2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Central Language Academy strives to provide the best Dual Language program that is research-based. The students, parents, teachers, and staff that work within this program are deeply committed to what two languages, and two worlds, can provide to prepare and inspire each learner as an empowered global citizen. When you have the opportunity to step on our campus, you will soon learn to understand how a few linguistic and cultural modifications to regular education can completely transform the learning process. Central Language Academy is a PBIS Gold Level Award winning school. Central Language Academy is involved in the State's Community's Engagement Initiative as an exemplary Parent and Community Engagement Program. CLA's parent and community engagement program is the model that the state is using to create a framework for Parent and Community Engagement programs across California.

Central Language Academy is a TK through eighth grade school specializing in intensive language immersion and multicultural education. All students participate in language-rich English academic instruction with an option of full or partial immersion in Spanish (students enrolled in the "magnet" Dual Language Immersion program must begin with kindergarten). Once proficient in both English and Spanish, students have the option of taking Mandarin Chinese as a third language of study. The mission of Central Language Academy is to prepare and inspire each individual to achieve to his or her greatest potential and to become a confident, collaborative, compassionate, and responsible global citizen.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Central Language Academy has adequate classroom, staff, and ancillary spaces. Central Language Academy has 30 classrooms (including classrooms in portables and the main building), a multipurpose room, a library, and an administration building. The main campus was built in 1934. Construction/retrofit projects on the main building were completed during 2019-2020 school year. To promote safety, Central Language Academy is a closed campus; gates are closed during the school day and visitors must enter through the main office to sign in at front desk prior to entering school premises. Visitors must present their California ID badges and staff must present their district badge through our RAPTOR system. Signage has been placed at all gates directing visitors to check in at the office. All staff members have been provided with district ID badges. CLA offers student supervision before school, during school and after school. Supervision before and after school, during lunch and recesses is by administrators, support team, Teachers and Proctors (lunch/recess supervisors). Ontario-Montclair School District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The Ontario-Montclair School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the Ontario-Montclair School District uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available at CLA's school office or Ontario-Montclair School District office. The LEA governing board has adopted cleaning standards for all schools in the Ontario-Montclair School District. A summary of these standards is available at the school office or at the Ontario-Montclair School District office. The Principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. Ontario-Montclair School District participates in the state's School Deferred Maintenance Program, which provides state matching funds in order to assist schools with the expenditures for major repairs and upgrades. Typically, this includes the following: roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, floor, and carpeting.

Each year the district matches the required allotment set by the state in order to participate in the deferred maintenance program. During the most recent Facility Conditions Evaluation conducted on August 24, 2021, by the County's William's Team, facilities and buildings, rooms, and grounds were found to be in "good repair." The Facility Inspection Tool was used throughout a walkthrough of our school. There were no extreme or good repair deficiencies were found.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

All families with children enrolled at CLA are asked to donate a minimum of one hour a month (10 hours a year) to help the classrooms or school. Hours can be fulfilled by attending meetings, conferences, field trips and school events, as well as helping prepare things for the classroom. Work hours are recorded in an online form. All parents that successfully meet the 10-hour commitment will be recognized at the end of the school year. Special recognition is given to parents who volunteer significantly more time than the 10-hour minimum.

Parent involvement is an important part of the educational process. We welcome and appreciate this partnership required for a sound educational program for each child. There are many ways for parents to have a role in the education of their children. Below you will find a variety of ways parents can be involved at Central Language Academy.

The "Work Center"

Volunteers have an area to gather and work together in assisting classrooms and the school. Anyone who wishes to work in the CLA Work Center needs to check in and out of the front office. Visitor badges must be worn at all times. CLA's parents, during COVID-19 (restrictions do not allow for parents to be on campus to volunteer currently) may volunteer and log volunteer hours remotely.

School/Home Connection

CLA's student growth and progress depend on a cooperative effort between home and school. Communication is very important. Information bulletins, permission slips and weekly newsletters ("CLA WEEKLY PARENT UPDATE") are sent home by the school and posted on CLA's website. The weekly newsletter contains an events calendar to remind parents of upcoming events. During COVID-19, all notices, newsletters, etc. are sent to families through electronic means and are posted on the school website/social media.

2021-22 Opportunities for Parental Involvement

Room Parents

Each CLA classroom selects a head room parent the first week of school. This room parent works throughout the year with the teacher to organize events for the classroom. All room parents meet regularly with the Room Parent Coordinator (also a CLA parent).

Parents are also encouraged to volunteer for School Site Council and attend Tiger Talks (Coffee with the Principal). Parents are encouraged to attend Back to School Night, Open House, Parent Teacher Conferences, Awards and other school events/activities, many of which are held via Zoom currently due to COVID-19 protocols. Information about current school events/activities is shared with families and can be found on the CLA website, Twitter account and through flyers. The school mails important news and announcements to families at home and uses the automated telephone system to contact parents.

If you would like more information regarding any of these programs or to volunteer please contact: Administrative Assistant- Lisa Izabal (909) 983-8522 or Lisa.Izabal@omsd.net

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Central underwent construction/retrofit projects that concluded prior to the start of the 2019-2020 school year and a new parking lot was completed in September 2020. The main building and portables were inspected and no deficiencies were noted. Central is an attractive, well-kept site. The school opened in 1934. Maintenance and repair of buildings and grounds are overseen by the district's Operations Department. The district responds effectively to work order requests. The Principal and custodial staff work together to ensure the cleaning of classrooms, restrooms, and grounds is maintained by an established schedule. Central is clean, safe, well maintained and all restrooms are in working order. There are boys' and girls' restrooms for both primary and upper grades, and adult restrooms are located inside the main building. To maintain school safety, students may enter and exit campus through three (3) gates which are supervised by adults at the beginning and end of each school day. Parents and other visitors must check into the office and receive visitor badges if they are on campus. Parents are also required to check students out through the office if they are picking up early from school. All staff members have been provided with district ID badges. To ensure student safety, staff provide supervision at the beginning and end of the school day, during lunch and recess times. During recesses, students use two playgrounds which have separate recesses. One of the playgrounds is for TK/Kindergarten students and is kept clean at all times and filled with wood chips. The other playground is for grades 1-8 and it has a clean and safe rubber surface. Our students have recess and lunch at separate times for primary and upper-grade students. Additionally, there is a large field for field sports like soccer. The district maintenance team maintains an active facilities inspection and repair system to ensure that all schools are clean, safe, and functional. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. Emergency repairs are given the highest priority in order that the educational process continues without interruption or problem. During the most recent Facility Conditions Evaluation conducted in August 26, 2021 by the County's William's team, all buildings, rooms, and grounds were found to be in good repair. The Facility Inspection Tool was used throughout a walkthrough of our school. There were no extreme deficiencies found as listed in the report. The overall finding was that Students are provided a clean, safe and, functioning learning environment.

The Comprehensive School Site Safety Plan was developed for Central Language Academy in collaboration with local agencies and the district office. Components of the plan include: maintenance, security and safety of the physical environment, school climate which addresses disaster procedures and routines, an action plan that ensures a safe physical environment and safe school climate, as well as our school safety compliance that ensures required child abuse reporting procedures, suspension and expulsion policies, due process, notification to teachers about dangerous pupils, sexual harassment policy, school-wide dress code, procedure for safe ingress and egress from school, procedures to ensure a safe and orderly environment and rules and procedures on school discipline. Monthly disaster drills are scheduled and practiced school-wide to ensure student safety procedures. The plan was reviewed and discussed with the staff February 2021. School Site Council last approved the Central Language Academy Comprehensive School Site Safety Plan in February 2021. An approved copy of the school site safety plan may be obtained at Central Language Academy's main office or the Ontario-Montclair School District office.

Professional Development

Central strives to set continuous rigorous goals that lead to student achievement. A leadership team is established each year with representation from each grade level and support staff. Meetings are held each year to determine a focus for professional development. Feedback from community surveys, school-wide benchmark and state testing data, School Site Council input, parent group input and input from staff are taken into consideration when developing goals. In 2018-19, a more focused look at the writing process and writing across the curriculum was embedded into the professional development provided to teachers. During the 2018-2019 school year, a continued focus on gifted strategies across settings, differentiated instruction, and data analysis with goal setting was emphasized. During the 2018-2019 there was a focus on collaborative conversations, AVID strategies such as note-taking, organization, and inquiry based teaching. During the 2019-2020 school year, continued focus on collaboration, inquiry, in addition to AVID strategies including note-taking and writing strategies were a focus. Continuing into the 2021-2022 school year, there was a continued focus on engagement and inquiry strategies along with other AVID strategies, the writing process and the MTSS process and development on the CLA campus and were professional development topics provided to staff. Professional development is offered through buy-back days, after school trainings, conference attendance, and classroom visitations by teachers. In addition, the site administrative team performs ongoing walkthroughs and provides feedback to teachers on a continuous basis. In the middle of the year, one on one data meetings are held with teachers and support team members to ensure that identified needs are understood and met through a variety of site and community based services.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
