## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

**Mission:** De Anza Middle School's mission is to deliver a well-rounded and rigorous academic program that prepares our students to be critical and creative thinkers, collaborative problem solvers, and effective communicators.

**Vision:** De Anza will be an exemplary Project-Based Learning School that prepares all students for success in high school, college, career, and life through teaching 21st Century Competencies and developing "Habits of Success."

**Principal's Message:**

I'd like to welcome you to De Anza Middle School's Annual School Accountability Report Card. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

## 2023-24 School Description and Mission Statement

De Anza Middle School provides a warm, stimulating environment where students are actively involved in learning academics as well as "Habits of Success" and positive behavioral expectations with access to robust extracurricular activities offered to all students. We prepare students for continuing secondary and post-secondary success through teaching a standards-based, challenging curriculum taught by dedicated professional staff and based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency and be prepared for their future academic and career goals.

We are excited about progress in facilities and programs at our school. We are developing our performing arts program through music, with the goal of having a Symphonic Orchestra in addition to our robust Band, Strings, and drum line programs. We are also offering an international language program with Arabic, Mandarin, and Spanish instruction. Additionally, our students have access to Art, Robotics, and Coding as an elective. Even students who require academic intervention to reach grade-level proficiency have access to elective courses through our innovative "elective flip" program. We have a new multi-million dollar facility that includes a performance venue, gym, multimedia collaboration space, and fully stocked makerspace. We offer math and Spanish classes for high school credit in partnership with the local high school district, an endeavor which was piloted at our site for three years before spreading across the district. As you can see, we have many amazing opportunities for our students here at De Anza Middle School. We have made a commitment to provide the best educational program possible for De Anza Middle School's students and welcome any suggestions or questions you may have about the information contained in this report or about the school. We strive to ensure our students have equitable opportunities to meet their maximum potential.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.40	1.00
<b>Total Out-of-Field Teachers</b>	0.40	1.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	4.7	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## School Facility Conditions and Planned Improvements

De Anza Middle School was originally built in 1955. The educational needs of students are met by adequate classroom space and additional spaces for staff and students. The school has a total of 30 original classrooms, seven portable classrooms that were added between 1980 and 2001, a multipurpose room/cafeteria, library, storage rooms, playing fields, and an administrative building. In fall 2019 we completed construction on an additional facility housing a gym, performance venue, multimedia center, and makerspace. There are no current or planned facility improvements.

There are nine student restrooms and seven staff restrooms on the campus, all in proper working condition. The facilities are maintained in a manner that is clean, safe, and functional. Based on current enrollment, school spaces are in abundance, with enough classrooms for all students, as well as areas for extracurricular activities. Staff spaces include a staff workroom/lunchroom and staff collaboration center.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. A new video surveillance system has been installed. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school or district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure clean and safe school. Student safety is an ongoing priority. Facilities are kept in good repair and safe conditions with thorough review on a regular basis and prompt follow-up by custodial staff for any concerns. Although the facility was built in 1955, cleanliness is maintained by a top-notch custodial staff with regular cleaning schedules both daily and at all breaks.

The last state inspection mandated under the Williams Settlement was completed in October of 2022. The report on this inspection was forwarded to the Superintendent of Schools. Any areas of concern noted by the team were corrected as reflected elsewhere in this report. There was not a Williams visit required in the fall of 2023 or fall of 2024. The district continues to provide ongoing facilities and grounds repairs and improvements as needed, and we will participate in any Williams visits if required in future years.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	42	42	40	40	47	46
<b>Mathematics</b> (grades 3-8 and 11)	28	33	26	30	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Parents and families of students at De Anza Middle School have a variety of options for involvement in school activities. First of all, parents can be a part of numerous school committees. The School Site Council has three parents as elected representatives, and they provide invaluable input on important school programs. There are also parent involvement groups for parents of English Learners, Gifted and Talented Students, and Students with Disabilities. These groups provide important input on both school and district initiatives, and also help parents and families learn about how to best support their children. In addition to these groups, the principal meets monthly with parents and families at the "Coffee with the Principal" event, which provides an engaging environment where parents can learn about school initiatives and discuss shared interests.

School communication is also key. De Anza Middle School families receive weekly calls each Sunday evening with details about the upcoming week and highlights of any important upcoming dates. These calls are accompanied by both email and text reminders. Additionally, information about our school is provided online through Twitter and other social media platforms, through our school website, and in messages sent through School Loop, our online communication program that provides parents access to student grades and attendance data and an efficient method for two-way communication with teachers. Additionally, we have access to the Blackboard Connect automated telephone system, which offers a method of immediate contact to all parents in their primary language via voice calls, emails, and text message to the information we have on file. Finally, there is a dedicated Parent Teacher Organization (PTO) that works on behalf of De Anza Middle School parents to provide support to students, staff, and parents. For more information regarding opportunities for parent involvement at De Anza Middle School please our school office at (909) 986-8577.

## 2023-24 School Safety Plan

The Comprehensive School Safety Plan was last reviewed, updated, and discussed with staff and students at the School Site Council meeting held in February of 2023. Key elements of the plan include an extensive profile of De Anza Middle School, including data related to school safety. Security features and research based practices are included. A description of the positive school climate is given, with details noting how school programs support sustaining an ongoing positive school climate. The action plan indicates that De Anza Middle School will focus on the safe flow of people and vehicles as well as student safety while on campus. For this past year, it was imperative to also outline the numerous ways in which our school is using layered mitigation strategies to keep students, families and staff members safe during the coronavirus pandemic, aligned with all county, state, and national mandates. Strategies are provided for each goal. The upcoming Comprehensive School Safety Plan is under development at the time the SARC is being drafted and finalized.

## Fiscal Year 2022-23 Types of Services Funded

De Anza Middle School provides a variety of programs and services that assist students. First, we are part of a Single-District SELPA and we provide services to all students with Individualized Education Plans who are enrolled at our site, including Special Day Class, Push-In RSP services, Speech Therapy, and support and assessment through our School Psychologist. Students with IEPs benefit from the support of instructional aides assigned to their classrooms. In addition, our full-time School Counselor works in collaboration with our Outreach Consultant and School and Family Outreach Assistant to link De Anza Middle School students and families to a robust collection of resources and services provided through the district's Health and Wellness Services and other community partners. Additionally, our counselor provides direct social emotional support to students and refers students for Tier 2 supports in counseling and therapy as needed. These resources help to support families in need of medical care, counseling, wraparound services, clothing and shoes, and other needs. We also have a Student Mentor on staff, a unique position that supports positive behavior by building rapport with students, serving as a preventative measure to discipline concerns.

Our Positive Behavior Intervention and Supports program (PBIS) serves to use clearly communicated expectations and positive reinforcement to ensure a positive campus. Safety at our school is a priority, and we have a Campus Safety Officer who does regular campus sweeps and is a liaison with local law enforcement. He is trained to respond in any emergency situation and he also keeps our students safe on a daily basis. We provide academic intervention for students who need assistance during the school day, for all students who have been identified as performing two or more grade levels below the standard according to the iReady assessments that serve as our school district's instructional benchmark assessment. These students still have access to electives in the school day. Teachers use classroom, district, and state assessments to identify students who can progress academically with intervention support. We also work in partnership with nonprofit organization Think Together to provide quality after school programming to families that require a safe space for their children after school. We strive to provide academic intervention support to students performing below grade-level in multiple ways through before and after school interventions, Saturday interventions, as well as "between-the-bell" program. Overall, we pride ourselves in robust support services for all of our students and families.
