2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Vina Danks Middle School exists to equip our community of learners with the essential academic, communication, and social skills to be influential citizens and leaders, now and in the future.

The goal of Vina Danks is to prepare students to be high school, college, and career ready. The area of focus is to actively engage students in the learning process, across all disciplines, through a variety of cooperative learning experiences, and strategies.

Vina Danks has been recognized as a Gold PBIS School for the 2018, 2019, 2021, 2022, and 2023 school years; furthermore, it earned the Community Cares award in 2020. The "Home of the Bobcats" was also designated as a National Schools to Watch in 2018 and re-designated in 2020.

Principal's Message:

I'd like to welcome you to Vina Danks Middle School's Annual School Accountability Report Card. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

Vina Danks Middle School provides a warm, inviting, and engaging environment where students are actively involved in learning academics as well as positive values. We prepare students for continuing secondary and post-secondary success through teaching a standards-based, challenging curriculum taught by dedicated professional staff and based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency and be prepared for their future academic and career goals.

We have made a commitment to provide the best educational program possible for all our students here at Vina Danks Middle School. As a Community School we welcome any suggestions or questions you may have about the information contained in this report or about the school in general. Together, through our hard work, our students will be challenged to reach their maximum potential.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The most recent Facility Inspection done by the districts Operations department occurred in April 2022. The overall rating for the campus was "GOOD".

Vina Danks Middle School was built in 1974, with only the annex building remaining as a legacy of the earlier school built in 1922. The campus has a total of 45 classrooms. In addition, the school has a library, gymnasium, fitness room, computer lab, science lab, AVID tutorial room, ASB room, staff lunch room, and office complex. The school has a large field for student activities and sports. In addition to the outside cafeteria area, there are small picnic table areas located at the northeast and southeast corners of the school for students to sit and socialize during lunch. There are no current or planned facility improvements this year.

The district Information Services Department maintains a content filter for all Internet traffic, including E-mail, in accordance with the Children's Internet Protection Act (CIPA) guidelines. For student safety Vina Danks is a closed campus. The perimeter gates remain closed throughout the day, which maintains limited access to the school when in session. Proctors and credentialed teachers provide supervision before, during and/or after school. All students enter the school through the front gates each morning. At all other times, parents and visitors enter the school through the office. District employees and substitutes all wear district-issued identification badges. The front gates are closed when school begins and are not opened until dismissal. Students who are checked out early are done so by the front office. All staff members are diligent about being aware of adults on campus at all times. Visitors without visitor badges are escorted to the front office for check in.

Vina Danks is maintained in a manner that assures it is in good repair and functional. The principal works with the custodial staff to make certain a daily cleaning schedule is maintained so classrooms, restrooms and the school grounds remain clean, safe and orderly, and that the floors, walls, and plumbing system are all in good repair. Site and district maintenance and grounds staffs make sure that the work necessary to keep the school in good working order and aesthetically pleasing are completed in a timely manner. A work order process is in use to ensure efficient service and that emergency repairs are given the highest priority. To assist in this effort, the district Operations Department annually conducts an in-depth evaluation of each school to determine the condition of the facilities and identify situations that need maintenance, repair or an upgrade.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

As a Community School, all Parents and Families are strongly encouraged to be active partners with the Vina Danks Middle School Community. Parents are encouraged and welcome to participate in our School Site Council, Site English Learner Parent Advisory Council, Students with Disabilities Parent Advisory Council, and GATE Advisory Council. We always welcome and encourage our students' parents to volunteer to support our school community in its ongoing effort to support all student success. Parents attend district functions such as Parent Leadership Conference, monthly DELPAC/DPAC meetings and parent education classes. As a result of the feedback we have received from our families Vina Danks continues to partner with our district's Department of Family and Community Engagement to bring in community organizations to support the needs of our families and community members. In addition, Vina Danks has a School Counselor, Outreach Consultant, and a School Family Outreach Assistant to provide support to all families within our school community. They also present parent workshops, provide academic support to all our students, and work closely with families to encourage their active participation in our school activities. As a result, attendance at Student Orientation, Back to School Night, Open House, Student-Parent-Teacher Conferences, Coffee with the Principal, and student recognition/performances continues to increase. Finally, regular school to home communication is provided in both English and Spanish. Information regarding school events and activities can be found on the school's webpage, Twitter account, School Loop, and through school created flyers. Parents can contact the front office at 909-983-2691 for more information.

2023-24 School Safety Plan

The School Safety Plan is updated and refined each school year. Procedures for safety and disaster planning are reviewed and implemented by school staff. This took place starting in August of 2022. The plan is reviewed annually by the School Site Council. SSC last reviewed and approved the plan in February of 2023. The components of the Safety Plan include school profile, physical environment, School Climate, and Action planning. Areas of this plan are discussed during staff meetings in August and throughout the school calendar year in committees. Final updates and guidelines are completed annually with the guidance of School Site Council.

In addition to the safety plan, emergency protocols and preparedness are also articulated to ensure safety. Detailed evacuation plans are updated and discussed with staff annually. In addition, inventory is taken to replenish and stock emergency food and water. Subsequently, during the school year various exercises and preparations were made to address the protocols. Regular monthly emergency drills are conducted in three areas: Fire, Earthquake and Lockdown/VIPER. Site feedback is collected after each drill and is forwarded to the district in the form of a drill log. In addition, site disaster preparedness teams meet annually to review their role, and address concerns. Finally, our site disaster team has recently participated in a district sponsor training to provide them up to date emergency protocols.

Fiscal Year 2022-23 Types of Services Funded

All students at Vina Danks receive California Standards Based instruction at their appropriate grade level. Intervention support is designed through a Multi-Tiered System of Support for students in Math and ELA. Progress monitoring data is used to modify instruction and placement on an ongoing basis. Teachers regularly examine student work samples and data at regular department and staff meetings to ensure that students are mastering standards. The SST process is used to identify, monitor, and provide appropriate interventions for students at risk.

State education funding provides instructional support in the form of an Instructional Coach (TOA) to coordinate intervention services, provide instructional support, and assist with progress monitoring. Additionally, funds are used to provide intervention programs and three intervention teachers for students who are at-risk and support extra-curricular clubs and activities. Lastly, funding provides SEL instruction, support staff and resources.

Professional Development

Over the past several years, site professional development has centered on the areas of: Learning Targets (development and use), student engagement (cooperative groups and accountable responses), AVID, and PBIS (Positive Behavior Intervention Support). This was determined as a result of student achievement data in Mathematics and English Language Arts and through staff surveys of needs and wants with respect to professional development. Posting clear short- and long-term learning targets in every classroom help all stakeholders clearly understand the content and concepts that students are learning.

Creating learning environments that embody high levels of student engagement is key to quality instruction at Vina Danks. All teachers utilize Cooperative Learning Strategies and accountable response strategies to ensure that all students are active participants in the learning process. Math and ELA teachers receive professional development in their respective subject area throughout the year. In addition, all staff members have received professional development in the development of Multi-Tiered System of Supports and Social Emotional Learning.

Professional development is delivered in a variety of methods. Vina Danks' Staff participate in a variety of workshops, conferences, zoom lectures, and after school meetings. Non-school days have also been used to deliver more in-depth training. The knowledge or skills gained from the various Professional development opportunities are supported by coaching support, follow up meetings, and additional time for implementation. Consistent progress monitoring provides important reflection and feedback to determine possible future Staff supports and needs.

This table displays the number of school days dedicated to staff development and continuous improvement.
