2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Elderberry School is located in the city of Ontario and has been educating the children of the community for over 60 years. Elderberry has approximately 550 Transitional Kindergarten through sixth-grade students on a traditional year calendar. We have a diverse population with several different ethnic groups and languages represented. Elderberry is a focused, effective and enthusiastic learning school community. For the 2023-2024 school year, we were recognized as a Gold PBIS school for the eighth year in a row. In 2020-21 we were recognized for outstanding collaboration and support toward our learning community during the COVID crisis, we were awarded the PBIS Community Cares recognition. Due to improving student outcomes and closing the achievement gap, Elderberry was recognized as an ERP Honor Roll School in 2020-2021. In the

2024-25 School Description and Mission Statement

2015-2016 school year, we were recognized as a Gold Ribbon School. We were recognized as a California Distinguished School and received the Title One Closing the Achievement Gap Award in 2009-2010 and again in 2010-2011.

Our motto is: Be a Champion! This motto ties directly to our PBIS school-wide expectations of Elderberry Champions are respectful, responsible, honest and strive for academic excellence. We work on ways to be a champion for ourselves and the people around us. Students work hard and strive for academic excellence. Students are ultimately preparing for high school, college and beyond. We pride ourselves in setting high academic standards for all students while meeting each child's individual needs in a nurturing and supportive learning environment. Together, the Elderberry staff and the entire school community is committed that all students receive a world-class education.

We believe a school is a place where students want to be and it is our duty to make learning exciting and engaging for them. All students are held to high academic standards by teachers who believe every child will be successful. Student success is closely monitored through site, district, and state level assessments. This assessment data is used during site and grade level collaboration to plan for and guide instruction. Each student is monitored meticulously for academic growth by an effective team of teachers, Instructional Coach, Data Coach, Intervention Teacher, Assistant Principal and Principal. Instruction is adjusted based on individual and specific student needs approximately every six weeks. Our Outreach Resource Consultant (ORC) provides social-emotional support and arranges resources for students and families in need. Indeed, the Elderberry School community goes above and beyond to meet the needs of all students to ensure academic success.

Mission Statement

Whatever it takes, our school staff and community guarantee our commitment to the highest quality education and developing a well-rounded student.

Goals and Objectives

All students within the Elderberry learning community will achieve identified standards in reading, language arts, and math as assessed by multiple measures throughout the year.

All students within the Elderberry learning community will demonstrate growth in English Language Proficiency as assessed by multiple measures throughout the year.

All students within the Elderberry learning community will demonstrate PBIS behavior expectations introduced throughout the year to help develop the whole child.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

The OMSD Board of Education has adopted cleaning standards for all schools. Elderberry Elementary proudly exceeds the adopted standards by ensuring and maintaining a clean and safe campus. All facilities are in good working order. OMSD Operations, site administration, and custodial staff collaborate to develop cleaning schedules and procedures that guarantee all classrooms, offices, and restrooms are cleaned daily. In addition, the Head Custodian regularly checks restrooms throughout the school day. Staff and students work together to maintain a clean and orderly school.

The district takes great efforts to ensure that all schools are clean, safe and functional. The custodial staff and District Operations Department make certain that all necessary upkeep and repairs are attended to on a regular basis or in a timely manner when needed. A work order process is used to ensure efficient service; emergency repairs are given the highest priority. The Operations Department conducts an in-depth annual evaluation of each school to determine the condition of the facilities and identify maintenance needs. The district uses a facility survey, developed by the State of California Office of Public School Construction, to gather the information. Upon completion of the survey, the information is shared with the administration and work orders are submitted. The results of this survey are available at the school or district office. OMSD participates in the state's School Deferred Maintenance Program, which provides state matching funds in order to assist schools with the expenditures for major repairs and upgrades. Typically, this includes the following: roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, floor, and carpeting. Each year the district matches the required allotment set by the state in order to participate in the deferred maintenance program. There is a planned facility improvement for the primary playground for this year.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parental involvement is a critical factor in promoting student achievement and has been instrumental in Elderberry's success. Parents and teachers stay in constant contact with each other and also attend conferences to discuss in depth the students' progress twice a year. Parents also volunteer their time in classrooms, on field trips, and provide a variety of support services for school functions.

Parents are also actively involved in:

- Elderberry's School Site Council - SSC
- Site English Learner Parent Advisory Committee - SELPAC
- GATE parent meetings/ Special Education parent meetings
- Back to School Night/ Open House
- Parent education workshops based on the specific needs of the parents
- District English Learners Parent Advisory Committee
- District Advisory Council
- District Parent/ DELPAC workshops.
- Student recognition assemblies
- Student Study Team
- Volunteer in the classrooms
- Fundraising activities
- Spring Festival

Additional Methods of Communication to initiate and maintain parental involvement:

- Class Dojo (teacher and school-wide communications platform)
- Blackboard Connect (school-wide phone communications platform)
- Flyers and Postings

2024-25 School Safety Plan

Elderberry's safety plan is reviewed and updated yearly. On August 2024, the staff reviewed and received an updated copy of the safety plan in the school handbook. The plan outlines active shooter, emergency attendance forms, emergency response team members, fire, earthquake and AED procedures. During the 2024-25 school year, Elderberry's Emergency Response

2024-25 School Safety Plan

Team met and reviewed their roles and discussed updates for consideration. The new CSSP was approved by SSC on 11/20/24. Monthly drills offer staff and students the opportunity to practice and become comfortable with procedures in the event of an emergency. In addition, the emergency procedures are reviewed during the year so the staff and students are prepared and understand their roles during a disaster. Practice and review of our emergency procedures enable our efficient and immediate response during monthly scheduled and unscheduled drills. Parents are informed of drills and procedures practiced by staff and students at parent meetings during the school year.

Fiscal Year 2023-24 Types of Services Funded

The data coach works with teachers to provide the best first instruction through coaching and planning. All assessments and data are monitored as well. There is teacher training in the use of technology, i-Ready, illuminate and CAASP for analyzing ongoing student assessment of instructional programs. The intervention teachers work with targeted groups of students throughout the day to provide reading instruction and intervention with a particular focus on Universal Access time. She also assists teachers in intervention documentation and parent meetings to support student progress and interventions. After school intervention classes and Saturday Make Up Academy are provided for student support. We utilize the use of technology via document cameras, interactive Smartboards, printers, and Chromebooks (1:1) for classroom learning to engage all students. In addition, online learning programs are utilized to help strengthen student skills.

To support students with SEL and other factors, we have a ORC, SFOA, and a student mentor who contribute in a variety of ways to support the many diverse needs of our students and their families. They work with students 1:1 or in small groups throughout the day to support students. In addition, the ORC meets with students and families to find out what resources, such as school supplies and clothing, they are lacking to support them. The SFOA supports the ORC in this. All of them also support in the implementation of PBIS schoolwide by promoting Champion expectations, rewarding students with point (tickets) and by operating the PBIS store throughout the week.

Professional Development

OMSD provides research-based, ongoing professional development for certificated, classified, and management employees, aligned with the district's long-term goals. This professional development focuses on continuous improvement to enhance student achievement and social-emotional well-being. Programs are designed to build employees' skills and knowledge to deliver high-quality services that maximize student learning. Professional development courses, developed through the Learning and Teaching division, are tailored to the instructional and management needs identified by Professional Learning Communities (PLCs). These offerings address key areas such as curriculum implementation, instructional strategies, classroom management, leadership development, and Common Core State Standards, alongside job-specific and mandated training for various roles. The district also emphasizes technology integration and state-supported programs like Induction for New Teachers and Peer Assistance and Review (PAR). Coaches, Teachers on Assignment (TOA), and Resource Specialists receive specialized training to provide continuous support across school sites.

Elderberry Elementary School prioritizes student learning through effective instruction, engagement, and data-driven decision-making. Instruction is consistently aligned with student data, with staff development focused on state-approved curriculum implementation and analysis of assessment data every six weeks. Collaboration between grade levels, administration, and the Data Coach supports instructional planning and improvement. Coaching cycles are used to guide new teachers and those seeking to refine their practices, while site administrators conduct regular walkthroughs to provide feedback and enhance teaching strategies. Staff meetings and PLCs focus on reviewing school-wide data, identifying strengths and weaknesses, and implementing strategies to engage students actively in learning. This collaborative approach and ongoing professional development have been instrumental in improving student achievement and fostering academic success at Elderberry Elementary.
