If the new title/position is determined appropriate for inclusion in the unit, the list in Exhibit A, attached hereto, shall be revised, and the District shall notify the Public Employment Relations Board of the modification. ARTICLE IV **GRIEVANCE PROCEDURES**

A. Purpose:

The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to the problems that may arise affecting the welfare or working conditions of unit members.

B. Definitions:

1. A grievance is a claim by a grievant that there has been a violation, misinterpretation, or misapplication of a provision in this Agreement.
2. A grievant is a unit member or an authorized Association representative.

C. Procedures:

Before a formal written grievance is filed, a unit member shall reasonably attempt to resolve their concerns with the immediate supervisor.

1. Level I:

Within twenty (20) workdays (a workday is an assigned workday for the individual grievant) after the occurrence of the act or omission giving rise to the grievance, the grievant must present such grievance in writing to the immediate supervisor. If the grievant did not have actual constructive knowledge of the occurrence of the grievable act or omission and could not, with the exercise of reasonable diligence, have known about it, then the twenty (20) day time limit shall begin to run on the date upon which the grievant knew, or could with reasonable diligence have known of the occurrence. The written statement of the grievance shall include the specific provisions of this Agreement alleged to have been violated, the circumstances involved, the decision, if any, rendered at the informal conference, and the specific remedy sought.

A conference shall be held upon request of either the grievant or the immediate supervisor. The immediate supervisor shall communicate a decision to the grievant and the Association in writing within seven (7) workdays after receiving the grievance, and such action will terminate Level I.

2. Level II:

In the event the grievant is not satisfied with the decision at Level I, the grievant may appeal the decision in writing to the Superintendent or their designee within ten (10) workdays after the termination of Level I.

This statement shall include a copy of the original grievance, the decision rendered at Level I, and a statement of the reasons for the appeal. A conference shall be held upon request of either the grievant, the Superintendent, or their designee.

The Superintendent or their designee shall communicate a decision to the grievant and the Association within ten (10) workdays after receiving the appeal, and such action will terminate Level II.

3. Level III (Mediation):

In the event that the grievant is not satisfied at Level II, the grievant may, within ten (10) workdays of the issuance of the Level II decision, submit a written request to CSEA to submit the grievance to mediation or arbitration. CSEA shall submit a written request within fifteen (15) workdays to the Assistant Superintendent of Human Resources or their designee for grievance mediation or arbitration. Upon mutual agreement between the Association and the District to enter mediation, the parties shall submit the matter to grievance mediation through the services of a mutually agreed upon mediator or facilitator. The parties shall attempt to reduce outstanding issues and, if possible, settle the dispute. The mediator or facilitator, however, shall not have the power or authority to render a decision on the issue(s) or impose a settlement on the parties. The policies, timelines, and procedures set forth in the mediation process (established by the appropriate agency and both parties at the time of mediation) will be adhered to in addressing the grievance. Settlement offers made in mediation will not be referred to in arbitration proceedings or any other subsequent legal proceedings.

a. Selection of a Mediator:

As soon as possible and in any event not later than five (5) workdays after the District and the Association's agreement to mediate, the District and the Association shall attempt to agree upon a mediator. If no agreement is reached within said five (5) days, a mediator shall be selected from a list furnished by the California State Mediation and Conciliation Services by alternate striking of names until one name remains. The party who strikes the first name shall be determined by lot, and the names shall be ranked in order of preference.

If the mediator selected indicates that they will not be available for a hearing within sixty (60) calendar days, then the District and Association shall select the mediator next in order from the preference list.

b. Expenses:

The District and the Association will make every effort to secure the services of a cost-free mediator. Each party shall bear the expenses of the presentation of its own case.

4. Level III (Arbitration):

If the grievant is not satisfied with the results of Level II, the grievant shall, within five (5) workdays after the termination of Level II, file a written request to the Association to submit the grievance for arbitration. The Association shall, if it desires to proceed to arbitration, so advise the Superintendent in writing within fifteen (15) workdays after the termination of Level II.

a. Selection of Arbitrator:

As soon as possible and in any event not later than five (5) workdays after the District received the written notice of the Association's desire to arbitrate, the District and the Association shall attempt to agree upon an arbitrator. If no agreement is reached within said five (5) days, an arbitrator shall be selected from a list furnished by the California State Mediation and Conciliation Services by alternate striking of names until one name remains. The party who strikes the first name shall be determined by lot, and the names shall be ranked in order of preference.

If the arbitrator selected indicates that they will not be available for hearing within sixty (60) calendar days, then the District and Association shall select the arbitrator next in order from the preference list.

b. Limitations Upon Arbitrator:

The arbitrator shall have no power to alter, amend, change, add to, or subtract from any of the terms of this Agreement but shall determine only whether or not there has been a violation, misinterpretation, or misapplication of the provisions of this Agreement in the respect alleged in the grievance. The decision of the arbitrator shall be based solely upon the evidence and arguments presented to them by the respective parties in the presence of each other and upon arguments presented in briefs.

The function and purpose of the arbitrator is to determine disputed interpretation of the terms of the Agreement or to determine disputed facts upon which the application of the Agreement depends. The past practice of the parties in interpreting or applying terms of this Agreement may be relevant evidence but shall not be used to affect a modification of the written terms of this agreement.

c. Arbitrator's Decision:

The award of the arbitrator shall, unless extended by mutual written agreement of the parties, be rendered within forty-five (45) calendar days after the date of final submission. The decision of the arbitrator within the limits herein prescribed shall be final and binding upon the grievant, the District, and the Association subject to the Code of Civil Procedure 1282 et seq.

d. Expenses:

All fees and expenses of the arbitrator shall be shared equally by the parties. Each party shall bear the expenses of the presentation of its own case.

e. Expedited Arbitration:

The arbitration may be held under the Expedited rules of the American Arbitration Association upon prior written agreement between the Association and District.

D. General Provisions:

1. Group Grievances:

If the same or essentially the same grievance is filed by more than one (1) grievant, then one (1) grievant may process the grievance under this Article on behalf of the others. The final determination shall be applied to all such grievances.

2. Effect of Grievances:

The filing or processing of a grievance shall not delay or interfere with any District action while the grievance is being processed. Processing and discussing the merits of an alleged grievance shall not constitute a waiver by the District of a defense that the dispute is not grievable or arbitrable.

3. Accelerated Grievances:

If a grievance arises from action or inaction on the part of a member of the administration at a level above the principal or immediate supervisor, then the grievant shall submit such grievance in writing directly to the Superintendent or their designee with the processing of such grievance to commence at Level II, subject to prior written mutual agreement between the Association and District.

4. Failure to Meet Time Limits:

If a grievance is not processed by the grievant and the Association in accordance with the time limits set forth in this Article, it shall not be subject to arbitration and shall be considered settled on the basis of the decision last made by the District. If the District fails to respond to the grievance in a timely manner at any level, the running of its time limit shall be deemed a denial of the grievance and termination of the level involved, and the grievant may proceed to the next step. Time limits hereunder may be lengthened or shortened in any particular case by mutual written agreement. The parties will attempt in good faith to adjust time limit problems that occur above Level I as a result of the summer recess.

5. Association Representation:

The grievant shall be entitled upon request to representation by the Association at all grievance meetings, including C. 1. above. The District shall not agree to a final resolution of the grievance until the Association has received a copy of the grievance and the proposed resolution and has been given the opportunity to file a response with the District.

6. Reasonable Released Time:

The District will normally schedule Grievance meetings so as not to conflict with normal duties. However, if the meeting is expected to be of such duration that it would extend beyond the normal business hours of the District Office, then the District shall provide released time with no loss of pay to one authorized representative of the Association so that the session can be accommodated within such business hours. This shall constitute

“reasonable periods of released time” within the meaning of Government Code section 3543.1 (c).

7. Confidentiality:

In order to encourage a professional and harmonious disposition of a unit member’s grievance, it is agreed that from the time a grievance is filed until it is processed through binding arbitration, neither the grievant nor the Association or the District shall make public either the grievance or evidence regarding the grievance. The prohibition is not intended to preclude interviewing of witnesses or other necessary investigation and preparation for the hearing, nor is it intended to preclude general discussion of the issues that may be present in the case, so long as such discussion does not directly or indirectly identify the work site, the grievant or other involved persons.

8. No Reprisal:

There shall be no reprisal against a unit member for filing a grievance or assisting a grievant in the above procedures.

9. Grievance Files:

The District’s records dealing with the filing and processing of a grievance shall be maintained separately from the grievant’s personnel file. The grievant and/or Association representative shall have access to and copies of the documents dealing with the processing of the grievance.

ARTICLE V
EVALUATION PROCEDURES AND PERSONNEL FILES

A. Procedure:

The primary purpose of any employee evaluation is to improve performance and to develop the highest professional competence on the part of each employee. The District retains sole responsibility for the evaluation and assessment of the performance of each unit member, subject only to the following procedural requirements. Accordingly, no grievance arising under this Article shall challenge the substantive objectives, standards, or criteria determined by the District, nor shall it contest the judgment of the evaluator or the District; any grievance shall be limited to a claim that the following procedures have been violated.

1. The immediate supervisor shall prepare a formal evaluation for newly hired and promoted unit members during their sixth (6th) month probationary period or one-hundred thirty (130) days of paid service, whichever is longer, no later than the third (3rd) and the fifth (5th) month of employment.
2. The immediate supervisor may prepare evaluations on employee performance as deemed necessary. When such evaluations are placed in a unit member's personnel file, they shall have the right to review and respond within ten (10) workdays to any adverse comments and have the response attached to said evaluation and placed in their personnel file. When said evaluation shows "Needs Improvement," the deficient area(s) will be specifically stated, and expectations and recommendations for improvement will be included.
3. In the event an evaluation is grieved on a procedural basis by an employee, said evaluation shall not be placed into the employee personnel file for a period of thirty (30) workdays to allow the employee and District to resolve the dispute.
4. The bargaining unit member's signature on a formal evaluation acknowledges receipt of the evaluation and does not necessarily imply agreement with the content therein. A unit member's refusal to sign does not negate the substance of the document and its placement into the personnel file.

Permanent unit members will be evaluated not less than once every two (2) years. Both the evaluator and the employee shall sign such evaluations. One (1) copy of the evaluation shall be held in the evaluator's file.

B. Performance Assistance:

In the event that deficiencies are identified, the evaluator shall take positive action to assist the unit member in correcting any identified deficiencies. The evaluator's role in assisting the unit member may include, but is not limited to, the following:

1. Specific recommendations for improvement;
2. Direct assistance to implement such recommendations;
3. Provisions of additional resources to be utilized to assist with improvement;

4. Techniques to measure improvement;
5. Time schedule to monitor progress;
6. Observation;
7. Conferences;
8. Visitation to other sites; or
9. Written notification of continued deficiency and an assistance plan may follow if appropriate.

C. Assistance Plan:

If a formal written assistance plan is deemed necessary, the assistance plan shall be initiated no sooner than thirty (30) continuous workdays from receipt of written notification of the need to improve. The duration of time the employee will be under consideration for an assistance plan shall not exceed one (1) year. The actual duration of the assistance plan will be determined by the circumstances involved.

D. Evaluation Report:

In preparing the Evaluation Report for placement in the unit member's personnel file, the evaluator shall rely primarily upon data collected through observations, which may include inspecting the employee's work while being performed and/or after a job is completed and may include conferences with employee to discuss work performance issues prior to the formal evaluation process. Any deficiencies that may have been brought to the attention of the unit member and corrected may not be negatively referenced but may be constructively addressed.

E. Personnel Files:

Official employee files shall be maintained in the Human Resources Office under the following circumstances and under conditions:

1. Availability of Information:

Materials in the employee's personnel files, which may serve as a basis for affecting the status of their employment, is to be made available for the inspection of the employee or their approved designee, as requested in writing.

Every employee shall have the right to inspect such materials upon request, provided that the request is made at a time when such employee is not actually required to render services to the District.

Such material is not to include ratings, reports, or records that:

- a. Were obtained prior to employment of the employee involved; or

b. Were obtained in connection with a promotional examination.

2. Anonymous Materials:

No anonymous letters or other anonymous materials shall be placed in the personnel file.

3. Disposition of Derogatory Contents:

Information of a derogatory nature shall not be entered into an employee's personnel records unless and until the employee is given notice and an opportunity to review and comment on that information. The employee's signature acknowledges receipt of the material and does not necessarily imply agreement with the content herein. Within ten (10) workdays, the employee shall have the right to enter and attach their comments to any derogatory statement. The District shall notify employees of any new material entered into an employee's personnel file.

4. Employee Rights:

The employee shall have the right to answer any material filed, and their answer shall be attached to the file copy.

5. Reproduction of File:

The employee shall be permitted to reproduce material in their file as entitled to by the Education Code.

b. Part-time Regular Unit Member:

For purposes of this Article, a part-time regular unit member is defined as one (1) whose normal employment is less than forty (40) hours of work per week. A part-time unit member is entitled to prorated leaves of absence, in the same ratio as his regular hours of work per week bear to forty (40) hours.

c. Member(s) of the Immediate Family:

As used in this Article shall mean spouse/registered domestic partner, father, mother, foster parent, stepparent, legal guardian, great-grandparent, grandparent, great-grandchild, grandchild, son, son-in-law, daughter, daughter-in-law, brother, brother-in-law, sister, sister-in-law, step child, foster child, aunt, uncle, niece, nephew of the unit member or their spouse/registered domestic partner, or any person permanently living in the immediate household of the unit member.

2. Unit Member Protection:

A leave protects the unit member by holding a place in the District until the leave expires, with the right to return to the District in a position of the same status and rank at the conclusion of the leave unless the unit member would have otherwise been laid off. There is, however, no assurance that the return assignment will be in the worksite where the unit member was assigned when the leave was authorized.

3. License or Certificate:

A condition of each leave of absence is that any required license or certificate held at the time the leave was granted, properly authorizing the service, must be maintained in full force by the unit member.

4. Wages, Salary Supplement, and Retirement Credit:

Unit members on a paid leave of absence, unless otherwise provided herein, shall receive wages, salary supplement coverage, and retirement credit, the same as if they were not on leave. Those who go on an unpaid leave during any pay period shall receive their salary supplement (health and welfare coverage) for the balance of that pay period. Thereafter, they shall be allowed to remain on continued coverage pursuant to the terms of the

insurance plan selected at their own expense, provided they make advance payment of the premium in a manner reasonably required by the District.

If they are unable to make a determination before the immediate supervisor leaves for the day, they must notify the appropriate District Department prior to closing time. Unit members assigned to a shift that begins after 2:00 p.m. must notify the immediate supervisor at least two (2) hours before the start of their shift or may notify the office of Human Resources in the absence of the immediate supervisor. On the day the employee returns to active service, the unit member shall complete the District's Employee Absence Report and submit it to the immediate supervisor and shall provide such additional verification of the use of these leave provisions as may be requested by the District. Unit members employed by the District four (4) days a week, for forty (40) hours per week, shall likewise be entitled to twelve (12) days leave of absence for illness or injury, exclusive of the days they are not required to render service.

Day, as used in this article, means the employee's regularly assigned workday, exclusive of overtime.

b. Part-Time:

When an employee is ill or temporarily disabled (non-work related) from performing their usual and customary job duties as a result of an injury or illness, the District may assign the employee to light duty assignments that are within the work restrictions described by the employee's physician. The light-duty may be a modification of the employee's usual and customary job or a job outside of the employee's classification. Light duty assignments will be made at the discretion of the District and as long as light duty work is available. An employee on light duty will receive their regular rate of pay. Some light-duty assignments may require periodic review and/or medical reevaluation. d. Pay Rate:

Pay for any hour(s) or day(s) of illness or injury absence shall be at the unit member's regular hourly rate for each hour of absence or daily rate for each day of absence.

e. Leave Credit:

Credit for leave of absence for illness or injury need not be accrued prior to taking such leave by the unit member, and such leave may be taken at any time during their assigned work year. Probationary unit members of the District shall not be eligible to take more than six (6) days, or the proportionate amount to which they may be eligible under this article, until the first day of the calendar month after completion of six (6) months of active service with the District. A unit member who terminates employment prior to earning sick leave taken in advance of accrual shall have the appropriate amount deducted from their final check.

f. Leave Accumulation:

If a member of the bargaining unit does not take the full amount of leave allowed in any year, the amount not taken shall be accumulated from year-to-year.

g. Reimbursement:

Earned or accumulated sick leave shall not be considered as vacation, nor shall a unit member be reimbursed for unused sick leave at the time of separation except as provided in the Education Code for purposes of retirement.

h. Transferable:

Sick leave shall not be transferable from one-unit member's accumulated balance

to that of another employee except in accordance with Education Code provisions.

5. Compensation:

Any unused sick leave credit may be used by the unit member for sick leave purposes, as defined, without loss of compensation.

6. Extended Illness Leave:

a. Additional Non-accumulated Leave:

Pursuant to Education Code Section 45196, on July 1 of each year, all bargaining unit members shall be credited with a total of one-hundred (100) workdays of paid sick leave, including days to which they are entitled under Section 45191 (annual sick leave days allotment). Such days of paid sick leave, in addition to those under Article VIII-Leaves of Absence, section 4, shall be compensated at fifty percent (50%) of the employee's regular salary.

b. 100-Day Period:

The One-hundred (100) day period shall begin on the first (1st) day of absence for non-industrial illness or injury. The unit member shall receive their full salary until all paid leave (annual sick-day allotment and accrual, vacation, and holidays) are exhausted. The days remaining in the one-hundred (100) day period shall be paid at fifty percent (50%) of the regular salary.

c. Fiscal Year Allowance:

Only one (1) one-hundred (100) day period in any fiscal year may be taken.

d. Continued Illness:

At the beginning of each fiscal year, if the bargaining unit member continues to be ill and is in a paid status, the unit member is entitled to a new one-hundred (100) day period as of the date they are scheduled to begin performing service.

e. Physician Verification:

In order to receive extended illness or injury leave benefits, a current physician's verification must be on file with the District.

Please note the examples below:

Example:

A classified OMSD employee works five (5) days a week, eight (8) hours per day. During the school year, they come down with a lengthy illness. At the time the illness occurs, they have forty (40) days (320 hours) of earned sick leave and twenty (20) days (160 hours) of earned vacation.

Here are some possible options:

Option 1:

Forty (40) days sick @ full pay, then
Sixty (60) days sick @ fifty percent (50%) pay

Option 2:

Forty (40) days sick @ full pay, then
Sixty (60) days sick @ fifty percent (50%) pay pay, and then
Twenty (20) days vacation @ full pay

Option 3:

Forty (40) days sick @ full pay, then
Twenty (20) days vacation @ full pay, and then
Sixty (60) days sick @ fifty percent (50%) pay

In deciding what to do, a classified OMSD employee will want to remember that when they exhaust their leave benefits, they will be placed on the thirty-nine (39) month rehire list. Therefore, options two (2) and three (3) will prolong their active employment with the District. A classified OMSD employee should also consider the impact of any long-term disability insurance that may help them financially during their illness.

For any appearance in court or to respond to an official order from another governmental jurisdiction, a unit member may utilize Personal Necessity Leave.

A unit member, upon giving their immediate supervisor adequate notice, shall be entitled to participate in interviews and any practical examinations, if selected for consideration for interview(s) conducted by the District, without loss of pay, provided the unit member has been notified by District Human Resources personnel that they have been invited to participate.

ARTICLE IX TRANSFERS

A transfer is defined as a permanent change of location within a classification.

Transfers may fall into two (2) categories:

1. Administrative transfers that are initiated by the District; and
2. Transfers that are initiated at the request of the unit member on a voluntary basis.

The District shall retain final authority to transfer unit members from one (1) job site to another when the District determines that such a transfer is in the best interest of the District and its educational programs and not for arbitrary or capricious reasons.

The following procedures shall be followed:

A. Administrative Transfer:

The District may initiate a transfer at any time. However, a unit member affected by such transfer will be given written notice of the proposed transfer ten (10) workdays in advance of any permanent change in the unit member's work schedule unless the employee and immediate supervisor mutually agree to a different timeline. Also, they shall be provided an opportunity, if desired, to meet with the appropriate supervisor(s) and be informed as to the reason(s) for the transfer and how it will be implemented. Consideration will be given to the unit member's objections or preferences, if any, at that time.

Administrative transfers will not be used as punitive or disciplinary action.

B. Voluntary Transfer:

Unit members may submit written requests to the Human Resources Department for transfer to positions within their current classification at any time during the work year. A separate transfer request list will be maintained for each classification.

Transfer applicants will be interviewed by the immediate supervisor at or about the time the position applied for becomes vacant. The immediate supervisor shall make their final appointment from among transfer applicants and other eligible candidates.

Requests for withdrawal of transfer may be submitted in writing at any time.

Probationary unit employees are not eligible to be considered for voluntary transfers. Unit members who are interviewed and not selected for a vacancy may request and will be granted a conference with the selecting supervisor to discuss the reason(s) for the denial of the request for transfer.

The filing of a request for transfer is without prejudice to the unit member. Such requests shall not jeopardize the unit member's present position.

C. Reassignment:

A reassignment is defined as a temporary change of location within a classification to address the needs of the District. A reassignment may be five (5) continuous days or less, which may be reassessed during the five (5) day period.

D. Appeal Process:

If the unit member believes there has been a violation by the District of this article or that the transfer is not in the best interest of the District, they may either utilize the grievance procedure under Article IV-Grievance Procedures of this Agreement or appeal the decision through the following process:

1. Steps of the Appeal Process:

- a. Step 1 – Within two (2) workdays following written notice of transfer, a unit member may appeal the transfer by submitting, in writing, such reasons to their immediate supervisor responsible for his selection as the person to be administratively transferred.
 - b. Step 2 – If the transferee is not satisfied at the conclusion of Step 1, the appeal, in writing, may be submitted to the Director of Human Resources. Such appeal must be made within one (1) workday after having the initial appeal rejected by his immediate supervisor or person responsible for his selection as a person to be administratively transferred.
 - c. Step 3 – If the transferee is not satisfied at the conclusion of Step 2, the appeal, in writing, may be submitted to the Superintendent. Such appeal must be made within one (1) workday after having their appeal reviewed and rejected by the Director of Human Resources. The Superintendent's decision shall be final under this process.
 - d. The Superintendent shall have the authority to appoint an alternate supervisor in the event one (1) of the above supervisors involved in the process above is not available.
 - e. The above time limits may be adjusted by mutual agreement of the District and the unit member.
2. If the above appeal process is used, no transfer will be affected until all steps of the appeal process have been completed unless the unit member has not adhered to the time constraints herein.

ARTICLE X
RECLASSIFICATION, CLASSIFICATION, AND COMPENSATION

A. Definition:

For purposes of this agreement, “reclassification” shall mean:

Pursuant to Education Code Section 45101 (f), “Reclassification means the upgrading of a position to a higher classification as a result of the gradual increase of the duties being performed by the incumbent in such position.”

B. Requests for Reclassification:

Requests to have a position analyzed for possible reclassification into an existing bargaining unit position may be made by a unit member.

A request by a unit member to have a position analyzed shall be made on a Reclassification Request Form and submitted to the unit member’s immediate supervisor by January 31 for their comments prior to routing the request to Human Resources for review and consideration by the Reclassification Committee. No employee working in the same classification may submit a request for reclassification more than once in any two (2) year period.

C. Process:

This will be a collaborative process between Ontario-Montclair School District and the California School Employees Association and its Chapter 108.

1. The employee will complete the request form and forward it to their immediate supervisor. The immediate supervisor or their designee will immediately sign and date the Review Verification Form and return the Review Verification Form to the employee.
2. The employee will deliver the signed Review Verification Form to Human Resources between January 1 and the close of business on January 31.
3. The employee’s immediate supervisor will review and forward the Reclassification Form to Human Resources no later than ten (10) workdays after January 31.
4. Human Resources will forward the Reclassification Form(s) to the Association and the Reclassification Committee five (5) workdays prior to the scheduled Reclassification Committee meeting but no later than February 15.
5. The Reclassification Committee will complete the review process no later than April 15.
6. The following procedures shall govern the Reclassification Committee:
 - a. The committee must determine by a minimum of four (4) – two (2) votes the recommendation or denial of each request for reclassification.

- b. The committee may collect additional information to inform the decision, which may include oral and/or written information from the employee(s) and/or supervisor(s).
 - c. The decision of the Reclassification Committee is final.
 - d. The affected member shall be notified in writing of the decision of the Reclassification Committee and the Board of Trustees no later than ten (10) workdays after the Board's action.
7. The Superintendent shall submit the committee's recommendation to the Board of Trustees no later than the Board's second (2nd) regular meeting in May.
 8. A Board-approved reclassification shall be retroactive to January 1 of the year in which approval was granted by the Reclassification Committee and the Board.
 9. The Committee shall have the authority and responsibility to recommend the reclassification of positions. Upon Board approval, the incumbent who requested reclassification shall be placed in the new position without further evaluation or application procedures.
 10. The committee shall not transfer any bargaining unit work, duties, tasks, functions, or responsibility to any position outside of the bargaining unit.

D. Reclassification Committee Membership:

1. The Reclassification Committee shall be comprised of six (6) members. The Association shall appoint three (3) bargaining unit employees to the committee, and the District shall appoint two (2) management employees and one (1) Superintendent's designee.
2. All committee members must be in attendance for the committee to meet.
3. In the event of an emergency, an alternate may take the place of a committee member. The alternate shall then become the new and permanent committee member for the remainder of the annual term.
4. The Association and the District shall appoint their respective members no later than February 1 of each year.

E. Neutral Third (3rd) Party:

1. In the event that the Reclassification committee does not reach a decision to approve or decline a reclassification request but concludes with a three (3) by three (3) stalemate, then the reclassification application will be reviewed by a neutral third (3rd) party to be paid by the District. The neutral third (3rd) party shall be selected jointly by the District and CSEA to deliberate the reclassification in question. In the event the District and CSEA cannot agree on a neutral third (3rd) party, that party shall be a mediator employed by the State Conciliation/Mediation Service.

2. The impartial third (3rd) party shall review reclassification documents as provided and may interview the affected employee and immediate supervisor.
3. The neutral third (3rd) party/mediator shall recommend a resolution to any disputes to the committee, who shall adopt their recommendation.

F. Classification and/or Compensation:

1. Classification:

Upon mutual agreement, the District and the Association will initiate a classification review of comparable Districts for any job classification.

2. Compensation:

The District and the Association will initiate a compensation review when compensation for a specific job classification falls below fifty-five percent (55%) of comparable Districts for that specific job or upon mutual agreement.

3. Process:

- a. A District committee shall be formed and be comprised of six (6) members. The Association shall appoint three (3) bargaining unit employees to the committee, and the District shall appoint three (3) management employees.
- b. The District committee shall use comparable surrounding Districts to determine compensation/classification considerations.
- c. The committee must determine by a minimum of four (4) – two (2) votes the recommendation or denial of each request for compensation and/or classification modification.
- d. The committee may collect additional information to inform the decision, which may include oral and/or written information from the employee(s) and/or supervisor(s).
- e. The affected member(s) shall be notified in writing of the decision of the Committee no later than ten (10) workdays after the Committee's action.
- f. The Committee shall have the authority and responsibility to submit their recommendation(s) of the classification and/or compensation of positions to the Superintendent.
- g. Upon Board approval, the incumbent(s) shall be placed in the new position and/or salary range without further evaluation or application procedures.

ARTICLE XI **PROMOTION**

A. Definition:

A current unit member who changes from one (1) class to a higher related class and involves a change of position and duties shall be defined as a promotion. An employee who receives a promotion to a higher related class with a higher salary range shall be placed on the first (1st) step of that higher range, which constitutes at least a five percent (5%) increase above their previous salary placement. In no case shall the increase be greater than that reflected in Step E of the new salary range.

Other career opportunities may also be available in other classes (depending upon employee qualifications) but would not necessarily constitute a promotion or pay raise.

A unit member who makes a career change to a position with the same or higher salary range will realize no reduction in their salary. Unit members who make a career change to a position with a lower salary range shall be placed on the step that is closest to their current salary.

B. Application:

Bargaining unit members shall have the opportunity to apply for any vacant bargaining unit position which can be considered a promotion by submitting a written application to Human Resources within the time period specified on the vacancy announcement and meeting all application requirements set forth by the Human Resources Division.

When qualified for admission to a final list and all other considerations with respect to ability and qualifications are determined to be substantially equal and practicable, the unit member will be given every consideration for promotion, including the first (1st) choice of scheduled interviews.

Any bargaining unit member who is not selected for a position may request feedback from the supervisor on the panel regarding their interview.

C. Promotional Probation Procedure:

A permanent employee who accepts a promotion and fails to complete the probationary period for that promotional position shall be employed in the classification from which they were promoted. (Reference Article V-Evaluation Procedures and Personnel Files, section A, Procedures)

ARTICLE XII

HOURS AND OVERTIME

This Article is intended to apply to all unit members and states the general provisions applicable to classified employees. However, the Transportation Department Handbook, which will apply only to transportation employees, will be reviewed yearly by a committee consisting of three (3) representatives of the Association and three (3) representatives of the District. The purpose of the committee will be to review and make recommendations on rules and regulations contained in the Transportation Department Handbook. Rules and regulations which fall within the scope of representation shall be considered negotiable issues.

A. General Provisions:

Seniority shall be calculated by the hire date within each class.

Upon employment, each unit member shall be advised, in writing, of their job description, salary placement, worksite, and normal number of assigned daily and weekly work hours.

Upon contracting, with any change in classification, each unit member shall be advised, in writing, of their job description, salary placement, and worksite, together with the normal number of assigned daily and weekly work hours.

Daily work schedules for unit members shall be assigned as required to meet the operational needs of the District or in accordance with Section A of the Management Rights clause. The District shall give the Association and the unit member notice at least ten (10) workdays in advance of any permanent change in the unit member's work schedule. The Association, employee, and supervisor may mutually agree to a period of less than ten (10) workdays. Work schedules will not be changed for the purpose of circumventing overtime rights, as defined in this agreement.

Full-time employment for unit members shall be based on a forty (40) hour work week and eight (8) hours per day, exclusive of lunchtime. For computational purposes, 19.58 days (156.64 hours) will constitute a work month. Part-time unit members shall have less than a forty (40) hour work week.

Nothing herein precludes the District from establishing a ten (10) hour-per-day, forty (40) hour, four (4) consecutive-day schedule within certain classifications or for unit members within certain classifications, provided that the establishment of such a work week is approved by the immediate supervisor and has the concurrence of the employees involved with Association representation.

The District may assign unit members to nonconsecutive workdays at any time during the normal five (5) day work week period when the needs of the District so dictate.

Any employee who works a minimum of thirty (30) minutes per day in excess of their part-time assignment for a period of 19.58 days or more within a preceding quarter shall be afforded appropriate pro-rated benefits (vacation, holiday, and sick leave) for the aforementioned extra hours.

B. Nine/Eighty (9/80) or Ten/Forty (10/40) Work Week:

The District may establish a nine/eighty (9/80) or ten/forty (10/40) work schedule [nine (9) hours per day, eighty (80) hours every two (2) weeks, or ten (10) hours per day, forty (40) hours per week] upon concurrence of the affected employee with Association representation. Employees who are working a nine/eighty (9/80) or ten/forty (10/40) work schedule are to work the traditional work week (eight (8) hours per day) in weeks in which there is a holiday or jury duty.

C. Lunch Period:

Unit members working at least five (5) consecutive hours per day shall be entitled to an unpaid, uninterrupted lunch period of no longer than one (1) hour nor less than one-half (½) hour. The lunch period shall be assigned by the immediate supervisor at or about the midpoint of the employee's duty day or as is administratively practical.

When a work period of not more than six (6) hours will complete the day's work, a lunch period may be waived by mutual consent of the unit member and their immediate supervisor.

If the nature of the work assigned to a unit member prevents the unit member from being relieved of all duties during a designated lunch period, the lunch period shall be considered an "on-duty" lunch period and counted as time worked.

D. Rest Periods:

Unit members working four (4) consecutive hours per day shall be entitled to a paid uninterrupted fifteen (15) minute rest period for each consecutive four (4) hour work period. The rest period shall be assigned by the immediate supervisor at or near the midpoint of each four (4) hour period.

Unit members working three and one half (3½) or three and three quarters (3¾) consecutive hours per day shall be entitled to a compensated rest period of ten (10) minutes and shall be taken at a time designated by the immediate supervisor.

E. Overtime:

Overtime is defined as any assigned hours worked in paid status over eight (8) hours in one (1) day or forty (40) hours in one (1) work week. Compensatory hours earned or used shall be documented within one (1) workday.

1. Unit members shall receive written (or email) approval from their immediate supervisor prior to working overtime except in cases of an emergency.
2. Unit members shall be compensated at the rate of one and one-half (1½) times the regular pay rate for all hours assigned and worked in addition to the eight-hour workday (or, if applicable, the ten (10) hour workday) or forty (40) hour work week.
3. Unit members shall be compensated at the rate of one and one-half (1½) times the regular pay rate for all hours worked on the sixth (6th) and seventh (7th) consecutive days following the commencement of the work week.

4. When a unit member is required to work on any holiday designated in this agreement, they shall be compensated at the rate of one and one-half (1½) times the regular pay rate for all hours worked, in addition to normal holiday pay.
5. The District shall not make decisions regarding the assignment of overtime work amongst unit members for arbitrary, capricious, or vindictive reasons, nor shall they be made solely on the basis of cost to the District.
6. Whenever possible, overtime shall be assigned as equitably as possible on the basis of a seniority rotation starting with the primary classification at the worksite or department, whichever applies, provided the unit member has the skill and ability to perform the assigned task.

F. Compensatory Time-Off In Lieu of Overtime:

Compensatory time off in lieu of overtime pay may be authorized if mutually agreed upon by the unit member and their immediate supervisor. Compensatory time shall be granted at the rate of one and one-half (1½) times the actual overtime worked and shall be taken within one (1) year of the date it is earned, or an overtime pay warrant shall be initiated. Compensatory hours earned or used shall be documented within one (1) workday.

Earned hours of compensatory time shall be recorded and mutually agreed upon by the immediate supervisor and employee. A record of such recorded hours shall be supplied to the unit member upon request. A request for the use of an employee's compensatory time shall be submitted to the immediate supervisor for approval or denial prior to the use of the requested compensatory time.

G. Working Out-of-Classification on a Temporary Basis:

When a unit member works in a higher classification, the salary of the unit member shall be adjusted upward as follows:

1. When a unit member is assigned by their immediate supervisor, in writing, to replace (i.e., vacancy, long-term illness, extended leave) an employee in a higher classification and expected to perform the functions and duties of the higher classification, the unit member shall be paid the nearest salary rate on the salary range of the higher classification and reflects no less than a five percent (5%) increase, starting on the first (1) day of replacement service.
2. When a unit member is assigned by their immediate supervisor to perform some, but not the majority of the functions and duties of a higher classification (such duties not clearly indicating the appropriateness of the higher salary range), for a period of time which exceeds four (4) consecutive workdays or five (5) workdays within a fifteen (15) calendar day period, the unit member shall receive a pay increase equivalent to five percent (5%) of the unit member's salary in their regular permanent position, for the entire out-of-class period.
3. When a bargaining unit member agrees to work out of classification in a management position, the bargaining unit member shall be paid Step A on the management salary schedule they are performing or no less than a five percent (5%) increase, whichever is

higher, starting on the first (1st) day of replacement service. Bargaining unit members working in management positions may provide work direction but shall not formally evaluate other bargaining unit members.

H. Additional Hours:

Additional hours are defined as additional assigned hours worked in paid status over and above the daily regular work assignment established by the District, totaling eight (8) or less hours per workday when combined with the unit member's regular daily assignment, except in cases of a nine/eighty (9/80) or ten/forty (10/40) work schedule.

Whenever possible, additional hours shall be assigned as equitably as possible on the basis of a seniority rotation, starting with the primary classification at the worksite or department. Additional classifications may be considered so long as the scope of work falls within the job description.

I. Night Shift Differential:

Any full-time night employee who works half (½) of their normal shift after 5:00 p.m. shall receive a night shift differential. This differential will be an assigned working time of seven and one-half (7½) hours for which the employee shall receive eight (8) hours of pay at the employee's regular rate of pay. Exempt from this differential are those unit members whose schedule was arranged to suit the convenience of the unit member.

The night shift differential shall not apply during the summer recess except when employees are actually assigned to a shift where half (½) of the regularly assigned work hours occur after 5:00 p.m.

An employee receiving a night shift differential who is required to work in a higher range position on a temporary basis shall not lose the night shift differential until the twenty-first (21st) working day in the higher range position.

J. Minimum Call-In and Call-Back Time:

1. Stand-By Assignment Stipend:

When a bargaining unit member is scheduled to be on standby for a call-out assignment, the bargaining unit member shall receive a stipend equivalent to two (2) hours of their regular rate of pay for such stand-by time. This shall be applied on holidays and weekends, if applicable.

If the bargaining unit member is assigned to the Stand-By Assignment, and a Call-Out assignment is initiated, they shall receive both the stipend and call-out two (2) hours of pay.

2. Call-Out Assignment:

When a bargaining unit member is called out, they shall receive a minimum of two (2) hours of pay for such call-in or call-back work at the appropriate pay rate under this Agreement.

During the two (2) hour period, the bargaining unit member is considered on the clock and is expected to respond to all service calls. Should the service that is being rendered exceed the two (2) hour period, excess work time shall be paid on the bargaining unit member's appropriate rate of pay based on hours worked.

If the bargaining unit member receives another call after the two (2) hour period ends, the bargaining unit member shall begin a new two (2) hour period.

K. Stand-by Time for Transportation Mechanics:

A unit member who is scheduled to be on stand-by during non-workdays shall receive a minimum of two (2) hours of pay for such stand-by. This may be applied on holidays and weekends.

L. Phone Contact by Manager/Designee During Non-Contract Hours:

Employees contacted by phone by a manager/designee and asked to engage in a professional consultation specifically regarding the employee's worksite/assignment/duties, and does not require the employee to be called into work, will be compensated in fifteen (15) minute increments. This does not apply to general or work assignment notifications.

M. Federal, State, and Local Elections:

When necessary and consistent with the best interest of the District, the District shall attempt in good faith to adjust work schedules in order to allow unit members an opportunity to vote in federal, state, and local elections.

N. Split Shifts:

Any unit member whose normal daily assigned work shift is split by a total of one-half ($\frac{1}{2}$) or more hours, exclusive of the lunch period, shall receive a split-shift differential of five percent (5%) per hour. Exempt from this differential are those employees whose split hours are caused by multiple assignments or whose schedule was arranged for the employee's convenience rather than the District's needs.

Any unit member whose normal daily assigned work hours are less than six (6) hours and include a split shift shall not be entitled to an assigned duty-free meal period.

O. Turnaround Coverage:

If a bargaining unit member works beyond 9:00 p.m. in their contractual shift and is requested to pick up a subsequent morning shift, the bargaining unit member shall receive a five-percent (5%) increase for that morning shift. This turnaround coverage shall not occur more than two (2) days in succession.

ARTICLE XIII **HOLIDAYS**

All members of the bargaining unit shall be entitled to the following paid holidays provided they are in paid status during any portion of the working day immediately preceding or succeeding the holiday:

- A. New Year's Eve Day

- O. Christmas Day

The District shall set the date of each holiday annually and make available to each employee a School District calendar on which the dates shall be listed.

When a holiday authorized in this Article falls on a Saturday, the preceding workday, not a holiday, shall be deemed to be that holiday. Also, when a holiday falls on Sunday, the following workday, not a holiday, shall be deemed to be that holiday.

ARTICLE XIV
VACATIONS

A. Vacation Breakdown:

Unit members shall be eligible for an annual vacation, paid at the regular rate of pay earned at the time the vacation is commenced. A part-time unit member earns vacation time proportionate to the number of hours his regular assignment bears to an eight (8) hour day.

Entitlement to annual vacation time is earned according to the following schedule:

Years of Service	Vacation Breakdown
One (1) – Four (4) Years	One (1) day for each month of service earned during the work year for a maximum of twelve (12) days of annual vacation.
Five (5) – Nine (9) Years	One and one quarter (1¼) days for each month of service earned during the work year for a maximum of 15 days annual vacation.
Ten (10) – Fourteen (14) Years	One and one half (1½) days for each month of service earned during the work year for a maximum of eighteen (18) days annual vacation.
Fifteen (15) – Nineteen (14) Years	One and three quarters (1¾) days of each month of service earned during the work year for a maximum of twenty-one (21) days annual vacation.
Twenty (20) Years of service and Thereafter	Two (2) days for each month of service earned during the work year for a maximum of twenty-four (24) days annual vacation.
One (1) additional day of vacation will be granted in accordance with the “Vacation Incentive - Longevity” section in this Article.	

B. Twelve (12) month (224 or more contract days) employees:

A unit member will not be entitled to use earned vacation until completion of the six (6) month probationary period. May take vacation anytime during the school year, with the approval of the immediate supervisor. Vacation time earned during any fiscal year (July 1 to June 30) may be carried over for an additional two (2) years.

When a unit member requests five (5) or more consecutive vacation days, a District vacation request form must be submitted to the immediate supervisor at least ten (10) workdays prior to the first day of the requested vacation. Response to vacation requests will be returned to the unit member within five (5) workdays after receipt of the request. Any vacation request of less than five (5) days requires supervisor approval.

C. Less than twelve (12) month employees:

Vacation time shall be taken during the winter and spring break or when the District will not be required to employ a substitute to fill such temporary absence. Vacation time may not be accumulated from year to year. The employee will be paid for any unused vacation time by the last paycheck of the fiscal year.

If an employee's contract days are listed below, then they earn vacation proportionally to their workdays, not calendar days, and are paid accordingly. If there is the option to complete a flex calendar spreading the days into each month or elect Deferred Net Pay (pay spread over twelve (12) checks), this does not change the way vacation is earned:

1. 206-223 = Eleven (11) month employee
2. 176-205 = Ten (10) month employee*
3. 167-175 = Nine (9) month employee
4. 161-166 = Eight (8) month employee

*Regular unit members whose work year is established to correlate with the beginning and ending dates of the approved school year for students shall be ten (10) month employees regardless of when such beginning or ending dates occur during a given month (i.e., 176-205 days).

If dates are within or outside of the established school year for students, then a month is defined as 19.58 days when the contract year is divided and the employee is less than twelve (12) months regardless of flex calendar usage (i.e., 206-230, 167-175 and 161-166).

D. General Provisions:

When a unit member is requested to remain on duty because of an unforeseen emergency or condition that could affect the welfare of the District's operation, a unit member may accumulate the amount of unused vacation for use in the next school year or be reimbursed upon recommendation of the immediate supervisor.

Approved holidays that fall during a unit member's vacation shall not be charged against an employee's accumulated vacation time. In the event that one or more holidays fall within a scheduled vacation period, additional vacation days shall be granted.

Upon separation from service with the District, unit members shall be entitled to lump-sum compensation for all earned and unused vacation, except those unit members who have not completed six (6) months of employment in regular status. Such unit members shall not be entitled to such compensation.

E. Computing Vacation Time:

The District will utilize the following method for purposes of computing vacation time earned:

1. Initial Employment:

Initial employment occurring between the first (1st) and fifteenth (15th) of the month shall be computed from the first (1st) of that month, and beginning between the sixteenth (16th) and the end of the month shall be computed from the first (1st) of the following month.

2. Regular Employment:

For the purpose of determining the number of vacation days earned annually by unit members, 19.58 days will constitute a work month.

Regular unit members whose work year is established to correlate with the beginning and ending dates of the approved school year for students shall be entitled to earn ten (10) vacation days annually regardless of when such beginning or ending dates occur during a given month.

Unit members whose work year begins after the approved school year for students have started or ends before the last school day occurs shall earn vacation at the rate of one (1) day for each 19.58 days in their service year. Fractions shall be rounded off to the nearest whole day.

ARTICLE XV **SAFETY AND SECURITY**

A. General:

The District shall make every reasonable effort to provide a place of employment that is as safe as the nature of the assigned duties reasonably permits.

Unit members are required to use District provided equipment and worksite facilities in a prudent manner, including, but not limited to, utilization of all safety guards and protective devices.

Any assault, threat of force, violence, or inappropriate behavior (e.g., discrimination, harassment, workplace bullying, and abusive conduct, as defined by law and policy) towards unit members at any time or place, which is related to work activities, shall be reported by members to their immediate supervisor or the appropriate department.

Unit members have the responsibility to submit written recommendations to the immediate supervisor regarding the maintenance of safe working conditions, facilities and equipment, repairs and modifications, and other practices designed to ensure compliance with applicable safety standards. The immediate supervisor will take all reasonable and prudent measures to resolve the safety concern. The immediate supervisor shall acknowledge receipt of the safety concern in writing to the unit member within three (3) workdays. This acknowledgment may include steps toward resolving the concern.

Should the immediate supervisor's action be considered unsatisfactory, the unit member may present the problem, in writing, to the Risk Management Department for further consideration and action.

Unit members will not be subject to any punitive action for making or filing any complaint involving an unsafe working conditions. Nothing in this Article shall preclude a unit member from filing a Cal-OSHA claim.

B. Safety Committee:

The District agrees to establish a six (6) member safety committee for the purpose of receiving safety concerns. The committee will be chaired by the Superintendent's designee, who will schedule at least two (2) regular meetings every school year. The chair will schedule other meetings on an ad hoc basis to deal with specific safety issues. Department heads will schedule safety-related meetings as specified by the District's Injury Illness Prevention Program (IIPP).

An officer of CSEA and one (1) other CSEA member shall be members of the committee. The committee may submit written recommendations to the Superintendent where necessary but will have no independent authority to act.

C. Personal Property:

Reimbursement shall be made to any unit member for the loss, destruction, or damage by arson, burglary, vandalism, or student disturbance of personal work-related property used at their worksite pursuant to the following provisions: Only property shall be subject to this section.

Personal property such as automobiles, clothing, jewelry, glasses, watches, and the like are not subject hereto. Personal property must meet OSHA safety standards.

Reimbursement shall be made only when advance approval is obtained on the appropriate District-provided form and when the value of the property was agreed upon in writing in advance between the unit member and the authorizing site and/or department supervisor(s). Advance approval or disapproval is the sole prerogative of the District.

No reimbursement shall be made for mysterious disappearance, accidental damage, or loss suffered because of the lack of due care by the owner or any other cause not specified. The personal instructional property shall not remain on District property over a weekend, on holidays, or during vacation periods without the prior written approval of the authorizing Site and/or Department supervisor(s). The maximum recovery allowable hereunder for any occurrence is five hundred dollars (\$500.00).

D. First Aid:

The District shall provide and maintain a first aid kit at each Worksite/Department within reason. The location of the kit shall be made known to all employees at the worksite.

E. Drug and Alcohol Testing:

1. Application:

Under the provisions of Title 49 of the Code of Federal Regulations Part 382 and Part 40, the provisions of this section apply only to those whose duties include the driving of a commercial motor vehicle or equipment for which a Class A, Class B, or Class C driver's license is required. The provisions of section E of this article exclude bus drivers.

2. Notice:

All employees subject to testing for controlled substances and alcohol shall be individually notified, in advance and in writing, that they are subject to reasonable suspicion, post-accident, return to duty, and follow-up testing while on duty. The notice shall state that the only such tests required by the employer are those required by the Federal Motor Carrier Safety Administration (FMCSA) as set forth in Title 49 of the Code of Federal Regulations, Part 382.

3. Annual Training:

All employees subject to testing for controlled substances and alcohol shall be provided with an annual training session, which includes information regarding employee assistance, specific substance abuse training, and possible physiological, contractual, and legal consequences of substance abuse.

Prior to driving, all employees shall be given necessary post-accident information procedures and instructions by the employer.

4. Reasonable Suspicion Testing:

- a. The District's determination that reasonable suspicion exists to require a driver to undergo an alcohol or controlled substance test must be based upon specific, contemporaneous, articulated observations concerning the appearance, behavior, speech, or body odors of the employee. The observations may include indications of the chronic and withdrawal effects of controlled substances.
- b. The required observation for alcohol and/or controlled substances reasonable suspicion testing shall be made by a supervisor, District supervisor, or their designee who is trained in accordance with Title 49 Section 382.603. The District shall ensure that persons designated to supervise receive at least sixty (60) minutes of training on alcohol misuse and receive an additional sixty (60) minutes of training on controlled substance use. The training will be used by the supervisors to determine whether reasonable suspicion exists to require an employee to undergo testing under Title 49 Section 382.307. The training shall include the physical, behavioral, speech, and performance indicators of probable alcohol misuse and use of controlled substances.
- c. An employee may be directed to only undergo reasonable suspicion testing while performing safety-sensitive functions, just before performing safety-sensitive functions, or just after performing such functions.
- d. Employees for whom a reasonable suspicion determination has been made will be placed on paid administrative leave pending test results.
- e. Tests based on reasonable suspicion of alcohol misuse shall be promptly administered. If the test is not given within two (2) hours following the reasonable suspicion determination, the employer shall prepare and maintain a filed statement of the reasons the test was not promptly administered. The driver will be given a copy of this statement. No test based on reasonable suspicion of alcohol misuse will be given that is not within eight (8) hours of the reasonable suspicion determination.
- f. A written record of the reasonable suspicion observations, dated and signed by all supervisors making the observations, must be made within twenty-four (24) hours or before the results of the test are released, whichever is earlier. A copy of this record will be given to the driver when the results of the test are released.
- g. The person who makes the determination that reasonable suspicion exists to conduct an alcohol test shall not conduct the alcohol test of the driver. Nor participate in the collection or chain of custody of any specimen for testing.
- h. Only supervisors who are trained, directly supervise the employee, and have made personal observations, shall make the determination for reasonable suspicion testing.

5. Post-Accident Testing:

a. Alcohol:

As soon as practicable following an accident on a public road or District property, if there is reasonable suspicion of intoxication, the District shall test for alcohol for each of its surviving drivers:

- i. Who was performing safety-sensitive functions with respect to the vehicle if the accident involved the loss of human life; or
- ii. Who receives a citation within eight (8) hours of the occurrence under State or local law for a moving traffic violation arising from the accident if the accident involved:
 - Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or
 - One (1) or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

b. Controlled Substance:

As soon as practicable following an accident on a public road or District property, if there is reasonable suspicion of intoxication, the District shall test for controlled substances for each of its surviving drivers:

- i. Who was performing safety-sensitive functions with respect to the vehicle if the accident involved the loss of human life; or
- ii. Who receives a citation within thirty-two (32) hours of the occurrence under State or local law for a moving traffic violation arising from the accident if the accident involved:
 - Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or
 - One (1) or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.
 - An employee who is subject to post-accident testing shall remain readily available by providing a contact person and/or telephone number for such testing or may be deemed to have refused to submit to testing [49 CFR 382.303(f)].

- iii. Nothing in this section shall be construed to require the delay of necessary medical treatment or to prohibit the driver from leaving the scene of an accident for a period necessary to obtain assistance in responding to the accident or to obtain necessary medical care.

6. Testing Procedures:

All tests for alcohol or controlled substances must comply with the requirements for such tests set forth in Title 49 of the Code of Federal Regulations, part 40. In addition:

- a. The immediate supervisor of a driver shall not serve as either a collection site person for controlled substance testing or as a breath alcohol technician for alcohol testing of that driver.
- b. All testing shall be conducted in a private setting and, in the case of controlled substance testing, no direct observation of a driver's urination by a collection person is permitted except for the reasons stated in 49CFR 40.67 and 40.69, and then only by a same gender collection site person who is not employed by the District.
- c. The testing laboratory for all alcohol and controlled substance testing (including split sample testing requested by the employee) must be a forensic laboratory certified for such testing by the U.S. Department of Health and Human Services and agreed upon by the parties. Portable or mobile testing units shall not be utilized on or in proximity to the District property.
- d. A controlled substance or alcohol test that has a problem identified that cannot be or has not been corrected or which 49CFR40 requires to be canceled is neither a positive nor negative test (49CFR40.3). The District may not direct a recollection for an employee because a test has been canceled, except in situations cited in 49CFR40, i.e., pre-employment return to duty, [49CFR40.159(a)(5)] and [49CFR40.187(b, e, f)].
- e. The District, upon initial receipt of a verified positive test result, will immediately remove an employee from performing safety-sensitive functions. The District shall not wait to receive a written report or the result of a split specimen test before taking this action [49CFR40.23(a)].

7. Positive Tests:

- a. A positive alcohol test must be a confirmation test by an evidential breath testing device capable of printout and sequential numbering and must show an alcohol concentration of 0.02 grams of alcohol per 210 liters of breath or greater. Such a test is positive even if that concentration is caused by prescribed medication.
- b. A positive test for controlled substances must be a confirmation test by gas chromatography/mass spectrometry techniques and must show one of the following (subject to current federal guidelines):

- i. 15 ng/ml (nanograms per milliliter) of marijuana metabolite;
 - ii. 150 ng/ml of cocaine metabolite;
 - iii. 2000 ng/ml of either morphine or codeine;
 - iv. 25 ng/ml of phencyclidine; or
 - v. 500 ng/ml of amphetamine or methamphetamine, and the Medical Review Officer must conclude that there is no legitimate explanation, such as prescribed medication, for the result.
- c. Upon receipt of a confirmed positive, adulterated, substituted, or invalid test result from the laboratory, no positive test for a controlled substance shall be reported to the District until after the Medical Review Officer has contacted the employee directly, on a confidential basis, and given the opportunity to discuss the test results and medical history, including medication, in confidence, to determine whether the employee wants to discuss the test result. In making this contact, the Medical Review Officer must (40CFR135):
- i. Tell the employee that the laboratory has determined that the employee's test result was positive, adulterated, substituted, or invalid, as applicable; tell the employee of the drugs for which their specimen tested positive or the basis for the finding of adulteration or substitution;
 - ii. Explain to the employee that failure to discuss the result will result in verification of the test as positive or as a refusal to test because of adulteration or substitution, as applicable;
 - iii. Explain the verification interview process and inform the employee that the decision to verify the test results will be based on information the employee provides in the interview;
 - iv. Explain that if a further medical evaluation is needed for the verification process, the employee must comply with the request for this evaluation and that failure to do so is equivalent to expressly declining to discuss the test result;
 - v. Warn an employee who has a confirmed positive, adulterated, substituted, or invalid test that the Medical Review Officer is required to provide third (3rd) parties drug test result information and medical information affecting the performance of safety-sensitive duties that the employee gives in the verification process without the employee's consent.
 - vi. If the Medical Review Officer concludes that there is a legitimate explanation for the positive test, such as prescription or over-the-counter medication or a negative result in the split sample, the Medical Review Officer must report the test to the District as a negative test.

8. Verification:

Upon verification of a drug test as positive for a drug or drug metabolite or as a refusal to test because of adulteration or substitution, the Medical Review Officer must notify the employee of their right to have the split specimen tested. The Medical Review Officer shall notify the employee of the procedures for requesting a test of the split specimen, including (49CFR40.153):

- a. That the employee has seventy-two (72) hours from the time the Medical Review Officer provides this notification to request a test of the split specimen; and
- b. How the employee can contact the Medical Review Officer to make the request; and
- c. That the District must ensure that the test takes place.
- d. The Medical Review Officer shall report the results of all alcohol and controlled substances tests to the District in accordance with the requirements of 49 CFR section 40 and section 382.
- e. The Medical Review Officer shall be a licensed physician (Doctor of Medicine or Osteopathy). The Medical Review Officer must be (49CFR40.121):
 - i. Knowledgeable about and have clinical experience in controlled substance abuse disorders, including detailed knowledge of alternative medical explanations for laboratory-confirmed drug tests; and
 - ii. Knowledgeable about issues relating to adulterated and substituted specimens as well as the possible medical causes of specimens having an invalid result.
- f. The medical review officer shall not be an employee of the District.
- g. The cut-off levels in this section are those required by FMCSA regulation. They will be automatically adjusted to be consistent with changes, if any, in the levels specified by those regulations [see 49 CFR. 40.29, subd., (f)].

9. Refusal (CFR Title 49, 382.211):

No CLD driver shall refuse to submit to a post-accident alcohol and/or controlled substances test required under 382.303, a reasonable suspicion alcohol and/or controlled substances test required under 382.307k, or a follow-up alcohol and/or controlled substances test required under 382.322. The District shall not permit a CDL Driver who refuses to submit to such tests to perform or continue to perform safety-sensitive functions and shall be subject to appropriate disciplinary action, which may include dismissal from employment with the District.

Refusal to submit to an alcohol and/or controlled substance test means that a driver fails to provide adequate breath for testing without a valid medical explanation after they have

received notice of the requirement for breath testing in accordance with the laws or fails to provide adequate urine for controlled substances testing without a valid medical explanation after they have received notice of the requirement for urine testing in accordance with the law or engages in conduct that clearly obstructs the testing process.

Refusal to submit to alcohol and/or controlled substance testing as required will be recorded as a positive test.

10. Disciplinary Action for Prohibited Conduct:

Employees are subject to discipline up to and including suspension and/or termination of employment as is appropriate in accordance with applicable law and District policies and procedures. The severity of the disciplinary action will be based on the circumstances of the infraction and prior work history, including prior disciplinary action(s) of the employee.

- a. Notwithstanding any disciplinary action taken against the employee pursuant to Article XX-Disciplinary Action, any employee who tests positive for controlled substances or for alcohol at a level greater than 0.04 BAC or engages in conduct prohibited by the regulations shall be immediately removed from performing their safety-sensitive function(s) until:
 - i. The employee has been fully evaluated and treated, if required, by a Substance Abuse Professional (SAP) and retested with a negative result for controlled substances or a result for alcohol below 0.02BAC; or
 - ii. The verified test on which the removal of the employee was based is determined upon further testing or evaluation to be a negative test.
- b. Any employee who tests positive for alcohol at a level of 0.02 to 0.039 BAC or engages in conduct prohibited by the regulations shall be immediately removed from performing their safety-sensitive function(s) until:
 - i. The next scheduled duty period, if at least twenty-four (24) hours have elapsed; or
 - ii. A retest shows the alcohol concentration has fallen below 0.02 BAC.

11. Substance Abuse Professional:

The Substance Abuse Professional (SAP) provides information to the employees regarding the following issues:

- a. Effects of alcohol/controlled substance use on an individual's health, work, and personal life;
- b. Signs and symptoms of an alcohol or controlled substance problem;
- c. Methods of intervening when an alcohol or controlled substance problem is suspected; and

- d. Counseling and treatment programs are available for controlled substances and alcohol.

12. Treatment and/or Rehabilitation:

- a. The cost of any treatment and/or rehabilitation program prescribed by the SAP shall be at the employee's expense if said program is not covered under the employee's medical plan.
- b. If the Substance Abuse Professional determines that a rehabilitation program is needed, and if that program does not permit the temporary assignment of the driver to duties that are not safety-sensitive, a driver who has not previously tested positive or utilized a rehabilitation program will be entitled to a one time thirty (30)-workday paid leave for the purpose of rehabilitation.
- c. Employees returning to duty after rehabilitation treatment shall be subject to return-to-duty testing and to unannounced follow-up testing of at least six (6) tests in the first twelve (12) months of return to duty to any position in the classified service and further testing for up to a total of sixty (60) months if recommended by the SAP. The SAP may terminate the requirement for follow-up at any time after the first six (6) tests have been administered if the SAP determines that such testing is no longer necessary.

13. Miscellaneous:

- a. Employees will receive regular pay for the time required to take the tests specified in this Article. The employer will pay for the initial test. In the case of post-accident testing, the employee will be compensated at the appropriate rate of pay for the length of time required to complete the testing process.
- b. The District shall pay for all confirmatory testing of a split sample.
- c. The CSEA President, union stewards, and other appointed representatives shall receive the same training provided to supervisors for reasonable suspicion determinations as scheduled.
- d. The parties agree to treat all test results and initial observations as confidential medical records and shall not become part of the employee's personnel file unless the results are positive. Also, recognize that these records may need to be released in the course of legal proceedings.
- e. The District respects and acknowledges the right of bargaining unit members to seek and receive CSEA representation for any meeting in which misconduct by the employee is/may be alleged and for which there may be disciplinary action.
- f. Following the receipt of positive test results, the employer shall not question an employee concerning the use of alcohol and/or controlled substances without first (1st) informing the employee of their right to have a union representative present

throughout the questioning. If the employee then requests union representation, no such questioning shall occur in the absence of the union representative.

ARTICLE XVI

Also, in the event that the Association, its parent affiliates, or members of persons acting in concert with them have violated the provisions of this Article over a grievance or a dispute that would otherwise properly be subject to resolution by submission to the grievance provisions of Article IV-Grievance Procedures, the Association, and the unit members represented therein, shall be deemed to have waived the right to process the grievance or dispute to arbitration and the grievance or dispute shall be deemed as having been finally settled, with prejudice, in accordance with the District's last stated position with respect thereto.

- C. The District hereby agrees not to cause, or attempt to cause, a lockout of unit members during the term of this agreement.

- D. The District agrees that it will do everything reasonably within its power to provide for the safety of unit members and their possessions when said unit members are working during a work stoppage directed against the District by any other labor organization.

7. Employees hired on or after March 1, 2004, who work 4.0 to 5.4 hours per day are required to take a minimum of single-party medical coverage from one (1) of the medical carriers offered by the District unless the employee provides proof of coverage from another group insurance source and affirms in writing that the coverage will be kept in force. Those employees who waive coverage by providing group medical coverage may enroll in a District single-party vision and/or dental coverage using the employee's allocation.
8. Unit members eligible to receive fringe benefits must:
 - a. Maintain at least single party group coverage from one (1) of the District provided medical insurance carriers or have other group medical coverage.
 - b. Single-party group coverage is defined by the District's medical insurance carriers.
 - c. If the coverage is from a non-district medical insurance carrier, provide the District with annual proof of the group medical insurance coverage and affirm in writing that the coverage will be kept in force prior to the close of open enrollment. Those unit members who have not obtained coverage from a District provided medical insurance resource and who do not provide the District with verification of at least single-party group coverage will be required to purchase single-party group coverage from one (1) of the medical carriers offered by the District.
 - i. Annual proof of medical insurance coverage shall consist of a signed insurance waiver form and one (1) of the following:
 - o Medical insurance card (showing employee's name);

- e. Should an employee cease participation in the opt-out program, they may reapply to the opt-out program at a rate referenced in chart (g) below.

h. Opt-out allotments are in lieu of benefits allotments.

C. Long Service Recognition Benefit:

Long Service Recognition benefits may be paid to regular unit members for years of service served in the District in recognition of accrued continuous time without a break in service. Such service recognition will be paid in addition to the unit members’ scheduled rate of compensation and will commence as follows:

Effective July 1, 2023, Long Service Recognition benefits will be:

<u>Longevity Service Recognition Benefits</u>	
Longevity Service	Recognition Benefit
Beginning 8 th Year	\$0.75 per hour
Beginning 11 th Year	\$0.96 per hour
Beginning 16 th year	\$1.13 per hour
Beginning 21 st Year	\$1.32 per hour
Beginning 26 th Year	\$1.51 per hour

Effective July 1, 2015, any percentage increase to the salary schedule shall be applied to the long service recognition benefit increments.

Beginning the twenty-fifth (25th) year of service with the District, an employee will be granted one (1) additional vacation day. This day shall be added to regular vacation days and taken during the following year in accordance with Article XIV-Vacations of the current agreement.

Unit members who have service for at least two (2) years as regular employees and who leave the employment of the District and are re-employed within thirty-nine (39) months from the last date of regular employment will not have such severance considered a break in service. The severed time, however, will not be considered as time in service. Credit for prior service time will be counted as part of the eligibility requirement. Re-employment after thirty-nine (39) months will constitute a break in service for purposes of this Article and shall be considered the same as new employment.

The receipt of long-service recognition benefits will be dependent upon the unit member receiving a satisfactory evaluation for each year of service to be counted.

D. Early Retirement Medical Contribution:

1. Employees who retire at 5.5 – 8.0 Hours:

The District agrees to provide medical insurance for each eligible unit member who works at least 5.5 hours and who has been in active employment status for the ten (10) years preceding retirement from the District and either (1) retire at age fifty-five (55) or older or (2) retires at an earlier age under a Public Employees Retirement System (PERS) medical disability. Such contribution shall be equal to the employee-only premium cost and shall not include cash back.

2. Employees who retire at 4.0 – 5.4 Hours:

The District agrees to provide medical insurance for each eligible unit member who works at least 4.0 to 5.4 hours and who has been in active employment status for the ten (10) years preceding retirement from the District and either (1) retire at age fifty-five (55) or older or (2) retires at an earlier age under a Public Employees Retirement System (PERS) medical disability. Such insurance will be provided by a District contribution toward the purchase of one (1) of the District's HMO single-party medical plans, which will be

prorated based on the contributions listed in Article XVII-Salaries and Health and Welfare Benefits Section B (2) for 4.0 to 5.4-hour employees and shall not include cash back.

3. Retirees may elect to opt-out of medical coverage. The amount of opt-out compensation is based on the “Allotment for employees enrolled on or after July 1, 2018” Chart 8 (g).
4. Such contributions are to cease upon the occurrence, if any, of the following events:
 - a. Obtaining coverage under the medical plan of another employer;
 - b. Failure to maintain the employee’s share, if any, of the cost of additional coverage selected; or
 - c. Reaching the age of Medicare eligibility.

E. Life Insurance:

The District agrees to provide a \$50,000.00 basic term life insurance policy and Accidental Death and Dismemberment (AD&D) for each contracted employee of the District at no cost to the employee. This policy shall continue in effect until the employee terminates from the District. All employees must meet the eligibility requirements of the policy carrier.

F. Vacation Incentive:

1. Longevity:

Beginning the twenty-fifth (25) year of service with the District, an employee will be granted one (1) additional vacation day. This day shall be added to regular vacation days and taken during the following year in accordance with Article XIV Vacations of the current agreement.

2. Sick:

Effective July 1, one (1) additional day of vacation up to a maximum of four (4) days shall be granted annually to each unit member for each twenty-five (25) days of accumulated sick leave. Such vacation incentive entitlement will be based on sick leave accumulated as of June 30.

3. The following schedule will prevail:

Days of Accumulated Sick Leave	Days of Earned Vacation
0 - 24 Sick Days	0 Vacation Days
25 - 49 Sick Days	1 Vacation Day
50 - 74 Sick Days	2 Vacation Days
75 - 99 Sick Days	3 Vacation Days
100+ Sick Days	4 Vacation Days

All vacation days earned in this manner shall be added to regular vacation days and taken during the following year in accordance with Article.

G. District's Obligation Limited:

The District's obligations under this Article are limited to the payment of the above-indicated sums. All terms and conditions of the various programs available pursuant to this Article are to be determined by the contracts between the District and the carriers pursuant to this Article and are to be resolved between the carrier and the unit member. All disputes with respect to the carrier's administration of such programs are not the responsibility of the District and are not subject to the grievance procedures of Article IV-Grievance Procedures of this Agreement. The District will, whenever possible, assist the unit member in resolving any problems with the carrier.

H. Salary Computation for New Unit Members:

Salary for new unit members working a partial month shall be computed using the following method: Take the hourly salary per Exhibit C, using the proper range, times the hours per day worked, times the days worked during the first month of employment with the District.

Salary for unit members leaving the District shall be computed in the same manner.

I. Bilingual Stipend:

The District will pay a bilingual stipend of fifty dollars (\$50.00) per month for each foreign language a unit member is required to verbally interpret, including American Sign Language (ASL).

1. The District shall have a minimum of two (2) members to receive the bilingual stipend at each school site. Should the District determine an additional need for interpreters at a specific site, the minimum can be adjusted by mutual agreement between the Association and the District. The District reserves the right to determine the competency examination and method that qualifies a member's ability to verbally interpret.
2. The District shall have a minimum of one (1) member to receive the bilingual stipend at each support site/department that requires a primary function of interpreting as determined by the District. Should the District determine an additional need for interpreters at a specific support site/department, the minimum can be adjusted by mutual agreement between the Association and the District. The District reserves the right to determine the competency examination and method that qualifies a member's ability to verbally interpret.
3. In the event that more than two (2) individuals are qualified within a designated school site/department, the criteria for assignment will be one of the following:
 - a. Needs of the department;
 - b. Proximity of the area(s) of service within the Department or school site;
 - c. Shift availability;
 - d. Performance; or

- e. Seniority within the site and/or department.
- 4. Once identified, such unit member(s) shall receive the stipend unless they are notified by the District in writing.
- 5. The District shall provide the Association with the names and locations of all employees receiving the Bilingual Stipend upon request, with an anticipated five (5) workday turnaround.

ARTICLE XVIII
CONSULTATION

The Association will receive notice of any proposed changes in Board policies which involve subjects within the scope of representation pursuant to Government Code Section 3543.2 and which have a direct impact on employees in the classified employee bargaining unit. Within five (5) workdays of receipt of the notice, the Association may request in writing to meet with the Superintendent or their designee for the purpose of providing written input on the proposed Board Policy. The Association's input will be considered prior to submitting the proposed change in Board Policy to the Board for a first reading.

ARTICLE XIX
LAYOFF AND REEMPLOYMENT

A. Layoff:

The District will adhere to Education Code requirements relating to lay-off and will give notice to the Association when it intends to implement Article 19. The parties to this agreement shall meet to confer, mediate, and negotiate the effects of any lay-off or reduction.

Layoff procedures and reemployment rights shall be in accordance with applicable law as set forth in Ed Code 45117.

No later than March 15, the district will provide written notice to the employee stating that it has been recommended that the notice be given to the employee that the employee's services will not be required for the ensuing year. The notice shall also state the reasons as lack of work and/or lack of funds that the employee's services will not be required for the ensuing year, and inform the employee of the employee's displacement rights if any, and reemployment rights. Procedures for layoff notice and right to hearing as set forth in Ed Code section 45117.

When classified positions must be eliminated as a result of the expiration of a specially funded program, the employees to be laid off shall be given written notice not less than sixty (60) days prior to the effective date of their layoff informing them of their layoff date and their displacement rights, if any, and reemployment rights. Layoffs may also be commenced in accordance with Education Code section 45117(d).

Classified employees shall be subject to layoff for lack of work or lack of funds, as determined by the Board of Trustees. CSEA retains the right to negotiate the effects of layoff and the decision and effects of any proposed reductions in work hours/assignments on unit members.

In the event of a layoff, the order of layoff within the class shall be determined by length of service. Employees may exercise bumping rights as specified in this article. Employees who have been laid off are eligible for a period of thirty-nine (39) months and shall be reemployed in preference to new applicants. (Education Code Section 45298).

1. Should the District plan to eliminate a position or reduce an employee's hours, the District shall give the CSEA Chapter #108 President and the designated CSEA Labor Relations Representative written notice and an opportunity to negotiate the proposed changes.
2. Upon receipt of the District's written notice, the Association shall provide the District's Assistant Superintendent of Human Resources with a "Demand to Bargain" letter. Once the demand letter is received, both parties shall make themselves available to meet and negotiate in good faith. Neither party shall impede the process by unreasonably delaying negotiations.

B. Determination of Seniority:

In determining seniority for layoff purposes, the following rules shall apply:

1. Seniority shall only be earned when an employee has served as a regular classified employee in a designated class. Paid service performed prior to entering into a probationary status in the classified service shall not be credited toward seniority.
2. Seniority shall be calculated by the hire date in the classification.
3. Overtime work for which pay was received shall not be included in computing seniority credit.
4. Short-term assignments, which are not part of regular classified service, shall not be included in computing seniority credits.
5. Time spent on paid leaves of absence shall be included when computing seniority.
6. Time spent on unpaid leaves of absence shall not be credited toward seniority except for the following:
 - a. Military leave of absence.
 - b. Unpaid industrial accident and illness leaves of absence
7. In the event two (2) or more employees have the same hire date within the classification, the length of service shall be determined by the initial hire date within the District. In the event that two (2) or more of these employees have the same initial hire date, a drawing of lots will be conducted by the District and the CSEA President or their designee to establish seniority. Impacted employee(s) will be invited to attend the drawing of lots.
8. Time spent in any class before a break in continuity of employment because of separation from service shall count toward seniority accrual only when the separation does not exceed thirty-nine (39) months.
9. Permanent employees shall be credited with greater seniority than probationary employees in the same class, regardless of their length of service.
10. When reclassification results in the merger of two (2) or more classes or the separation of a class into two (2) or more classes, seniority rights of regular employees who are reclassified with their positions shall be computed from the date of their entrance into regular service in such former classes.
11. An employee transferred or promoted from one (1) class to another shall retain seniority credit in the former class. Seniority in the new class shall begin accumulating on the effective date of the transfer or promotion.

C. Bumping Rights and Procedures:

Regular classified employees who are to be laid off may exercise bumping rights in their class or in any equal or lower class in which they hold seniority credit greater than an incumbent. Seniority shall always be used for layoff and bumping and shall not result in a less senior unit member in the classification receiving more benefits than a more senior unit member in the classification. Full-

time and less than full-time are outlined below. In determining bumping rights, the following rules shall apply:

1. Permanent employees may exercise bumping rights as specified in this article. Bumping rights are calculated based on seniority date and the total number of hours assigned per regular work year calendar (to calculate “hours assigned to regular work year calendar,” multiply the assigned regular hours per day by the assigned regular contractual work year calendar days. For example, for an employee who works six (6) hours per day for one hundred eighty (180) days per year would be $6 \times 180 = 1,080$ hours).
2. The right to bump any incumbent in the same class shall not be allowed if there is a vacant position with equal or more assigned hours per year in the employee’s current class to which they shall be assigned.
3. If no vacancy exists in the same class with equal or more hours per year, then the affected employee will be offered the least senior occupied position in a class with equal or more (next higher available) hours of assignment per year by seniority. If no such position exists, the employee shall bump the least senior employee in the classification with the most hours per year. Employees displaced because of the bumping process shall, in succession, be granted, by seniority, the same bumping rights.
4. If the employee does not have the seniority to bump in the current classification, they may bump into a higher class in which they previously obtained permanency, provided that they have sufficient seniority in the higher class to do so.
5. If the employee does not have enough seniority to bump in a class or in a higher class in which permanency has been obtained, the employee shall be offered bumping rights in equal or lower classes where the employee has served and established seniority. If there is a vacancy with the same or more hours per year in the equal or lower class, then the employee shall be assigned to said vacancy. If no such vacant position exists, the employee may exercise bumping rights in the equal class in the same manner as specified in paragraph C.3.
6. A permanent employee who will suffer layoff, despite exercising bumping rights, will be allowed to transfer to a vacant position in an equal class in which they have served or demoted to a vacant position in a lower class in which they have served, provided they are qualified and passed all required District exams.
7. Bumping into a lower class shall be considered a voluntary demotion, and salary placement shall be at the step that most nearly corresponds to, but does not exceed, the employee’s current salary placement.
8. In all cases, employees exercising their bumping rights or demoting to a vacant position must possess the skills and be able to perform the duties required of the class into which they bump. Employees who do not meet the qualifications for the classification may bump into a classification in which they have previously served and have sufficient seniority to bump, or the employee may apply for vacant positions.

9. No regular employees shall be laid off from any position, while employees serving under short-term appointment are retained in positions of the same class unless the regular employee declines such a position. In the event an employee declines a position, it must be done in writing.
10. See Layoff and Re-employment flow chart Exhibit D.

D. Preferential Reemployment Procedures:

Any regular employee who must be laid off or reduced in hours per day after exercising all rights guaranteed under this article shall have their name placed on a preferential reemployment list by class and in order of seniority regardless of the number of work hours per day, or workdays or work months per year of their previous assignment. Such employees shall be reemployed in preference to new applicants for a period of thirty-nine (39) months from their layoff date. As vacancies occur, reemployment shall be offered to the employee with the greatest seniority.

The following rules shall apply to all employees whose names have been placed on a preferential reemployment list:

1. Employees who take voluntary demotions or voluntary reductions in assigned time in lieu of layoff shall be granted rights as persons laid off and retain eligibility for reemployment for an additional period of twenty-four (24) months, provided that the same tests of fitness under which they qualified for appointment to the class shall still apply.
2. After being placed on a reemployment list, an employee's service in a position that involves a voluntary demotion or reduction of assigned time shall not affect their order of seniority on that list.
3. A laid-off employee who held permanency at the time of layoff shall be reemployed, in accordance with their seniority, with all rights and benefits accorded to them at the time of layoff.
4. When a vacancy occurs in a class for which a reemployment list has been established, the most senior employee in the classification on the reemployment list shall be notified by certified mail of the vacancy. An attempt shall be made prior to sending the mail notice to contact the employee by telephone. An employee on the reemployment list shall have five (5) workdays following service of the certified notice of reemployment to either accept or reject the offer. If the employee rejects the offer or fails to respond, the employee shall remain on the list. If the employee accepts the initial offer, the employee is to report to work within five (5) workdays of service of the notice. If the employee fails to comply with these prescribed limits, such failure shall constitute rejection of the District's offer.
5. Employees are responsible for immediately notifying the District, in writing, of any change of official mailing address and phone number. Any failure to do so, which, in turn, causes a failure of notice to the employee, shall be the responsibility of the employee and shall not entitle the employee to additional consideration. Should an employee fail to respond to three (3) attempts to contact them regarding job offers, the District will no longer attempt to contact the employee until the employee initiates contact with Human Resources.

E. Definition of Terms Used in This Article:

1. Layoff: Separation from a position for lack of funds or lack of work, including any reduction in hours of employment or assignment to a class lower than that in which the employee has permanence, voluntarily consented to by the employee, in order to avoid interruption of employment by layoff.
2. Higher Class: A class at a higher salary range than an employee's present class.
3. Equal Class: A class at the same salary range as an employee's present class.
4. Lower Class: A class at a lower salary range than an employee's present class.

F. Grievance:

The parties agree that the grievance process does not require a halt in the layoff or reduction of hours process while the grievance is being processed.

G. Effects of Layoff:

“Layoff for lack of funds or layoff for lack of work” includes any reduction in hours of employment or assignment to a class or grade lower than that in which the employee has permanence, voluntarily consented to by the employee in order to avoid interruption of employment by layoff.

1. Any employee whose hours are reduced as a result of layoff and who is required to work a minimum of thirty (30) minutes per day in excess of the regular assignment for a period of twenty (20) consecutive workdays shall receive pro-rated sick leave, vacation, and applicable holiday benefits for all additional hours worked.
2. Employees on layoff shall be afforded the opportunity to request to be placed on the substitute list for any Classified position for which they are qualified. Said employees will be given first consideration for employment as a substitute on an as-needed basis as determined by the District.
3. The District shall provide each full-time employee subject to layoff with a total of a maximum of twelve (12) hours, subject to review, paid release time for the purpose of seeking employment or training. Part-time unit members shall be entitled to such prorated released time in the same ratio as their regular work hours per week, bear to forty (40) hours.

Such release time shall be subject to at least twenty-four (24) hours prior notification and shall conform to all other provisions of the article on Leaves of Absence in the Agreement between the Ontario-Montclair School District and California School Employees Association, Chapter #108.

4. Employees laid off or reduced in hours at the end of the school year may elect to continue their current level of health and welfare benefits for ninety (90) days beyond the effective date of layoff. Those employees who have been employed by the District for less than one

(1) year may elect to continue their current level of health and welfare benefits for thirty (30) days beyond the effective date of layoff.

5. Any increase in health and welfare benefits for members of CSEA, Chapter #108, shall also be afforded to employees who are on layoff and still receiving benefits in accordance with Preferential Reemployment Procedures D.4 above.
6. Work normally and customarily performed on a regular basis exclusively by classified employees would only be contracted out in accordance with the Government Code, Education Code, and any other related legal regulation.
7. The District shall notify the Association of its intent to layoff, reduce hours, or reduce the work year of a unit member. Such notification shall be in writing prior to placement on the board agenda.
8. The District will not use volunteers to replace classified employees on layoff by performing work customarily performed on a regular basis exclusively by classified employees. However, this section should in no way be construed to impede the services of legitimate school volunteers who are not used to displace regular classified employees. Further, the District will not use the layoff as an opportunity to transfer work to other classified employee(s) without the District first evaluating the affected employee's workload.

ARTICLE XX **DISCIPLINARY ACTION**

Timely Notification of Performance Issues

Performance issues that may lead to disciplinary action should be brought to the employee's attention in writing by the employee's immediate supervisor as soon as practicable but no later than thirty (30) days after the last occurrence in order to provide the employee the opportunity and assistance to improve their performance.

A. Definition:

A permanent classified employee may be demoted, suspended, or dismissed by the Superintendent or their designee for cause as provided in procedures set forth herein. This Article shall not apply to layoffs for lack of work or funds. The term "discipline," for purposes of this article, shall mean a suspension, involuntary demotion, or termination (except layoff).

The provisions of this policy shall apply only to permanent employees. At any time prior to the expiration of the probationary period, the Superintendent or their designee may dismiss a probationary classified employee from District employment. Probationary employees are subject to disciplinary action without appeal up to and including termination at the sole discretion of the District. Permanent employees that promote to a higher class and do not pass probation in the new classification shall have reversion rights to their former classification.

C. Procedure:

1. Notice of Proposed Disciplinary Action to Permanent Employees:

The Superintendent or their designee may initiate a disciplinary action as defined herein against a permanent classified employee by filing a written recommendation of disciplinary action.

A member of the bargaining unit who has attained permanency shall receive a written notice of any intent to recommend corrective action. However, immediate suspension may be imposed without such written notice whenever the welfare of the schools, the pupils, or the employees thereof requires immediate action.

Notice to a permanent employee of proposed disciplinary action shall be deemed sufficient when it is delivered in person to the employee or when it is deposited in the U.S. Certified Mail, postage prepaid, and addressed to the last known address of the employee. Notice shall include the following:

- a. A statement of the specific acts and omissions upon which the proposed disciplinary action is based;
- b. A statement of the cause(s) for the proposed disciplinary action pursuant to Education Code 45116;
- c. If it is claimed that the employee has violated a rule or regulation of the District, a statement of the rule or regulation;
- d. A statement of the action proposed to the Board;
- e. A statement that the employee has a right to a hearing on such charges if demanded within five (5) workdays after the employee receives notice;
- f. A card or paper, the signing and filing of which with the Board shall constitute a demand for hearing and denial of all charges;
- g. A copy of this policy;
- h. A statement that the employee has a right to be represented by an attorney or other representative at the hearing.

2. Employee's Right to Respond:

The employee shall have the right to respond in a timely manner, either orally, in writing, or both, to the proposed charges before disciplinary action is imposed.

D. Immediate Suspension Without Pay:

If the Superintendent or their designee determines that a permanent Classified employee should be dismissed and that if they continue in active-duty status would present an unreasonable risk of

harm to students, staff, or property while proceedings are pending, then the Superintendent or their designee may order the employee immediately suspended from duty without pay in conjunction with the recommendation of disciplinary action.

Any employee suspended without pay shall receive notice of the causes and charges as outlined in Section C.1.a no later than five (5) days following the first day of suspension.

E. Appeal Hearing on Suspension, Demotion, or Dismissal of Permanent Employee:

1. When a timely request for a hearing has been served upon the Board, the Board or its designee shall schedule a hearing.
2. The employee shall be given written notice of the time and place of the hearing, and such hearing shall be closed unless the employee submits a written request for a public hearing. The employee shall be entitled to appear personally, produce evidence, and have counsel at their expense.

The President of the Board or their designee shall preside over the hearing and rule on questions of procedure and evidence. The Board may, at its discretion, elect to have a hearing officer to conduct the hearing in lieu of the Board. The hearing officer shall, within fifteen (15) calendar days after the hearing, submit written findings and a proposed decision, which includes accepting, modifying, or rejecting the proposed decision to the Board. The hearing officer shall be selected from a mutually agreed upon list.

3. Oral evidence shall be taken only on oath or affirmation. Each party shall have the right to call and examine witnesses, to introduce exhibits, to cross-examine opposing witnesses, to impeach any witness regardless of which party first called them to testify, and to rebut the evidence against them. The Board may consider the records of any prior personnel action against the employee consistent with Education Code 45113.
4. The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule that might make improper the admission of such evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing and examining other evidence but shall not be sufficient standing by itself to support a finding unless it would be admissible over objection in civil actions. The rules of privilege shall be effective to the extent that they are otherwise required by statute to be recognized at the hearing. Irrelevant and unduly repetitious evidence shall be excluded.
5. If the hearing is conducted before the Board, it shall prepare written findings and a decision. If the hearing is conducted before a hearing officer, the Board may accept, reject, or modify the proposed decision. If the Board modifies or rejects the proposed decision, the Board may do so after review of the record, including the findings.

F. Policy Application:

This policy shall not be construed to diminish the District's authority to take disciplinary action in accordance with the law, including such actions as are authorized by Education Code Sections 44010 and 44011. The procedures provided for herein shall be the sole and exclusive administrative due process available to challenge disciplinary actions and short-term suspensions.

G. Employment Status Pending Appeal or Waiver:

Except as provided herein, any employee against whom a recommendation of disciplinary action has been issued shall remain on active duty status pending their appeal or waiver thereof. The employee shall remain available during normal work hours unless they are on approved leave.

H. Time Limit of Suspension:

Except for a suspension imposed under Section C1 Procedure, any suspension invoked under these rules against any one (1) person for one (1) or more periods shall not aggregate more than ninety (90) calendar days in any twelve (12) month period.

I. Amended/Supplemental Charges:

At any time before an employee's appeal is finally submitted to the Board or to a hearing officer for decision, the complainant may, with the consent of the Board or hearing officer, serve on the employee and file with the Board an amended or supplemental recommendation for new causes or charges of disciplinary action which occur after the original notice of disciplinary notice. The employee shall be afforded a reasonable opportunity to prepare their defense. Any new causes or allegations shall be deemed controverted, and any objections to the amended or supplemental causes or allegation may be made orally at the hearing and shall be noted on the record.

J. Hearing Decision:

The decision of the Board shall be in writing and shall contain findings of fact, conclusions of law, and disciplinary action approved, if any. The findings may reiterate the language of the pleadings or simply refer to them.

The decision of the Board shall be certified to the Superintendent or their designee who recommended the disciplinary action, and they shall enforce and follow this decision. A copy of the decision shall be delivered to the appellant or their designated representative personally or by registered mail. The decision of the Board shall be final.

K. Compulsory Dismissal:

The District shall not employ or retain in employment any person who has been convicted of any sex offense as defined in Education Code 44010 or any controlled substance offense as defined in Education Code 44011. However, the District may employ a person convicted of a controlled substance offense if the Board determines from the evidence it requires that the person has been rehabilitated for at least five (5) years. If any such conviction is reversed and the person acquitted for charges dismissed except as otherwise provided below, the District may reemploy the employee, although reemployment is not guaranteed (Education Code 45123).

L. Grievance Procedure:

The provisions of this Article shall not be subject to the grievance procedure except for claims of procedural violation as established by Article IV-Grievance Procedures.

Specifically, but not exclusively, the District is not bound by any past practices of the District or understandings with any employee organization or council unless such past practices or understandings are specifically stated in this Agreement.

ORGANIZATIONAL SECURITY

A. Provisions:

The District shall refer any unit member who has questions or concerns regarding the Association, membership dues, or membership status to the CSEA Labor Relations Representative or the CSEA Chapter President.

The District shall not interfere with the terms of any agreement between CSEA and the District's employees with regard to that unit member's membership or status in CSEA.

B. Dues Deductions:

The Association has the sole and exclusive right to receive the payroll deduction for regular membership dues for classified unit members.

The Association shall submit a list to the District of all unit members who have authorized the deduction of membership dues. The District shall not request proof of such authorization unless a dispute arises about the existence or terms of the authorization.

The District shall deduct, in accordance with the Association, dues with the Association's approval. Nothing contained herein shall prohibit a unit member from paying dues directly to the Association.

The District shall, without charge, pay to the Association within fifteen (15) days of the deduction of all sums so deducted, as approved by the Association pursuant to this Agreement.

Along with each monthly payment to the Association, the District shall, without charge, furnish the Association an alphabetical list of all unit members, identifying them by name, months per year in paid status, and annual salary, and indicating the amount deducted, if any, and whether such deduction is for dues.

The District's managers, supervisors, and confidential employees shall be neutral regarding employees' decisions to belong to an employee organization or participate in its activities. Any revocation requests shall be processed solely by CSEA.

C. Membership Information:

The District shall take reasonable steps to safeguard the privacy of CSEA member's personal information.

The parties understand that the District is compelled to respond to lawful Public Records Act requests. If a third party makes a public records request for employee membership information that implicates the employee's privacy rights, the District shall notify the CSEA Chapter President of the request as soon as possible.

D. Indemnification/Hold Harmless:

The Association agrees to indemnify and hold harmless the District Board of Trustees, individually or collectively, its officers and agents, including reimbursement for all costs, expenses, fees, and judgments and providing an effective legal defense on behalf of the District at the expense of the Association against any and all lawsuits or other legal proceedings, arising out of and in connection with this organizational security article. The District shall notify the CSEA Chapter President of any claims made by unit members related to this Article as soon as possible.

ARTICLE XXIV
CLASSIFIED PROFESSIONAL DEVELOPMENT

All members of the collective bargaining unit in good standing in the Association shall be entitled to use the classified staff development provisions as outlined below. Unit members may initiate applications for expenses associated with participation in a workshop, conference, seminar, observation, or other professional growth activity.

The Classified Professional Growth/Development Program fund shall be aligned with Range 55 A, assuming an eight (8) hour and two-hundred and sixty (260) workday employee salary estimation (Example: \$37.10 x 8 hours x 260 days = \$77,168) on the classified salary schedule, per year, funded by the District.

Any unused funds in the Classified Professional Growth/Development Program shall carry over from year to year. A cap of no more than 50% of the annual Classified Professional Growth/Development Program allocation shall be carried over.

This Classified Professional Growth/Development Program fund shall be independent of any other available staff development funds or programs that may be available in the District.

A. Classified Professional Growth Program:

The Classified Professional Growth Program entitles bargaining unit members to apply for funds for the purpose of continuing education at an accredited or certified two (2) year college, four (4) year college, university, trade, or technical college level with the intent of improved performance in their current classification and preparation for promotion to a higher classification with OMSD. Said funds would be available on a reimbursement basis only, based upon successful completion of the approved coursework.

1. Eligibility:

Eligible bargaining unit members are defined as members who are active employees. Bargaining unit members who are on the thirty-nine (39) months rehire list or in unpaid status at the commencement of the coursework are not considered to be eligible. Bargaining unit members who take short-term medical leave or extended sick leave may be eligible for reimbursement. To be eligible, they must notify the fund supervisor of their leave status, and it must be determined that the medical restrictions of the unit member will not prohibit the person from completing the coursework that began prior to the start of the leave or coursework started during the period of the leave. Bargaining unit members who resign or are terminated prior to the completion of coursework will be subject to review to determine whether the coursework will be eligible for payment.

2. Purpose:

Members may apply for Classified Professional Growth Program Funds for the following purposes:

- a. To begin or complete a degree or certificate program relating to their current or potential position within OMSD; or

- b. To complete coursework relating to a specific skill or requirement needed in fulfillment of their current position.

3. Funding:

Funding for the Classified Professional Development Program is annually allocated from District funds. Reimbursement will cycle every two (2) years from the start date of the initial coursework under the program. Reimbursement will be allocated as follows, based on hours worked per day:

- a. 6 to 8 hours per day: \$1,200.00 every two years.
- b. 5 to 5.9 hours per day: \$950.00 every two years.
- c. 4 to 4.9 hours per day: \$700.00 every two years.
- d. 2 to 3.9 hours per day: \$450.00 every two years.

In addition, the Classified Professional Development allotment may be used to augment the classified growth program if the unit member elects not to attend a conference that school year.

In the event that funding is not utilized by the employees from the annual allotment, the funds may be used to supplement reimbursement for coursework at a four (4) year college or university under “B” above.

4. Items eligible for reimbursement:

The following items are eligible for reimbursement up to the maximum amounts stated in section A.3:

- a. Tuition and fees relating to the approved coursework;

5. Exclusions to reimbursement:

The following items are excluded from eligibility for reimbursement:

- a. Salary or sub costs for missed work;
- b. Meals;
- c. Mileage; and/or

d. Living expenses (e.g., rent or mortgage, utilities, etc.).

6. Application Process:

The following outlines the process to apply for Classified Professional Growth Program funds. This process must be followed in its entirety in order to be eligible for reimbursement.

- a. A Classified Professional Growth Plan form must be completed by the unit member. All portions of the form must be completed. The form must be signed by both the member and their immediate supervisor.
- b. Upon completion of the Classified Professional Growth Plan form, the member must submit the form to Staff Development for approval. This submission must occur, and approval must be obtained prior to the starting date of the coursework.
- c. Staff Development will approve or decline the Classified Professional Growth Plan submitted based on the following criteria:
 - i. Eligibility of member, as outlined in section A.1;
 - ii. Availability of funds for members, based on the two (2) year replenishment cycle, as outlined in section A.3; and/or
 - iii. Eligibility of coursework as outlined in section A.2

Upon the decision of Staff Development, the member will be notified of the approval or denial of the Growth Plan.

- d. A file shall be set up in the Staff Development Department, which will include a Course Summary Log, Growth Plans submitted, communications between the member and Staff Development in regards to the Growth Plan, and any Certificate of Expenses forms relating to the coursework submitted for reimbursement.

- a. A signed “Certificate of Expenses” form must be completed and signed by the member, listing the expenses related to the approved coursework requiring reimbursement. The form only needs to be signed by the member, not the immediate supervisor.
- b. Grades (official transcripts or unofficial computer printouts from the educator’s website are acceptable) and receipts documenting all expenses to be reimbursed must be submitted with the Certificate of Expenses Form. A receipt may only be submitted one time for reimbursement, regardless as to whether the item is used for more than one growth plan.
- c. Fees, books, and/or supplies submitted for coursework that is dropped or not passed with a grade of “C” or better will not be reimbursed.
- d. Staff Development will process the document for approval. The original documentation will be forwarded to Accounts Payable for processing, and a copy will be retained in the member’s Professional Growth file in the Staff Development Department. The log will be documented to reflect the balance remaining, if any, for future use. A communication will be sent to the member advising the member of the approval/denial of reimbursement and any remaining balance, pending fund availability.
- e. The reimbursement will be processed by Accounts Payable, and a pay warrant separate from the regular pay warrant will be processed and forwarded to their current site/department.

The Supplemental Professional Growth Plan may only be used for coursework at Universities and four (4) year colleges. Coursework must be transferable to other four (4) year colleges or universities. Certificate coursework at extension campuses will not be approved for supplemental funding.

3. Funding:

The funding will be any unused funds from previous years Classified Professional Growth and Professional Development Allotment, as determined by joint agreement of CSEA representative(s) and Classified Staff Development. If, during any year, it is determined that there is no excess funding, the Supplemental Professional Growth funds will not be made available during that year. - a. 6 to 8 hours per day: \$2,700.00
- b. 5 to 5.9 hours per day: \$2,450.50
- c. 4 to 4.9 hours per day: \$2,200.00
- d. 2 to 3.9 hours per day: \$1,950.00

Pending availability, the Supplemental Professional Growth fund can be applied twice per academic calendar year. When the number of applicants exceeds the funds available, funds will be issued on a prorated basis.

In addition, the Classified Professional Development allotment may be used to augment the unit member's Classified Professional Growth program if the unit member elects not to attend a conference that school year.

4. Items Eligible for Reimbursement:

New Employee Orientation

1. New employee orientation means the onboarding process of a newly hired public employee, whether in person, online, or through other means or mediums, on which employees are advised of their employment status rights, benefits, duties, responsibilities, and any other employment-related matters.
2. The District shall provide CSEA access to its new employee orientations. CSEA shall receive not less than IO days advance notice of an orientation, except that a shorter notice may be provided in a specific instance where an urgent need is critical to the District's operation that was not reasonably foreseeable.

3. Unless mutually agreed to by the Parties, there shall be no reopening of negotiations on this MOU from the date this Agreement is signed, through June 30, 2020.
4. If during the life of the Agreement, there exists any applicable law, rule, regulation, or order issued by a governmental authority other than the District, which shall render invalid or restrain compliance with or enforcement of any provision contained within this MOU, it shall not invalidate any

unaffected, remaining portion(s). The remaining portion(s) shall continue in full force and effect. Upon written notification by one of the Parties to the other, any portion of the MOU that is invalidated shall be opened for negotiations within thirty (30) days of the invalidation.
