2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Edison Academy of Differentiated Learning is one of thirty-three schools in the Ontario-Montclair School District. Edison is located in the northern portion of the district and serves students from Ontario and Upland. It is one of the smallest physical plants in the district and currently has fifteen portable classrooms in use in addition to the permanent buildings, bringing the total number of classrooms to thirty. Edison Elementary School received the Title I Academic Achievement Award in 2007, 2008, and 2009. Edison was chosen by the Campaign for Business and Education Excellence (CBEE) as 2017 and 2018 Honor Roll recipients. In addition, Edison received recognition as a Five Star School from the California Association of Gifted Learners in 2015 and became a Gold Ribbon School through the California Department of Education that same year. In 2017, 2018, 2019, 2020, and 2021 consecutively, Edison is recognized as a Positive Behavioral Intervention and Supports (PBIS) Gold School. XXXX add last year's award hereXXXX

There are twenty-eight classroom teachers and two full-time resource specialists at Edison. There is also one instructional coach, an outreach consultant, and a school family outreach assistant. There is one special ed instructional aide, two general ed instructional aides, a kindergarten instructional aide and a bilingual instructional aide. We have two administrators which are the principal and assistant principal. XXXX Local control and categorical funding provides for the support services of a librarian, and a mentor. XXXX Additional support its provided by the administrative assistant, the school office assistant, an additional part time office assistant, a health services assistant, two full-time and one part-time custodian, two cafeteria workers and six noon aides. In addition, the district provides three physical education teams, an instrumental music teacher, a school nurse, a psychologist, a speech/language specialist, and a speech aide on a part-time basis. Students, staff, and parents work together to promote academic excellence. At Edison, it is essential to prepare students socially, emotionally and academically, and to develop self-discipline and individual responsibility. Edison School's programs are designed to focus on achievement through responsible learning. Academic goals for our students focus on the achievement of identified standards in reading, language arts and math, English proficiency for our English language learners, and the development of behaviors reflecting physical, social and emotional well-being.

Student progress is monitored by a variety of means. On a yearly basis, the CAASPP (California Assessment of Student Performance and Progress) provides data for third through eighth grade students. State Interim Assessment Benchmarks are used in preparation of the CAASPP. Edison also utilizes data from the common site and district assessments in reading, writing, and mathematics to plan for program improvements and develop school-wide focus areas. Teachers consistently participate in data and planning meetings to discuss academic results and determine grade level practices and next steps.

2022-23 School Overview

Edison is developing a multi-tier system support to provide appropriate services to all students. School-wide programs include Reading Counts for all students and leadership opportunities via ASB and classroom opportunities for upper-grade students. We have an Elementary and Middle school sports program and participate in a variety of events including science fair, spelling bee, Read Across America, and Red Ribbon Week. We host trimester awards to recognize students for academic achievement, and weekly attendance awards to recognize positive attendance patterns. Students participate in extra-curricular activities through district hosted programs and ELOP clubs. A district funded after school program- Extended Learning Opportunities Program (ELOP) was established in 2022 which consists of a coordinator, a classroom assistant and an office clerk. Afterschool clubs are based on student, teacher and family interests. Edison established a PBIS citizenship program called "Choose the Right Path" to promote positive behavior in motivating ways for students. Students are recognized weekly for Choosing the Right Path and demonstrating Respect, Responsibility, Honesty, and Integrity.

Decision making is guided by the following vision and mission at Edison Academy:

Vision: Empower all students to become successful citizens.

Mission: Through Innovative approaches to teaching and differentiated instruction, we will promote deep and complex thinking, responsibility, and collaboration.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

To promote safety, Edison Academy is a closed campus; gates are closed during the school day and visitors must enter through the main office to sign in at the front desk prior to entering school premises. The available exit gate does not have a padlock and is used by staff during the day is equipped with an alarm that alerts the office of anyone exiting during school hours. Visitors must present their California ID badges and OMSD staff must present their district badge through our RAPTOR system. Signage has been placed near the entrance directing visitors to check in and out with the office. All staff members have been provided with district ID badges. Edison Academy offers student supervision before school, during school and after school. Supervision in the mornings is done by the administrative team, support team, teachers and Proctors. Teachers and Adult Proctors supervise recesses. Proctors supervise lunch and lunch recesses. After school supervision is offered by administration, support staff, Proctors, as well as teachers.

In 21-22 we installed a colorful mindfulness mural on the playground to encourage self-care, and kindness. That same year the grass on the playground was replaced with turf for an expansive, green, level playing area. There are no current or planned facility improvements.

On Jan. 19, 2022 Edison received an overall rating of 96.97% GOOD.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	69	N/A	40	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 CAASPP Test Results in Science by Student Group

This table displays CAASPP test results in Science by student group for students grades five, eight, and High School. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade 7	98%	98%	100%	100%	100%

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Edison staff recognizes the importance of parent partnerships and involvement in its educational programs and services for students. Parents are encouraged to become actively involved in their child's learning experiences. Through ongoing two-way communication, we strive to foster a partnership for learning.

Parents are provided ongoing suggestions for supporting their children's learning efforts through class and school newsletters, as well as site and district sponsored parent education and involvement activities. Participation and/or volunteering in individual classrooms and during activities, along with attendance at School Site Council (SSC) and School English Learner Parent Advisory Council (SELPAC) meetings are encouraged. SSC, GATE, SWD, and SELPAC meetings provide an avenue for site-specific dialogue with an administrator, along with involvement in the joint development of Edison's School Plan and evaluation. Edison has an active and supportive Parent Faculty Organization (PFO). Their fundraising efforts have benefited Edison's student body through community building, student field trips, enrichment opportunities and more. Edison hosts parent meetings for Special Education, GATE, English Learners, Principal's Coffee, and other parent workshops which are held throughout each school year. Additionally, when feasible, community events, dances, sports activities, and other extracurricular events afford parents many opportunities to be involved in school activities.

Information about current events and school activities can be found on the Edison Elementary School website, ClassDojo "School Story", and School loop. The school emails important news and announcements to parents, sends home flyers, uses the school's automated telephone system to contact parents verbally, sends weekly text and voice messages to parents via Blackboard Connect and uses social media such as Twitter. Parents who want more information or wish to participate may contact the front office at 909-984-5618 or our PFO president Mrs. Jennifer Ziemer at jziemer1030@gmail.com. There is a job for everyone who wants to get involved.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.12	1.64	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2022-23 School Safety Plan

The Comprehensive School Site Safety Plan was developed for Edison Academy in collaboration with local agencies and the district office. Edison partners with parents and staff to review and update the school's Safety Plan. Components of the plan include: maintenance, security and safety of the physical environment, school climate which addresses disaster procedures routines, an action plan that ensures a safe physical environment and safe school climate, as well as our school safety compliance that ensures required child abuse reporting procedures, suspension and expulsion policies, due process, notification to teachers about sexual harassment policy, procedures for safe ingress and egress from school, procedures to ensure a safe and orderly environment and rules and procedures on school discipline. Monthly disaster drills are scheduled, practiced, analyzed and refined school-wide to ensure student safety procedures.

- School Safety Plan includes Emergency Response Team (ERT) assignments for the year and procedures for earthquake, fire, AED, and lockdown/VIPER drills.
- Each staff member receives an updated Disaster Preparedness information with ERT list, school map, and a brief description of safety procedures each year.
- Each classroom has a Safety backpack containing an updated class list, first aid supplies and disaster supplies.
- Each classroom has a portable sanitation kit.
- Edison participated in the Great Shake Out on 10/20/22.

The plan was last reviewed August 2022 and is reviewed annually by the school Site Council (SSC) and updated in response to developing site needs pertaining to student safety.

2021-22 Types of Services Funded

Categorical funding provides for the support services of an Intervention Teacher (TOA), who services the English Learner population by: teaching intervention small groups, serving as the EL coordinator responsible for ELPAC testing and monitoring of reclassified students. The TOA hosts the SELPAC (Parent Advisory Committee) and solicits recommendations for the School Plan in regards to English Learners. This teacher runs an ELPAC bootcamp via the ELOP (Extended Learning Opportunities Program) where targeted individuals are familiarized with the ELPAC test by reviewing and practicing sample problems. The Intervention teacher also facilitates and plans EL Parent Workshops on site.

Professional Development

Edison strives to set continuous rigorous goals that lead to student achievement. A leadership team is established each year with representation from each grade level, administration, and support staff. Meetings are held with teaching staff each year to determine a focus for professional development. Feedback from community surveys, school-wide benchmark and state testing data, School Site Council input, and input from staff are taken into consideration when developing goals. In the 2017-2018 school year, a continued focus on gifted strategies across settings, differentiated instruction through questioning, and data analysis with goal setting were emphasized. In 2018-2019, a focus on vertical articulation planning, data analysis and universal design for learning in an Multi tiered system of Support was highlighted. In the 2019-2020 school year Effective writing across subject areas with a focus on citing evidence was adopted. Enhancing collaboration techniques for improved engagement was also being stressed. Teachers are being deliberate about sharing Learning Targets with students, and allowing for student's self-assessment and determination of their own abilities. Students will know what is needed to reach their Learning Targets, which will enhance their inquiry and focus their efforts. Teachers receive feedback from administration and colleagues on a continuous basis. Data meetings support team members to identify areas of strength, the needs of students, and to improve instructional practice. Teachers are offered many district hosted PD opportunities, and given the ability attend the yearly CAG (California Association for the Gifted) conference. 2020-2021-Participating in cohort 3 - Mutli-Tiered Support System implementation as a staff, the Leadership committee is at the forefront of the rollout. Author and Professional Learning Committee educator Luis Cruz lead the staff to establish and transition to Professional Learning Communities that are transformational, sustainable and promote a healthy school culture. 2021-2022 Online learning was established due to the COVID pandemic. 2022-2023 A return to campus allowed for a renewing of the MTSS focus that had begun in prior years a shift that included: student engagement, learning targets, and differentiation. Walkthrough forms that were developed with input from teachers are used for immediate feedback from Administrators following the snapshot visits.
