2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Welcome to Mariposa Elementary School! We are a diverse community of learners who aspire to become leaders of the 21st Century. Our mission statement is: As Leaders, We Will Inspire and Empower!

We at Mariposa Elementary truly believe in our Mission Statement and strive to help our students achieve their full potential. Through our Leader in Me implementation, we have better defined our school's Mission and live it more fully. By creating a focus on Leadership, our school culture has improved and our students are not only learning the academic lessons they need but also acquiring the social-emotional skills they need to succeed in their future.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Mariposa Elementary has a total of 38 classrooms, a library, a parent center, an administration building with a staff lounge, a multi-purpose room and three separate offices for the speech pathologist, psychologist and instructional coach. The school facility offers a safe learning environment with fully functioning lighting, heating and cooling systems, noise negation and solar panels. In addition to three separate play areas with playground equipment for kindergarten, primary and upper grade students, there is a large field with sufficient space for students to play. There are 13 restrooms available for students and 6 restrooms designated for staff, all of which are in working condition. The school has an outside covered area with tables and a fully enclosed multipurpose room that are used for breakfast, lunch and special school events. Wireless and/or network internet access is available in all buildings throughout the school. There are no current or planned facility improvements.

Administrators meet weekly with the head custodian to discuss any maintenance, grounds, and/or cleaning issues. A routine cleaning schedule is in place. The head custodian maintains cleanliness on the grounds daily. At night, classrooms have trash emptied daily and are vacuumed every other day. Deep cleaning occurs during extended breaks and the summer months. The district takes great efforts to ensure that all schools are clean, safe and functional. Site and district maintenance and grounds staffs make sure that the work necessary to keep the school in good repair and aesthetically pleasing are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The floors, walls, and plumbing system are all in good shape.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district's Operations Department conducts an annual in-depth evaluation of each school to determine the condition of the facilities and identify situations that need maintenance, repair or an upgrade. The district uses a facility survey instrument developed by the State of California Office of Public School Construction to assist with the data gathering during the inspections. All findings are shared with the principal and work orders for needed repairs are created at that time. The Facility Inspection Tool was used throughout a walk-through of our school. There were no extreme deficiencies found. The report on this inspection was forwarded to the Superintendent of Schools. The most recent FIT Report was conducted on November 15, 2022. No deficiencies were noted by the team.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	19	N/A	40	N/A	47
Mathematics (grades 3-8 and 11)	N/A	16	N/A	26	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Mariposa parents have many opportunities for involvement in the school and their student's education. Parents are invited to participate in the following parent groups: School Site Council, English Learner Advisory Council, Special Education Advisory Committee, Gifted and Talented Education Parent Meetings, Coffee with the Principal, Math & Literacy Academies, Family Leadership Institute (FLI), School-Wide PBIS Team (Positive Behavior Intervention and Supports) and LCAP Advisory Meetings. Mariposa parents are encouraged to attend meetings and provide input on such topics as safety and access, site strategic planning, school plan program decisions and advise the school leadership on the needs of English learners, GATE students and students with disabilities.

The School Action Plan for Parent/Community Involvement addresses the establishment of a parental survey to determine interests and needs of parents. Our school hosts a parent volunteer recognition event and various community/family nights to engage Mariposa families and the community. Other training opportunities are available such as training parents as volunteers, parenting skills training, roles and responsibilities of Site Council and SELPAC membership. Parent meetings are presented monthly to assist parents with strategies on how to support the academic success of their students.

Information about current events and school activities can be found on the Mariposa Elementary School website, School-wide Class Dojo and Twitter account. The school mails important news and announcements to parents at home, uses the school's automated telephone system to contact parents verbally, sends text messages to parents via Blackboard Connect and School-wide Class Dojo.

Parents who want more information or wish to participate may contact our front office at (909) 983-4116.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The School Safety Plan was last updated in December of 2022. It was reviewed by staff in August and November of 2022. The School Safety Plan includes provisions for establishing a secure campus, including the requirement of visitor badges (or district badges for district employees), monitoring of the campus perimeter, common release procedures for all teachers, continuous monitoring for safety hazards throughout the campus. There is also a detailed listing of emergency procedures for fire, earthquake, and potential and actual campus intrusions and staff and students are trained at the beginning of the year, in addition to monthly drills. Emergency provisions of water and sanitary kits and limited food are maintained in each classroom and additional supplies of food, boxed water, batteries, and other important supplies are maintained in storage. A set of several sturdy two-way radios are maintained to ensure communication can be maintained during emergencies.

Professional Development

Professional development at the site and district levels address the implementation of common core standards based instruction using the core curriculum, effective instructional strategies for differentiated learning, and positive behavior intervention supports in the classroom and on the playground. In addition, district level professional development includes workshop sessions and classroom support for beginning teachers (Induction), support for veteran teachers through the Peer Assistance and Review program (PAR), leadership development for administrators, compliance related workshops and a variety of job-specific and mandated trainings for classified employees. The district also provides professional development to support and train teachers with instruction for English Language Learners. This support is focused on helping EL students attain proficiency on the English Language Proficiency Assessment for California (ELPAC) and the statewide assessment (SBAC).

Professional development at Mariposa School is developed based on student assessment data and teacher need. Teachers are trained both during after-school meetings during half and full release days. The Principal, Assistant Principal, and Instructional Coach provide instructional support for teachers to grow as professionals through observations, in-class coaching, coaching cycles, peer-coaching individual and grade level data meetings. Staff development includes professional learning in the following areas: ELA, Math, English Language Development (ELD), Professional Learning Communities (PLCs), Data Analysis, Positive Behavior Interventions & Supports (PBIS), Multi-Tiered System of Supports (MTSS), instructional planning, integrated technology and our school wide initiative of the Leader in Me, which focuses on academic achievement and social-emotional needs of students.

Throughout the 2022-2023 school year, Mariposa staff has continued to receive professional development in our district adopted English Language Arts, math, and science curriculum. Additionally, Mariposa staff has received further training in the Leader in Me program, Student Study Team Process (SST), Gradual Release, and PLCs.
