

School-Parent Compact for Achievement

What is a School-Parent Compact?

A *School-Parent Compact for Achievement* is an agreement that parents, students and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach or exceed grade-level standards.

Effective compacts:

- Link to goals of the school improvement plan
- Focus on student learning skills
- Describe how teachers will help students develop those skills using high-quality curriculum and instruction
- Share strategies parents can use at home
- Explain how teachers and parents will communicate about student progress
- Describe opportunities for parents to volunteer, observe, and participate in the classroom

Jointly Developed

The families, students, and staff of Euclid Elementary School's School Site Council and School Site English Language Parent Advisory Committees meet five times a year to discuss student learning needs based on current grade level and district data. Our School-Parent Compact for Achievement is revised based on these discussions. Teachers suggest home learning strategies, parents add ideas to make them more specific, and students identify ways to support their learning goals. Parents are welcome to contribute comments at any time.

Building Partnerships: If you would like to volunteer, participate and/or visit in a classroom, please contact Irene Barrera, Outreach Consultant irene.barrera@omsd.net or leave a message at (909) 984-5119.

Students

Euclid Elementary students joined staff and parents to develop ideas about how they can succeed in school and reach their goals in reading, math, and behavioral expectations:

- Be a hard-working Scholar! Come to Euclid school every day on time ready to learn, wearing my uniform. Give my family all school communications.
- Take responsibility for my own learning while working collaboratively with others and when doing independent tasks.
- Complete all class work and homework assignments on time and to the best of my ability.
- Use all forms of technology responsibly. • Read for 20-30 minutes daily at home.
- Practice Math Fluency 5 – 10 minutes daily at home.
- Be a positive participant, act respectfully, work responsibly in a safe environment at all times and locations within our Euclid community.
- Know and work towards meeting my Lexile goals by the end of this school year.
