

Edison Academy

of differentiated learning

September
2024

Hello Edison families,

It has been a very smooth and positive start to the school year! We appreciate your partnership in making sure our kids were supported and well prepared for the start of the new school year.

Through a variety of assessments, our staff is now working hard to ensure we support all our students' instructional needs this year. Our belief is that all our students have the ability to meet and exceed grade level standards. A new member to our instructional team is Ms. Berry. She is our new instructional coach who will work closely with our teachers in meeting the learning needs of our students. Below is her re-introduction to the Edison community.

I look forward to working with Ms. Berry and trust our team will benefit from her expertise and dedication to our school.

Mr. Gormaz

I want to thank you all for your warm welcome as I return back to the Edison community. I am Ms. Berry, and will be serving as Edison's instructional coach. After serving as site principal, I decided to return to a classroom position to spend more time with my children, who were three and eight years old at the time. While I don't regret that decision, I absolutely did miss this community and felt like I was leaving home. This year I am thrilled that I get to return and provide direct support to our teaching team. I am returning with over 20 years

of experience in Education and a passion for this work. Some of my responsibilities include working with teachers during ongoing team meetings, planning with teachers, providing feedback, providing professional development, and analyzing data among other things. As you know, our team has such an enormous job with many responsibilities. I have a strong belief that our partnerships will result in deep and meaningful learning for our children. As a fellow Edison parent, I have a sincere and vested interest in our school's success. Please know that I will be continually involved in the special programs and events offered at Edison throughout the year. I am looking forward to connecting with you and serving this exceptional school once more.

Ms. Berry

PBIS

Positive Behavior Intervention Supports (PBIS)

Find our PBIS expectations here along with an at home matrix you can create with your student to inspire Perseverance, Unity, Respect, and Responsibility.

Attendance

We have two Saturday Make Up Academies (SMUA) this month. This is your chance to make up any absences that your student may have. The week of SMUA your child will receive a invitation to a SMUA if they have an absence, if you would like you child to attend. Fill the slip out and return it to teacher or front office so we know how many student to expect.

Scan the QR code to help your student prepare for school with a premade checklist.
