## Internet Access

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest// that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Welcome to Oaks Middle School! Oaks Middle School is one of six middle schools in the Ontario Montclair School district located in San Bernardino County, CA. Oaks Middle School opened its doors in the Fall of 1996 and currently serves approximately 700 students in grades $7-8$. At Oaks Middle School, we strive to ensure that every student has a safe, positive, and academically rich school experience. Our school-wide focus areas include: (1) Providing high-quality instruction that will prepare students for success in a global society, (2) Fostering health and wellness in a safe and positive environment, and (3) Promoting a college-bound and career-driven culture. Our staff members are highly qualified and dedicated to the achievement of ALL students. The Mission of Oaks Middle School is to close the achievement gap by providing every student with a comprehensive education that prepares them for future learning and success in a global society.

Oaks Middle School is an AVID (Advancement Via Individual Determination) National Demonstration School, and a PBIS (Positive Behavior Intervention and Supports) school. Oaks has achieved Gold and Platinum recognition for our efforts to create a safe and positive learning culture for students, staff, and families. Through PBIS, Oaks Middle School has taken many steps to develop a positive school climate that promotes respect for diversity, social responsibility, and effective interpersonal and communication skills. Oaks Middle School is a community of safe, respectful, and responsible learners.

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## School Facility Conditions and Planned Improvements

Oaks Middle School opened its doors in 1996. The school has 35 regular classrooms and 8 portable classrooms. It has a multipurpose room, library, and an administration building. During the 2017-18 school year, school local bond measure passed, Measure K, and new fencing was installed around the perimeter of the school. In addition, the campus had solar panels installed, the existing security cameras were replaced and additional cameras were installed at the end of the 17-18 school year. In the fall of 2022, New flooring, new tables and seating were installed in the Multi-purpose room. Currently, there are no additional planned construction projects on campus.

The Ontario Montclair School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California OPSC. The purpose of the Inspection/visit is to ensure that facilities are safe for pupils and staff. It also determines the safety, cleanliness, and adequacy of the school facilities. The last FIT inspection was conducted on May 9, 2023. Oaks Middle School received an overall rating of $99.34 \%$. School was rated Exemplary.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

## Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

## College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2023-24 Opportunities for Parental Involvement

Oaks Middle School understands the important role parents and guardians play in their child's education. At Oaks Middle School we believe that parents, school staff, and communities working together will create meaningful partnerships that lead to gains in student achievement. A variety of opportunities are made available for meaningful parent involvement. These opportunities include School Site Council (SSC), School /District English Learner Parent Advisory Council (SELPAC)/(DELPAC), District Parent Advisory Committee (DPAC), GATE \& District GATE Parent Advisory Committee, Students with Disabilities Parent Advisory Committee, District Parent Leadership Conference, Back to School Night, Open House Night, Student-Led Conferences, Coffee with the Principal, PBIS and AVID Parent Meetings, and Band Booster Club. Several community events are offered each year including Sporting Events, Music/Band Concerts, and Family Night events, etc.

At Oaks Middle School, we encourage and welcome our parents and guardians to contact our school site to inquire about additional opportunities for school and community involvement. Contact Person: Celeste Messina, Counselor at (909) 9882050. At Oaks Middle School, we strive to establish a welcoming environment where families feel welcomed and supported as educational partners in their student's academic success.

## 2023-24 School Safety Plan

Oaks Middle School is committed to providing a safe and productive learning and working environment for all students and staff. The safety of our students and staff is a top priority. Oaks Middle School conducts the following safety and security drills throughout the school year: Fire Drills (Four (4) per year), Earthquake Drills Two (2) per year, Lockdown/Active Shooter Drills Two (2) per year, and AED drills Two (2) per year. Site feedback is gathered and documented in the form of a drill log after every drill to identify areas of strength and areas of our safety procedures that need improvement. Additionally, each classroom is equipped with an emergency backpack, the contents of which were updated and reviewed by staff in the Fall of 2023.

Students are regularly supervised before, after, and during school hours by staff and administration. We greet all of the students in the morning and they are required to enter through one main entrance. During the day, all main gates are locked and students are required to enter through one entrance that leads to our main office. Our Campus Safety Officer regularly checks all gates, hallways, and restrooms throughout the day. He also provides supervision before school, during passing periods, class periods, lunches, after-school, and special events. All visitors must sign in at the front office using the Raptor system and wear a visitor's identification tag if moving to any other area of Oaks' campus.

Our site disaster preparedness teams meet annually to review their roles, and to address any concerns. The School Safety Plan is reviewed and updated each school year. Areas of this plan are discussed during staff meetings in August and throughout the school calendar year in committees. Procedures for safety and disaster planning are reviewed with the staff annually at a staff meeting before the opening of school each year. Our Comprehensive School Safety Plan (CSSP) is reviewed annually by the School Site Council (SSC). SSC last reviewed and approved the CSSP plan in February of 2023. The plan was last reviewed with staff in August of 2023.

## Fiscal Year 2022-23 Types of Services Funded

Our School Site Council, Leadership Team, and our Parent Advisory committees (English Learner, GATE, and Students with Disabilities) work collaboratively to determine student needs and then prioritize the different categorical funds to provide the programs that target the specific academic and socio-emotional needs of our students. Services provided by these funds include a Data/Instructional Teacher On Assignment (TOA) to coordinate intervention services, provide instructional support, and assist with progress monitoring, Library Media Tech, Student Mentor, Campus Security Officer, academic interventions and enrichment before and after school, between the bell intervention (i-Lit) to support our English Language Learners, and providing zero period classes to allow students to take a second elective.

Our School Site Council and our Parent Advisory Committees monitor the school's expenditures throughout the year to ensure students are being served according to our strategic plan (School Plan for Student Achievement) and ensure that parents are being involved in all decision-making processes and communicated with on a regular basis.

## Professional Development

The Ontario-Montclair School District offers research-based, ongoing professional development for certificated, classified, and management employees aligned with the district's long-term goals. Professional development (PD) is designed to help employees enhance their knowledge and develop the needed skills to provide quality services in order to maximize student learning and achievement. Professional development courses and programs are developed and coordinated through the Teaching and Learning Department as well as at each school site and provide training in the curricular areas of Reading/Language Arts, Science, Social Studies, and Math to all teachers and administrators throughout the district.

Professional development at the site and district levels addresses the core curriculum, instructional strategies, standards-based instruction, and classroom management driven by student assessment data. In addition, the district-level professional development includes workshop sessions and classroom support for beginning teachers (BTSA), technology training, leadership development for administrators, compliance-related workshops, and a variety of job-specific and mandated training for classified employees. Coaches/TOA's are trained by the district to provide ongoing support at each site to ensure the implementation of the curriculum in each classroom. Following each benchmark assessment, department teams participate in the Professional Learning Communities (PLC) process. During the PLC process, teachers analyze the results of the most recent common assessments, discuss strategies to re-teach concepts that need additional support by a majority of the students, and develop implementation plans to re-teach the concepts. Staff members participate in professional development and/or Professional Learning Communities on the first and third Tuesday of each month. PD topics include but are not limited to WICOR, Reading Strategies, iLit, Constructive Response, Focus Note-taking, Interactive Notebooks, EL Strategies, Positive
