2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Vineyard School is an award winning, TK - 8th grade STEM magnet school in the Ontario-Montclair School District. Vineyard STEM is a P21 Exemplar school, an International STEM School of Excellence, and a GOLD recognition PBIS School. Our mission at Vineyard STEM is to develop empowered life-long learners to become innovative leaders in their community. We provide a unique and integrated learning experience through integrated Science, Technology, Engineering, and Math. Our vision statement is "Empowered learners today, innovative leaders tomorrow". We work to achieve this vision by providing learning opportunities that lead to mastery of content standards in all grade levels. Distinct opportunities for students at Vineyard STEM include: conducting experiments in our science lab, developing technological skills through the use of various devices, and relevant and engaging experiences in our multi-media lab and makerspace. In addition, each grade level, TK - 8, has developed a STEM plan that provides students a variety of rigorous, engaging, and relevant learning opportunities. Each grade level has specific learning projects that relate to their STEM theme, and have worked to develop strong college and career partnerships that help foster our college-bound, career driven culture. Differentiated instruction takes place on a daily basis to meet the needs of all students through intervention, English Language Development, and GATE. Extracurricular activities include after school sports, student leadership and music. As an AVID (Advancement Via Individual Determination) school, we implement college and career readiness skills to help our students achieve their goals of attending college in the future.

The Vineyard staff is composed of a group of dedicated individuals whose focus is to provide a world-class education to all of our students. The regular education staff consists of 1 Transitional Kindergarten teacher and 3 teachers in each grade level Kindergarten - 8th. The special education staff consists of: 2 full-time RSP teachers and 2 aides, a part-time Speech and Language Pathologist, and a part-time School Psychologist. Clerical support is composed of: an office manager, two office clerks, a health aide, and part-time school nurse. Our support staff team consists of: Assistant Principal, STEM Magnet Coordinator, Outreach Consultant, Instructional Coach, two Intervention Teachers and a Student Mentor. To support our Intervention program, we also have 2 instructional aides and 1 bilingual aide. Three custodians and 5 proctors assist in ensuring a clean, safe, an orderly learning environment on a daily basis. We also provide additional learning experiences provided by 2 part-time music teachers, as well as physical education staff.

Parent and community involvement is an integral and growing part of the educational experience and community-driven culture at Vineyard STEM. Opportunities for families to be directly involved in Vineyard STEM include:

- Monthly Coffee with the Principal meetings

2021-22 School Overview

- Parent workshops
- School Site Council
- GATE Parent Meetings
- Special Education Parent Meetings
- SELPAC Meetings
- Parent Teacher Association

Student mastery of grade-level content standards is a key focus at Vineyard STEM. We center our learning and teaching around 4 focus areas (authentic engagement strategies, increased rigor level, structured academic language, and STEM integration). These instructional areas of focus serve to best prepare our students to achieve academic success on common core state standards. We celebrate and recognize student achievement during student of the month assemblies, honor roll ceremonies and California Assessment of Student Performance and Progress (CAASPP) celebrations.

Vineyard STEM truly provides a dynamic learning experience for all students on a daily basis.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Vineyard School first opened for instruction in 1958. The site has 9.34 acres of usable space. There are 98,065 square feet of asphalt, which includes playground and parking. The school originally had 16 classrooms and an administration building. A wing of 4 classrooms was added to the original site in 1961. Each classroom is approximately 960 square feet. Thirteen portables have been added between 1986 and 2011 to augment the original classrooms. Currently, thirty-two rooms are for student learning. Twenty-seven of the rooms have general education students; one classroom is used for special education, one room is our Learning Lab - intervention room, one room is a science lab, one room for technology, the STEM Maker Space, and one room is used as the school's library. Vineyard has a covered lunch area that is used primarily by the Think Together after-school program. A Multi-Purpose Room (MPR) is used for student meals and assemblies was added in 2006. There are three playground areas. The first is the Kindergarten playground, which has 4 swings, 1 metal slide, team totter apparatus, ATV rocking seat, and a ladybug rocking seat. The Primary playground has safety compliant equipment for student play partially enclosed in a fiber ground. The equipment in the fiber ground includes 8 swings, 1 metal slide, 3 plastic slides, a plastic corkscrew climbing unit, metal monkey bars, and a three-foot plastic climbing wall. There are 7 tetherball courts on the blacktop area. The Upper-Grade playground has lateral bars, four swings, monkey bars, climbing apparatus and a balance beam. A blacktop area includes 6 tetherball courts, 2 basketball courts, and 2 volleyball courts. There is 1 backstop for softball and metal goal posts for soccer/football playing fields. The 21 restrooms on the site contain 34 commodes and 13 urinals, with 100% in working condition. There are no current or planned facility improvements.

The school facility offers a good learning environment with fully functioning lighting, heating and cooling systems and noise negation. All classrooms and offices are well maintained with alarms, telephones and have access to Internet connection. The campus has wireless capabilities. All classrooms have a laser printer. In addition, the library, science lab, Learning Lab and Maker Space also have laser printers. The district Information Services Department maintains a content filter for all Internet traffic, including email, in accordance with the Children's Internet Protection Act (CIPA) guidelines. Students are provided a safe and clean learning environment throughout the campus.

School Safety

To promote safety, Vineyard STEM is a closed campus; gates are closed during the school day and visitors must enter through the main office to sign in at front desk prior to entering school premises. Visitors must present their California ID badges and staff must present their district badge through our RAPTOR system. Signage has been placed at all gates directing visitors to check in at the office. All staff members have been provided with district ID badges. Vineyard STEM Magnet School offers student supervision before school, during school and after school. Supervision in the mornings is done by administrative team, support team, and proctors. Recess duty supervision is offered by teachers and proctors. Adult proctors supervise lunch and lunch recess. After school supervision is offered by administration team, support staff as well as teachers.

Maintenance and Repair

Ontario-Montclair School District (OMSD) maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The OMSD takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the OMSD uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available at the school office or Ontario-Montclair School District office. The LEA governing board has adopted cleaning standards for all schools in the Ontario-Montclair School District. A summary of these standards is available at the school office or at the Ontario-Montclair School District office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

OMSD participates in the state's School Deferred Maintenance Program, which provides state matching funds in order to assist schools with the expenditures for major repairs and upgrades. Typically, this includes the following: roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, floor, and carpeting. Each year the district matches the required allotment set by the state in order to participate in the deferred maintenance program.

On an annual basis, the San Bernardino County Superintendent of Schools conducts Williams visits to monitored school sites to evaluate sufficiency of instructional materials and to ensure that school site facilities are in good repair. The most recent facilities inspection was completed in August 18, 2021

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards
Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Due to COVID-19 safety protocols in the 2021-2022 school year, parental involvement opportunities are limited. However, when parental involvement opportunities are available, parents are encouraged to volunteer in the classroom, participate in school events, such as: Open House, Back-to-School Night, Parent-Teacher conferences, and field trips, be involved with clubs and athletics, and to get involved in the decision-making process through school committees. The School Site Council, GATE Parent meetings, School English Language Parent Advisory Committee (SELPAC), and Students with Disabilities Parent meetings, as well as Coffee with the Principal, provide opportunities for parents to get involved with their child's educational experience.

Regular school-to-home communication is provided in both English and Spanish. Information about current events and school activities can be found on the Vineyard STEM Magnet website, on flyers, and via our Twitter account. The school mails important news and announcements to families at home, uses the school's automated telephone system to contact parents verbally, sends text messages to parents via Blackboard Connect and posts on social media platforms such as Twitter, Class-Dojo and School-Loop.

Parents who want more information or wish to participate may contact Desarai Patrick, Assistant Principal - Elementary at (909) 984-2306. There is a job for everyone who wants to get involved!

Parental and community involvement is an integral and growing part of the educational experience and community-driven culture at Vineyard STEM.

Opportunities for families to be directly involved in Vineyard STEM include: Monthly Coffee with the Principal meetings during which parents can ask questions, provide input on school-related issues, are provided important school related information by school staff.

The committees listed below are an integral part of the joint effort to develop the single School Plan for Student Achievement (SPSA), which serves to allocate school resources to best support ALL students at Vineyard STEM.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The Comprehensive School Site Safety Plan was developed for Vineyard STEM Magnet School in collaboration with local agencies and the district office. Components of the plan include: maintenance, security and safety of the physical environment, school climate which addresses disaster procedures and routines, an action plan that ensures a safe physical environment and safe school climate, as well as our school safety compliance that ensures required child abuse reporting procedures, suspension and expulsion policies, due process, notification to teachers about dangerous pupils, sexual harassment policy, school-wide dress code, procedure for safe ingress and egress from school, procedures to ensure a safe and orderly environment and rules and procedures on school discipline. Monthly disaster drills are scheduled and practiced school-wide to ensure student safety procedures. The plan was recently reviewed and discussed with the staff in February 2021. School Site Council last approved the Vineyard STEM Magnet School Safety Plan on February 20, 2021. An approved copy of the school site safety plan may be obtained at Vineyard STEM Magnet Schools main office or the Ontario-Montclair School District office.”

D. Other SARC Information

Information Required in the SARC

2020-21 Types of Services Funded

Vineyard's categorical funds are used for a variety of services including Intervention Teacher and a STEM Magnet Coordinator. In addition, the funds are also used to provide classroom subs and professional development for all staff members. During family events, parent workshops, meetings and parent conferences we offer babysitting and translation services as a community resource for our families to encourage parent involvement. By providing the necessary support and resources families can help their children achieve academic success. These funds are used to provide support personnel, programs, materials and resources to best meet the needs of all students.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
