Message from Mr. Ramirez

As you are aware, our superintendent, Dr. Hammond, has indicated that students will continue with online learning until at least Spring Break. I'd like to thank all of our families, students, and staff for their perseverance during this last year. It has been a year unlike any other, where our patience and resolve have been tested.

That being said, I see signs of hope. As I write this, the number of COVID cases are dropping and a vaccine is already in place. With those two variables, students will soon have an opportunity to return to in-person learning. When that happens, we will be ready to provide the same level of academic excellence and socio-emotional support to all students that you are accustomed to. We can't wait for when we can see students face-to-face in our classrooms again!

Sincerely,

Mr. Ramirez
Principal
