## ARTICLE I - RECOGNITION

The District hereby confirms its recognition of the Association as the exclusive representative for the following:

A. Inclusions

All regular contract certificated personnel, including regular part-time and temporary teachers, and Occupational/Physical Therapists, hired by the District under E.C. 44920.

B. Exclusions

All management, supervisory and confidential employees; all classified employees (excluding Occupational/Physical Therapists); all casual or limited term personnel, including substitutes; all hourly employees; and all temporary employees who were not hired by the District under E. C. 44920.

C. “Unit Member” Defined

The term “unit member,” unless otherwise clearly indicated by the context, shall mean any person employed by the District in a position or classification which is included within the recognized bargaining unit.

D. Unit Clarification

The Association may seek unit clarification through Public Employment Relations Board (PERB) proceedings on new certificated classifications created and designated by the District outside the bargaining unit. Nothing agreed to herein will prevent adjustments to the bargaining unit to be made upon mutual agreement of the District and the Association.

## ARTICLE II - EFFECT OF AGREEMENT

### A. Agreement

The Articles and provisions contained herein constitute a bilateral and binding agreement (“Agreement”) on all matters relating to wages, hours, and other terms and conditions of employment by and between the Governing Board of the Ontario-Montclair School District (“Board”) and the Ontario-Montclair Teachers Association/CTA/NEA (“Association”), an employee organization.

### B. Effect Upon Board Rules

The District may determine and revise any of its rules, policies, regulations, or procedures; however, in the event of a conflict between the terms of this Agreement and any such rules, policies, regulations or procedures, the terms of this Agreement shall prevail.

The District acknowledges the right of the Association to bargain on contemplated changes by the District in negotiable terms and conditions of employment, as outlined in Government Code Section 3543.2, arising during the term of this agreement, even if they are not specified or referred to in this agreement, to the extent provided by law, subject to available defenses asserted by the District. Section A above is not intended as a waiver of this right.

### C. Separability and Savings

If any provision of this Agreement should be held invalid by operation of law or by any tribunal of competent jurisdiction, or if compliance with or enforcement of any provision should be restrained by any such tribunal pending a final determination as to its validity, the remainder of this Agreement, shall not be affected hereby.

It is further agreed that within ten (10) days of receipt of notification of the rendered decision, negotiations shall commence regarding matters related to such provision.

### **ARTICLE III - ASSOCIATION RIGHTS**

#### A. Access

Authorized Association representatives shall have the right of reasonable access to District facilities for the purpose of contacting unit members, and transacting lawful Association business. The Association will make a good faith effort to provide advanced notice, directly or through designee, of an upcoming visit. Upon arriving at a school site, any such representative shall sign in through the established safety protocol and announce his or her presence and the intended purpose and length of visit.

In no event shall any representative or unit member interrupt or interfere in any way with normal work. Contacts with unit members shall be limited to non-classroom teaching hours, such as preparation periods, duty-free lunch periods, and before and after school.

#### B. Use of Buildings and Equipment

The Association may utilize available District facilities and authorized equipment free of charge for meeting and business purposes outside of normal unit member work hours.

#### C. Distribution and Posting of Materials

The Association shall have the right to distribute organizational material, electronic and written, on matters of Association concern on District property, provided it conforms to the content restrictions in Section D hereof, and does not interfere in any way with District business. Organizational material may be distributed via email, staff mail boxes, or left for pickup in staff lounges and in other appropriate site locations as designated by the site administrator.

The Association shall have the right to post notices of activities and matters of Association concern (consistent with Section D hereof) on bulletin boards, at least one of which shall be maintained in each work location in an area frequented by unit members.

Material must be dated and must identify the person and/or organization associated with its promulgation. Upon request, the Association shall provide to the Superintendent or designee a complete copy of the material to be distributed.

#### D. Content Restrictions

No person shall distribute material on District property or through internal systems in a manner which distracts unit members who are performing their duties. Any material to be distributed or posted must not be defamatory, incendiary, or obscene.

E. Names and Addresses

Upon request, the District shall furnish to the Association without charge a list of the names, addresses, personal emails, and listed telephone numbers of all unit members, noting the assigned work site and first date of District-paid service for each member. The Association agrees to use such information for internal organizational purposes only, and not to disclose it to any third parties. During the school year, the District shall notify the Association quarterly of all assignment changes and transfers.

F. New Employee Orientation

1. The District provides mandated new employee orientations for all newly hired certificated employees so they are able to attend a meeting within or before their first 45 contract days.
2. Orientations may occur on Tuesdays, during the summer, after contract hours, and/or other mutually agreed upon dates.
3. Employees will be compensated in accordance with Article XIX, Section B-1, for attending orientations held outside of contract hours.
4. The District shall provide written notice of the date, time, and location of all New Employee Orientations to the Chapter President at least ten (10) work-days in advance.
5. The Association shall be provided up to one (1) hour of uninterrupted time for the New Employee Orientation.
6. The District administration will provide a separate on-site location for the Association's time.
7. The President shall serve as the Associations representative. If the President is not able to attend, a designee shall be released from their site/department to represent the Association without loss of pay.

G. New Certificated Employee Information

Except for new certificated employees who have submitted written requests pursuant to Government Code section 6254.3(c) prohibiting the disclosure of their home address, home telephone number, personal cellular telephone number, personal email address, or birth date, the following information for all new certificated employees will be sent from the District to the Association President and the Ontario-Montclair Teachers Association

electronically in a mutually agreed format within 30 days of hire or by the first pay period of the month following the hire if they are included in the District's records:

1. Name
2. Home Address
3. Personal Cell Phone Number
4. Personal Home Phone Number
5. Personal Email Address
6. Date of Hire
7. Position Description/Grade Level
8. Location
9. Employment Status (e.g. Permanent, Probationary, Temporary)

H. Organizational Security

1. Requirements

When voluntarily authorized in writing by the unit member to OMTA, the District shall deduct from the pay of said unit member monthly association membership contributions and that of its affiliates, the California Teachers Association and National Education Association.

2. Hold Harmless

The Association agrees to pay to the District all reasonable legal fees and legal costs incurred in defending against any court action and/or administrative action challenging the legality or constitutionality of this Agreement or its implementation.

The Association shall have the exclusive right to decide and determine whether any such action or proceeding referred to above shall or shall not be compromised, resisted, defended, tried, or appealed.

3. Payroll Procedures

The District shall, on a monthly basis, draw funds to remit to the Association for an amount equal to the total of the dues deductions and voluntary Association contributions made during the month, and shall furnish to the Association a list of all unit members affected together with the amount deducted for each.

I. Representation Rights

As provided in Article I, the Association is the exclusive representative of the unit member. The Association shall be entitled, upon request of the unit member, to represent unit members in all matters within the scope of representation.

J. Association Leave

The President of the Association shall be entitled to a paid full-time leave, with no loss of pay or benefits for the purpose of conducting lawful Association and District business.

At the request of the Association, a unit member elected or designated by the Association may at the discretion of the District and without creating precedent, be granted a paid leave of absence to attend state, regional, or national conventions or conferences. The Association shall reimburse the District for the cost of the substitute.

K. Association Business Meetings

Association meetings will be conducted on two designated Mondays of each month. The Association will provide the District with a schedule of meeting dates and mutually schedule opportunities for District personnel to present periodically. The District shall inform the Association of the content of the presentation in advance. The District shall make a reasonable effort to avoid requiring attendance of unit members at meetings after the minimum school-based assignment hours on Monday when such attendance would conflict with Association meetings. Unit members from schools with the latest student release times shall be released prior to the minimum school-based assignment time for the purpose of attending Monday Association meetings, provided assigned pupil supervision responsibilities have been completed.

L. Board of Trustee Meetings

Association members have the right to attend and participate in Board of Trustee meetings. The District shall make a reasonable effort to avoid scheduling meetings or school events which conflict with Board of Trustee meetings.

M. Committees

It is recognized that the District, to foster professional collaboration, forms committees. The District and Association shall be represented by a variety of stakeholders, and both the District and the Association shall appoint representatives to all district committees.

## ARTICLE IV - DISTRICT RIGHTS

- A. This Article is intended to ensure that the District retains all rights and powers which it has not agreed to limit in other Articles of this Agreement; this Article is not intended, nor shall it be construed as:
1. Expanding the rights of the District beyond statutory and constitutional limits;
  2. Waiving the rights of the Association or unit members under the Education Code or other statutes or constitutions; or
  3. Waiving or otherwise diminishing the rights of the Association or of unit members as set forth in this Agreement.
- B. Subject to the foregoing qualifications, it is agreed that all matters which are not enumerated as within the scope of negotiation in Governmental Code Section 3543.2, and also all powers and rights which are not limited by the terms of this Agreement, are retained by the District. Such retained rights include, but are not limited to, the exclusive right to:
1. Determine the legal, operational, geographical, and organizational structure of the District;
  2. Determine all sources and amounts of financial support for the District and all means or conditions necessary or incidental to securing the same, including compliance with any qualifications or requirements imposed by law or by funding sources as a condition of receiving funds;
  3. Determine all budget matters and procedures including all budgetary allocations, reserves and expenditures apart from those expenditures expressly required by other Articles of this Agreement;
  4. Determine the number, type and location of all District owned or controlled properties, grounds, facilities and other improvements, including the acquisition, disposal and utilization of same and the work, service, and activity functions assigned to each of such properties;
  5. Determine the duties and types of services to be rendered; the job content and qualifications of employees; the methods, frequency, and standards of services;

performance standards; and the personnel, supplies, materials and equipment to be used;

6. Determine, subject to consultation rights of the Association under Government Code 3543.2, the educational policies, procedures, objectives, goals, and programs, including those relating to curriculum, textbook selection, pupil placement, guidance, grading, testing, records, pupil conduct and discipline, and extracurricular and co-curricular activities;
  7. Select, classify, direct, utilize, promote, demote, lay off, terminate (subject to Education Code provisions) and retire any personnel of the District;
  8. Assign employees to any location, and also to any facilities, classrooms, activities, academic subject matter, specialties, departments and grade levels;
  9. Determine staffing patterns including but not limited to the number of employees;
  10. Determine the job classifications and the content and qualifications thereof;

  15. Determine, to the extent permitted by the Education Code, the utilization of persons not covered by this Agreement to do work which is normally done by persons covered hereby, and the methods of selection and assignment of such personnel.
- C. The above-mentioned rights of the District are listed by way of example rather than limitation, and the provisions of this Agreement constitute the only contractual limitations upon the District's rights. The exercise of any right reserved to the District in this Article in a particular manner, or the non-exercise of any such right, shall not be deemed a waiver of the District's right or preclude the District from exercising the right in a different manner.

## ARTICLE V - GRIEVANCE PROCEDURE

### A. Purpose

The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to the problems that may from time to time arise and affect the welfare or working conditions of unit members.

### B. Definitions

1. A grievance is a claim by a grievant that there has been a violation, misinterpretation, or misapplication of a provision in this Agreement or MOU. For concerns outside the grievance process, refer to Article XVII.
2. A grievant is a unit member or an authorized Association representative.

### C. Procedures

1. Before a formal written grievance is filed, a unit member and/or designee shall reasonably attempt to resolve their concerns with the immediate supervisor through written communication or meeting describing the possible violation, misapplication, or misinterpretation of a provision in this Agreement or MOU.
2. Level I: If no resolution is reached as per C1 above, the grievant must present such grievance in writing (see appendix) within twenty (20) duty days to the immediate supervisor. If the grievant did not have actual constructive knowledge of the occurrence of the grievable act or omission, and could not with the exercise of reasonable diligence have known about it, then the twenty (20) duty day time limit shall begin to run on the date upon which the grievant knew, or could with reasonable diligence have known, of the occurrence. The written statement of the grievance shall include the specific provisions of this Agreement alleged to have been violated, the circumstances involved, the decision, if any, rendered at the informal conference, and the specific remedy sought.

A conference shall be held upon request of either the grievant or the administrator. The administrator shall communicate a decision to the grievant and the Association in writing within ten (10) duty days after receiving the grievance and such action will terminate Level I.

3. Level II: In the event the grievant is not satisfied with the decision at Level I, the grievant may appeal the decision in writing to the Superintendent or his designee within ten (10) duty days after the termination of Level I.

This statement shall include a copy of the original grievance, the decision rendered at Level I, and a statement of the reasons for the appeal. A conference shall be held upon request of either the grievant or the Superintendent or his designee.

The Superintendent or his designee shall communicate a decision to the grievant and the Association within ten (10) duty days after receiving the appeal and such action will terminate Level II.

4. Level III (Arbitration): If the grievant is not satisfied with the results of Level II, he or she shall, within ten (10) duty days after the termination of Level II, file a written request to the Association that it submit the grievance to arbitration. The Association shall, if it desires to proceed to arbitration, so advise the Superintendent in writing within fifteen (15) duty days after the termination of Level II.

a. Selection of Arbitrator: As soon as possible, and not later than seven (7) working days after the District receives the written notice of the Association's desire to arbitrate, the District and the Association shall attempt to agree upon an arbitrator. If no agreement is reached within said seven (7) days, an arbitrator shall be selected from a list furnished by the American Arbitration Association by alternate striking of names until one name remains. The party who strikes the first name shall be determined by lot and the names shall be ranked in order of preference. If the arbitrator selected indicates that he will not be available for hearing within sixty (60) calendar days, the District and Association shall select the arbitrator next in order from the preference list.

b. Limitations Upon Arbitrator: The arbitrator shall have no power to alter, amend, change, add to, or subtract from any of the terms of this Agreement, but shall determine only whether or not there has been a violation, misinterpretation or misapplication of the provisions of this Agreement with respect to what has been alleged in the grievance. The decision of the

arbitrator shall be based solely upon the evidence and arguments presented to him by the respective parties in the presence of each other, and upon arguments presented in briefs.

The function and purpose of the arbitrator is to determine disputed interpretations of the terms of the Agreement, or to determine disputed facts upon which the application of the Agreement depends. Past practice of the parties in interpreting or applying terms of this Agreement may be relevant evidence, but shall not be used to effect modification of the written terms of this Agreement.

- c. Arbitrator's Decision: The award of the arbitrator shall, unless extended by mutual written agreement of the parties, be rendered within forty-five (45) calendar days after the date of final submission. The decision of the arbitrator within the limits herein prescribed shall be final and binding upon the grievant, the District and the Association, subject to the Code of Civil Procedure 1282 et seq.
- d. Expenses: All fees and expenses of the arbitrator shall be shared equally by the parties. Each party shall bear the expenses of the presentation of its own case.
- e. Expedited Arbitration: The arbitration may be held under the Expedited Rules of the American Arbitration Association upon prior written agreement between the Association and District.

D. General Provisions

1. Group Grievances

If the same or essentially the same grievance is filed by more than one grievant, then one grievant may process the grievance under this Article on behalf of the others. The final determination shall be applied to all said grievants.

2. Effect of Grievances

The filing or processing of a grievance shall not delay or interfere with any District action while the grievance is being processed. Processing and discussing the merits of an alleged grievance shall not constitute a waiver by the District of a defense that the dispute is not grievable or arbitrable.

3. Accelerated Grievances

If a grievance arises from action or inaction on the part of a member of the administration at a level above the principal or immediate supervisor, the grievant shall submit such grievance in writing directly to the Superintendent or designee with the processing of such grievance to commence at Level II, subject to prior written mutual agreement between the Association and District.

4. Failure to Meet Time Limits

If a grievance is not processed by the grievant and Association in accordance with the time limits set forth in this Article, it shall not be subject to arbitration and shall be considered settled on the basis of the decision last made by the District. If the District fails to respond to the grievance in a timely manner at any level, the running of its time limit shall be deemed a denial of the grievance and termination of the level involved, and the grievant may proceed to the next step.

Time limits hereunder may be lengthened or shortened in any particular case by mutual written agreement. The parties will attempt in good faith to adjust time limit problems which occur above Level I as a result of vacation periods.

5. Association Representation

The grievant shall be entitled, upon request, to representation by the Association at all grievance meetings, including C.1 herein. The District shall not agree to a final resolution of the grievance until the Association has received a copy of the grievance and the proposed resolution and has been given the opportunity to file a response with the District.

6. Reasonable Released Time

Grievance meetings, normally will be scheduled by the District so as not to conflict with classroom duties. However, if the meeting is expected to be of such duration that it would extend beyond the normal business hours of the District's central office, the District shall provide release time with no loss of pay to one authorized representative of the Association so that the session can be accommodated within such business hours. This shall constitute "reasonable periods of released time" within the meaning of Government Code section 3543.1 (c).

7. Confidentiality

In order to encourage a professional and harmonious disposition of unit members' grievances, it is agreed that, from the time a grievance is filed until it is processed through binding arbitration, neither the grievant nor the Association nor the District shall make public either the grievance or evidence regarding the grievance. This prohibition is not intended to preclude interviewing of witnesses or other necessary investigation and preparation for hearing, nor is it intended to preclude general discussion of the issues that may be present in the case, so long as such discussion does not directly or indirectly identify the school, the grievant or other involved persons.

8. No Reprisal

There shall be no reprisal against a unit member for filing a grievance or assisting a grievant in the above procedures.

9. Grievance Files

The District's records dealing with the filing and processing of a grievance shall be maintained separately from the grievant's personnel file. The grievant and/or Association representative shall have access to and copies of the documents dealing with the processing of the grievance.

## **ARTICLE VI - WORK STOPPAGE**

Apart from and in addition to any legal restrictions upon and remedies for work stoppages or lockouts, the Association and the District agree to the following:

A. Association Responsibility

Neither the Association nor its affiliates, California Teachers Association and National Education Association, nor their respective officers or representatives, shall cause, encourage, condone or participate in any strike, slowdown or other work stoppage against the District during the term of this Agreement for any cause or dispute whatsoever, including but not limited to disputes which are subject to the grievance/arbitration provisions of Article V, disputes concerning matters not mentioned in this Agreement, disputes relating to alleged unfair practices, and disputes with other employee organizations. In the event of any such actual or threatened strike, slowdown or other work stoppage, the Association and its officers and representatives will take all reasonable steps within their control to avert or end the same. This paragraph is directly enforceable in court by the District without regard to any unfair practice procedures or proceedings.

B. Employee Responsibility

No unit member shall engage in any strike, slowdown, or other work stoppage against the District during the term of this Agreement. Any unit member who does so shall be deemed in breach of his or her individual contract of employment and shall be subject to appropriate legal proceeding.

C. District Responsibility

The District shall not engage in a lockout of unit members during the term of this agreement.

## ARTICLE VII - SPECIAL EDUCATION

The District recognizes its responsibility to provide a continuum of special education programs and related services in compliance with the applicable state and federal statutes and to adhere to the regulations and requirements of the Special Education Local Plan Area (SELPA). In addition to the requirements set forth by the SELPA and applicable state and federal statutes, the Association and the District agree to the following:

A. Individual Education Plan Team Composition

1. The District further recognizes that Individual Education Plan (IEP) teams, per Education Code 56341, defined as: One (1) or both parents/guardian, not less than one (1) general education teacher, not less than one (1) special education teacher, one (1) local educational agencies representative, and other related service providers when a student is receiving services or report findings suggest eligibility for services.

B. Change of Placements

1. If the IEP team makes a recommendation to change a student's placement, the referring case carrier shall notify the potential receiving case carrier and service providers early enough to ensure every opportunity to attend the meeting. The District will provide the receiving teacher(s) and service provider(s) with pertinent information regarding a student considered for placement prior to the IEP meeting so that the receiving teacher(s) and service provider(s) can be an informed and knowledgeable member of the team.

C. Implementing Student IEPs

1. When new services by a teacher are included as part of the student's individual education program, the IEP team will define the frequency and duration of services in addition to the date services will begin. A student's IEP shall be implemented as soon as possible following the IEP team meeting.

Excluded from this provision are special education students with an active IEP new to the District. Students will be placed in a comparable program upon enrollment in the District by a Special Education administrator.

2. Unit members will be provided support and services as specified to implement the student's IEP.
3. When an IEP team determines inclusion is the appropriate placement, or a student new to the district enrolls with an inclusion placement/service, the district will provide appropriate support (e.g., personnel, equipment, facilities, and training) as outlined on the IEP.
4. Where appropriate, the unit member shall be involved in the interviewing and training of his/her assistant(s).
5. On a voluntary basis, a unit member may supervise the administration of medication by a student which has been prescribed by a licensed physician for use by that student at school during the instructional day.

E. Assessments and IEP Paperwork

1. Elementary RSP teachers will receive the equivalent of one (1) day per week to complete assessments, IEP meetings, paperwork and other required non-teaching duties with the expectation that this time shall normally be one full day per week unless the RSP teacher and site administrator mutually agree to an alternative schedule.

RSP teachers at school sites that are assigned Tuesday Team Days shall be afforded an additional 90 minutes of team time during the week to make up for the difference between release time on Tuesdays and the other days of the week.

Speech/Language Pathologists shall be provided the equivalent to 3.375 hours per week of time without students assigned, for purposes such as preparation, conference, and curriculum development.

F. Meetings and Staff Development

1. The District will make a reasonable effort to hold special education support staff meetings (e.g. SLP, RSP, APE, School Psychologists, and Nurses) during the duty day.
2. The District will make a good faith effort to protect the unit members' professional time. To that end, the District will support the scheduling of IEP meetings during the regular school day. Unit members are not required to participate in IEP meetings longer than 60 minutes beyond the unit members' regular contract day.
3. When unit members are requested to attend IEP meetings called during regular instructional hours, the District shall provide for the release of the unit member from his/her assigned duties in order to attend.
4. At any time, unit members may request an IEP meeting when concerns associated with identified students are evident (e.g. lack of student progress, modification to goals and objectives, assessment(s), additional support(s)).
5. Unit members shall be provided professional development/information meetings to explain applicable Special Education legislation, provisions, and regulations during the identified Site Level and Staff Development Meetings.

G. Schedules

H. Materials and Room Environment

1. The District will make a good faith effort to provide each SLP, SDC, RSP teacher a room with reasonable space and furniture for students, aide(s) and the unit member subject to possible constraints including the need to provide adequate housing for all students and staff at individual school sites.
2. The District shall provide each special education unit member with designated textbooks, consumables, and/or materials necessary to meet district curriculum and student IEP requirements.

\*SLPs who have a mixed caseload, which includes preschool students, will have their caseload weighted at 1.375 per each preschool student. The 1.375 was determined by dividing 55 by 40.

Supervisor of School Psychologists will monitor the workloads of each unit member and will provide additional support as he/she deems appropriate to maintain state and federal mandates at a minimal level of service. Additionally, school psychologists may request support. The supervisor shall immediately remedy the situation by initiating one (1) or more of the following actions within five duty days of the notification:

1. Reassign case(s) to another school psychologist;
2. Consultation with supervisor to review workload;
3. Collaborative meeting including site administrator; and/or

  2. Opening an additional class if sufficient students are available;
  3. The assignment of additional assistants to the class; or
  4. Hire additional related service provider(s).

**ARTICLE VIII - HOURS OF WORK**

A. Minimum School-Based Assignment

The District recognizes that the varying nature of a unit member’s day-to-day professional responsibilities does not lend itself to a day of rigidly established length.

1. The minimum school-based assignment hours shall be six and three quarter hours (6 ¾) exclusive of the unit member’s regular lunch period.
2. The work day for school psychologists shall be 8 hours exclusive of the unit member’s regular lunch period, with a minimum of 6.75 hours of service provided at their assigned work site and 1.25 hours may be worked remotely with approval from their direct supervisor. Per-diem rate will be calculated based on 8.00 hours. In the event of the unit member and administrative supervisor do not come to a consensus on approval to work remotely, the unit members may petition the Assistant Superintendent of such division for request of reconsideration.

Weekly instructional minutes will not exceed:

<u>Elementary:</u>	Pre-Kindergarten = 975 weekly instructional minutes
	TK/Kindergarten = 1125 weekly instructional minutes
	Grades 1,2,3 = 1565 weekly instructional minutes
	Grades 4,5,6 = 1625 weekly instructional minutes
	Grades 7,8 = 1625 weekly instructional minutes
<u>Middle school:</u>	Grades 6,7,8 = 1650 weekly instructional minutes

Within this limit, the site administrator shall determine class schedules, lunch schedules, and the arrival and departure times for each unit member. The site administrator shall consult with the staff or individual unit members regarding proposed schedules or changes in schedules, and the site administrator’s determination shall not be arbitrary, capricious, or vindictive.

Permit teachers assigned to the pre-school program shall be assigned on-site duty hours, determined by the District, according to fiscal capabilities and program needs, but their hours shall not exceed the hours of regular teachers.

The District shall maintain a minimum staff of eight (8) FTE nurses for the duration of this agreement.

Unit members may be released from the above minimum school-based assignment obligations, at the discretion of the site administrator and without creating any precedent, in order to visit the Resource Center, attend District committee meetings, or for any other purpose related to their assigned duties.

B. Minimum Pupil Days

For parent conference week, Back-to-School Night, Open House, and one (1) mutually identified Community event, school sites shall schedule instructional days that do not exceed 255 minutes in length. The minimum days shall be scheduled on the days of the events or on other instructional days mutually agreed upon by site administration and site unit members; the immediate supervisor will release unit members after classes on the agreed upon minimum days.

C. Adjunct Duties and Instructional Duties

In addition to assigned classroom teaching duties, unit members may be asked to perform a variety of duties in support of student learning. Many of these will occur outside of the minimum school-based assignment hours, and some may be performed away from the worksite after hours.

1. Adjunct Duties: Unit members may be assigned adjunct duties that involve supervision or assistance with a specific student-centered social or recreational activity (e.g., dances, parent nights, whole school events, etc.).

Site administrators in collaboration with the unit members, shall make a reasonable effort to see that the hours of work involved are equitably distributed among the staff, taking into consideration staff strengths and interest, with teachers' preference given high priority. Unit members who are asked and agree to perform duties during Saturday events will be time carded for this support.

2. Instructional Duties: These duties may include preparing materials for instruction; reviewing and grading work of pupils; conferring and counseling with pupils, parents, staff, and administrators; keeping records; developing documents for student referrals; generating reports and evaluating student data; supervising aides as assigned; and attending site level meetings, subject to the limitations specified

in section D. The District shall make a good faith effort to provide teachers time to complete many of the above mentioned instructional duties.

3. The duties set forth in this section are listed by way of example rather than limitation; however, it is understood that other duties must be reasonably comparable in nature to the above-listed examples. Unit members in non-classroom assignments shall continue to support both adjunct and instructional duties appropriate to their assignments.

D. Site Level and Staff Development Meetings

Prior to the start of the academic school year, as well as throughout the year, the site administrator shall consult with the staff regarding the content of professional development.

1. Site Level and Staff Development Meetings shall adhere to the following configuration and duration:
  - a. Two (2) Tuesday per month up to 90 minutes;
  - b. 1st and 3rd Tuesdays, where holiday and Parent/Teacher conferences conflict, an alternate date will be identified by the District and Association;
  - c. One (1) Mandated Training. (start of year);
  - d. One (1) End of year (i.e., cumulative folders).
  - e. Two (2) minimum days for report card/conference preparation

Prior to the start of the academic year, the District and the Association will determine the weekdays reserved for site level and/or district meetings and publish a site meetings calendar. Under special circumstances, the calendar for meetings can be deviated from with the approval of the District and the Association.

When such meetings occur on an early-release Tuesday, the meeting shall not extend beyond the contract day. When such meetings occur on regular instruction days—in accordance with the site meetings calendar—the meeting shall not exceed an hour and one half in duration.

Meetings (e.g., committee meetings, SST meetings, IEP meetings) extending beyond the normal minimum school-based assignment hours shall not require more than two (2) hours, excluding staff meetings, of unit member attendance in any calendar month.

Exceptions to the above may be made in the event of an extraordinary circumstance.

E. Lunch, Breaks, and Preparation Periods

Each unit member shall receive a daily, uninterrupted duty-free lunch break of not fewer than thirty (30) minutes at middle schools and not fewer than forty-five (45) minutes at elementary schools, as scheduled by the immediate administrator, except when there are unscheduled fire drills or other such emergencies. In the event of inclement weather, site administration will ensure each unit member has a duty-free lunch as described above. The forty-five (45) minute lunch at elementary schools may be reduced to a thirty (30) minute lunch during conference weeks, Back to School, Open House, and other identified minimum days as mutually agreed upon by site administration and site staff.

Each full-time Middle School teacher shall be afforded no fewer one scheduled class period daily as a preparation period, except when there are unscheduled fire drills or other such emergencies.

The District shall assign sufficient additional personnel to provide not fewer than seventy (70) preparation periods per school year to full-time elementary classroom teachers grades 1-8 (excluding Middle School). The preparation period shall normally be one (1) class period per week of an hour (60 minutes) per teacher, or in the case of scheduling difficulties, no fewer than fifty (50) minutes without reducing student instructional time. Preparation period time may be shorter on minimum pupil days. The number of preparation periods for teachers working fewer than 184 days will be prorated.

If a teacher is not provided his/her scheduled preparation period due to the absence of the curriculum support teacher and a shortage of substitutes, the preparation period shall be rescheduled. Normally, this will be rescheduled within five (5) instructional days.

Preparation periods for unit members shall be used for job-related work, teacher-directed preparation for classes, and preparation of teaching materials.

Unit members who travel from one school to another on a regular basis shall have the same rights to a planning/preparation period, lunch period, and physical relief breaks as do other unit members.

A unit member whose classroom and supervision duties would otherwise require working through a half day (3.5 hours) shall be permitted a relief break.

F. Period Substitute Pay

Each site will address the need for coverage in the event that a substitute is not available. This will include the following procedures:

For Middle Schools: In the event that non-classroom certificated staff is unavailable, the administrator will first ask for volunteers. If no one volunteers for a particular period, the administrator may assign unit members, provided that such assignment is done in an equitable manner from among all available unit members.

Classroom unit members shall be paid 1/5 of Column A, Step 1 daily rate for each period of coverage they provide. Non-classroom, certificated unit members may provide substitute coverage for no more than five (5) periods in one week without compensation. If such substitute coverage is required for more than five (5) periods in one week for non-classroom, certificated unit members, said unit members shall then be compensated 1/5 of Column A, Step 1 daily rate for each period of coverage they provided in excess of five (5) periods per week.

For Elementary Schools: In the event that non-classroom, certificated staff is unavailable, the administrator shall divide students among other classrooms in an equitable fashion that will have the least impact on the instructional program. Unit members shall be compensated Column A, Step 1 daily rate, divided by the number of unit members who provide coverage. If the coverage is for less than one (1) instructional day, the amount shall be prorated. Non-classroom, certificated unit members may be required to provide substitute coverage for no more than one (1) instructional day per week. If such substitute coverage is required more than one (1) instructional day per week for non-classroom certificated staff, said unit members shall also be compensated Column A, Step 1 daily rate for coverage they provide in excess of one (1) instructional day per week.

Non-Classroom – Unit members shall be compensated at the substitute rate as indicated herein.

G. 7-Period Day

A site administrator may propose a 7-Period day as an option with a three-quarter vote (75%) from their certificated staff. Schools who implement this model, shall commit to a minimum of a two (2) year term, prior to soliciting a new vote to continue the model. The

7-Period model implementation is contingent on it being fiscally responsible for the District to support annually.

H. K-8 Grade Sites Preparatory Periods

MOU language (Appendix X) to be included into the CBA effective the 2024-2025 school year.

I. Special Education Classes

The District shall make a good faith effort to start and end all special education classes at the same time as the regular classes at the site where the special education class is situated.

J. Transitional Kindergarten/Kindergarten Share Time

Unit members teaching transitional kindergarten/kindergarten classes will provide instructional support for sixty (60) minutes each regular day with their own students, other transitional kindergarten/kindergarten students, or other primary grade students. Transitional kindergarten/kindergarten teachers will work collaboratively to develop a plan, or may submit their own written plan, subject to the approval of the Association and District.

Full time 184 days:

- Classroom Teacher
- APE

- Elementary Music
- Nurse
- Outreach Consultant
- RSP
- Speech Language Pathologist (SLP)
- Teacher on Assignment
- Counselor

- OMTA President – 197 days

Any unit member whose regular contract assignment requires additional days shall be paid on a pro-rata per diem basis for any days beyond 184 in which they are expected to complete work regularly assigned to the position. School psychologists are the exception at 193 days.

The work year of unit members employed in positions funded through Categorical/Grant programs will be determined by the requirements of the program/Grant.

#### L. Job Sharing

Job sharing shall refer to a District approved assignment in which two (2) unit members share one (1) full-time position. Job sharing assignments shall be filled only by unit members who have at least three (3) years of successful teaching or professional experience and have jointly agreed to work together and have submitted the district form, to the Superintendent or designee, who shall have the right to approve or deny the job-sharing request. The District shall provide a minimum of 45 days' notice of application due date.

1. Process for Assignment: Unit members shall submit a written proposal to the Superintendent or designee for approval to participate in job sharing. This proposal must be received on or before the District's designated due date.

Unit members shall be informed of the status of their proposal within ten (10) duty days of the District's designated due date.

2. Compensation: Participants shall be placed appropriately on the unit member's salary schedule, receive a prorated portion of the individual's yearly salary, and be given appropriate added increments for advanced degrees or longevity.

Unit members working in such positions for at least 50% of a full-time assignment shall receive one (1) step increment for each year of job sharing.

Unit members working less than 50% of a full-time assignment shall receive a one (1) step increment after accumulating at least 75% of the work days designated for a full-time assignment. These incremental units of service credit may be accumulated over multiple years.

Unit members who wish to work part-time will be given a good faith effort opportunity by the District. If they wish to return to full-time work they will inform the District by April 15.

## ARTICLE IX – MATERIALS/SPACE

### A. Allotment for Materials

All Unit Members will be provided basic appropriate consumables, such as paper, pencils, pens, crayons, markers, erasers, glue, tissues, etc. Furthermore, the District shall annually allot to each school additional funds as follows:

The funds shall be apportioned on a per pupil basis for all classroom teachers (including Special Day Class (SDC), Inclusion, and Preschool). The apportionment allotted for Resource Specialist Program (RSP) teachers, Speech Language Pathologists (SLP), Visually Impaired (VI) teachers, Deaf & Hard of Hearing (DHH) teachers, Adaptive Physical Education (APE) teachers and School Psychologists is addressed in Article VII, Section G.

Allotments shall not carry over into the following academic school year.

2. Middle School Teachers: The District shall allot an amount equal to \$18.00 per enrolled child for the purchase by middle school teachers of discretionary instructional materials. The funds shall be apportioned to each classroom teacher (including SDC and Inclusion) by dividing the amount on an equitable basis. The apportionment allotted for Resource Specialist Program (RSP) teachers, Speech Language Pathologists (SLP), Visually Impaired (VI) teachers, Deaf & Hard of Hearing (DHH) teachers, Adaptive Physical Education (APE) teachers, and School Psychologists is addressed in Article VII, Section G.

Allotments shall not carry over into the following academic school year.

3. New Teachers: Teachers new to a site will also be allotted classroom materials and supplies, such as staplers, scissors, rulers, etc. necessary for classroom set up.

4. Out of Classroom Teachers: Out of classroom teachers will be allotted reasonable materials in order to fulfill their essential duties.

B. Storage and Workspace

C. Music Classes

The District will make a good faith effort to provide music teachers with reasonable space, furniture and appropriate storage space.

D. Confidential Space

When provided a reasonable notice, the District will identify a confidential space for unit members to conduct assessments and convene IEP meetings.

## ARTICLE X - CLASS SIZE

### A. Pupil/Teacher Ratios

The District shall meet the following pupil-teacher class maximums, subject to possible constraints such as staff availability and classroom space:

1. Transitional/Kindergarten Goals: 23.5 pupils per class average per school, with the maximum 24.
2. Elementary Goals: (Grades 1-6): 28 pupils per class average per school, with primary grades (1-3) averaging 25, maximum 26; and with intermediate grades (4-6) averaging 29, maximum 31. Combined grades K/1 or 3/4 are covered by the primary ratio.
3. Middle School Goals: (Grades 6-7-8): 31 pupil contacts per class period average with a daily pupil contact maximum of 155, and a per period of maximum 32 with the exception of physical education and other traditionally large group classes. For physical education, 45 pupil contacts per class period average with a maximum of 50 per class with a daily pupil contact maximum of 225.
4. The District will make a good faith effort to ensure classes at each site are equitably balanced and meet the requirements of the program

### B. Exclusions

Excluded from the above goals and maximums are:

1. Those classes that are participating in a State Class Size Reduction (CSR) program.
2. Traditionally large group classes or experimental instruction such as instrumental or vocal music, situations in which two or more individual classes are assembled together for special instructional purposes, modular or team teaching situations, leadership and other similar situations.

### C. Enrollment Reporting

Analysis of individual class sizes, including SDC, shall be based on monthly school enrollment reports. Education aides are not to be counted as teachers for purposes of these computations. The Association may request enrollment reports when necessary.

D. Over-Enrollment

Analysis of individual class sizes shall be based on monthly school enrollment reports. Teachers whose class-size average remains over the stated limits shall be compensated in accordance with the following:

1. Beginning of School Year: The District has a grace period of twenty (20) student days at the beginning of the year to correct over-enrolled classes. Starting on day 21, teachers will be compensated \$10.00 for each additional student contact per day, retroactive to the first day of over enrollment, and for as long as they remain overenrolled.
2. Compensation Mid-Year: After the grace period referenced above, any general education teacher whose daily student contacts exceed the maximum allowed for a period of ten (10) consecutive days shall be compensated \$10.00 for each additional student contact per day and shall be paid retroactively to the first day of over-enrollment.

## ARTICLE XI - TRANSFER PROCEDURES

A transfer is defined as the relocation of unit members from one school site or administrative unit to another. Transfers fall into two categories: 1) Administrative or involuntary transfers that are initiated by the District, and 2) transfers that are initiated at the request of the unit member on a voluntary basis. All transfers are subject to the following procedures:

### A. Posting of Openings

1. An opening is defined as a position at a school location which the District has determined is to be filled by a regular probationary or permanent unit member rather than a substitute or temporary employee. This District shall have the sole authority to determine when and where there is an opening.
2. The District will post via email to all unit members a notice of opening which occurs during the school year or summer session. Each notice shall state a deadline for applications which shall be not fewer than ten (10) working days after posting. The opening shall not be filled prior to such deadline.
3. When openings occur at the beginning of the school year due to an underestimation of enrollment at a school, then such openings may be filled by administrative transfer (see Section B) without using the posting requirement established herein.
4. The District may, in cases where an opening occurs after the school year has commenced, fill such position(s) on an interim basis with a newly hired regular unit member without following any posting procedures. Assuming such a position is to be retained for the next school year, it is to be posted no fewer than (twenty) 20 calendar days prior to the last duty day of that assignment. First opportunity to interview will be given to administrative transfers, second to voluntary transfers, and third to a new employee.

### B. Administrative Transfers

1. After February 1<sup>st</sup> no unit member(s) shall be transferred because of declining enrollment at their school site unless there is a corresponding need at another site.
2. When the District initiates a transfer, all unit members being administratively transferred including those who volunteered to be administratively transferred, shall be afforded a meeting with HR for the purpose of reviewing available

openings and the unit member's placement preferences. If desired, administrative transfers will have the first opportunity to interview for available openings. When a choice of positions is possible, unit members may indicate an order of preference for appropriate consideration.

3. Should administrative transfers of unit members be initiated due to declining enrollment following the start of the school year, placements will be made based on available openings and selection opportunities will be offered to unit members as applicable.
4. An opportunity must be provided for the unit member to meet with the administrator/supervisor recommending the transfer prior to affecting the proposed transfer, and to be advised in writing of the reasons for recommending such transfer. A copy of this written notice shall be placed in the unit member's personnel file. The unit member may file a written response to the reasons given. This response may be placed in the unit member's personnel file for record purposes only with the written permission of the unit member.

5. Reasons for Initiating Administrative Transfers

Transfers shall be made only for educational program reasons, such as the examples listed below, and shall not be made for vindictive, capricious or arbitrary reasons.

a. Placement of Unit Members Returning from Leaves or Categorical Aid Programs

b. Instructional Program Needs

This category is intended to cover changes in pupil enrollment, in programs or in curriculum, as well as acknowledge the need for particular instructional skills, experience or specialized services. It also includes situations where another school has a greater need for an employee's specialized services than does the school of current assignment.

c. Opening and Closing of Schools

When a new school is to be opened, all proposed vacancies to be filled shall be posted. Whenever possible, selections will be made on the basis of voluntary transfer.

However, when an opening of a school is accompanied by the closing of a school or grade level eliminations within a school, those unit members being displaced shall be accorded first preference in interviewing at the school being opened.

The closing of a school will require that all members assigned to the school that is to be closed will be given preference in interviewing for available openings in accordance with the procedure authorized in Part A of this Article.

The District should make the final decision to close a school as early as practicable and not later than July 1, except in extenuating circumstances.

d. Certification Adjustment

From time to time it may be necessary to transfer a unit member when it is determined that the assignment is in violation of credential authorization.

e. Performance Renewal

A unit member may be transferred in order to provide a reasonable opportunity for an improvement of performance.

f. Specially Funded Program Comparability Requirements.

C. Selection of Personnel to be Administratively Transferred

When an administrative transfer is deemed necessary under Paragraph B.3, the District shall abide by the following procedure:

First, administrators at affected sites will solicit volunteers. If and (when) there are insufficient qualified volunteers, administrators shall base their selection of personnel for administrative transfer upon unit member seniority unless they can provide justification that a specific transfer would negatively impact students because the programmatic expertise of a less senior unit member is crucial for the continued success of a current curriculum/instructional program or because the credential held by a less senior member is essential to the immediate program needs of his or her present site.

If and when a transfer is required mid-year, administrators shall follow the same transfer protocol outlined above. However, in the case of mid-year transfers, in addition

to programmatic expertise and credential authorizations, administrators shall consider the number of staff moves involved in the new assignment(s) and/or reassignment of pupils so as to create the fewest reassignments of staff and/or pupils at the site.

No unit member may be administratively transferred more than once every three (3) years, except in the event of a school closing, program change, or credential restriction. No unit member shall be transferred solely because he/she has applied for a leave of absence.

D. Transfers Initiated by Unit Members

All unit members who have initiated a voluntary transfer have the right to apply for any posted opening for which they are qualified. Any unit member who has completed the appropriate Transfer Request Form shall have the opportunity to interview for at least one position that is reflected on their request form. Unit members will be responsible for making the contacts with the site administrator(s) for an interview and that interview will be granted within a reasonable time up to and inclusive of the first week of Posting #2. At any other time, a unit member may contact Human Resources to determine where openings exist. Each unit member who applies for a posted position shall be granted an interview or written notification, upon request, stating why he or she was not interviewed.

Anyone granted an interview but not selected shall, upon written request, be notified in writing within ten (10) days as to the reasons for the denial.

The filing of a Request for Transfer shall be without prejudice to the unit member, and shall not jeopardize his/her present assignment. The Request for Transfer may be withdrawn at any time prior to official confirmation that the transfer has been effected. A transfer has been effected at the time the receiving administrator, the applicant and the Personnel Division concur to the transfer.

E. Non-Transfer Assignment Changes

1. Assignment Preferences: Assignment change is defined as a movement within a school between subject area or grade level or site assignment. In developing tentative assignments, administrators shall:
  - a. Request and consider unit member assignment preferences for the ensuing school year;
  - b. Consider frequency and span/variance of assignment changes;

- c. Prior to making any decision regarding a change in assignment or declining a request of unit member preferences, the immediate administrator or their designee will discuss the proposed assignment with the unit member.
  - d. The administration will provide each unit member with a written statement of their tentative assignment at least 15 duty days prior to the unit member's last scheduled pupil day.
  - e. If the unit member objects to the proposed change, the unit member may request and receive a written statement of the assignment, noting reasons for the assignment change, if applicable, grade level/subject, location, and effective date.
  - f. It is understood that unforeseen conditions impacting the instructional program may affect the assignment change.
2. Non-Voluntary Room Changes: When it becomes necessary, for programmatic reasons, to relocate a unit member to another room at the same site, the District/Site will supply sufficient boxes and packing tape to complete the move. The administrator and unit member will agree to a plan for the move and document the agreement in writing. However, no unit member can be compelled to work beyond the school year.

If the move occurs during the school year, the unit member will be provided non-teaching release time of up to three (3) instructional days to move.

If the move occurs beyond the contractual year, the unit member will be paid per Article XIX B1 - Compensation for Special Assignments, not to exceed the equivalent of three (3) workdays.

The District will provide custodial support to move all appropriately labeled and packed boxes, administratively approved furniture, and required texts to the new room

F. Assistance in Assignment Change and/or Administrative Transfer

When there is an assignment change and/or administrative transfer within the school year, a unit member will be provided a reasonable period of non-teaching release time of up to three (3) instructional days. Upon mutual agreement, if the move occurs

beyond the contracted day, the unit member will be paid per Article XIX B1 - Compensation for Special Assignments, not to exceed the equivalent of three (3) workdays.

The District will also furnish reasonable assistance to move personal teaching materials and equipment.

## ARTICLE XII - EVALUATION PROCEDURES

### A. General Provisions

1. Evaluation is a procedure for the appraisal of an employee's performance and Professional growth based on the criteria set forth in the California Standards for the Teaching Profession (CSTP). Evaluations are conducted to maintain and improve the quality of education in the District.
2. The site/department administrator will designate the evaluator and provide notification to the unit members by the 20<sup>th</sup> duty day of school. The designated evaluator will meet with unit members to collaboratively discuss the various forms of evaluation available. Taking the unit member's input into consideration, the evaluator shall determine the form of evaluation to be used by the 30<sup>th</sup> duty day of school.
3. Whenever a designated evaluator is unable to complete the evaluation after the initial notification occurs, the unit member may be evaluated by the identified evaluator's replacement or by a designated administrator. One additional observation/conference may be scheduled when a new evaluator is assigned later in the year. (Refer to Section D1/E3). If a bargaining unit member is on long-term leave during a scheduled evaluation year, he/she may be evaluated in the first full year he/she returns from leave.

### B. Forms of Evaluation

1. Formal Observation: A procedure which shall include ongoing assessment of Standards for the Teaching Profession through the use of observations and evaluation conferences. For non-teaching staff, an evaluation procedure shall be based upon established criteria and/or standards through the use of observation(s) and evaluation conference(s).
2. Alternative Evaluation: A procedure which provides an alternative to the Formal Observation and/or the ongoing assessment of Standards for the Teaching Profession through the use of alternative evaluation. For non-teaching staff, an alternative and established procedure may be utilized upon mutual agreement between the unit member and supervisor.

C. Frequency of Evaluation

1. Probationary and temporary unit members shall be formally evaluated each school year, using Formal Observation, until they attain permanent status.
  - a. Probationary and Temporary unit members who have been identified by Human Resources as not returning for the subsequent year, may decline to participate in the remaining formal observation(s) and the final evaluation conference with the understanding that the evaluation form will be issued and signed.
  - b. Permanent unit members who have been identified by Human Resources as not returning for the subsequent year, may decline to participate in the formal observation/evaluation process.
2. Permanent unit members shall be evaluated at least every other school year.
3. Upon agreement of the evaluator and the unit member, unit members shall be formally evaluated at least every four (4) years if they have permanent status, have been employed by the District at least ten (10) years, are “highly qualified” and have consistently met federal, state or locally adopted standards.
4. In determining the frequency of evaluation, informal observations, the use of multi-faceted evidence of teacher practice, student learning, and professional contributions will remain consistent with I.2.
5. All evaluation cycles shall remain in effect through their identified dates.

D. Formal Observation Method and Procedures

1. The District shall ordinarily conduct three (3) formal observations, each of which shall normally extend for a period of not fewer than thirty (30) minutes and shall be scheduled with the unit member at least two (2) duty days in advance. With agreement of both the unit member and the evaluator, the number of formal observations may be reduced to two (2) or one (1) in cases of obvious satisfactory performance by permanent unit members. If the evaluator schedules additional observations, the unit member may submit a written request for explanation, and receive a written rationale from the identified evaluator.

## Certificated Contract

2. The scheduled formal observation may include a pre-observation conference, and shall include a post-observation conference, with a written report to the evaluatee, within five (5) duty days unless an alternate timeline is mutually agreed upon.
3. In the event a formal observation is postponed by the evaluator, the bargaining unit member shall not be compelled to submit an additional pre-observation form.
4. A unit member whose formal observation demonstrates evidence of practice(s) not meeting standards in one or more areas is entitled, upon the unit member's request, to at least one additional observation, including a pre-observation conference, addressing the identified area(s).

### E. Alternative Evaluation Methods and Procedures

1. The alternative evaluation may be used if the following criteria are met:
  - a. The unit member and evaluator agree to the alternative method used;
  - b. The unit member has received permanent status; and
  - c. The unit member has two (2) consecutive satisfactory evaluations.
2. The following options are available as Alternative Evaluation methods
  - a. Peer Coaching Method: Teachers collaborate as coaching partners in a reciprocal, confidential, teacher-directed process of pre-conferencing, data gathering and analysis, and post conferencing. Activities are directed toward goals collaboratively agreed upon with the designated evaluator at the start of the collaborative process.
  - b. Professional Portfolio Method: A systematic, organized and ongoing collection of evidence and artifacts used to demonstrate growing competence in the standards of the teaching profession. Reflection, collaboration, and reassessment are essential elements in the process of creating a portfolio.
  - c. Action Research Method: A study of practice through disciplined and focused inquiry resulting in the deeper understanding that the analysis of relevant data can provide. The focus and method of data gathering is collaboratively determined between the evaluator and teacher.

3. The District shall ordinarily conduct three (3) alternative evaluation progress conferences. If a unit member is not demonstrating evidence of progressing towards meeting the Alternative Method standards, a written summary shall be provided within five duty days. If the evaluator schedules additional conferences, the unit member may submit a written request for explanation, and receive a written rationale from the identified evaluator.
4. A unit member whose alternative evaluation demonstrates evidence of practice(s) not meeting standards is entitled, upon the unit member's request, to at least one additional alternative evaluation progress conference, to address the identified area(s).

F. Informal Observations

The purpose of the informal observation is to provide additional information and ongoing feedback between the evaluator and the unit members as it regards the unit member's performance and professional growth based on the criteria set forth in the federal, state or locally adopted standards. The informal observation is not normally intended to result in formal documentation; however, it may be used to inform the Final Evaluation Report.

G. Performance Assistance

In the event that practices not consistent with standards are identified, the administrator shall take positive action to assist the unit member in correcting the identified practices. The administrator's role to assist the unit member may include, but is not limited to the following:

1. Specific recommendations for improvement;
2. Direct assistance to implement such recommendations;
3. Additional resources to be utilized to assist with improvement;
4. Assistance with data analysis;
5. Observations;
6. Professional development;
7. Visitations to other sites;
8. Formal Written Assistance Plan: If a Formal Written Assistance Plan is deemed necessary, a copy shall be provided to the unit member.
9. PAR (see Appendix F)

H. Final Evaluation

1. In preparing the Final Evaluation Report for placement in the unit member's confidential personnel file, the evaluator shall rely primarily upon data and evidence generated through the evaluation method selected. Any practices not meeting standards that may have been brought to the attention of the unit member and subsequently corrected shall not be included in the final evaluation form.
2. The Final Evaluation Report shall be completed and a copy provided to the evaluatee, at least 20 duty days prior to the last duty day.
3. No fewer than 10 duty days prior to the unit member's last duty day of the school year, a final evaluation conference shall be held to discuss the content of the Final Evaluation Report. In the event the unit member disputes the content, the unit member may prepare a written statement that shall be attached and incorporated into the final evaluation.

I. Guidelines

1. The criteria for evaluation shall be based on the Education Code (E.C.), Sections 44660-44665 and/or federal, state or locally adopted standards.
2. Consistent with I.1 above, the criteria for every unit member evaluation shall include the use of multi-faceted evidence-based practices, student learning, and professional contributions.
3. In accordance with E.C. 44662 (e), the evaluation of teachers shall not include the use of publisher's norms as established by standardized tests.
4. The standardized test scores of individual classrooms shall not be made public, nor shall any identifiable personal information from test scores be available, except to the evaluator and related bargaining unit members, unless required under the law.
5. A unit member shall not be evaluated on or held accountable for any aspect of the educational program over which the unit member has no authority or ability to impact.
6. The evaluation of unit members pursuant to this Article shall not include or be based upon the success, or lack thereof, of an instructional or clerical aide in the performance of tasks assigned by the unit member.
7. Unit members shall not participate in the evaluation(s) of other unit members.

## Certificated Contract

8. Value Added Measures may not be considered in evaluations.
9. Formative Assessment is focused on the process of increasing knowledge and improving professional practice. The focus is on assessing ongoing activities and providing information to monitor and improve a bargaining unit member's teaching practice. The state-adopted criterion referenced assessment data may be used as part of formative assessment.
10. Summative Assessment is focused on outcomes. It summarizes the development of a bargaining unit member's practice at a particular point in time and shall include multiple sources of evidence about teacher and student learning, such as: portfolios, checklists, lesson plans, observations, self-assessments, surveys, and student work samples. The state-adopted criterion referenced assessment data may not be used as part of summative assessment.

**ARTICLE XIII - LEAVES OF ABSENCE**

A. General Provisions

A leave of absence is an authorization for a unit member to be absent from duty, generally for a specific period of time and for an approved purpose.

Unit members on a paid leave of absence shall continue to receive wages, health and welfare benefits and retirement credit in the same amounts as if they were not on leave. Those unit members who go on an unpaid leave of absence during any pay period shall receive their health and welfare benefits for the balance of that pay period. Thereafter, they shall be allowed continued benefits at their own expense pursuant to the terms of the insurance plan, provided they make advance payment of the premium in a manner reasonably required by the district.

A condition of each leave of absence is that the credential or permit held at the time the leave was granted, properly authorizing the service, must be maintained in full force by the unit member.

A leave protects the unit member by holding a place in the District until the leave expires, usually with the right to return to the District in a position of the same status and rank at the conclusion of the leave, providing the position would have otherwise remained.

There is, however, no assurance when a leave of absence necessitates a long-term replacement (a semester or longer), that the return assignment will be in the school or administrative site where such unit member was assigned when the leave was authorized.

Unit members who are on a part-time regular assignment shall be entitled to leaves of absence in the same ratio that their employment bears to full time employment.

A unit member who calls in to report his or her absence, may request a particular substitute, and such request shall be honored unless said substitute is unavailable, unacceptable to the site administrator, or does not meet the requirements for the position. Unit members may also notify the District as to their appraisal of a substitute's performance and ability.

A unit member who intends to return from an extended absence must contact the school or site prior to student departure on the day preceding the return. If he or she is unable to make such a determination at that time, the District must be notified pursuant to

local site procedures not later than 5:30 a.m. One who fails to notify the District of intention to return to duty before 5:30 a.m. of the day of intended return shall not be permitted to return to duty and shall be charged with one additional day of absence, assuming that the District has hired a substitute for the day.

Unit members on a long-term leave must comply with all Personnel Office procedures relating to giving notice of intended return and to return as scheduled unless they have made alternative arrangements agreeable to the District.

Those who fail to give such timely notice to return as scheduled may be deemed to have resigned and abandoned their right to return. The Personnel Office shall be entitled to use the employee's address of record in order to send notice of any such procedures.

For unauthorized absences, the District shall deduct a salary amount equal to the ratio of days absent to the days of required annual service.

B. Medical Clearances and Examinations

1. Upon return to active service, the unit member shall complete the Employee Absence Report.
2. A unit member whose absence under this section exceeds seven (7) consecutive duty days shall, upon request, submit a statement from an appropriate medical doctor and/or licensed practitioner, stating the reason for the absence and indicating an ability to return to her/his position without restrictions or detriment to the unit member's physical and emotional well-being. If such a medical clearance is required from a District-designated doctor, it shall be at District expense.
3. The District may require verification of an absence of less than seven (7) consecutive duty days if the District has reason to believe that the sick leave provisions of this Article have been abused.
4. Notice to the District of intended return to duty must conform to section A of this Article.

C. Paid Leaves

Unit members on a paid leave of absence, unless otherwise provided herein, shall receive wages, salary supplement (fringe benefit) coverage, and retirement credit, the same as if they were not on leave.

1. Sick/Disability Leave

The purpose of sick/disability leave utilization, except as provided elsewhere in this contract, shall be for personal illness, disability (including pregnancy disability) or for legally established quarantine. (See also Maternity/Paternity Leave, Family Illness).

Unit members who are employed full time shall accrue one day of sick leave for every eighteen days of regularly scheduled service.

Unit members who work less than full time shall accrue sick leave in the same ratio that their employment bears to full time employment.

During a school year, unit members shall accrue sick leave for extended year/summer school/intersession based upon the following formula:

- 100 plus or more hours earns one (1) sick leave day
- 75-99 hours earns  $\frac{3}{4}$  sick leave day
- 50-74 hours earns  $\frac{1}{2}$  sick leave day
- 25-49 hours earns  $\frac{1}{4}$  sick leave day

Sick leave days accrued by a unit member may be utilized during summer school/intersession(s) at the rate of one day of sick leave for each duty day.

Allowable sick leave credit for any one school year need not be accrued prior to being taken by the unit member during said year. Such leave may be taken at any time during the school year when the unit member actually is unable to perform duties. A unit member who terminates employment prior to earning sick leave taken in advance of accrual shall have the appropriate amount deducted from his/her final check.

Earned or accumulated sick leave shall not be considered as vacation, nor shall a unit member be reimbursed for unused sick leave at the time of separation, except as provided in Education Code for purposes of retirement.

Sick leave shall not be transferable from one unit member's accumulated balance to that of another employee except under extenuating circumstances with District and OMTA agreement and prior approval.

a. Compensation

Any unused sick leave credit may be used for sick leave purposes, as defined, without loss of compensation. Upon exhaustion of all accumulated sick leave credit, a unit member who continues to be absent under the provisions of this policy shall receive the difference between his or her pay and the amount paid a substitute, or if no substitute was employed, the amount that would have been paid a substitute if one had been employed. In order to qualify for differential pay (per Ed Code 44977), a unit member shall utilize available leaves in the following sequence:

- i. All industrial Accident or Illness Leave days, when applicable;
- ii. All remaining current year days credited for sick leave; and
- iii. All accumulated sick leave.

In no event shall days of differential pay exceed five (5) months in any school year exclusive of sick leave earned during the current school year. Only one increment of differential pay shall be allowed for any single and continuous personal illness that continues into the next school year.

2. Family Illness

A unit member may use up to ten (10) days from their available accumulated paid sick leave during each school year for the following reason: illness of a member of the unit member's immediate family.

Unit members shall make every effort to comply with District procedures for securing a substitute. In circumstances where a unit member anticipates exceeding two (2) days of family illness leave, they will submit notice to the immediate supervisor.

A unit member may submit a prior written request to use their additional accrued sick days to their immediate supervisor. Unit members shall submit notice, on the appropriate district form, of the need for family illness leave to the immediate supervisor at least two (2) days prior to the beginning date of the leave, except

where extenuating circumstances make this impossible. Per Ed Code 44977, differential pay shall not apply to family illness.

3. Personal Necessity Leave

A unit member may use up to seven (7) duty days of accumulated paid sick leave during each school year for the following reasons:

- a. Death of a member of the unit member's immediate family (in addition to days provided in B4 - Bereavement Leave),
- b. Circumstances which are serious in nature, which cannot be expected to be disregarded, which necessitate immediate attention and cannot be dealt with during off-duty hours.

A unit member may submit a prior written request to use additional accrued days to the Superintendent or the designee. The unit member is to make every effort to comply with District procedures for securing a substitute.

Unit members shall submit notice of the need for personal necessity leave to the immediate supervisor at least two (2) days prior to the beginning date of the leave, except where extenuating circumstances make this impossible. Although the unit member will not be required to explain the specific reason if he/she does not wish to, all unit members taking the personal necessity leave must sign a Petition for Leave form which indicates whether the leave is for a, b, or c, above and which also assures that the leave is not being used for purposes listed on the Petition for Leave form as exclusions from the intent of the leave.

4. Personal Leave

- a. One of the ten (10) days of "Family Illness/Personal Necessity Leave" listed in paragraph 2, above, may be taken for any reason personal to the unit member, except that such a day shall not be used for (1) a work stoppage or when more than 5% of the bargaining unit is absent or expected to be absent, (2) cannot be used after the fact to substitute for an absence denied under other provisions of this section or article, and (3) is subject to advance notice requirements set forth above.

- b. Any unit member who maintains more than 24 days of accumulated sick leave as of June 30, shall be entitled to use two (2) of the ten (10) Personal Necessity Leave days for Personal Leave during the following school year.

5. Bereavement Leave

A unit member shall be granted leave of absence for the death of any member of the immediate family without loss of pay or deduction from other leave benefits found in this Article. This leave shall be for three (3) days, unless travel of more than two hundred (200) miles is required; in such a case the length of the leave shall be for five (5) days.

“Member(s) of the immediate family” as used herein shall be in accordance with Article XXI – Definitions.

6. Judicial and Official Appearance Leave

Judicial and official appearance leave shall be granted for purposes of regularly called jury duty, appearance as a witness in court other than as a litigant, or to respond to an official order from another governmental jurisdiction for the reasons not brought about through the initiation, connivance, or misconduct of the unit member.

- a. Jury Duty: A leave of absence without loss of salary shall be granted to a unit member who is officially called for jury duty not to exceed a total of twenty (20) days per school year. Juror’s fees, exclusive of mileage, received by the unit member shall be deposited to the credit of the District.

After twenty (20) days of absence for jury duty, the unit member will receive only the difference between his/her pay and the amount paid to the substitute. In such case, the unit member will retain the juror’s fees insofar as the combination of juror’s fees and pay from the District does not exceed the unit member’s regular District compensation.

However, nothing herein shall preclude the Board, in its sole discretion from granting an extension of this leave.

- b. Court Appearance (other than Jury Duty): If any court or agency appearance is required of a unit member by the District, or is required by a

court or agency in furtherance of the District's services (e.g., to testify in a child neglect hearing) it shall be made without loss of pay and without charge to any other accrued leave benefits.

For other necessary court or agency appearance, the unit member may utilize the personal necessity leave section of this Article.

- c. Dismissal Hearings: A unit member, not under suspension, for whom a dismissal hearing is being held will be fully compensated at his/her regular rate for any absence(s) from regular duties while attending said hearing pursuant to Education Code 44939 or 44940.

7. Industrial Accident and Illness

Industrial accident and illness leave shall be granted to unit members in accordance with provisions of this procedure for injury or illness incurred within the course and scope of the unit member's assigned duties.

In order to qualify for industrial accident or illness leave coverage, a unit member claiming such leave shall be subject to examination by a District-appointed physician, to verify his/her condition and to evaluate any claims.

A unit member shall be permitted to return to service after an industrial accident or illness leave only upon presentation of a release from the District-appointed physician and from the treating physician, certifying the unit member's ability to return to his/her physical and emotional well-being. If such a medical clearance is required from the District-designated doctor, it shall be at District expense.

A unit member who has sustained a job-related injury or illness shall notify the immediate administrator of the injury or illness no later than the next scheduled work day following the accident, except when there are legitimate extenuating circumstances. The District Accident Report Form shall be filed within five (5) working days of the report and kept on file in the Business Office.

Allowable leave shall be for not more than sixty (60) days during which the schools of the District are required to be in session or when the unit member would otherwise have been performing work for the District in any one fiscal year for the

same illness or accident. Allowable leave shall not be accumulated from year to year. If the same illness or injury extends into the next fiscal year, the unit member shall be allowed to use only the amount of leave remaining from the previous fiscal year.

Industrial accident or illness leave shall commence on the first day of absence, and shall be charged by one day for each day of authorized absence regardless of a temporary disability indemnity award.

Any unit member receiving benefits as a result of this section shall, during periods of injury or illness, remain within the State of California unless the Board authorizes travel outside the State.

During any industrial paid leave of absence, the unit member shall endorse to the district the temporary disability indemnity checks received on account of the industrial accident or illness. The District, in turn, shall issue the unit member appropriate salary warrants for payment of salary less normal deductions.

The benefits provided in this section are in addition to sick/disability leave benefits in B-1 above.

Upon conclusion of the industrial paid leave, the unit member may utilize any available sick leave benefits. However, any sick utilization, when combined with any temporary disability indemnity, shall not result in payment of more than full salary. For sick leave purposes, the absence under this procedure shall be deemed to have commenced on the date of termination of the industrial paid leave.

8. Sabbatical Leave (Funded for the Term of this Agreement)

- a. Purpose: Unit members may at the discretion of the Board be granted a leave of absence for the purpose of professional study or travel which will benefit the pupils and the schools of the District. A sabbatical leave for the purpose of travel normally will be approved only if the proposed travel program incorporates a plan of study or research in an area related to the unit member's field of work.

- b. Eligibility: To be eligible for a sabbatical leave, the unit member must have served at least seven (7) consecutive years immediately preceding the leave as a regular full-time certificated employee of the District. Leaves of absence do not cause interruption of service for this purpose, but time spent on such leaves may not be counted toward the requirement of seven years. Service of at least 75 percent of 184 teaching days in each year counts as a full school year.

After a unit member has had a sabbatical leave, an additional seven (7) years must be served before becoming eligible for another sabbatical leave.

The number of unit members absent on sabbatical leave at any one time shall not exceed one percent (1%) of the total number of unit members.

- c. Length of Leave: Sabbatical leaves shall be not less than one semester nor more than two semesters in duration. A two-semester leave must be completed during a single school year.

Interruption of the program of study or travel caused by serious injury or illness shall not affect the amount of compensation to be paid such employee under the terms of such sabbatical leave, provided the Personnel Division has received notification of such accident or illness by registered or certified letter within fifteen (15) days of the occurrence of the injury or illness, together with such evidence of physical condition as may be required by the District.

- d. Compensation: A unit member shall not accept gainful employment while on sabbatical leave without prior written approval of the Superintendent, unless such employment was disclosed and approved as part of the application procedures described below.

Compensation for the unit member on sabbatical leave shall be one-half of the regular salary which would have been received had he or she remained in active service. The unit member shall receive service increments, salary reclassification, and any other benefits, proportionately,

to which he or she would have been entitled had active service status been maintained.

The unit member must post a suitable bond indemnifying the District against loss should the unit member either fail to satisfactorily complete the leave conditions, or fail to render service to the District upon return for at least twice the amount of time spent on the approved sabbatical leave. The bond shall be exonerated in the event the failure to render the agreed upon services is due to death, or physical or mental disability of the unit member.

- e. Return from Leave: Upon completion of the leave, the unit member shall return to the District in a position of the same status and rank as that held prior to the leave.

The unit member shall, within forty-five (45) days following return to active service in the District, submit a comprehensive report to the Sabbatical Leave Committee certifying the successful fulfillment of the terms and conditions under which the leave was granted. This comprehensive report shall include:

1. Formal Study Leave – An official transcript showing all courses completed and/or degrees earned and a copy of all pertinent materials developed during the leave.
  2. Travel Leave – A written report including a complete travel itinerary and a complete file of all pertinent materials collected and/or developed during the leave.
  3. A recommendation for use within the District of all of the materials collected or developed.
- f. Failure to Return or Observe the Sabbatical Leave Plan: If it should be determined by the Board of Trustees that the intent of the sabbatical leave plan was not fulfilled or was only partially fulfilled, the Board may take action to penalize the unit member financially, including action against the indemnity bond. Failure to satisfactorily provide the required report is considered to be a failure to fulfill a condition of the leave.

- g. Application Procedure: Applications must be submitted on forms provided by Human Resources and must be filed by December 1 for leaves to be taken during the second half of any school year. Applications for the first half of the subsequent school year and for two semester leaves must be filed by March 1. The District shall provide the Association with a list of the applicants during March.

Applications must include a complete outline of the proposed leave program and a statement of how the program will benefit the schools and pupils of the District.

Priority in selection shall be given according to the value of the leave to the District, soundness of the leave proposal, and the applicant's length of service in the District.

Applications will be reviewed and recommendations made for approval/disapproval as provided herein:

i. Applicant:

- Completes application form for sabbatical leave in triplicate and submit the application to the Chief Human Resources Officer.
- When informed of leave approval, obtains a self-financed satisfactory statement of health (physical examination) and submits the results to the Chief Human Resources Officer.
- Posts suitable indemnity bond pursuant to above.
- Notifies Chief Business Officer in writing of address to which warrants are to be forwarded.
- Upon return from sabbatical leave, the unit member shall file the required report. The unit member shall not be considered as having completed the requirements for the sabbatical leave until the report noted above has been verified by the Sabbatical Leave Committee and approved by the Board of Trustees.

- ii. Application Review and Approval: The applicant's service records and applications for leaves shall be reviewed by a Sabbatical Leave Committee. The Sabbatical Leave Committee shall composed of:

- Director of Certificated Human Resources (Chairman);
  - Two Administrative members, appointed by the Superintendent, either General Administration or principals, one representing the elementary schools and one representing the middle schools; and
  - Two-unit members appointed by the Association, one representing the elementary school personnel and one representing the middle school personnel.
- iii. Sabbatical Leave Committee Duties: Each member of the Sabbatical Leave Committee shall evaluate each application on the following scale: “Highly Recommended,” “Recommended,” “Recommended with a Low Priority,” or “Not Recommended.”
- The chairman of the committee will prepare a composite evaluation of each application, based on individual evaluations of committee members, to be forwarded to the Superintendent.
- iv. Board of Trustees approves or denies applications acting upon the recommendation of the Superintendent.

9. Professional Growth Leave Teacher Initiated Fund (TIF)

Unit members may initiate application for paid leave and other expenses associated with participation in a workshop, conference, seminar, observation, or other professional growth activity. Unit members seeking such a leave shall apply to the Teacher Initiated Fund Committee, which shall be charged with evaluating and approving applications. The committee shall be composed of an equal number of representatives of the Association and the District Administration. The Professional Growth Teacher Initiated Fund Leave fund shall be aligned with A-1 of the teachers’ salary schedule per year, funded by the District. Unused monies in the TIF fund shall carry over from year to year. The fund balance and contribution level may be negotiated annually and shall be reviewed and negotiated at the opening of each three-year master contract. This TIF fund shall be independent of any other available staff development funds or programs that may be available in the District.

Unit members who are permitted such leaves shall not be deemed or hold themselves out as official representatives of the District unless specifically authorized by the Superintendent or designee.

10. Maternity/Paternity Leave

- a. Paid Portion: Sick leave (section 1 of this Article) may be utilized during the period of time a pregnant employee must be absent from duties because of disability resulting from pregnancy and/or convalescence following childbirth or miscarriage. The dates of such disability must be certified by the attending physician. All such leaves shall be in accordance with the sick leave provision of this Article.
- b. Unpaid Portion: A pregnant unit member may apply for an unpaid health leave (Section C-2 of this Article) or personal leave (Section C-3 of this Article) during pregnancy.
- c. Paternity Leave: A unit member may elect to utilize paid personal necessity leave for the birth of his child and related emergencies (see Section B-2 of this Article), and may apply for an unpaid personal leave (Section C-3 of this Article) or child-rearing leave (Section C-1 of this Article).

D. Unpaid Leaves

Those who go onto an unpaid leave during any pay period shall receive their salary supplement (health and welfare) coverage for the balance of that pay period. Thereafter, they shall be allowed to remain, at their own expense, on continued coverage pursuant to the terms of the insurance plan selected, provided they make advance payment of the premium in a manner reasonably required by the District.

1. Child Rearing Leave

A leave of absence equal to up to one year shall be granted upon request without pay to a unit member for the purpose of caring for his/her child, so long as the child is under five years of age or is an older child with adoption requirements or special problems requiring full time care.

Request for leave shall be made as far in advance as reasonably possible, preferably within one month before the leave is to commence, unless such time is shortened by the District to accommodate an unforeseeable emergency situation.

The effective dates of the leave shall begin and end at times approved by the Board. A unit member shall not accept gainful employment while on a child rearing leave without prior approval of the Superintendent. Decisions will not be made in an arbitrary, capricious or vindictive manner.

Return to service should coincide with the beginning of a grading period unless the Superintendent approves an earlier or later date, and a leave may be extended in order to make it so coincide.

## 2. Health Leave
