## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Monte Vista is a dynamic Preschool through 6th grade learning community that is comprised of extremely motivated students and staff with tremendous community outreach and involvement. Monte Vista is reflective of what is best in education. Our wonderful staff and community are dedicated to preparing our students for College and Career Readiness as they support their academic growth. While providing a challenging curriculum, our staff is committed to instill a love of learning in all students. Monte Vista has displayed sustained increases in academic performance as measured by state and district methods. Students come to school ready to learn every day because of a multitude of effective programs and practices we have in place. We are the proud recipient of the Title One Academic Achievement Award, Gold Ribbon School Recognition & PBIS Platinum Recognition. For the outstanding collaboration and support with our learning community during the Covid-19 pandemic we were recognized with the PBIS Community Cares Award During the 2021-2022 school year, Monte Vista received a Pivotal Practice award from the State and improved to PBIS Platinum recognition. .

The mission of Monte Vista Elementary School, a collaborative learning community, is to ensure that all children develop a desire to learn and reach their highest academic potential, by delivering a challenging curriculum through best instructional practices as we cultivate each student's character, abilities, and aspirations within a nurturing environment.

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### 2020-21 Teacher Preparation and Placement

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### School Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. Monte Vista was built in 1951, with additional construction in the 1960's, making the school 70 years old. In 2010 two rooms were renovated with the support of Target Corporation, Heart of America Foundation and funding from OMSD. Classroom D1 was transformed into a state-of-the-art computer lab and classroom D-2 became our new school library. There are no current or planned facility improvements this year.

To promote safety, Monte Vista Elementary School is a closed campus; gates are closed during the school day and visitors must enter through the main office to sign in at front desk prior to entering school premises. All visitor must have their temperature checked upon entering. Visitors must present their California ID badges and staff must present their district badge through our RAPTOR system. Signage has been placed at all gates directing visitors to check in at the office. All staff members have been provided with district ID badges. Monte Vista Elementary School offers student supervision before school, during school, and after school. Supervision in the mornings is done by administrative team, support team and proctors. Recess and lunch duty supervision is offered by proctors. After school supervision is offered by administrative team, support staff, teachers and proctors.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The governing board has adopted cleaning standards for all schools in the district. A summary of these standards are available at the school office or at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. 2 full-time and 1-half time custodians are employed at the school. They each have an individual daily schedule of the school grounds/classrooms that they are responsible for cleaning and maintaining. Restrooms are checked twice a day for cleanliness, restocking soap and paper towels, and spot-cleaning. One hundred percent of the toilets are functional. The classrooms are cleaned on Monday, Tuesday, Wednesday, Thursday, and Friday (vacuumed, swept, trash empties, dusted and wet moped). The classrooms are deep cleaned during student vacation times. The Operations Department is responsible for deferred Maintenance. Site's inspection took place on March 1, 2022.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	40	N/A	40	N/A	47

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

We as a staff at Monte Vista are dedicated to ensuring that children achieve academic success. Vital to the success of children is a close connection between home and school. We welcome parent and community input, questions, and involvement in the students' educational experience. We consider all stakeholders to be part of the Monte Vista School Family and we are active in involving parents and the community. At Back to School Night there are many opportunities for parents to sign up a wide variety of opportunities to become active participants on campus. In addition to the "traditional" parent involvement such as Parent Conferences. We also have an active PTO and welcome all parents to become involved in this wonderful parent group. The School Site Council and Coffee with the Principal meetings provide opportunities for parents to get involved with their child's educational experience. Regular school-to-home communication is provided in both English and Spanish. Information about current events and school activities can be found on the Monte Vista Elementary website, flyers and Twitter account. The school mails important news and announcements to parents at home, uses the school's automated telephone system to contact parents verbally and sends text messages to parents via Blackboard Connect and social media such as Twitter, Instagram and Class Dojo. Parents who want more information or wish to participate may contact our Outreach Consultant, Maggie Guerrero or Rosie Jimenez our Assistant Principal at (909) 626-5046 regarding the many opportunities for parents to be actively involved at Monte Vista School.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

The school's Comprehensive School Safety Plan is reviewed annually and was recently reviewed and discussed with the staff in August 2022. School Site Council last approved the Monte Vista Elementary School safety Plan on February 22, 2022. An approved copy of the school site safety plan may be obtained at the Monte Vista Elementary School's main office. The safety plan is reviewed annually by the staff and parent committee. The plan includes a current list of Emergency Response Teams, dates, and times for drills. Drills are held on a monthly basis. There is an opportunity for feedback from the staff after drills. Monte Vista participates in the Great Shake Out in October. The plan also includes primary and secondary evacuation routes for all classrooms. Several walkie-talkies are available and are in good working order. A bull horn and portable audio equipment are available for emergencies. Each classroom has an emergency backpack and emergency food and provisions have been provided by the district.

## Professional Development

Staff development is based on district initiatives, individual school, student, and teacher needs. Teacher surveys and principal observations also help determine professional needs. However, student data, district, and state testing are the primary factors in guiding and determining staff development areas. The focus of our staff development has been predominantly in the areas of Language Arts, Math, Common Core Standards, and Positive Behavioral Interventions and Support (PBIS). Teachers work in grade level collaboration meetings to analyze students data, create action plans, and discuss, model, and observe best practices. Professional development occurs throughout the school year including after-school workshops, conference attendance, individual mentoring, and after-school professional study meetings 2 times per month. These pieces of training include paraprofessionals both at the site and district level. Monte Vista employs a Teacher on Assignment, who is available to facilitate grade level meetings, and provides support to teachers on an individual basis by assisting in reading instruction, observing, and providing feedback via a weekly walk through. OMSD provides ongoing teacher training in Math and Language Arts. The Principal monitors performance and offers feedback via a weekly walk through. Grade level teams are given 2 hour of release time monthly to meet and analyze student assessment data and to collaborate. They have a room of their own in which to meet, Internet access, and wireless laptop computer. The Principal is available to meet with teachers and provide support. In addition, teachers have two hours of planning time each week to create and prepare lessons. All non-instructional support staff including clerical, custodial, and proctors meet with an Administrator at least once per month in their respective groups to present information and for collaboration and training. The goals of these meetings are to contribute to a positive and collaborative school culture and to facilitate continuous improvement.

This table displays the number of school days dedicated to staff development and continuous improvement.
