Agreement for Middle School Athletics

Agreements for Middle School Athletes

Qualities of an Edison Athlete

- Good character in and out of class so that participation in a sport may continue
- Respectful to other students, players, coaches, and referees
- Showing honesty and integrity by following all game rules
- Showing positivity and support for your teammates throughout games and practices
- Being responsible by attending all games and practices
- Being prepared by bringing all equipment and uniform for game days
- Communicating with your coach about any needs you may have, medical changes, or scheduling problems

Please remember that this is a team sport so it is understood that everyone will work together to demonstrate good sportsmanship and respect any decisions made by coaches that will benefit the team as a whole rather than individual students. Students who choose not to participate in a respectful and responsible way may be removed from individual games or (if warranted) the team altogether.

Eligibility

The following requirements must be maintained for the duration of the participating season in Athletics:

- Students must not have D's and F's in classes. You will be ineligible to play in games.
- Any major Office Discipline Referrals (ODR's) and suspensions will be reviewed by administration.
- No more than 3 minor ODR's (office discipline referrals) given for violating school-wide expectations.
- No outstanding detentions-tracked with classroom behavior logs.

Name: _____ Grade: _____ Homeroom teacher: _____

Student: Please read and initial each of the following statements:

1. All athletes must uphold the high standards of Edison Academy. Athletes are both leaders and role models. I understand that if I do not maintain high personal and behavioral standards both on and off campus, I may be asked to forfeit my position. _____
2. I agree to attend all sports practices and games unless I have a legitimate reason not to participate and have communicated this reason with my coach. _____
3. I agree to maintain good grades without any D's and F's throughout the sport season and have no disciplinary charges against me. If I have a D or F in any class at the time of a game, I will be ineligible to play. _____
4. I will be sure to return the Edison uniform within 1 week after the completion of a sports season or I will be charged \$40 to replace the uniform. _____

Parent: Please read and initial each of the following statements:

1. As a parent/guardian I will provide support and encouragement to my student. _____
2. I will encourage good sportsmanship by respecting all players, coaches, referees, and scorekeepers. _____
3. I will remember that the game is for the children to learn and develop skills in the sport and not for the parents' benefit. _____
4. I will make every effort for my student to attend all practices and games prepared and will contact the school or coach if they will not be able to attend. _____

I have thoroughly reviewed the application and all the expectations pertaining to Edison Academy's sports teams. I hereby agree to all of the above statements.

Elective Choices

Student Leadership

Are you natural born leader? Students take an active leadership role in setting a positive school climate by engaging the school community in a variety of in school and after school activities. Students work collaboratively to plan, lead and participate in special school events. Students will serve as ambassadors to the school community.

Broadcasting

Students refine and practice the art of audio and video production from planning, scripting and production. Students will produce the daily morning announcements for the entire student body as well as special reports and news productions for the school community.

Art

Students will explore art techniques and design through color theory, lines and shapes through a variety of media. Students will also explore different artists and apply learned techniques to create their own individual works.

Coding

This class introduces fundamental coding concepts through interactive and age-appropriate projects. Using languages like Scratch or Python, students learn to create their own games, animations, and websites. The curriculum emphasizes problem-solving, logical thinking, and creativity, allowing students to develop technical skills while having fun.
