2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Vina Danks Middle School exists to equip our community of learners with the essential academic, communication, and social skills to be influential citizens and leaders, now and in the future.

The goal of Vina Danks is to prepare students to be high school, college, and career ready. The area of focus is to actively engage students in the learning process, across all disciplines, through a variety of cooperative learning experiences, and strategies.

Vina Danks has been recognized as a Gold PBIS School for the 2018, 2019 , and 2021 school years; furthermore, it earned the Community Cares award in 2020. The "Home of the Bobcats" was also designated as a National Schools to Watch in 2018 and redesignated in 2020.

Principal's Message:

I'd like to welcome you to Vina Danks Middle School's Annual School Accountability Report Card. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

Vina Danks Middle School provides a warm, inviting, and engaging environment where students are actively involved in learning academics as well as positive values. We prepare students for continuing secondary and post-secondary success through teaching a standards-based, challenging curriculum taught by dedicated professional staff and based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency and be prepared for their future academic and career goals.

We have made a commitment to provide the best educational program possible for Vina Danks Middle School's students and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together, through our hard work, our students will be challenged to reach their maximum potential.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The most recent Facility Inspection done by the districts Operations department occurred in December 2020. The overall rating for the campus was "GOOD".

Vina Danks Middle School was built in 1974, with only the annex building remaining as a legacy of the earlier school built in 1922. The campus has a total of 45 classrooms. In addition, the school has a library, gymnasium, fitness room, computer lab, science lab, AVID tutorial room, ASB room, staff lunch room, and office complex. The school has a large field for student activities and sports. In addition to the outside cafeteria area, there are small picnic table areas located at the northeast and southeast corners of the school for students to sit and socialize during lunch.

School Facility Conditions and Planned Improvements

The district Information Services Department maintains a content filter for all Internet traffic, including E-mail, in accordance with the Children's Internet Protection Act (CIPA) guidelines. For student safety Vina Danks is a closed campus. The perimeter gates remain closed throughout the day, which maintains limited access to the school when in session. Proctors and credentialed teachers provide supervision before, during and/or after school. All students enter the school through the front gates each morning. At all other times, parents and visitors enter the school through the office. District employees and substitutes all wear district-issued identification badges. The front gates are closed when school begins and are not opened until dismissal. Students who are checked out early are done so by the front office. All staff members are diligent about being aware of adults on campus at all times. Visitors without visitor badges are escorted to the front office for check in.

Vina Danks is maintained in a manner that assures it is in good repair and functional. The principal works with the custodial staff to make certain a daily cleaning schedule is maintained so classrooms, restrooms and the school grounds remain clean, safe and orderly, and that the floors, walls, and plumbing system are all in good repair. Site and district maintenance and grounds staffs make sure that the work necessary to keep the school in good working order and aesthetically pleasing are completed in a timely manner. A work order process is in use to ensure efficient service and that emergency repairs are given the highest priority. To assist in this effort, the district Operations Department annually conducts an in-depth evaluation of each school to determine the condition of the facilities and identify situations that need maintenance, repair or an upgrade.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are welcomed as involved partners at Vina Danks Middle School. Parents are active in our School Site Council, Site English Learner Parent Advisory Council, Students with Disabilities Parent Advisory, and GATE Advisory. We always welcome volunteers to support student success. Parents attend district functions such as Parent Leadership Conference, monthly DELPAC/DPAC meetings and parent education classes. Vina Danks has a school counselor and Outreach Consultant that provides parent workshops and works closely with families to encourage their involvement in our school activities. Attendance at Student Orientation, Back to School Night, Open House, Parent-Teacher Conferences, Coffee with the Principal, and student recognition/performances continues to increase.

Regular school to home communication is provided in both English and Spanish. Information regarding school events and activities can be found on the school's webpage, Twitter account, School Loop, and through flyers.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	7.25	0.32	2.98	0.03	3.47	0.20
Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The School Safety Plan is updated and refined each school year. Procedures for safety and disaster planning are reviewed and implemented by school staff. This took place in August of 2021. The plan is reviewed annually by the School Site Council. SSC last reviewed and approved the plan in February of 2021. The components of the Safety Plan includes school profile, physical environment, School Climate, and Action planning. Areas of this plan are discussed during staff meetings in August and throughout the school calendar year in committees. Final updates and guidelines are completed annually with the guidance of School Site Council.

In addition to the safety plan, emergency protocols and preparedness are also articulated to ensure safety. Detailed evacuation plans are updated and discussed with staff annually. In addition, inventory is taken to replenish and stock emergency food and water. Subsequently, during the school year various exercises and preparations were made to address the protocols. Regular monthly emergency drills are conducted in three areas: Fire, Earthquake and Lockdown/VIPER. Site feedback is collected after each drill and is forwarded to the district in the form of a drill log. In addition, site disaster preparedness teams meet annually to review their role, and address concerns.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	27	5	19	2
Mathematics	23	8	20	1

2020-21 Types of Services Funded

All students at Vina Danks receive standards based common core instruction at their appropriate grade level. Intervention support is designed through a Multi Tiered System of Support for students in Math and ELA. Progress monitoring data is used to modify instruction and placement on an ongoing basis. Teachers regularly examine student work samples and data at department and staff meetings to ensure that students are mastering standards. The SST process is used to identify, monitor, and provide appropriate interventions for students at risk.

State education funding provides instructional support in the form of an Instructional Coach (TOA) to coordinate intervention services, provide instructional support, and assist with progress monitoring. Additionally, funds are used to provide intervention programs and two intervention teachers for students who are at-risk and support extra curricular clubs and activities.

Professional Development

Over the past several years, site professional development has centered on the areas of: Learning Targets (development and use), student engagement (cooperative groups and accountable responses), AVID, and PBIS (Positive Behavior Intervention Support). This was determined as a result of student achievement data in Mathematics and English Language Arts. Posting clear short- and long-term learning targets in every classroom help all stakeholders clearly understand the content and concepts that students are learning. In addition, creating learning environments that embody high levels of student engagement is key to quality instruction at Vina Danks. Using Kagan strategies and accountable response strategies as a foundation, we hold students responsible for learning to ensure that all students are active participants in their learning. All Math and ELA teachers receive professional development in their respective area throughout the year. In addition, Vina Danks staff has also received professional development in the development of MTSS (Multi Tiered System of Support) and SEL (Social Emotional Learning). Professional development is delivered in a variety of methods. Workshops, conferences, and after school meetings are the typical methods used. However, non-school days have also been used, as well as online seminars. Professional developments are supported by coaching support, follow up meetings, and additional time for implementation. Progress monitoring is consistently done to provide any additional support if necessary.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
