Dear Parent or Guardian,

The California Education Code, Section 49423 allows the school nurse or other designated school personnel to assist students who are required to take medication during the school day (BP 5141.21). All medication taken at school must be authorized by a doctor.

The district requires that medication be:

- Brought in its original container
- Properly labeled by the pharmacy
- Checked in at the Health Office
- Given with signed consent using district form
- Brought to the school site by a parent/guardian

In accordance with OMSD Administrative Regulation 5141.21, medications shall be delivered to the school by parents/guardian.

Please help us to better serve your children by adhering to these guidelines. If you have any questions, please contact Brenda Rios, Health Services Administrator at (909) 459-2500, ext. 6428.

Sincerely,

Brenda Rios, MSN, FNP, PHN, RN  
Health Services Administrator
