THOUGHTS

Key Thoughts

I value the purchase of all the laptops and ipads this year. It is important for students to have their own technology devices to access all the online resources related to the curriculum as well as for testing.

4.5  (19 )

Ranked #1 of 2442

I value that during remote learning the district provided chromebooks to all students. They even provided families with hot spots.

4.5  (18 )

Ranked #2 of 2442

Having times for kids to express their feeling especially mental fears. I feel its important because many hear their parents fears and put it on the young children. they don't understand.

4.5  (17 )

Ranked #3 of 2442

THOUGHTS

Work

I value all of the teacher's hard work during these challenging times. It's important because it's supporting our students.

4.4  (14 )

Teachers work hard to bring quality education to students.

4.3  (19 )

As a long time employee; I have had good & difficult experiences. I value that they work hard for our students! As far as staff I have see growth . Nothing is more important than our children, however your employees need to be treated with fairness & respect ALWAYS!!

4.3  (18 )

THOUGHTS Staff

I appreciate the school staff who, with the pandemic, are always available and aware of the students. Why

translated by **Google**

4.5  (17 )

Everyone from the Principal to the school staff are caring people to our kids

4.4  (19 )

The hardworking teachers who seek to do their best are this district's most valuable asset. It's important because while curriculum, textbooks, and programs are temporary and trendy and change with the times, caring people are always caring.

4.4  (19 )

THOUGHTS

Support

I value the tremendous support families have received with technology, meals, and social/emotional support This has made it possible to keep students engaged and feeling safe knowing there is help. I have good attendance and participation due to this.

4.3 ★★★★★ (19 👤)

Providing mentors, tutors, resident subs, will help students. Mentors provide social emotional support. Tutors provide academic support. Resident subs provide support and can alleviate some of the load in class.

4.3 ★★★★★ (19 👤)

The supports that are provided and available in times of crisis/emergencies It is life saving and shows that OMSD is really invested in supporting students, families and staff during difficult times.

4.3 ★★★★★ (19 👤)
