2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Welcome to Howard Elementary School where we serve a total of 482 Preschool through 6th-grade students. Howard is a special place where high expectations and an emphasis on effort and hard work pay off in high student achievement. Our staff is dedicated to the success of each child and is relentless in doing whatever it takes to help our students be successful in school and life. We are the proud recipient of the Title One Academic Achievement Award, California Distinguished School, as well as earning the honor as a Gold Ribbon School. Additionally, we have been awarded the California Business for Education Excellence Award for two consecutive years. During the 2021-2022 school year, Howard again earned the Gold PBIS Implementation Award. The fundamental purpose of PBIS is to establish clear school-wide expectations with incentives and consequences, teach our students Positive Behavior Expectations, and create a recognition system for students doing the right thing. Our statement of Behavioral Purpose is, "Our students, staff, and community understand that success for all depends upon RESPECT (treating others the way you would like to be treated), RESPONSIBILITY (doing your job), showing KINDNESS (caring for self and others) and INTEGRITY (doing the right thing) in all we do! These qualities define "The Howard Way"."

Howard is a safe and caring setting for student learning. We take time to get to know our kids well and offer a variety of extra-curricular activities to help children to engage in school. Some of these activities include noon-time soccer, volleyball, basketball, Kickball, and Reindeer Run Practice. We also participate in instrumental music, spelling bee, Crazy Contraption, Poetry day, Science Fair, and Math Mania. Evening events, designed to bring our families to school for fun, are offered throughout the year. These include Class O' Treat Night, Art Exhibit, Talent Show, and Sports Night. We know that students achieve better when they are on time for school every day and our attendance rate is high. We work as a community to stress the importance of attendance and provide assistance, when needed, to make sure families and students feel supported on attendance. Working with families to support students is a major emphasis in our school and parents are asked to take an active role in their child's education. We are proud of our 100% attendance at Parent-Teacher conferences and know that this home-school connection is critical to our success.

Howard School, located in the southern portion of the City of Montclair, is one of the thirty-three schools in the Ontario-Montclair School District. Howard serves 482 students in grades Pre-Kindergarten through 6. Our Preschool program enrollment is limited to 25 students each, for am and pm sessions. Grades TK-3 are kept at the 24-to-1 student-teacher ratio and grades 4-6 are limited to 29 students. All Howard's students receive free lunch and breakfast.

During the 2022-2023 school year, Howards' 3rd to 6th-grade students took the CAASPP for the 2nd time since the 2018-2019 school year. We scored 24.1 points below the standards in English Language Arts and Math, we were 38.1 points below the standards. Students that met or exceeded the CAASPP in ELA was 38.61% and in Math was 33.98%.

During the 2020-2021 school year, Howard was recognized and awarded the PBIS Community Cares Award. During the 2021-2022 school year, Howard received its third PBIS Gold Award. During the 2022-2023 school year, Howard received PBIS Platinum Award.

The mission of Howard Elementary School, a caring, supportive and diverse community, is to guarantee our students a quality education focusing on academics and preparing them for an ever-changing world.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Howard School was built in 1956. The school has adequate space for teaching and learning, with a total of 27 classrooms. There are four permanent classroom wings, as well as 8 portable classrooms installed at various times between 1988 and 2001. The library/computer lab and five empty classrooms provide additional spaces for instructional purposes. The main office building contains the front office, principal's office, health office, and staff lounge. Several small storage rooms located around the campus have been remodeled and turned into office space for various staff members. The school has a large field and enough playground equipment for student engagement. There are 15 restrooms, with all toilets in proper working condition. During the 2006-2007 school year, Howard underwent a modernization project, which addressed State Code Accessibility by providing accessible restroom facilities, accessible working space and sinks at classrooms, panic hardware at doors, door thresholds, accessible drinking fountains, paths of travel including ramps and curb cuts, passenger loading zone, bus drop-off, accessible parking and signage. In the summer of 2011, Howard's driveway and parking lot were redesigned. During the 2011-12 school year a new Multi-Purpose Room was built with a full kitchen, stage, and seating for 500 occupants. During the 2017-2018 school year Howard Elementary underwent modernization again and new water pipes were added throughout the school. During the summer of 2020, our fences were upgraded along the perimeter of the school from 6 feet to 10 feet. There are no current or planned facility improvements this year.

The school facility offers a good learning environment with fully functioning lighting, heating and cooling systems, and noise negation. Wireless internet access is available in the office and all classrooms. Grades 1st-6th has a laptop cart to provide 1:1 computers for each student. In PK, TK, and Kinder, each classroom has a cart to hold 1:1 iPad for each student. All classrooms have a Smartboard, document camera, and printer. The district Information Services Department maintains a content filter for all Internet traffic, including e-mail, in accordance with the Children's Internet Protection Act (CIPA) guidelines.

To promote safety, Howard Elementary School is a closed campus; gates are closed during the school day and visitors must enter through the main office to sign in at the front desk prior to entering the school premises. Visitors must present their California ID badges and staff must present their district badges through our RAPTOR system. Signage has been placed at all gates directing visitors to check-in at the office. All staff members have been provided with district ID badges. Howard Elementary School offers student supervision before school, during school, and after school. Supervision in the mornings is done by the administrative team, support team, teachers, and proctors. Recess duty supervision is offered by teachers, administrative team, support staff, and proctors. Campus proctors supervise lunch and lunch recess. After-school supervision is offered by the administration team, support staff as well as teachers. To help with daily, ongoing, monitoring of safety, Howard has a full time proctor to walk the campus to check that doors are locked on all classrooms and perimeter gates are all locked. In addition, consistent monitoring of the playground, buildings, and driveway are done throughout the day to ensure the campus is safe.

Ontario-Montclair School District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The Ontario-Montclair School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the Ontario-Montclair School District uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available at the school office or Ontario-Montclair School District office. The LEA governing board has adopted cleaning standards for all schools in the Ontario-Montclair School District. A summary of these standards is available at the school office or at the Ontario-Montclair School District office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. OMSD participates in the state's School Deferred Maintenance Program, which provides state matching funds in order to assist schools with the expenditures for major repairs and upgrades. Typically, this includes the following: roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, floor, and carpeting. Each year the district matches the required allotment set by the state in order to participate in the deferred maintenance program.

Howard Elementary School was not required to have a William's inspection this year. The most recent visit by the Ontario-Montclair School District was on February 08, 2022. The school received an overall rating of Exemplary at 98.68%. Howard Elementary School is proud to have received a score of Good overall.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	26	34	26	30	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Howard School welcomes the support and participation of its parents. A variety of opportunities are made available for parents to get involved. Howard has an active School Site Council, English Language Parent Advisory Committee, Gifted and Talented Parent Advisory Committee, and Special Education Parent Advisory Committee. These parent groups attend the District Advisory Council Leadership Conference annually and serve on the Site's School Planning Team. Parent volunteers attend an orientation provided by the Outreach Consultant to ensure they feel comfortable with the expectations and the machines in the office. Our volunteers provide support to classroom teachers through activities such as classroom helpers, preparing materials at home, supervising field trips, and assisting with school-wide functions. These volunteers are recruited and trained in order to meet the needs of the students and enhance student achievement. Several family/community events are offered each year, including Sports Night, McTeacher, and Trunk or Treat. Additionally, "Coffee with the Principal" events are held periodically throughout the year both in person and via Zoom. For information on getting involved in the activities listed above, please contact Mrs. Castanos at the school office at (909) 591-2339.

2023-24 School Safety Plan

During the 2023-2024 school year, Howard School staff and/or students will practice fire drills 1 time per month, earthquake drills 1 per quarter, and lockdown drills 2 times per year. The safety plan was reviewed by our leadership team in January 2023. Before that date, our School Site Council reviewed and approved the School Safety Plan on February 23, 2023. The safety plan was signed on February 23, 2023. The district signed the Safety Plan on March 1, 2023.

The safety Plan is an overview of Howard's suspension and expulsion data for the previous year. Howard had zero suspensions or expulsions during the 2022-2023 school year. Some of the identified needs are preparing students and staff for crises and emergencies and improving the safety of school grounds. Other areas that were identified were creating community service opportunities, student training on conflict resolution, and increasing parent involvement.

School Profile for Howard Elementary School:

Howard Elementary School is one of the thirty-three schools in the Ontario Montclair School District with traditions dating back to 1884. Howard Elementary School has a pupil body of 487 and is served by a dedicated staff. Both staff and parents comment on the ongoing positive changes in our school. Howard Elementary School faces challenges in maintaining a safe school. The Comprehensive Safe School Plan describes programs that are in place at our school and strategies and programs of our school site council for continued improvement in providing a safe, orderly, school environment conducive to learning.

Summary of Site Safety Assessment Data

Accomplishments/Areas of Pride:

1. Classroom teachers are able to manage minor infractions.
2. Low suspension rate over the past three school years.
3. Our fifth-grade students' concerns, according to the California Healthy Kids Survey, fall below the district and state average. The only areas that were above the district average were School boredom and Cyberbullying.

2023-24 School Safety Plan

4. Our teachers and staff form relationships with our students through many extra-curricular activities and everyday interactions.

Findings & Desired Improvements:

1. Neighborhood watch.
2. Target audience is English Language Learners as they are the lowest-performing subgroup.
3. Communicate opportunities for increased connectedness for students, thereby building resilience in our students.

Priorities/Goals:

1. Secure the facility by locking gates and limiting access during and after the school day. In addition, during the 2022-2023 school year, all Howard staff attended active shooter training.
2. Increase English learners' performance on the English Language Arts section of the California Standards Test.
3. Increase communication regarding opportunities available for meaningful participation in school.
4. School-wide implementation of PBIS has continued and students are provided refreshers two times per year to reinforce our Behavior Expectations of Respect, Responsibility, Kindness, and Integrity.

Fiscal Year 2022-23 Types of Services Funded

During 2022-2023 our focus will be on Eureka Math implementation and engagement strategies. The assessment tool used will be the i-Ready Diagnostic performed 3 times per year. Utilizing the March assessment as our Summative Diagnostic. Staff will meet regularly with their grade levels teams for PLC work. Two times per year, each grade level will meet for data release days. These meetings will follow the i-Ready diagnostic. Administration will meet with each teacher to review data for each student and how the class performed overall.

Intervention specialist and Instructional Aide with work in a small group - 1:6 students, 2 days per week on specific skills to help fill gaps in students academic needs in grades 1st-6th. In addition, teachers that volunteer to work beyond the bell will focus on Math skills during their intervention time.

Staff development will focus on Gradual Release through Math. Eureka Math Articulation is a need based on input received by the teaching staff. Focus will include Eureka Strategies used at each grade level, what skills are needed to master by the end of the school year, & key vocabulary used during each module. To increase collaborative work during Math, district TOA will work with staff on the use of Collaborative Work Mats and Kagan Structures.

Professional Development

During the 2023-2024 school years, Howard staff was offered a variety of Professional Development (PD) through district training, coaching, data analysis, and site professional development. Throughout the year teachers were provided with opportunities to take what they learned during these PD sessions and apply them to their classroom practice. Howard Elementary School utilized district and Site support to provide Professional Development in the area of Genre Writing, the R.A.C.E. strategy, Kagan Structures, Data analysis, Balanced Literacy, Math Fluency, Math Module Studies, Social Emotional Learning (SEL), and English Language Development. These focus areas were chosen based on district and state assessments. Teachers were able to work with our site instructional coach to help them refine their teaching practice in these areas as well through the use of coaching cycles. The district has also developed self-paced PD training for teachers to take advantage of after contract hours where they can receive a stipend for their learning.
