2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

All learners who come to Euclid Elementary School, a multilingual and multilingual learning community, are empowered to acquire and develop lifelong skills and knowledge necessary to problem solve creatively, think critically, communicate effectively, and collaborate globally, in a safe, respectful and healthy environment.

Vision for our Euclid Scholars: Empowering and inspiring tomorrow's leaders

Euclid Elementary School offers a high-quality education focusing on the skills of collaboration, communication, critical thinking and creativity. The mission of Euclid School, a united educational community, is to guarantee all students success in achieving their life long goals through academic excellence.

Euclid Elementary offers a Dual Language Immersion Program in Spanish. Students in our Dual Language Immersion Program are taught in the 90/10 model. Our goal s for students in the Dual Language Program to become bi-literate, bilingual, and bicultural in Spanish and English. Currently our Dual Immersion program is from Kindergarten to 3rd grade.

During the 2022-2023 school year, Euclid Elementary has begun the exciting journey of strengthening our systems in behavior and academics with the end goal of increasing student achievement. By aligning our Multi-Tiered System of Supports, our scholars will reach new heights in their advancement. The MTSS leadership team at Euclid Elementary will collaborate with partners in education to develop proactive, systematic, inclusive learning environments to ensure academic, behavioral, and socio-economic success for ALL students, utilizing research-based practices and multiple measures of data.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Euclid Elementary School was constructed in 1938 with 15 permanent classrooms. Over the years, portable classrooms have been added to accommodate the growth of student population. There are no current or planned facility improvements this year. Our campus consists of Multi-Purpose building, staff lounge, staff workroom, resource support program room, speech room, and several small rooms used as offices as well as used for student testing. All of our Kindergarten classrooms have access to restrooms. There are boys' and girls' restroom for both primary and upper grades in addition to adult restrooms near the office. We have one playground and separate recess times for kindergarten students, primary (1-2) middle grades (3-4) and upper grade (5-6) students. The playground is clean and features shade under trees and wood chips. Additionally, there is a large grass field for soccer and/or softball along with basketball courts.

Euclid School offers student supervision before school, during school and after school. Supervision in the mornings is done by administrative team, support team, and Proctors. Recess duty supervision is offered by teachers, and Proctors. Proctors supervise lunch and lunch recess. After school supervision is offered by administration team, support staff as well as teachers. Euclid School is a closed campus; gates are closed during the school day and visitors must enter through main office to sign in at front desk prior to entering school premises. Visitors must present their California ID badges and staff must present their district badge through our RAPTOR system. Signage has been placed at all gates directing visitors to check in at office. One Euclid proctor supports during school hours to prioritize safety; door, gate, and visitor checks.

The district maintenance department maintains an active facilities inspection and repair system through work orders to ensure that all Ontario-Montclair schools are clean, safe and functional. District maintenance staff ensures that all repairs necessary are addressed and completed in timely manner. Emergency repairs are given the highest priorities to ensure that the educational process continues without interruptions to student learning.

During the most recent Facility Conditions Evaluation conducted on August 17, 2021, by the County's William's Team, facilities and all buildings, rooms, and grounds were found to be in "good repairs."

Euclid Elementary has three custodians; they as well as the entire Euclid staff are keenly aware of the need to provide a clean, safe and orderly environment campus for students, staff and families. The custodians are supervised by a district operations manager. Euclid Administration work collaborative with custodians and staff to ensure the safety and cleanliness of the school. Custodians have a cleaning schedule and outlined duties during their shift that reflect daily, weekly, and monthly cleanings as well as deep-cleaning schedules during winter, spring and summer breaks. An aesthetically clean school supports a better learning environment for all. An Aesthetically clean school supports a better learning environment for everyone. Additionally, the site regularly submits and monitors work orders as need to repair or replace any damage or broken equipment.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	34	N/A	40	N/A	47
Mathematics (grades 3-8 and 11)	N/A	18	N/A	26	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Euclid School strives to provide personal excellence for all of our scholars through a home-school partnership committed to high academic and social standards. We work in a partnership with our parents and families to best support our scholars. Opportunities for parental involvement include:

Parent Volunteer Trainings, for parents to assist in classrooms and be partners in school community. Euclid School also hosts monthly Coffee with the Principal meetings to learn strategies that can be used at home. State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The Comprehensive School Safety Plan (CSSP) was developed for Euclid Elementary School in collaboration with local agencies and the district office.

Components of the plan include: maintenance, security and safety of the physical environment, school climate which addresses disaster procedures and routines, an action plan that ensures a safe physical environment and safe school climate, as well as suspension and expulsion policies, due process, notification to teachers about dangerous pupils, sexual harassments policy, school-wide dress code, procedure for safe ingress and egress from school, procedures to ensure a safe and orderly environment and rules and procedures on school discipline.

Monthly disaster plans drills are scheduled and practiced school-wide to ensure student safety procedures. The plan was recently reviewed with staff on August 8, 2022. Public hearing was held on February 24, 2022. School Site Council last approved the Euclid Elementary School Safety Plan on January 28, 2022. An Approved copy of the school safety plan may be obtained at Euclid Elementary's main office or the Ontario-Montclair School District office. Annual updates to the safety plan for the 2022-2023 school year are pending.

Professional Development

Euclid Elementary School provides professional development to teachers throughout the school year. On an average, Euclid teachers attend over thirty (30) hours of professional development sessions during the school year. This has been the case for the recent five years. Delivery of staff development can take place during Tuesday's staff meeting dates on student-minimum days for approximately 60-90 minutes. The delivery method for professional development occurs regularly on staff meeting dates or structured-teacher planning dates with Administrators, Instructional Coach, Administrators, Outreach Consultant and Euclid's Dual Language Coordinator. Teachers also have the opportunity to attend District-led professional development as well as off-site professional development during non-contract days for extra compensation.

The primary /major areas of focus for staff development for the last three years have been the following focused on improving instructional strategies, student engagement, as well as creating a safe, and orderly environment on our campus. Student achievement data as well as data gathered from formal and informal walk throughs has been taken in consideration in order to improve student achievement for all of our Euclid students.

State test assessment has guided English Language Arts as well as Math professional development that our teachers have received at the district level trainings. Primary topics of PD over the last three years have been implementing the teaching of the common core state standards, close reading, constructive responses, writing, Eureka Math, ELD, Thinking Maps, Socratic Seminars, Quality Teaching for English Learners, and Kagan Cooperative Learning.

Additionally, staff receives professional development in Positive Behavior Interventions and Supports (PBIS). All instruction is supported by Administrators and an Instructional Coach.

Instructional Coach delivers Professional Development and conducts Coaching Cycles with individual teachers of entire PLC team and is also accessible for immediate instructional support upon request.
