2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Dear Hawthorne Families,

Hawthorne Elementary International Baccalaureate (IB) World School "aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect." As an authorized IB World School, located in the northwest section of the City of Ontario, Hawthorne provides instruction to nearly 600 students in grades Transitional Kindergarten-6th grade. Inquiry-based transdisciplinary learning units are collaboratively developed by each grade level team to reflect IB enhancements in the IB Primary Years Programme (PYP) and Common Core State Standards. Other school-wide instructional focus areas include PBIS, the development high performing collaborative Professional Learning Communities (PLC).

The diverse student body represents a multicultural, multilingual population. Students have the opportunity to participate in intervention and enrichment programs which include: i-Ready, Accelerated Reader, PenPal Schools Physical Education, Think-Together, instrumental music, Spanish and several after school clubs. Progress monitoring for student achievement is done through required District assessments such as the Reading Inventory, i-Ready Benchmarks, trimester report cards, and other formative and summative assessments within the IB program.

Our Mission Statement: Hawthorne Elementary School inspires knowledgeable, inquiring citizens who will thrive as global life-long learners. Our collaborative community ensures a rigorous, meaningful academic experience, which encourages us to take action and make a positive difference in the world.

Our Vision Statement: Empowering Our Community to Make a Positive Difference

Sincerely,
Karen Aristizabal
Principal, Hawthorne Elementary International Baccalaureate World School

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Hawthorne School was built in 1958. The school has adequate space for teaching and learning, with a total of 30 classrooms. There are four permanent classroom wings, as well as 15 portable classrooms installed at various times between 1988 and 2007. The library/computer lab provides additional spaces for instructional purposes. The main office building contains the front office, principal's office, assistant principal's office, health office and staff lounge. In addition, we have an identified room for our Student Study Team and an identified room for our Parent Teacher Association. Several small storage rooms located around the campus have been remodeled and turned into office space for various staff members. The school has a large field and enough playground equipment for student engagement. There are 16 restrooms with all toilets in proper working condition. The 18 classes in the main building of the school and the administration building all underwent modernization in 2009. There are not current or planned facility improvements. The classrooms have received upgraded electrical service, improved teaching furnishings, and regular ongoing technology upgrades. In addition, the modernization project addressed State Code Accessibility by providing accessible restroom facilities, accessible working space and sinks in classrooms, panic hardware at doors, door thresholds, accessible drinking fountains, and path of travel including ramps and curb cuts, passenger loading zone, bus drop-off, accessible parking, and signage. The Multipurpose Room (MPR) is utilized daily for food service distribution during breakfast and lunch for all students as well as for school-wide events for students and families. There is a teaching space on the MPR stage and an assembly area to hold large school-wide events with a capacity of 507. The MPR is also utilized as an alternative location for inclement weather recesses. The MPR also serves and supports our Think Together after-school program in whatever capacity that is needed daily or on identified Saturdays. Perimeter fencing was upgraded during the summer of 2020 per district guidelines.

Student Safety

Students are supervised immediately before and after school by staff. Security gates have been installed at the front of the school. Hawthorne is a closed campus. All students, parents and other visitors enter the school through the front gates each morning. Teachers have been directed to keep their classroom doors locked at all times throughout the instructional day. Clearly, defined boundary lines are visible to all students to indicate accessible student zones to ensure appropriate supervision. All visitors are asked to check in at the front office through the Raptor security system and must wear a visitor badge to show that they have done so. District employees and substitutes all wear district-issued identification badges and must also check in at the front office through the Raptor system. Students who leave early must be checked out through the front office by parents or guardians. All staff members are diligent about being aware of adults on campus at all times. Visitors without visitor badges are escorted to the office. Monthly fire, earthquake and lockdown drills are conducted so that students and staff have an opportunity to practice in the case of an actual disaster. A schedule of emergency drills is submitted to the district office prior to the beginning of each school year. We have an identified location where we keep all of our emergency supplies. All supplies are regularly inventoried.

Maintenance and Repair

The district governing board has adopted cleaning standards for all schools in the district and Hawthorne School is maintained in a manner that ensures it is clean, in good repair and working order. The principal works directly with the custodial staff and district office to develop cleaning schedules to ensure all classrooms, offices, and restrooms are cleaned daily. Restroom checks are done periodically and documented throughout the day to ensure clean, well-maintained accessibility to all students and staff. Efforts are made to keep the school litter and graffiti-free by daily walk-throughs for campus checks and student awareness. The principal and custodian work together to maintain a clean and orderly campus. Hawthorne school has many murals throughout the campus that have been painted by local artists, parent volunteers and students. Many of the murals depict standards based instruction that Hawthorne teachers provide daily. The district takes great effort to ensure that all schools are clean, safe and functional. Site and district maintenance and grounds staff make sure that the work necessary to keep the school in good repair and aesthetically pleasing are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The floors, walls, and plumbing system are all in exemplary condition. To complete the FIT report, Operations Department conducts an annual in-depth evaluation of each school to determine the condition of the facilities and identify situations that need maintenance, repair or an upgrade. The district uses a facility survey instrument developed by the State of California Office of Public School Construction to assist with the data gathering during the inspections.

School Facility Conditions and Planned Improvements

On an annual basis, the San Bernardino County Superintendent of Schools conducts Williams visits to monitored school sites to evaluate sufficiency of instructional materials and to ensure that school site facilities are in good repair. At the time of publishing, a facilities inspection had been conducted on 8/18/21. There were 5 good repair deficiencies observed and no extreme deficiencies noted.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Hawthorne Elementary IB World School is a member of OMSD's Family and Student Collaborative Services. Through this partnership, the school is able to offer students and families counseling and case management services. Hawthorne PTA provides ongoing financial support for student incentives for academic achievement and attendance. Community partnerships provide incentives for our students' academic and attendance performance.

Parents are also encouraged to join the Hawthorne IB Parent Committee, which helps to design and promote action programs within the school and global community. Hawthorne's after-school Think-Together Program Leaders collaborate with Hawthorne School site administration and teachers to support student achievement by consistent involvement and voice in staff meetings, PLCs, and other support meetings. As funding becomes available, intervention programs are provided to identified underachieving students.

All Hawthorne parents and families are notified about various opportunities to be part of the Professional Learning Community that promotes a shared responsibility and effective parental involvement in the school. All notifications, agendas and minutes are available in both English and Spanish, as well as the availability of a Spanish Interpreter at all site events. Parent information segments during are scheduled on Back to School Night and Open House to inform parents and families of the services available to students that are funded by categorical budgets, at monthly Coffee with the Principal, and various parent informational meetings and school events. School to home outreach also utilizes an all school phone connect system, school website and several social media outlets to keep parents informed.

Funding for the action steps outlined below has been approved in our current SPSA based on our previous analysis. Proposed expenditures for categorical budgets are presented to the Hawthorne Leadership Team, staff and School Site Council (SSC) for a vote approval. Proposed staffing and programs funded by categorical budgets are presented to SSC for a vote approval. Proposed expenditure plans made available by categorical funds are shared with all parent groups for the purpose of including all stakeholders.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Hawthorne Elementary School's Comprehensive Safe School Plan (C.S.S.P.) is current and was updated in January, 2021. The plan was recently reviewed and discussed with the staff in January, 2021. The key components of the plan include: maintenance, security and safety of the physical environment, school climate which addresses disaster procedures and routines, an action plan that ensures a safe physical environment and safe school climate, as well as our school safety compliance that ensures required child abuse reporting procedures, suspension and expulsion policies, due process, notification to teachers about dangerous pupils, sexual harassment policy, school-wide dress code, procedure for safe ingress and egress from school, procedures to ensure a safe and orderly environment and rules and procedures on school discipline. Monthly disaster drills are scheduled and practiced school-wide to ensure student safety procedures. Our C.S.S.P. includes updated student Individual Health Plans. We are a zero tolerance school in regards to bullying. Incentive programs are in place to support our anti-bullying policy. Non-confidential portions of the safe school plan are made available to our school community in the 2021-2022 Hawthorne Elementary School Parent/Family Handbook.

Professional Development

Building capacity in the Hawthorne staff is a high priority. Hawthorne Elementary School is an authorized International Baccalaureate (IB) World School and therefore ensures that all staff receives the required training. Another high priority in staff development for the Hawthorne staff continues to be in the area of Common Core Standards for both ELA and in Math. Continued training in the focus areas of student engagement, PLCs, PBIS, ELD, ELA, math and technology and are also a high priority. Training and school-wide initiatives will continue to occur in the areas of IB, PBIS, Concept-Based Learning and other strategies that support student achievement. Professional development is based on district initiatives and data results from student performance, as well as site Leadership Team decisions. All students are assessed regularly using formative assessments and assessment results are discussed at PLCs. It is during that time that a review and interpretation of all student data occurs. Release time during the school day is provided so that teachers in all grade levels are able to work closely with the site instructional coaches and administration in developing instructional next steps along with identifying students who would benefit from intervention opportunities. Grade level goals and intensive instruction are agreed upon for classroom teaching. Teachers are additionally supported by coaching cycles, classroom visits, grade level collaboratives as well as weekly staff meetings.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
