Corona Elementary School
School Accountability Report Card
Reported Using Data from the 2018-19 School Year
Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest
DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access
Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

Dear Students, Parents, and Community Members,

I am proud to say that I am the Principal at Corona Elementary School; home of the college bound Eagles! As the principal at a school where the students have core values of perseverance and integrity, our staff is committed to providing a superior education that challenges all students to reach their greatest academic potential and involves parents to be active and supportive in the process. I am honored to work with families and a devoted staff that work everyday to make Corona Elementary a great school. The Corona campus is clearly defined as a college bound culture with each class adopting a university to represent. We work diligently to assure our students that they can and will be prepared for college and career success.

At Corona, we maintain high academic standards for all students and are fully implementing the Common Core State Standards for instruction. Teachers are highly trained and well prepared for the increasing rigor and deeper content knowledge instruction that takes place in every classroom. Our students are learning how to be involved, inquiry based learners ready for university success and prepared for the 21st century global economy.

I can confidently say that Corona Elementary is truly a special place full of wonderful, caring adults who daily work to meet each child's needs as a whole. Please feel free to send me an email, call, or stop by the office if you ever have a question or concern.

Sincerely,

Dr. Sal Flores, Principal

Mission Statement

Corona Elementary School will provide a superior education that challenges and supports all students to reach high standards of academic excellence. Goals/Objectives
- All students will achieve English Language proficiency as assessed by continuous multiple measures.
- All students will meet or exceed Common Core State Standards in English Language Arts and Math by the end of each academic year as assessed using multiple measures.
- All students will SOAR (be Safe, Organized, Accountable, and Respectful) in a safe and nurturing environment, as assessed by continuous multiple measures.
- All students will understand the importance of attaining a higher education and will be introduced and educated in college and university opportunities for their future.
- All students will attend school on time daily.

Corona Elementary School is located at 1140 North Corona Avenue in Ontario, California. This school site is located in the northeastern portion of Ontario. The campus was established in 1964 and the main office building was originally completed in 1967. A recent refurbishing of the front of the school and the administrative office makes the school welcoming and hospitable to the families and children that we serve. The campus has multiple outdoor eating areas, as well as an outdoor stage. In addition, we have a multipurpose room, which includes a large kitchen, eating area, and stage.

Corona Elementary School services approximately 520 students in transitional kindergarten through grade five. Our school also has two pre-school classes on campus. Corona serves special education students in a blended classrooms that combines three upper-grade grade levels. In addition, we provide RSP support for special education students in the mainstream general education classes. Speech and language services and a school psychologist are also regularly on campus for special education support.

More than 65 adults work at Corona Elementary in a variety of capacities. There are 22 regular classroom teachers, along with three special education teachers.

Corona's administrative and support staff include the principal, elementary administrator, instructional coach, a part-time nurse, part-time psychologist, and part-time speech and language specialist. The classified staff is comprised of office and clerical staff members, a health aide, eight instructional assistants, food service workers, and custodians.

All students at Corona Elementary School participate in a federally funded breakfast and lunch program. Additional categorical funds support after-school library or computer lab programs that are offered after dismissal. In addition, Corona hosts a monthly Attendance Make Up Academy for students who have had regular school day absences. All of Corona's extended learning tutorials are standards-based and address the needs of students in the areas of English Language Arts and mathematics. In total, these programs serve over 520 students.

Corona Elementary School also services students after school through the THINK Together Program. This program provides after-school enrichment, homework assistance, and social-emotional support for students three hours per day, five days a week. THINK Together is funded in collaboration with the THINK Together Organization and the Ontario-Montclair School District.

Corona Elementary School has earned membership to the No Excuses University Network of Schools (NEU). NEU is an organization that hosts events that promote the "Six Exception Systems," which includes interventions, data management, assessment, standards alignment, collaboration and a culture of universal achievement. Corona Elementary was recognized for their college readiness and awareness and joined many other schools across the nation that have demonstrated a similar commitment.

School Facility Conditions and Planned Improvements (Most Recent Year)

Corona Elementary School was built in 1964 with various additions to permanent structures completed in 1967. Our school has adequate space for teaching and learning which includes 34 classrooms. There are three permanent classroom wings. In addition, Corona has 13 portable classrooms that were installed between the years of 1968 and 2008. One of these portables is the school library that also provides a space for instructional purposes when needed. The main office building includes the front office, principal's office, elementary administrator's office, health office, conference room, work room and staff lounge. Two small storage rooms on the campus have been renovated and turned into a small classroom and additional office space.

Corona has a large field and four different areas with adequate playground equipment to allow for positive student engagement. We have 8 student restrooms; all with toilets and sinks in proper working conditions. During the 2007-2008 and 2008-2009 school years, Corona underwent a modernization project that addressed California State Code Accessibility by providing accessible restroom facilities, working space and sinks in classrooms, drinking fountains, paths of travel including ramps and curb cuts, passenger loading zones, bus drop-off, parking, and signage. Panic hardware was installed on doors, and new door thresholds were also part of this project.

Our school facility offers a positive learning environment will fully functioning lighting, heating and cooling systems, and noise negation. Internet access is available in all offices and classrooms. Each primary grade classroom has between four and six student computers. The upper grade classrooms each have their own computer cart with individually-assigned student computers. All Corona classrooms have a Smartboard, document camera, and printer. The district Information Services Department maintains a content filter for all Internet traffic, including E-mail, in accordance with the Children's Internet Protection Act (CIPA) guidelines.

Student Safety
Students are supervised immediately before and after school by staff. All students, parents, and other visitors enter the school through the front gates each morning. All visitors must check in at the front office and wear a visitor's badge to show proof that they have come through the office. District employees and substitutes all wear district-issued identification badges. Students who are leaving early must be checked out through the front office by parents or guardians. All staff members are diligent about being aware of adults on campus at all times. Visitors without badges are escorted to the office.

Maintenance and Repair
The district governing board has adopted cleaning standards for all schools in the district. Corona Elementary School is maintained in a manner that assures it is clean and that all facilities are in good working order. The district works with custodial staff to develop cleaning schedules that ensure all classrooms, offices, and restrooms are cleaned daily. Restroom checks are done periodically throughout the school day. Staff and students work to maintain an orderly, clean, graffiti and litter-free school of which all can be proud.

The district takes great efforts to ensure that all schools are clean, safe, and functional. Site and district maintenance and grounds staff make sure that the work necessary to keep the school in good repair and aesthetically pleasing is completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The floors, walls, and plumbing are all in good shape.

The district's Operations Department conducts an annual in-depth evaluation of each school to determine the condition of the facilities and identify situations that need maintenance, repair, or an upgrade. The district uses a facility survey instrument developed by the State of California Office of Public School Construction to assist with the data gathering during the inspections. All findings are shared with the principal and work orders for needed repairs are created at that time. The results of this survey are available at the school office or the district office.

The last state inspection mandated under the Williams Settlement was completed on December 2018. The report on this inspection was forwarded to the Superintendent of Schools. Any areas of concern noted by the team were corrected as reflected elsewhere in this report. Deficiencies listed as (remedied) were corrected at the time of inspection.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Corona School believes that parents should be involved in their child's education in as many ways as possible. Consequently, we take pride in creating multiple opportunities for parents to be involved in the school. If you are interested in participating in any of the following activities, please contact the school at (909) 984-6411.

- Coffee with the Principal: Once a month parents are invited to discuss many of the issues surrounding the school. This is a structured way of becoming informed and having your voice heard. Meetings are held in both English and Spanish. Representatives of the different parent groups including PTO, SELPAC and School Site Council provide quick updates to parents and ask for feedback. These meetings also are topic oriented. Each session includes a specific topic such as Discipline, College Awareness, How to be a Better Parent, How to Help Your Child with Homework and other topics that are taken from our school parent survey.
- School Site Council (SSC): The School Site Council is an elected decision making body of the school and is directly involved in the planning and reviewing of the school plan. At least one member serves on the District Advisory Council. Parents may run for election for open School Site Council seats on a yearly basis. These meetings are open to the public.
- Site English Learner Parent Advisory Council (SELPAC): The SELPAC advises the school on programs and services for English Language Learners. At least one member from SELPAC serves on the District English Learner Parent Advisory Committee (DELPAC).
- Parent Teacher Organization (PTO): The PTO meets on a monthly basis to help provide support to our instructional program. The PTO is involved in helping organize school events, fundraisers and supports our school activities.
- Classroom and School Parent Volunteer Program: Corona School is well known for parent involvement and parent volunteers. We highly encourage our parent community to become involved as school volunteers. Many student events and activities would not be possible without our parent volunteer help. Classrooms have parent or community volunteers who help in many different ways throughout the year. We also have parents that help plan and coordinate school activities throughout the year. Parents wishing to volunteer must fill out an application, have a tuberculosis test (TB), go through a short training, and comply with volunteer requirements.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

Corona Elementary School's primary goal is to maintain a safe and orderly environment for students and staff. During the 2018-2019 school year, Corona revised its disaster response plan and created new disaster response teams. The plan was reviewed again at the start of the school year in August of 2019 with the staff. The staff at Corona continually update this plan. We also organize necessary materials as appropriate and implement disaster training for all staff members.

This school holds monthly safety drills including fire drills, active shooter/intruder drills, and drop/cover earthquake drills. Corona maintains a health aide and part-time nurse to deal with student illness and emergencies.

Types of Services Funded (Fiscal Year 2018-19)

Corona Elementary uses categorical funds and state extended learning dollars to pay for afterschool programs to ensure student success. These after school classes serve at-risk students and students whose scores indicate Standard Not Met and Standard Nearly met on benchmark and standardized testing. These programs offer students additional standards-based instruction in English Language Arts and Mathematics.

The Ontario-Montclair School District (OMSD) offers research-based, on-going professional development for certificated, classified, and management employees aligned with the district's long-term goals. Professional development is designed to help employees enhance their knowledge and develop needed skills to provide quality services in order to maximize student learning and achievement. Professional development courses and programs are developed and coordinated through the district's Robert Hardy Professional Development Center as well as at our school site. The focus of all professional development is based on the instructional and management priorities in the goals and objectives of our strategic and school improvement plans.

Professional development at the site and district levels addresses the core curriculum, instructional strategies, standards-based instruction, and classroom management. In addition, the district level professional development includes workshop sessions and classroom support for beginning teachers (BTSA), courses for teachers working on their teaching credentials, technology training, and a variety of job-specific and mandated training for classified employees.

Corona and OMSD are implementing professional development for all teachers on the Common Core State Standards (CCSS) for English Language Arts and mathematics as well as Next Generation Science Standards (NGSS). As part of our Multi-Tiered Systems of Supports, teachers are supported in implementing classroom and Student Success Team interventions using the P4SS system. Teachers are trained to use a universal screener and are supported by the instructional coach to develop focused intervention instruction.

Corona Elementary follows district policy in the area of staff development and teacher training. Teachers meet on the first, third and fourth Tuesday of each month for staff development and instructional training. This training includes the latest research-based instructional methods in English Language Arts, ELD, mathematics, science, and social science. Teachers and administrators also use this time for in-depth analysis of student achievement data on state, local, and classroom assessments and benchmarks. The staff also meets on the second Tuesday of every month to plan instruction, analyze student data, and learn and discuss teaching strategies. Finally, teachers are given a planning day after each district benchmark to analyze data and collaborate on an instructional plan. This time serves as a platform for teachers to target necessary re-teach and extension activities in order to extend all students to their fullest potential.
