

November 2020

Hello Parents/Guardians,

During the school's distance learning, Think Together continues to be available to provide homework support for students. We offer fun engaging activities for students who do not need homework support. Our program provides students with a safe place to interact with one another and have fun.

Our goal is to add 80 students to our afterschool virtual sessions. Our program is offered twice a week for only 1 hour of homework support and the student must be present during both sessions. The first session begins at 2-3PM and the second session begins at 3:35PM-4:35PM. Students will have an opportunity to get organized, and interact with other students.

In addition, the first 40 students signed up for the distance learning program will also be the first students accepted when we transition to face-to-face in school learning. If you are not part of the first 40 students enrolled, you can still participate in the online sessions but will be placed on the waitlist when in person school Think Together resumes. If we can safely add more students to an in person after school setting, we will, but at this time student and staff safety is our priority. We want to ensure that we practice safe social distancing and State guidelines. We are working closely with schools and our district partners to ensure we support our students. Things are continuously changing, and I thank you for your understanding and flexibility. I encourage you to enroll your students in the Think Together Virtual after school program. Please feel free to reach out if you have any questions or concerns. The link provided below is the actual online Think Together enrollment form for Central Language Academy.

As we are currently in a virtual environment, we want to make enrollment into our programs easy and accessible. Below you will find a link to Think Together's enrollment application walkthrough video and the online enrollment form. To access the form and enroll your child in Think Together, please follow these steps:

- Click on the link below
- You will then need to enter your email address when prompted
- Check your email and find a verification email from HelloSign
- Click on the link in the HelloSign verification email
- You will be directed to the enrollment application where you will need to fill out all required information
