# General Information about the School Accountability Report Card (SARC)

## SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Facility Conditions and Planned Improvements

Central Language Academy has adequate classroom, staff, and ancillary spaces. Central Language Academy has 30 classrooms (including classrooms in portables and the main building), a multipurpose room, a library, and an administration building. The main campus was built in 1934. Construction/retrofit projects on the main building were completed during 2019-2020 school year. There are no planned or completed facility improvements this year.

To promote safety, Central Language Academy is a closed campus; gates are closed during the school day and visitors must enter through the main office to sign in at front desk prior to entering school premises. Visitors must present their California ID badges and staff must present their district badge through our RAPTOR system. Signage has been placed at all gates directing visitors to check in at the office. All staff members have been provided with district ID badges. CLA offers student supervision before school, during school and after school. Supervision before and after school, during lunch and recesses is by administrators, support team, Teachers and Proctors (lunch/recess supervisors). Ontario-Montclair School District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The Ontario-Montclair School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the Ontario-Montclair School District uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available at CLA's school office or Ontario-Montclair School District office. The LEA governing board has adopted cleaning standards for all schools in the Ontario-Montclair School District. A summary of these standards is available at the school office or at the Ontario-Montclair School District office. The Principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. Ontario-Montclair School District participates in the state's School Deferred Maintenance Program, which provides state matching funds in order to assist schools with the expenditures for major repairs and upgrades. Typically, this includes the following: roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, floor, and carpeting.

Each year the district matches the required allotment set by the state in order to participate in the deferred maintenance program. During the most recent Facility Conditions Evaluation conducted in October 2023, facilities and buildings, rooms, and grounds were found to be in "good repair." The Facility Inspection Tool was used throughout a walkthrough of our school. There were no repair deficiencies were found.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

<b>Mathematics</b> (grades 3-8 and 11)	25	24	26	30	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

All families with children enrolled at CLA are asked to donate a minimum of one hour a month (10 hours a year) to help the classrooms or school. Hours can be fulfilled by attending meetings, conferences, field trips and school events, as well as helping prepare things for the classroom. Work hours are recorded in an online form. All parents that successfully meet the 10-hour commitment will be recognized at the end of the school year. Special recognition is given to parents who volunteer significantly more time than the 10-hour minimum.

Parent involvement is an important part of the educational process. We welcome and appreciate this partnership required for a sound educational program for each child. There are many ways for parents to have a role in the education of their children. Below you will find a variety of ways parents can be involved at Central Language Academy.

##### The "Work Center"

Volunteers have an area to gather and work together in assisting classrooms and the school. Anyone who wishes to work in the CLA Work Center needs to check in and out of the front office. Visitor badges must be worn at all times.

##### School/Home Connection

CLA's student growth and progress depend on a cooperative effort between home and school. Communication is very important. Information bulletins, permission slips and weekly newsletters ("CLA WEEKLY PARENT UPDATE" Newsletter) are sent home by the school and posted on CLA's website. The weekly newsletter contains an events calendar to remind parents of upcoming events.

##### Room Parents

Each CLA classroom selects a head room parent the first week of school. This room parent works throughout the year with the teacher to organize events for the classroom. All room parents meet regularly with the Room Parent Coordinator (also a CLA parent).

Parents are also encouraged to volunteer for School Site Council and attend Tiger Talks (Coffee with the Principal). Parents

## 2023-24 Opportunities for Parental Involvement

are encouraged to attend Back to School Night, Open House, Parent Teacher Conferences, Awards and other school events/activities, many of which are held both via Zoom and In Person. ## 2023-24 School Safety Plan

Central underwent construction/retrofit projects that concluded prior to the start of the 2019-2020 school year and a new parking lot was completed in September 2020. The main building and portables were inspected and no deficiencies were noted. Central is an attractive, well-kept site. The school opened in 1934. Maintenance and repair of buildings and grounds are overseen by the district's Operations Department. The district responds effectively to work order requests. The Principal and custodial staff work together to ensure the cleaning of classrooms, restrooms, and grounds is maintained by an established schedule. Central is clean, safe, well maintained and all restrooms are in working order. There are boys' and girls' restrooms for both primary and upper grades, and adult restrooms are located inside the main building. To maintain school safety, students may enter and exit campus through three (3) gates which are supervised by adults at the beginning and end of each school day. Parents and other visitors must check into the office and receive visitor badges if they are on campus. Parents are also required to check students out through the office if they are picking up early from school. All staff members have been provided with district ID badges. To ensure student safety, staff provide supervision at the beginning and end of the school day, during lunch and recess times. During recesses, students use two playgrounds which have separate recesses. One of the

playgrounds is for TK/Kindergarten students and is kept clean at all times and filled with wood chips. The other playground is for grades 1-8 and it has a clean and safe rubber surface. Our students have recess and lunch at separate times for primary and upper-grade students. Additionally, there is a newly installed turf large field for field sports like soccer, Kickball, and Flag Football, the new turf was installed and completed on October 2021. The district maintenance team maintains an active facilities inspection and repair system to ensure that all schools are clean, safe, and functional. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. Emergency repairs are given the highest priority in order that the educational process continues without interruption or problem. During the most recent Facility Conditions Evaluation conducted in August 26, 2021 by the County's William's team, all buildings, rooms, and grounds were found to be in good repair. The Facility Inspection Tool was used throughout a walkthrough of our school. There were no extreme deficiencies found as listed in the report. The overall finding was that Students are provided a clean, safe and, functioning learning environment.

The Comprehensive School Site Safety Plan was developed for Central Language Academy in collaboration with local agencies and the district office. Components of the plan include: maintenance, security and safety of the physical environment, school climate which addresses disaster procedures and routines, an action plan that ensures a safe physical environment and safe school climate, as well as our school safety compliance that ensures required child abuse reporting procedures, suspension and expulsion policies, due process, notification to teachers about dangerous pupils, sexual harassment policy, school-wide dress code, procedure for safe ingress and egress from school, procedures to ensure a safe and orderly environment and rules and procedures on school discipline. Monthly disaster drills are scheduled and practiced school-wide to ensure student safety procedures. The plan was reviewed and discussed with the staff on December 19th 2023. School Site Council last approved the Central Language Academy Comprehensive School Site Safety Plan in January 31st 2024. An approved copy of the school site safety plan may be obtained at Central Language Academy's main office or the Ontario-Montclair School District office.

## Professional Development

Central strives to set continuous rigorous goals that lead to student achievement. A leadership team is established each year with representation from each grade level and support staff. Meetings are held each year to determine a focus for professional development. Feedback from community surveys, school-wide benchmark and state testing data, School Site Council input, parent group input and input from staff are taken into consideration when developing goals. In 2019-2020, a more focused look at the writing process and writing across the curriculum was embedded into the professional development provided to teachers. During the 2020-2021 school year, a continued focus on gifted strategies across settings, differentiated instruction, and data analysis with goal setting was emphasized. During the 2021-2022 there was a focus on collaborative conversations, AVID strategies such as note-taking, organization, and inquiry based teaching. During the 2022-2023 school year, continued focus on collaboration, inquiry, in addition to AVID strategies including note-taking and writing strategies were a focus. During the 2023-2024 school year, we continue with our MTSS focus and we are specifically focusing on new skills for our teachers, such as Gradual Release and Differentiated Instruction. Professional development is offered through buy-back days, after school trainings, conference attendance, and classroom visitations by teachers. In addition, the site administrative team performs

ongoing walkthroughs and provides feedback to teachers on a continuous basis. In the middle of the year, one on one data meetings are held with teachers and support team members to ensure that identified needs are understood and met through a variety of site and community based services.
