Integrated Pest Management Plan

Contact:

Doug Jones, Supervisor of Operations
District IPM Coordinator
doug.jones@omsd.net
909.418.6591

Statement.

It is the goal of Ontario Montclair School District (OMSD) to implement Integrated Pest Management (IPM) by focusing on long-term prevention or suppression of pests through accurate pest identification, frequent monitoring for pest presence, by applying appropriate action levels, and making the habitat less conducive to pests using sanitation, mechanical, and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Because the health and safety of our students and staff is our first priority, our objective is to focus on long-term pest prevention, while maintaining a safe environment for children and staff.

Team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Rudy Perez
Assistant Director of Operations

Bryan Hansberger
Environmental Tech.

Art Beltran
Lead Grounds Maintenance Worker

James Greet (Interim)
Lead Grounds Maintenance Worker

Luis Solis
Grounds Maintenance Worker II

Gilbert Guerrero
Grounds Maintenance Worker II

Anthony Correa
Grounds Maintenance Worker II

Vacant
Grounds Maintenance Worker II

Jesus Ordonez Moreno
Grounds Maintenance Worker I

Jorge Gonzalez Najera
Grounds Maintenance Worker I

Crystal Trujillo
Grounds Maintenance Worker I

Martin Terry
Grounds Maintenance Worker I

Pest Management Contracting

OMSD's pest management services are contracted to Advanced IPM a licensed pest control business.

Prior to entering into a contract, our District confirmed that Advanced IPM understands the training requirement and other requirements of the Healthy Schools Act.

Pest Identification, Monitoring, and Inspection

Pest identification is done by Maintenance and Operations staff and is verified by OMSD's contracted licensed pest control business.

Monitoring and inspecting of facilities for pests and conditions that lead to pest problems are done regularly by school site staff, Advanced IPM technicians, and our Maintenance and Operations staff. Results are communicated to the IPM Coordinator.

Specific information about monitoring and inspecting for pests, such as locations, times or techniques include Integrated Pest Control Management assigning a technician to inspect a District site when a pest control problem has been reported.

Pests and Non-chemical Management Practices

OMSD has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level.

Pest	Remove Food	Fix Leaks	Seal Cracks	Install Barriers	Physical Removal	Traps	Manage Irrigation	Other
Ants	X	X	X	X		X	X	Clean areas
Gophers						X		Carbon monoxide generator
Rats	X		X	X	X	X		
Mice	X		X	X	X	X		
Roaches	X	X	X	X		X		
Fleas						X		Vacuum carpets and floors
Skunks	X			X		X		
Weeds					X		X	Topical Application
Spiders				X	X			
Raccoons	X			X		X		
Opossums	X			X		X		
Bees			X	X				Call Bee Removal Co.
Wasps			X	X				
Termites								Call Structural Termite Co.

Chemical Pest Management Practices

If non-chemical methods are ineffective, OMSD will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment.

This District expects the following pesticides (pesticide products and active ingredients) may be applied during the year. This list includes pesticides that will be applied by our designated licensed pest control business.

The District office and school sites may be treated with the following ECO-friendly products and pesticides as needed.

Name of Pesticide	Active Ingredient
Advion Fire Ant Bait	Indoxacarb 0.045%
Alpine WSG	Dinotefuran 40%
Audible 90	Glycerin, Diethylene Glycol 90%
BASF PT 565 Plus XLO	Pyrethrins .5%, Piperonyl Butoxide 1.0%
BASF PT Alpine Flea & Bed Bug	Dinotefuran .25%, Pyriproxyfen .10%, Prallethrin .05%
Bayer Maxforce FC	Fipronil 0.045%
Bayer Maxforce Quantum	Imidacloprid .03%
Bayer Tempo Ultra WP	Cyfluthrin 10%
Burnout Weed and Grass*	Citric Acid 24%, Clove Oil 8%
Contrac California Bromethalin Blox	Bromethalin .01%
Cy-Kick CS	Cyfluthrin 6%
Dimension 2EW	Dithiopyr 24%, Cyclohexanone 13%
Doxem Precise	Indoxacarb .6%
Ecomazapyr 2 SL	Isopropylamine 27.8%
EcoVia CA*	Thyme Oil .88%, Rosemary Oil .53% Cinnamon Oil .26%
Eco Via EC*	Thyme Oil 20%, Pencythyl Propionate 14%, Rosemary Oil 8%
Eco Via G*	Thyme Oil 2.4%, Clove Oil 2.4%, Lemongrass Oil 2%
Eco Via WH*	Sodium Lauryl Sulfate 4%, Clove Oil 1%, Peppermint Oil 1%
Essentria Wasp and Hornet Spray*	Peppermint Oil 1.5%, Sodium Lauryl Sulfate 0.15%
Essentria G*	Eugenol 2.9%, Thyme Oil 0.6%, Wintergreen Oil 96.5%
Essentria IC3*	Rosemary Oil 10%, Geraniol 5%, Peppermint Oil 2%
Goal2XL	Oxyfluorfen 22.3%
Gopher Scram*	Castor Oil 13%, Clove Oil 1.25%, Garlic Oil 13%, Linseed Oil 3%
In2Mix	Pyriproxyfen 74.03%, Beauveria bassiana 10%
Inzecto Mosquito Trap	Permethrin .022%, Pyriproxyfen .00031%
Lifeline Herbicide	Glufosinate-ammonium 24.5%
Maxforce Complete Granular Insect Bait	Hydramethylnon 1.0%
Onslaught FastCap Spider and Scorpion	Esfenvalerate 6.4%, Prallethrin 1.6%, Piperonyl butoxide 8.0%
Oxadiazon 2G	Oxadiazon 2.0%, Titanium Dioxide .92%, Naphthalene .42%
Precor 2000 Plus	Methoprene .085%, Permethrin 0.35%, Phenothrin .3%
Ranger Pro	Glyphosate 41%
Specticle G	Indaziflam .0224%
Skeeter Mosquito Control Larvicide*	Garlic Oil 20%, Soybean Oil 1%
Skunk Scram	Dried Blood 10.8%, Lemongrass Oil 3.03%, Peppermint Oil 1.8%, Citronella Oil 1.8%, Rosemary Oil 1.3%, Thyme Oil 1.26%, Cedarwood Oil .25%, Garlic Oil .025%
Tekko Trio	Hydropene 9.0%, Novaluron 2.6%, Pyriproxyfen 2.6%
Termidor SC	Fipronil 9.1%
Termidor HE	Fipronil 8.73%
Weed Zap*	Cinnamon Oil, Clove Oil

*These chemicals are exempt from notification regulations established by AB2260.

Healthy Schools Act

Ontario Montclair School District complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608-17613, 48980.3; Food & Agricultural Code Sections 13180-13188)

Training

Every year, OMSD employees who make pesticide applications, receive the following training prior to pesticide use: School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5)

Submittal of Pesticide Use Reports

Reports of all pesticides applied by OMSD staff during the calendar year, except pesticides exempt from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at www.cdpr.ca.gov/schoolipm. (Education Code Section 16711)

Notification

OMSD has made this IPM plan publicly available by posting it online at the following web address: www.omsd.net

This IPM plan is also sent out annually in the Annual Notification Handbook.

Review

This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct.

Date of next review: February 30, 2027

I acknowledge that I have reviewed this school district's IPM Plan and it is true and correct.

Doug Jones
