2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

At Del Norte Elementary our mission is to provide an academically challenging and supportive environment to the whole child. We will utilize best teaching strategies to deliver instruction and align all practices with our plan for a Multi-Tiered System of Support. We will challenge our students to achieve their personal best and prepare them to be College and Career Ready, while supporting their social-emotional and behavioral needs.

Del Norte is located in the eastern portion of the Ontario Montclair School District and serves approximately 458 students in Preschool through fifth grade with 31.4% being English language learners. Del Norte is home to three Special Day Classes that serve grades PK and first through sixth grades. Del Norte also has on-campus the Let's Talk Program, a speech and language program that works with preschool students. Del Norte is a school-wide Title 1 school. Del Norte is a Provision II school, providing breakfast and lunch to all students at no-cost. Del Norte is a community school with the majority of our students walking to/from school. There are many opportunities for students at Del Norte to engage in after-school activities, such as the Think Together Program, after-school athletics, GATE and other enrichment activities, as well as other between the bells and after-school intervention programs.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Del Norte School was originally built in 1956. The school was designed to accommodate 480 students. Currently, Del Norte serves about 458 students in grades Pre-School through Fifth. There are 35 classroom spaces, including 17 portable classroom buildings added between 1986 and 2009, and a multi-purpose room completed early 2008. One of the classrooms has been divided into office space for support staff, including instructional coaches. An additional building houses the district pre-school speech and language program called The Let's Talk Program. The total school site sits on 10.2 acres. Playground space for students comprises approximately 7 acres. There are 13 student and 5 adult restrooms, with all well-maintained and in good working condition. The cafeteria is located in the multipurpose room, where students also eat meals and attend performances and assemblies. The school facility offers a good learning environment with fully functioning lighting, heating, and cooling systems and noise negation. Del Norte underwent modernization in 1995. The general condition of the facility is good. New HVAC units were installed in 2010 in 13 of the portable classrooms, to provide more efficient and quieter air conditions. New HVAC units were installed in 2017 in 19 of the original classrooms to provide more efficient and quieter air conditions. There are no current of planned facility improvements. Internet access is available in the offices and in all classrooms, with the district adding wireless access in 2009. The district Information Services Department maintains a content filter for all Internet traffic, including email, in accordance with the Children's Internet Protection Act (CIPA) guidelines.

Maintenance and Repair:

Del Norte School is maintained in a manner that ensures it is functional and in good repair. The school employs three full-time custodians. The school administrators work with the custodial staff to make certain that classrooms, restrooms and the school grounds remain clean, safe and orderly, and that the floors, walls and plumbing system are all in good repair. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. To assist in this effort, the district Operations Department annually conducts an in-depth evaluation of each school to determine the condition of the facilities and to identify situations that need maintenance, repair or an upgrade. The district uses a facility survey instrument developed by the State of California Office of Public School Construction to assess the data gathering during the inspections. All findings are shared with the principal, and work orders for needed repairs are created at that time. The results of this survey are available in the school office or the district office. For the 2021-2022 School Year, a facilities inspection was conducted in August.

Williams Visit Findings:

On an annual basis, the San Bernardino County Superintendent of Schools conducts Williams visits to monitor school sites to evaluate the sufficiency of instructional materials and to ensure that school site facilities are in good repair. At the time of publishing, a facilities inspection had been conducted on August 30, 2021. There were two good repair deficiencies were observed and no extreme deficiencies.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Del Norte has many opportunities for parent involvement. A large number of parents are involved in the designated parent groups of School Site Council (SSC) and the Student English Language Parent Advisory Committee (SELPAC). Other opportunities for parents to be involved are as follows:

- District Parent Advisory Committee (DPAC)
- District English Learner Parent Advisory Committee (DELPAC)
- English as a Second Language classes
- Coffee with the Principal
- Open House, Back to School Night, parent conferences
- Student recognition assemblies and the Student Success Team Process
- OMSD Family and Community Engagement Department (FCE) programs and opportunities

Del Norte contracts with Family Solutions in order to provide mental health services, case management, and other services to the students and families of Del Norte. Additionally, Del Norte employs a full-time Outreach Consultant who works with families and students in the areas of academics, social-emotional needs, and attendance. Contact Person: Ines Capetillo - Outreach Consultant 909-986-9515.

Regular school-to-home communication is provided in both English and Spanish. Information about current events and school activities can be found on the Del Norte school website, Del Norte Class Dojo, flyers, and twitter account. Del Norte mails important news and announcements to parents at home, utilizes Del Norte's telephone system to contact parents verbally sends text messages to parents via Blackboard Connect, Class Dojo and Twitter.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	0.76	0.00	2.98	0.03	3.47	0.20
Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Del Norte's safe school plan is comprised of the following goals:

All students and staff members are provided a safe teaching and learning environment.

All students are safe and secure while at school, when traveling to and from school, and when traveling to and from school-related activities.

District programs and community resources are made available to students and parents.

Our School provides the educational environment where students, parents, staff, and community members shall effectively communicate in a manner that is respectful to all cultural, racial, and religious backgrounds.

Some of Del Norte's accomplishments have been to send teams for first response training and AED training, participate in all preparedness drills (C.C.R. Title 5 section 560), implement district policies that pertain to sexual harassment, hold regular SST meetings, and contract with Family Solutions Collaborative. Del Norte is committed to being a Positive Behavior Interventions and Support Schools (PBIS) which promotes safe behavior and expectations throughout our campus. Del Norte is the proud recipient of the Silver PBIS medal awarded by the California PBIS Coalition Fall 2017 and 2018. In 2019, Del Norte was the proud recipient of the Gold PBIS medal and in 2020 was awarded the Community Cares recognition. The plan was last updated and discussed with the staff during Fall of 2021.

2020-21 Types of Services Funded

All students receive a standards-based education at the appropriate grade level. Students receive small group, differentiated instruction during Universal Access time in all grade levels. Students also receive 30 minutes of English Language Development instruction each day in which students are grouped, assessed, and regrouped appropriately in order to meet each student's language proficiency needs. In addition, students participate in differentiated mathematics instruction. Extended learning opportunities are offered throughout the year, to provide support after the bell rings each school day. In addition, intervention opportunities are offered in a small group setting throughout the instructional day based on students' academic needs.

Various extended education programs have been offered before and after school to meet the needs of these students. Instructional decisions are based on data derived from Benchmark, Interim Assessments, Formative assessments and grade level common assessment test results along with Unit Assessments. The school year is launched with deliberate decisions taken from an intensive review of academic data from the California Assessment of Student Performance and Progress (CAASPP). In addition, categorical funds support a student mentor to support the implementation of our PBIS program implementation and support the social -emotional well-being of students.

Professional Development

Staff development is based on district initiatives and individual school and teacher needs. Student performance data, teacher surveys, and principal observations help determine professional needs. On-site training and support have been provided in the focus areas of Learning Objectives, Gradual Release and Cooperative Learning. Our school has worked to deepen knowledge of Eureka Math to strengthen lesson delivery and teachers attended several math study workshops. Teachers also work in grade level collaboration PLC meetings to analyze student data, create high leverage activities, and plan deliberate decisions to increase student achievement. We work together to enhance our rigorous Language Arts Common Core standards and are digging deeper into a new adoption that meets our students' needs. Additionally, teachers were provided time for structured teacher planning time for the purpose of analyzing student data and sharing effective teaching strategies. Teachers collaborate to create and promote rigorous and engaging lessons with tools that are research-based.

The support for teachers at Del Norte Elementary has come from the Principal, Assistant Principal, a full-time Instructional Coach, and Outreach Consultant. They provide assistance to teachers by offering instructional support, support with data analysis and staff development in English Language Development, Language Arts, and interventions for at-risk, and mathematics. They meet with teachers to plan, conduct coaching cycles, share engagement strategies, look at data and plan for differentiated instruction based on needs. They also provide a number of technology resources and other instructional materials to support instruction and student learning. Finally, Del Norte's Principal and Assistant Principal serve as the instructional leaders, by planning meetings, presenting researching effective techniques, conducting classroom walk-throughs, and embracing the district goals. Del Norte provides many opportunities for teacher collaboration by grade level. The first and third Tuesdays of the month are dedicated days for grade-level training and meetings where teachers discuss strategies, curriculum and generate questions or concerns for the support staff. In addition, Del Norte has an instructional coach that works with grade levels to plan to share engagement strategies, to look at data and alter instruction based on data and student targets. During Data meetings, teachers analyze benchmark data, plan teaching activities and collaborate on new instructional strategies during this process. Towards the end of the school year, horizontal and vertical articulation of grade-level standards helps teachers formulate deliberate decisions to implement in the classroom.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
