2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Dear Parents and Families,

Welcome to Kingsley, the Conservatory of Music! Our mission is to provide all students with the keys to success which we accomplish through a robust core instructional program with exciting opportunities in music provided by our own full time music teacher and dedicated general education teachers. All students in kindergarten through grade six receive thirty minutes of general music weekly with opportunities in choir, strings, brass, and woodwinds for all upper grade students. Pre-School children are exposed to music elements by weekly visits from our Music Teacher. Kingsley Lions also showcase their talents in

2024-25 School Description and Mission Statement

annual performances such as our Winter Concert and Spring Concert. We believe that music increases academic achievement, allows students to express themselves in ways that meet their social and emotional needs, and brings people together.

As a PBIS school, all members of the Kingsley community are taught to be respectful, treating others the way we want to be treated; responsible, doing the right thing even when no one is watching; and compassionate, what hurts my brother/sister hurts me.

In the upcoming year, we will be focusing on improving student scores in language arts and math as we continue to build our Music Conservatory, and we acknowledge that students succeed when teachers, students and families work together.

We invite you, our school community, to join us as we create a masterpiece- successful children.

With Anticipation,
Melaine Troesh
Principal

Kingsley Elementary is located in the city of Montclair in the southwest corner of the Ontario-Montclair School District. Operating on a traditional calendar, Kingsley currently serves approximately 545 students in grades Pre-K through 6th grade. Since we reside on the border of two cities, our Kingsley population draws primarily from the city of Montclair with a small percentage of families living in Ontario.

Our teachers and support staff work diligently to provide a rigorous core curriculum, while at the same time embracing Positive Behavior Intervention and Supports. Because Kingsley Lions learn the importance of taking responsibility for one's own work and actions, demonstrating compassion for all living things, and maintaining the utmost respect for others and our environment, Kingsley has recently been awarded the PBIS Gold Award multiple times and the Platinum Award for the 2023-2024 school year. Being respectful, compassionate, and responsible is the Kingsley way!

The mission of Kingsley Elementary is "Providing all children the keys to success".

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Kingsley School was originally built in 1954 for 450 students, though it has grown over the years and currently is serving approximately 545 students from preschool through sixth grade. Kingsley has a total of 20 permanent classrooms, 14 portable classrooms installed at various times over the past decade, a Library, a Learning Center, an administration building, a teacher workroom and office space for support staff. The school has a large field and plenty of playground equipment for student recreation. There are 13 restrooms available for students and staff, all of which are in working condition.

The school facility offers an exceptional learning environment with fully functioning lighting, heating and cooling systems and noise negation. Internet access, including wireless, is available in the office and all classrooms. Each classroom has student computers, a printer and a teaching technology station that includes a laptop, document camera, projector, and Smart Board. The district Information Services Department maintains a content filter for all internet traffic, including e-mail, in accordance with the Children’s Internet Protection Act (CIPA) guidelines.

Over the past few years, Kingsley has completed facility improvements. In the summer of 2021 a large Kingsley music mural was added alongside the north of the school- along the 40's bank. During the winter of 2020 all of Kingsley's offices and classrooms were equipped with a VoIP phone system to ensure communication between all classrooms and offices and the outside areas of campus. The Kindergarten playground was renovated during the summer of 2024. There are no other current or planned improvements.

Students are supervised immediately before and after school by certificated and classified staff members. All students, parents and other visitors enter the school through the front gate each morning. Some families utilize the back gate during arrival. At all times, parents and visitors must sign-in and obtain a visitor pass to be on campus. District employees and substitutes all wear district-issued identification badges. In order to better protect all students, staff, visitors, and all personnel, Kingsley uses the Raptor system where all visitors must show a valid, government-issued identification. Students are checked out only through the main office.

Kingsley School is maintained in a manner that ensures it is in good repair and functional. The administrators work closely with the three site custodians to ensure a daily cleaning schedule is followed that maintains clean, safe & orderly classrooms, restrooms, and the school grounds, and that the floors, walls, and plumbing and electrical systems are all in good repair. Site and district maintenance and grounds staff make sure that the work necessary to keep the school in good repair, in working order and aesthetically pleasing, are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. To assist in this effort, the district Operations Department annually conducts an in-depth evaluation of each school to determine the condition of the facilities and identify situations that need maintenance, repair or upgrading. The district uses a facility survey instrument (FIT) developed by the State of California Office of Public School Construction to assist with the data gathering during the inspections. All findings are shared with the school administration and work orders for needed repairs are created at that time. The results of this survey are available at the school office or the district office.

In addition, the last state inspection mandated under the Williams Settlement was completed during an in-person visit on August 21, 2024. The report was forwarded to the Superintendent of Schools. Any areas of concern noted by the team were immediately corrected. Any school deficiencies noted by the team are listed below. There were no instructional materials insufficiencies found for the 24-24 school year and all students had their necessary learning materials along with a Chromebook that can be taken home at any time5

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Kingsley encourages and offers multiple opportunities for parent involvement. Parents are encouraged to contact the office for more information and opportunities to become involved at school. All parents are invited to meetings through fliers, monthly newsletters, Connect-Ed announcements, and Parent Square.

We have a properly constituted and fully functioning School Site Council and Site English Learner Parent Advisory Committee. The SSC meets at minimum four times per year & the SELPAC group meets three times throughout the year, with the SSC focusing on overseeing the Site Plan for Student Achievement and the budget, while SELPAC focuses on ensuring Kingsley provides the best education possible for our English Learner students. All parents are invited to the monthly "Coffee With the Principal" meetings where parents hear presentations on a wide variety of topics. In this venue, parents also have the opportunity to chat with Kingsley's administrators in a more casual setting. These meetings provide parents with opportunities to ask questions on a variety of topics. At Kingsley School, Spanish language translators are requested to ensure that both English and Spanish-speaking parents understand the content of the discussions and be an interactive part of the discussion with teachers and other staff. In addition there are GATE and Special Education parent meetings throughout the year.

Kingsley also has a Parent Booster Club which all parents are welcome to join. Boosters organizes fundraising opportunities and works with the administration to prioritize funding goals for the school year. All school-wide communications (Newsletters, Flyers, Agendas, Connect-Ed telephone calls, etc.) are provided in both English & Spanish. Kingsley conducted a school-wide parent Needs Assessment to determine which topics are a priority for parent groups, and has hosted classes presented by the Parent Center at Linda Vista in both English and Spanish throughout the year. Childcare is provided at all meetings and classes. Families are encouraged to attend the annual Back-to-School Night and Open House events, enriching music performances, parent meetings, as well as attend the twice-annual Parent-Teacher Conferences.

Parents may contact the Principal, Assistant Principal, or Outreach Consultant for information on any outreach services at (909) 984-3634.

2024-25 School Safety Plan

Kingsley Elementary School's Emergency Response team and plan align with the District-wide emergency response plan. The Kingsley emergency response plan was last reviewed and updated with the staff in August 2024. Kingsley's School Safety Plan and Emergency Handbook have always been an integral part of the school. The plan includes emergency bell signals, fire

drills, earthquake procedures, lock-down procedures, bomb threats, and examples for coping with any crisis that may arise. In October 2024, Kingsley practiced an earthquake drill as part of The Great Shake-Out and a VIPER/Intruder/Lockdown drill in September 2024. Kingsley's most recent changes to the Safety Plan include strategies and goals to make Kingsley's walking areas, bus zones, drop-off and pick-up areas safer and more fluid to pedestrian and vehicle traffic.

Major goals of Kingsley's Safety Plan are:

1. All students and staff members are provided a safe learning and teaching environment.
2. All students are safe and secure while at school, when traveling to and from school, and when traveling to and from school-related activities.
3. District and community safety programs and safety protocols are made available to students and parents.
4. Kingsley School provides an educational environment where students, staff, and community members will effectively communicate in a manner that is respectful to all cultural, ethnic, and religious backgrounds.

Kingsley has a plan in place to ensure the safety and security of all stakeholders during an emergency situation. Kingsley is a PBIS (Positive Behavior Interventions and Support) school focusing on providing students and families with clear behavior expectations which are frequently acknowledged by all staff members. Kingsley encourages students, staff and families to follow the Ontario-Montclair School District's "See something, Hear something, Say Something" safety campaign. This campaign is shared with parents in newsletters as well as students multiple times each school year.

Fiscal Year 2023-24 Types of Services Funded

All students at Kingsley Elementary School receive a standards based education at the appropriate grade level. Students receive small group, differentiated instruction during Universal Access time in all grade levels. Students also receive 30 minutes of designated English Language Development instruction each day in which they are grouped, assessed and regrouped appropriately in order to meet each student's needs. In addition, students who are two or more years below grade level participate in our Language Arts intervention time, where students use a variety of programs such as iReady for Language Arts and Mathematics, iLit, Enhanced Core Reading Instruction (ECRI) strategies, as well as differentiated mathematics instruction. Intervention opportunities are offered in various and focused small group settings throughout the instructional day based on students' instructional needs. Various music education opportunities have been offered by our Music teacher during the school day and after school to meet the needs of these students, including enrichment opportunities to develop students' musical talents.

Kingsley offers many extracurricular activities for students to support their academic and social-emotional needs. Groups of students are offered the opportunity to participate in our Associated Student Body and participate in such clubs as: Homework Club, Photography, Soccer, Basketball, Track and Field, Chess, Choir, Show Choir and Gaming Club. Our two student mentors

Professional Development

The Ontario-Montclair School District offers research-based, on-going professional development for certificated, classified, and management employees. Professional development is designed to help employees enhance their knowledge and develop needed skills to provide quality services in order to maximize student learning and achievement. Professional development courses and programs are developed and coordinated through district departments as well as at each school site. The focus of all professional development is based on an analysis of student assessment data, combined with the instructional and management priorities outlined in the goals and objectives of our school improvement plans. Professional development at the site and district levels address the core curriculum, instructional strategies, standards-based instruction, classroom management, and Common Core Standards. Staff provides input on the professional development they would like to engage in.

OMSD has several sustained initiatives, which Kingsley Elementary has embraced, including Thinking Maps, Professional Learning Communities (PLC), Write From The Beginning, English Learner Support, Kagan Cooperative Engagement Strategies, ECRI, differentiated instruction and Learning Targets. Teacher-On-Assignment/Coaches are trained by the district to provide ongoing support at each site to ensure and support high-quality implementation in each classroom. At Kingsley School ongoing, rigorous staff development is an integral part of our school community and is intended to meet the goals and execute the strategies found in our Single Plan for School Achievement (SPSA).
