2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Welcome to Oaks Middle School! Oaks Middle School is one of six middle schools in the Ontario Montclair School district located in San Bernardino County, CA. Oaks Middle School opened its doors in the Fall of 1996 and currently serves approximately 800 students in grades 7-8. At Oaks Middle School, we strive to ensure that every student has a safe, positive, and academically rich school experience. Our school-wide focus areas include: (1) Providing high-quality instruction that will prepare students for success in a global society, (2) Fostering health and wellness in a safe and positive environment, and (3) Promoting a college-bound and career-driven culture. Our staff members are highly qualified and dedicated to the achievement of ALL students. The Mission of Oaks Middle School is to close the achievement gap by providing every student with a complete comprehensive education that prepares them for future learning and success in a global society.

Oaks Middle School is an AVID (Advancement Via Individual Determination) National Demonstration School, an AVID Site of Distinction, and was awarded the AVID Site Team Advocacy award. We strive to ensure that AVID strategies are utilized school-wide. Our school-wide AVID College readiness program plays a key role in preparing our students to be successful in high school, college, and in their future careers. Oaks Middle School is a PBIS (Positive Behavior Intervention and Supports) school and has achieved Gold and Platinum recognition for our efforts to create a safe and positive learning culture for students, staff, and families. Through PBIS, Oaks Middle School has taken many steps to develop a positive school climate that promotes respect for diversity, social responsibility, and effective interpersonal and communication skills. Oaks Middle school is a community of safe, respectful, and responsible learners.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

School Facility Conditions and Planned Improvements

The school opened its doors in 1996. The school has 36 classrooms with some being portables. It has a multipurpose room, library, and an administration building. The campus had solar panels installed in the 17-18 school year. During the 2017-18 school year, school local bond measure passed, Measure K, and new fencing was installed around the perimeter of the school. At the end of 2017-2018, the campus had the security cameras replaced and additional cameras installed. Currently, there are no additional construction projects on campus.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California OPSC. The purpose of the inspection/visit is to ensure that facilities are safe for pupils and staff. It also determines the safety, cleanliness, and adequacy of the school facilities. The next FIT inspection is scheduled for March 29, 2022.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Oaks Middle School understands the important role parents and guardians play in their child's education. At Oaks Middle School we believe that parents, school staff, and communities working together will create meaningful partnerships that lead to gains in student achievement. A variety of opportunities are made available for meaningful parent involvement. These opportunities include School Site Council (SSC), School /District English Learner Parent Advisory Council (SELPAC)/(DELPAC), District Parent Advisory Committee (DPAC), GATE & District GATE Parent Advisory Committee, Students with Disabilities Parent Advisory Committee, District Parent Leadership Conference, Back to School Night, Open House Night, Student-Led Conferences, Coffee with the Principal, PBIS and AVID Parent Meetings, and Band Booster Club. Several family/community events are offered each year including Sporting Events, Music/Band Concerts, etc.

We encourage our parents and guardians to contact our school site to inquire about additional opportunities for school and community involvement. Contact Person: Celeste Messina, Counselor at (909) 988-2050. At Oaks Middle School, we want our parents to feel welcomed and supported.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Oaks Middle School is committed to providing a safe, orderly school environment that is conducive to learning. The safety of our students and staff is a top priority. Oaks Middle School conducts the following safety and security drills throughout the school year: Fire Drills (Four (4) per year), Earthquake Drills Two (2) per year, Lockdown/Active Shooter Drills Two (2) per year, and AED drills Two (2) per year. Site feedback is gathered and documented in the form of a drill log after every drill to identify areas of strength and areas of our safety procedures that need improvement. Additionally, each classroom is equipped with an emergency backpack, the contents of which were updated and reviewed by staff in the Fall of 2021.

Students are regularly supervised before, after, and during school hours by staff and administration. We greet all of the students in the morning and they are required to enter through one main entrance. During the day, all main gates are locked and students are required to enter through one entrance that leads to our main office. Our Campus Safety Officer regularly checks all gates, hallways, and restrooms throughout the day. He also provides supervision before school, during passing periods, class periods, lunches, after school, and special events. All visitors must sign in at the front office using the Raptor system and wear a visitor's identification tag if moving to any other area of Oaks' campus.

Our site disaster preparedness teams meet annually to review their roles, and to address any concerns. The School Safety Plan is reviewed and updated each school year. Areas of this plan are discussed during staff meetings in August and throughout the school calendar year in committees. Procedures for safety and disaster planning are reviewed with the staff annually at a staff meeting prior to the opening of school each year. The plan was last reviewed with staff in August of 2021. Our Comprehensive School Safety Plan is reviewed annually by the School Site Council (SSC). SSC last reviewed and approved the plan in February of 2021. . At Oaks middle school we take the time to

2020-21 Types of Services Funded

Our School Site Council, Leadership Team, and our Parent Advisory committees (English Learner, GATE, and Students with Disabilities) work collaboratively to determine student needs and then prioritize the different categorical funds to provide the programs that will best benefit our student population. Services provided by these funds include a Data/Instructional Teacher On Assignment (TOA) to coordinate intervention services, provide instructional support, and assist with progress monitoring, Library Media Tech, Campus Security Officer, academic interventions before and after school, between the bell intervention (i-Lit) to support our English Language Learners, and providing zero period classes to allow students to take a second elective.

Our School Site Council and our Parent Advisory Committees monitor the school's expenditures throughout the year to ensure students are being served according to our strategic plan (School Plan for Student Achievement) and ensure that parents are being involved in all decision-making processes and communicated with on a regular basis.

Professional Development

The Ontario-Montclair School District offers research-based, ongoing professional development for certificated, classified, and management employees aligned with the district's long-term goals. Professional development (PD) is designed to help employees enhance their knowledge and develop the needed skills to provide quality services in order to maximize student learning and achievement. Professional development courses and programs are developed and coordinated through the Teaching and Learning Department as well as at each school site and provide training in the curricular areas of Reading/Language Arts, Science, Social Studies, and Math to all teachers and administrators throughout the district.

Professional development at the site and district levels addresses the core curriculum, instructional strategies, standards-based instruction, and classroom management driven by student assessment data. In addition, the district-level professional development includes workshop sessions and classroom support for beginning teachers (BTSA), technology training, leadership development for administrators, compliance-related workshops, and a variety of job-specific and mandated training for classified employees. Coaches/TOA's are trained by the district to provide ongoing support at each site to ensure the implementation of the curriculum in each classroom. Following each benchmark assessment, department teams participate in the Professional Learning Communities (PLC) process. During the PLC process, teachers analyze the results of the most recent common assessments, discuss strategies to re-teach concepts that need additional support by a majority of the students, and develop implementation plans to re-teach the concepts. Staff members participate in professional development and/or Professional Learning Communities on the first and third Tuesday of each month. PD topics include but are not limited to WICOR, Reading Strategies, iLit, Constructive Response, Focus Note-taking, Interactive Notebooks, EL Strategies, Positive Behavior, and Social-Emotional Learning. Teachers are assigned planning days so they can meet in PLCs, teachers also have common preps to allow for additional planning and training.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
