against students shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3 - Uniform Complaint Procedures.
