2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Berlyn Elementary serves students from Transitional Kindergarten through 6th grade. We currently have approximately 660 students who are served by 30 dedicated certificated teachers and an additional support staff of approximately 45. You will frequently hear students and staff share our vision, which is to: "Be Intrigued, Be Innovative, Be Inspired, Are You In3?"

The mission of Berlyn Elementary is to inspire innovative life-long learners who can pursue college and career. We provide challenging instruction to all students through the development of skills in technology, positive behavior, and higher level thinking.

Berlyn Elementary School offers an academically rich program for TK-6th graders utilizing technology as an avenue for learning. We focus on technology skills, positive behavior and higher level thinking strategies to ensure students are engaged in learning to move forward towards college and career as 21st century learners. All students in TK/Kindergarten have access and utilize a dedicated iPad, and all students in 1st-6th grades utilize a Chromebook. Our Berlyn Badge program challenges students to learn new technology concepts as well as frequent visits to our Innovation Studio, our version of a makerspace. Our school implements Positive Behavioral Interventions and Supports, commonly known as PBIS. One component is the use of our five behavior expectations. The Students at Berlyn Elementary School will: Be Safe, Be Kind, Be Respectful, Be Responsible, Be Persistent. We were proud recipients of the Gold PBIS award recognition in 2021, as well as receiving the Community Cares Recognition in 2020.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Berlyn School opened in 1955 on 9.2 acres of land. Eighteen of the classrooms are in portable buildings installed at various times between 1986 and 2009 to house the student population. In 2008, a Multipurpose Building, that houses a kitchen, storage areas, and two restrooms were completed. There are no current or planned facility improvements. Teachers, administrators, and support staff supervise all student recesses, arrivals, and dismissals. The entire front of the school is fenced in. All gates are secured during school hours. All visitors are required to check in and sign in at the school office and wear visitor badges while on campus. During drop-off and dismissal, teachers and administrators monitor three gates that are open for student pick-up by parents. Anyone checking out students early from school is verified by office staff as authorized adults on the students' emergency card and must officially sign the student out of school. The school has a total of 34 classrooms, a library, a Makerspace, an administration building with a staff workroom, a separate office building, and a multi-purpose room. The school facility offers a safe learning environment with fully functioning lighting, heating, and cooling systems, and noise negation. Wireless and network internet access is available in the office and all classrooms. Each portable classroom is approximately 850 square feet. Our permanent classroom structures are approximately 1000 square feet. There are 20 restrooms available for students and staff, all of which are in working condition. The school has two lunch shelters where students eat breakfast and lunch, as well as a large field with sufficient playground equipment for student engagement.

Ontario-Montclair School District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The Ontario-Montclair School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the Ontario-Montclair School District uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available at the school office or Ontario-Montclair School District office. The LEA governing board has adopted cleaning standards for all schools in the Ontario-Montclair School District. A summary of these standards is available at the school office or at the Ontario-Montclair School District office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. OMSD participates in the state's School Deferred Maintenance Program, which provides state matching funds in order to assist schools with the expenditures for major repairs and upgrades. Typically, this includes the following: roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, floor, and carpeting. Each year the district matches the required allotment set by the state in order to participate in the deferred maintenance program.

During the most recent Facility Conditions Evaluation conducted on August 30, 2021, by the County's Williams Team, facilities and buildings, rooms, and grounds were found to be in "good repair." The Facility Inspection Tool was used throughout a walk through of our school. There were no insufficiencies or deficiencies observed at the time of the inspection. The report on this inspection was forwarded to the Superintendent of Schools. There were no insufficiencies in the area of Instructional Materials. There were no extreme or good repair deficiencies in the area of School Facilities. There were not SARC findings to report, and there were no findings in the Teacher Assignment category. There were no findings observed in any of the four required areas.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Berlyn Elementary School encourages and offers multiple opportunities for parent involvement. Parents are encouraged to contact the office for more information on opportunities to become involved at school.

Our site administrative team is dedicated to building strong family/community/school partnerships. We also have 5 Teachers on Assignment (TOA's) who work to promote student attendance and achievement and keeping parents involved and informed. Please contact us if we can be of assistance (909) 986-8995. School Site Council (SSC) and Site English Language Parent Advisory Council (SELPAC) are parent groups that encourage family and community involvement. SSC is a decision-making body that works with the staff to help Berlyn best serve its students and jointly develop the School Plan for Student Achievement (SPSA). SELPAC is designed to support parents of English language learners. Parents serve as officers on the SSC board. Meetings encourage parental involvement at home and at school, as well as, inform parents of their rights and responsibilities. All parents are invited to meetings through fliers, posting on our marquee, monthly newsletters, and Connect-Ed announcements and Class Dojo. Translation and childcare are provided for all parent meetings. Coffee with the Administration meetings are held every few weeks, and provide an opportunity to connect with others, have formal training and informal collaborative conversations with the site administration.

Parents are seen as an integral part of their child's educational program. Back to School Night, parent conferences, Open House and parent meetings including meetings for parents of GATE (Gifted and Talented) and Special Education students serve as instruments to inform and encourage parental support of their student's learning. All parents are encouraged to attend these events through flyers, monthly newsletters, postings on our marquee, classroom teachers and student invitations. Parents are encouraged to volunteer to support student learning through school activities and opportunities to assist in the classrooms. Monthly newsletters and weekly announcements, as well as teacher newsletters and postings on our marquee, keep parents informed on current school events. Berlyn maintains and updates school calendars through fliers and our school website.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Student learning is enhanced by an orderly, drug-free and safe school climate. The safety of all students is handled through a school-wide Positive Behavior Intervention and Supports (PBIS) program. Berlyn has an active Associated Student Body (ASB) that focuses on government, philanthropy, and student advisory decision making.

The Comprehensive School Site Safety Plan was developed for Berlyn Elementary School in collaboration with local agencies and the district office. Components of the plan include: maintenance, security and safety of the physical environment, school climate which addresses disaster procedures and routines, an action plan that ensures a safe physical environment and safe school climate, as well as our school safety compliance that ensures required child abuse reporting procedures, suspension and expulsion policies, due process, notification to teachers about dangerous pupils, sexual harassment policy, school-wide dress code, procedure for safe ingress and egress from school, procedures to ensure a safe and orderly environment and rules and procedures on school discipline. Monthly disaster drills are scheduled and practiced school-wide to ensure student safety procedures. The plan was reviewed and updated with staff and community members annually, and is approved by the School Site Council. An approved copy of the school site safety plan may be obtained at Berlyn Elementary School's main office or the Ontario-Montclair School District office.

Berlyn's School Disaster Preparedness Plan is revised annually to update staff, students and parents on response procedures during emergencies. The plan was most recently reviewed, updated and discussed at School Site Council on February 10, 2021, and shared with the staff on February 16, 2021. Updated Emergency Response Booklets and Earthquake Procedures Booklets are available to all Berlyn staff members. Plans include:

- Detailed procedures for fire and lockdown situations
- First aid and lifesaving procedures
- Duties and responsibilities of the different emergency response teams
- A detailed inventory and location of disaster supplies

Students are instructed about and continually practice procedures for such occurrences as fire, earthquakes, intruder, and lock downs on a monthly basis. The district has provided Berlyn with training in light search and rescue, disaster preparedness and efficient emergency procedures. Emergency equipment and supplies are checked periodically. Parents are informed of the emergency procedures on an annual basis through our Parent/Student Handbook, SELPAC, SSC, and other parent meetings.

Staff members at Berlyn are committed to providing all students with a safe, orderly, and drug-free environment. Safety plan and disaster drill training was conducted on 10/2021 to include staff and students. Annually, parents are invited to meet with site administration to review our safety plan as well as participate in our drills. We are implementing parent communication following each drill through Connect Ed phone messages and utilizing an Emergency Text messaging feature. This will allow the administration to communicate with families important information once it is safe to do so during the event of an emergency. Berlyn School encourages students, staff and families to follow the Ontario-Montclair School District's "See Something, Hear Something, Say Something" safety campaign. This campaign is shared with parents in newsletters as well as students multiple times each school year.

Professional Development

Berlyn Elementary certificated and classified staff members have the opportunity for continued professional growth.

Annually staff provides input on the Staff Development that they would like to engage in. We also utilize assessment data to determine areas of need for continued professional development and planning. Berlyn has developed an instructional leadership team that consists of administration, support staff and teachers who meet regularly to plan our professional development offerings.

Professional Development occurs in a variety of forms, whole staff meetings and training, virtual sessions, OMSD district workshops, data and planning release days, and individual coaching cycles with an administrator, Teacher On Assignment, or Instructional Coach. Through our professional development plan, teachers are monitored and supported with co-teaching, teacher/administration meetings, formal and informal visits to classrooms and student performance/data decision-making. Certificated Staff for the 2021-2022 school year are engaging in professional development that includes focusing on the rigor of the Common Core State Standards, implementation of Learning Targets, research based best practices, and planning for individualized support and intervention.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
