2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements

Vista Grande Elementary School has adequate classroom, staff, and ancillary spaces. The portable campus was built in 2004. The multipurpose room was built in 2014. Vista Grande Elementary School has 21 classrooms, a computer lab, a multipurpose room, a library, and an administration building. Vista Grande Elementary also has a Staff Lounge, four staff bathrooms and a separate workroom for teachers with a bathroom, and a covered patio area for approximately 200 hundred students, 5 bathrooms for students around campus and a large playground with basketball and handball courts, and additional playground equipment including tetherball, swings, slides and play apparatus. The teacher work room was renovated in the July 2019 and new carpet and walls were installed. Additionally, 6 classrooms received new student desks and chairs in July 2019. To promote safety, Ontario Elementary School is a closed campus; gates are closed during the school day and visitors must enter through the main office to sign in at front desk prior to entering school premises. Visitors must present their California ID badges and staff must present their district badge through our RAPTOR system. Signage has been placed at all gates directing visitors to check in at the office. All staff members have been provided with district ID badges. Ontario Elementary School offers student supervision before school, during school and after school. Supervision in the mornings is done by administrative team, support team, and noon aides. Recess duty supervision is offered by teachers, and noon aides. Adult noon aides supervise lunch and lunch recess. After school supervision is offered by administration team, support staff as well as teachers.

Ontario-Montclair School District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The Ontario-Montclair School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the Ontario-Montclair School District uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available at the school office or Ontario-Montclair School District office. The LEA governing board has adopted cleaning standards for all schools in the Ontario-Montclair School District. A summary of these standards is available at the school office or at the Ontario-Montclair School District office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. OMSD participates in the state's School Deferred Maintenance Program, which provides state matching funds in order to assist schools with the expenditures for major repairs and upgrades. Typically, this includes the following: roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, floor, and carpeting. Each year the district matches the required allotment set by the state in order to participate in the deferred maintenance program. No sites in the district were open for in-person learning therefore facilities inspections were not conducted. Inspections will take place once sites re-open for in-person learning.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are encouraged to volunteer in the classroom, attend and help with school events, (such as Open House, Back-to-School Night, parent conferences) and field trips, and get involved in the decision-making process through School Site Council and Parent Advisory School Committees. The School Site Council, English Learner Parent Advisory Committee, GATE Parent Advisory Committee, Special Education Parent Advisory Committee and Coffee with the Principal provide opportunities for parents to get involved with their child's educational experience.

Regular school-to-home communication is provided in both English and Spanish in a variety of methods. Information about current events and school activities can be found on the Vista Grande Elementary School website, flyers, Class DoJo and Twitter account. The school mails important news and announcements to parents at home, uses the school's automated telephone system to contact parents verbally, sends text messages to parents via Blackboard Connect and social media such as Twitter.

Parents who want more information or wish to participate may contact the school Principal, Gina Castillo at (909) 988-2234. There is a job for everyone who wants to get involved!

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	0.83	0.00	2.98	0.03	3.47	0.20
Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The Comprehensive School Site Safety Plan was developed for Vista Grande Elementary School in collaboration with local agencies and the district office. Components of the plan include: maintenance, security and safety of the physical environment, school climate which addresses disaster procedures and routines, an action plan that ensures a safe physical environment and safe school climate, as well as our school safety compliance that ensures required child abuse reporting procedures, suspension and expulsion policies, due process, notification to teachers about dangerous pupils, sexual harassment policy, school-wide dress code, procedure for safe ingress and egress from school, procedures to ensure a safe and orderly environment and rules and procedures on school discipline. Monthly disaster drills are scheduled and practiced school-wide to ensure student safety procedures. The plan was recently reviewed and discussed with the staff in August 2020. School Site Council last approved the Ontario Elementary School Safety Plan on February 25, 2021. An approved copy of the school site safety plan may be obtained at Ontario Elementary School's main office or the Ontario-Montclair School District office.

Professional Development

The Ontario-Montclair School District offers research-based, on-going professional development for certificated, classified and management employees aligned with the district's long-term goals. Professional development is designed to help employees enhance their knowledge and develop needed skills to provide quality services in order to maximize student learning and achievement. Professional development courses and programs are developed and coordinated through the district's Robert Hardy Professional Development Center as well as at each school site. The focus of all professional development is based on the instructional and management priorities outlined in the goals and objectives of our SPSA. Professional development at the site and district levels addresses the new core curriculum state standards, instructional strategies, standards-based instruction, student engagement, English Language Learners, technology, and classroom management. In addition, the district level professional development includes workshop sessions and classroom support for beginning teachers (Induction), courses for teachers working towards their teaching credentials, technology training and classroom support, leadership development for administrators, compliance related workshops and a variety of job-specific and mandated training for classified employees. Each school site is assigned a Director I to provide ongoing support for the principal and teaching staff to ensure that appropriate standards-based teaching is provided for each student.

All Vista Grande teachers are fully credentialed and meet or exceed the NCLB requirements, with some even attaining Nationally Board Certified status. All Vista Grande teachers regularly attend site and district training. Vista Grande developed site-specific staff development and professional growth objectives and goals. The focus of staff development for 2019-20, 2020-21 and 2021-2022 will be achievement in English Language Arts and Math, with an emphasis in writing (Write From The Beginning) and AVID (Achievement Via Individual Determination) and data analysis in reading and math. Vista Grande teachers also participate in tri-annual structured teacher planning time (STPT) in which data based assessment goals are established and instructional strategies are shared. In addition, the STPT culminates with an instructional lesson being developed collaboratively by teachers using instructional strategies that were presented to them such as AVID, close reading, dialogic talk, vocabulary and constructed response protocols.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
