The Public Agency may create a new contractors list starting January 1st of each year. The Agency may include any contractors’ names they so desire on the list, but the list must include at a minimum all contractors who have properly provided the Agency with the information requested above, either during the calendar year in which the list is valid or during November or December of the previous year.

The Commission recommends that the Agency automatically include the names of all contractors who submitted one or more valid bids to the Agency during the proceeding calendar year.

A contractor may have his firm added to an Agency’s contractors list at any time by providing the required information. If at any time the contractor has a change of contact information it is the contractor’s responsibility to inform the district purchasing office.
